CALIFORNIA MEDI-CAL DENTAL PROGRAM
December 2021

Dear Doctor:

We are pleased to provide you with the Medi-Cal Dental Provider Handbook (Handbook).

The purpose of this Handbook is to give dental care professionals and their staff a concise explanation of billing instructions and procedures under the California Medi-Cal Dental Program. It is designed to assist you in your continued participation in Medi-Cal Dental.

We trust you will find the Handbook useful and that it will be maintained as a working document. Please do not hesitate to visit the Medi-Cal Dental website for further assistance.

Sincerely,

Alani Jackson, MPA
Division Chief
Medi-Cal Dental Services Division

Preface

This Handbook contains basic information about Med-Cal Dental. It is designed to provide detailed information concerning Medi-Cal Dental policies, procedures, and instructions for completing the necessary forms and other related documents.

The criteria and policies contained in this Handbook are subject to the provisions of the Welfare and Institutions (W & I) Code and regulations under California Code of Regulations (CCR), Title 22. When changes in these criteria and/or policies occur, bulletins and revised pages will be issued for purposes of updating the information in this Handbook.

Please call the Medi-Cal Dental Telephone Service Center toll-free at (800) 423-0507 with any questions you have regarding the contents of this Handbook or participation in the California Medi-Cal Dental Program. Our Provider Services staff will be happy to assist you.

This Handbook, and other valuable information, can be found on the Medi-Cal Dental website.
How to Use This Handbook

This Handbook is your primary reference for information about Medi-Cal Dental, as well as submission and processing of all necessary documents. The Handbook contains detailed instructions for completing Medi-Cal dental claims, Treatment Authorization Requests, Resubmission Turnaround Documents, Claim Inquiry Forms, and other billing forms for dental services and should be consulted before seeking other sources of information.

The Handbook is organized into 13 major sections:

- Section 1 - Introduction
- Section 2 - Program Overview
- Section 3 - Enrollment Requirements
- Section 4 - Treating Members
- Section 5 - Manual of Criteria and Schedule of Maximum Allowances
- Section 6 - Forms
- Section 7 - Codes
- Section 8 - Fraud, Abuse, and Quality of Care
- Section 9 - Special Programs
- Section 10 - CDT 19 Tables
- Section 11 - Glossary
- Section 12 - Bulletin Index
- Section 13 - Index

The Table of Contents provides an overview of all major sections and subsections in the Handbook.

Bulletin information released from December 2020 through December 2021 has been incorporated into the Handbook. Please refer to the Bulletin Index for the page where the information may be found.

Section 1 - Introduction

Program Background

In July 1965, two important amendments to the Social Security Act greatly expanded the scope of medical coverage available to much of the population. Title XVIII established the Medicare program, and Title XIX created the optional state medical assistance program known as Medicaid. This legislation also provided for the federal government to match funds for states electing to implement a comprehensive health care program.

In November 1965, legislation was signed to implement the Title XIX program in the State of California, called "Medi-Cal." A dental segment of this program was subsequently established. Initially, benefits provided under the California Medi-Cal Dental Program were approved by the State and paid by Blue Shield of California as fiscal intermediary. Since January 1, 1974, Delta Dental of California has administered Medi-Cal Dental Fee-for-Service for the State of California, Department of Health Care Services.

Over the years, Medi-Cal Dental has undergone several changes. Legislation in 1991 brought about reduced documentation and prior authorization requirements for many common procedures, increased the fees paid to providers for these services, and expanded outreach activities to promote greater access to dental care for all Medi-Cal members. Medi-Cal Dental has also seen the creation of an orthodontic benefits program for members with handicapping malocclusion, cleft palate, and craniofacial anomalies. The scope of available services for children was widened with the addition of dental sealants as a covered benefit.

Innovative program enhancements such as electronic funds transfer of Medi-Cal dental payments and electronic claims submission continue to bring Medi-Cal Dental to the forefront as one of the most advanced systems of subsidized dental health care delivery in the United States.

Program Objectives

The primary objective of Medi-Cal Dental is to create a better dental care system and increase the quality of services available to those individuals and families who rely on public assistance to help meet their health care needs. Through expanding participation by the dental community and efficient, cost-effective administration of Medi-Cal Dental, the goal to provide quality dental care to Medi-Cal members continues to be achieved.

