## Dental Transformation Initiative (DTI) Domain 1 Update

Dental Transformation Initiative (DTI) Domain 1 baselines and benchmarks have been recalculated beginning in Program Year (PY) 3. Providers were originally notified of the Domain 1 payment delay in Provider Bulletin [Volume 35, Number 6](#) and of the year three Domain 1 rebaselining hold in Provider Bulletin [Volume 35, Number 10](#).

The Medi-Cal Dental Program has begun issuing DTI Domain 1 January 2019 payments and qualifying providers can expect to receive their payment no later than June 14, 2019. The January 2019 payment is for the final payment of PY 2 (2017) and the first payment of PY 3 (2018). The second payment for PY 3 (2018) is on schedule to be issued to qualifying providers in July 2019. Explanation of Payments will be generated and mailed to providers each payment cycle.

All DTI Domain 1 providers who are eligible for PY 3 and/or 4, regardless if their baseline/benchmarks were impacted by the recalculation, will receive a letter with their current baselines and benchmarks in early June 2019.

The revised rebaseline and benchmarks do not affect providers with 2014 data. However, if you received the county benchmark, then you could be affected by the rebaseline effort. Providers affected by the rebaseline will receive a baseline based on their Billing NPI Domain 1 performance.
