## Procedure Code Processing Error

Due to a system error, a number of procedure codes may have been incorrectly paid between the dates of June 1, 2019 and June 10, 2019. In addition, when applied to members under six years of age, procedure codes D1206 and D1208 with dates of service (DOS) prior to and on May 31, 2019 were also impacted by the system error. This issue has now been systematically resolved; however, the procedures listed below were processed incorrectly and will be reprocessed.

The Erroneous Payment Correction (EPC) system will reprocess any erroneously processed claims, and the changes will be reflected on your Explanation of Benefits (EOBs) with the Correction Code: 66 - Original Payment Incorrect Due to Processing Error - EPC System. Please do not send Claim Inquiry Forms (CIFs) for any of the incorrectly processed codes above so that the system can efficiently reprocess them. Thank you in advance for your patience as we resolve this issue.