Regulations

Medi-Cal Dental is governed by policies subject to the laws and regulations of the Welfare and Institutions (W & I) Code, the California Code of Regulations (CCR), Title 22, and the California Business and Professions Code - Dental Practice Act. For additional information, visit these websites:

Section 2 - Program Overview

Provider Participation in the California Medi-Cal Dental Program

To receive payment for dental services rendered to Medi-Cal members, prospective providers must apply and be approved by Medi-Cal Dental to participate in Medi-Cal Dental, the details of which are found in “Section 3: Enrollment Requirements” of this Handbook. When a provider is enrolled in Medi-Cal Dental, Medi-Cal Dental sends the provider a letter confirming the provider’s enrollment effective date. Medi-Cal Dental will not pay for services until the provider is actively enrolled in Medi-Cal Dental.

Compliance in Medi-Cal Dental

California Code of Regulations (CCR), Title 22, Section 51476, requires participants in Medi-Cal Dental to:

1. Comply with Title VI of the Civil Rights Act of 1964 (PL 88-352), the Americans with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, and all requirements imposed by the Department of Health and Human Services (DHHS) (45 CFR Part 80), which states that “no person in the United States shall, on the ground of race, color, religion, sex, age, disability, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives state financial assistance from the Department.” Additionally, providers must comply with California Department of Corporations laws and regulations, which forbid discrimination based on marital status or sexual orientation (Rule 1300.67.10, California Code of Regulations).

2. Keep and maintain all records disclosing the type and extent of services provided to a member for a period of ten years from when the service was rendered (W & I Code, Sections 14124.1 and 14124.2).

3. Provide all pertinent records to any authorized representative of the state or federal government concerning services rendered to a member (California Code of Regulations (CCR), Title 22, Section 51476(g)).

4. Not bill or collect any form of reimbursement from members for services included in Medi-Cal Dental scope of benefits, with the exception of Share of Cost (California Code of Regulations (CCR), Title 22, Section 51002).

5. Certify:
   - the services listed on the Treatment Authorization Request (TAR)/Claim form have been provided to the member either by the provider or another person eligible under the Medi-Cal program to provide such services. Such person(s) must be designated on the treatment form.
   - the services were necessary to the health of the member.
   - that he or she understands payment for services rendered will be made from federal and/or state funds and that any falsification or concealment of a material fact may be prosecuted under Federal and/or State laws.

All dental service claims billed by a Safety Net Clinic (SNC) and reimbursed by Medi-Cal that are rendered pursuant to a contract between the clinic and a private practice dental provider must adhere to the Medi-Cal Dental Handbook, and the applicable legal, enrollment, documentation, and treatment plan requirements.

Failure to comply with Medi-Cal Dental requirements will result in corrective actions. Please see “Section 8: Fraud, Abuse and Quality of Care” of this Handbook for more information.
Out-of-State Coverage

Out-of-state providers who wish to be reimbursed by Medi-Cal Dental for services provided to California Medi-Cal members are subject to specific regulations under California Code of Regulations (CCR), Title 22, Section 51006, Out-of-State Coverage. The regulations state:

(a) Necessary out-of-state medical care, within the limits of the program, is covered only under the following conditions:

1. When an emergency arises from accident, injury, or illness; or
2. Where the health of the individual would be endangered if care and services are postponed until it is feasible that he return to California; or
3. Where the health of the individual would be endangered if he undertook travel to return to California; or
4. When it is customary practice in border communities for residents to use medical resources in adjacent areas outside the State; or
5. When an out-of-state treatment plan has been proposed by the member’s attending physician and the proposed plan has been received, reviewed, and authorized by the Department before the services are provided. The Department may authorize such out-of-state treatment plans only when the proposed treatment is not available from resources and facilities within the State.
6. Prior authorization is required for all out-of-state services, except:
   A. Emergency services as defined in Section 51056.
   B. Services provided in border areas adjacent to California where it is customary practice for California residents to avail themselves of such services. Under these circumstances, program controls and limitations are the same as for services from providers within the state.

(b) No services are covered outside the United States, except for emergency services requiring hospitalization in Canada or Mexico.

More information on Out-of-State Coverage is found on the Administrative Law website here.

