Electronic Data Interchange Practice Type Changes

The Department of Healthcare Services (DHCS) would like to remind you that if you are currently enrolled in Electronic Data Interchange (EDI) and have changed your practice type from Individual to Group or vice versa, DHCS Provider Enrollment Division (PED) will issue a new Service Office location number and deactivate the previous one. You will need to notify your Clearinghouse that the current Service Office location number has been deactivated and a new Service Office location has been issued.

For more information on PED, please review the [Provider Enrollment Contact List](#).

For questions and support, please contact the Medi-Cal Dental Telephone Service Center (TSC) at (800) 423-0507, Monday through Friday from 8:00 a.m. to 5:00 p.m.