Written Correspondence

Most provider inquiries can be answered by using the automated system or operator-assisted options that are available through the toll-free telephone line. For protection and confidentiality, Medi-Cal Dental requires that certain inquiries and requests be made through written correspondence only. The types of inquiries and requests that must be sent to Medi-Cal Dental in writing include:

- a change or correction to a provider’s name/address or other information concerning a dental practice;
- a request for a detailed printout of a provider’s financial information, such as year-to-date earnings;
- a change in electronic funds transfer information, such as a different banking institution or new account number;
- a request to stop payment of or reissue a lost or stolen Medi-Cal Dental payment check.

All written inquiries and requests should contain at a minimum the following information:

- Provider name
- Medi-Cal dental billing provider number
- Date of request/inquiry
- Signature of billing provider

Written correspondence should also include any other specific information that pertains to an inquiry or request.
Direct all written correspondence to:

Medi-Cal Dental Program
Attn: [Name of Department]
PO Box 15609
Sacramento, CA 95852-0609

Upon receipt of written correspondence, the provider will receive acknowledgement that the request has been received by Medi-Cal Dental and is being processed.

**Suspended and Ineligible Providers**

Billing providers who submit claims for services provided by a rendering provider suspended from participation in Medi-Cal Dental are also subject to suspension from the Program.

Welfare and Institutions (W & I) Code, §14043.61(a) states that “a provider shall be subject to suspension if claims for payment are submitted under any provider number used by the provider to obtain reimbursement from the Medi-Cal program for the services, goods, supplies, or merchandise provided, directly, or indirectly, to a Medi-Cal member, by an individual or entity that is suspended, excluded, or otherwise ineligible because of a sanction to receive, directly or indirectly, reimbursement from the Medi-Cal program and the individual or entity is listed on either the Suspended and Ineligible Provider List, ...or any list is published by the federal Office of Inspector General regarding the suspension or exclusion of individuals or entities from the federal Medicare and Medicaid programs, to identify suspended, excluded, or otherwise ineligible providers.”

The List of Excluded Individuals/Entities compiled by the Office of Inspector General is available online [here](#).

**Enrollment Denied for Failure to Disclose Fraud or Abuse, or Failure to Remediate Deficiencies**

Per Assembly Bill 1226 (Chaptered October 14, 2007, amending Sections 14043.1, 14043.26, and 14043.65 of the Welfare and Institutions Code):

A provider whose application for enrollment is denied for failure to disclose fraud or abuse, or failure to remediate deficiencies after Department of Health Care Services (DHCS) has conducted additional inspections, may not reapply for a period of three years from the date the application is denied. Three-year debarment from the Medi-Cal program would begin on the date of the denial notice. Applicants are allowed 60 days to resubmit their corrected application packages when DHCS returns it deficient.
**General Telephone Information**

**Provider Toll-Free Telephone Number**

For information or inquiries, providers may call the Telephone Service Center toll-free at (800) 423-0507. Providers are reminded to have the appropriate information ready when calling, such as:

1. Member Name
2. Member Medi-Cal Identification Number
3. Billing Provider Name
4. Provider Number
5. Type of Treatment
6. Amount of Claim or TAR
7. Date Billed
8. Document Control Number
9. Check Number

Telephone Service Center Representatives are available Monday through Friday between 8:00 a.m. and 5:00 p.m., excluding holidays. Providers are advised to call between 8:00 a.m. and 9:30 a.m., and 12:00 noon and 1:00 p.m., when calls are at their lowest level.

Hours of operation and additional information for the Interactive Voice Response (IVR) system can be found in “Section 4: Treating Members” of this Handbook.

In order for Medi-Cal Dental to give the best possible service and assistance, please use the Telephone Service Center toll-free provider number at (800) 423-0507.

Inquiries that cannot be answered immediately will be routed to a telephone inquiry specialist. The question will be answered by mail within 10 days of the receipt of the original telephone call.

**Member Toll-Free Telephone Number**

If an office receives inquiries from members, please refer them to the Telephone Service Center toll-free member number at (800) 322-6384.

The member lines are available from 8:00 a.m. to 5:00 p.m. Monday through Friday, excluding holidays.

Either members or their authorized representatives may use this toll-free number. Member representatives must have the member’s name, BIC or CIN, and a signed Release of Information form on file with Medi-Cal Dental in order to receive information from Medi-Cal Dental.

The following services are available from Medi-Cal Dental by Member Services toll-free telephone operators:

1. A referral service to dentists who accept new Medi-Cal dental members
2. Assistance with scheduling and rescheduling Clinical Screening appointments
3. Information about Share of Cost (SOC) and copayment requirements of Medi-Cal Dental
4. General inquiries
5. Complaints and grievances
6. Information about denied, modified, or deferred Treatment Authorization Requests (TARs)

Internet Access and Websites

The Medi-Cal Dental website now meets increased usability and accessibility standards and has been improved to allow for faster navigation to important topics and provider resources. A new search engine makes finding information fast and easy.

Both the Medi-Cal Dental and the Medi-Cal website are available 24 hours/day, 7 days/week. The latest versions of free browsers and other tools, such as Adobe Acrobat, may be accessed through the websites toolbox link. Both websites provide links to other sites with useful and related information.

The Medi-Cal Dental website provides access to:

- Provider and Electronic Data Interchange (EDI) enrollment descriptions and forms
- Access to resource links
- Publications, such as bulletins and Handbook updates
- Seminar schedules
- The provider referral list
- Information related to billing criteria
- Outreach services
- Managed care
- Frequently asked questions

The Medi-Cal website allows providers to:

- Access eligibility
- Perform Share of Cost (SOC) transactions

More information about SOC can be found in “Section 4: Treating Members” of this Handbook.

Email

Providers can now subscribe to the Medi-Cal Dental Fee-for-Service Provider email distribution list to receive updates related to Medi-Cal Dental. A registration form is available on the Medi-Cal Dental website here. Providers may unsubscribe from the email list at any time.
Training Program

Medi-Cal Dental offers an extensive training program that has been designed to meet the needs of both new and experienced providers and their staffs.

Seminars

Medi-Cal Dental conducts basic and advanced seminars statewide. Seminar attendees receive the most current information on all aspects of Medi-Cal Dental. Basic seminars address general program purpose, goals, policies, and procedures; provide instructions for the correct use of standard billing forms; and explain the reference materials and support services available to Medi-Cal dental providers. The expanded format of the advanced seminars offers in-depth information on topics such as Medi-Cal Identification Cards; dental criteria; radiograph and documentation requirements; processing codes; and other topics of specific concern to Medi-Cal dental providers.

In addition to the regular basic and advanced seminars scheduled each quarter, Medi-Cal Dental conducts workshops and orthodontic specialty seminars throughout the year. The uniquely designed workshops give inexperienced billing staff a “hands-on” opportunity to learn about Medi-Cal Dental and practice their newly acquired skills. Specialized training seminars have been developed for orthodontists who participate in the Medi-Cal Dental Orthodontic Services Program; these intensified sessions cover all aspects of the orthodontic program, including enrollment and certification, completion of billing forms, billing procedures and criteria and policies specific to the provision of Medi-Cal dental orthodontic services.

Each Medi-Cal Dental training seminar is conducted by an experienced, qualified instructor.

Continuing education credits for all seminars are offered to dentists and registered or certified dental assistants and hygienists. Medi-Cal Dental training seminars are offered free of charge at convenient times and locations.

Although there are no prerequisites for attendance at any type of seminar, for Medi-Cal Dental to continue offering free provider training seminars and workshops, making reservations well in advance is recommended. If unable to keep the reservation, please notify Medi-Cal Dental promptly. Space is limited and “no-shows” prevent others from being able to attend. Seminar schedules are available on the Medi-Cal Dental website here.

On-Site Visits

Providers needing assistance may request an on-site visit by a Provider Relations Representative by phoning the Telephone Service Center at (800) 423-0507. This personal attention is offered to help the provider and office staff better understand Medi-Cal Dental policies and procedures to easily meet program requirements.
Provider Appeals Process

The three separate, specific procedures for asking Medi-Cal Dental to reevaluate/appeal the denial or modification of a claim payment or a TAR authorization are as follows:

1. Submitting a Claim Inquiry Form (CIF)
2. Reevaluation of a Notice of Authorization (NOA)
3. First-Level appeal

To find out why payment of a claim was disallowed or to furnish additional information to Medi-Cal Dental for reconsideration of a payment denial or modification, the provider should begin by submitting the Claim Inquiry Form (CIF) within six calendar months of the Explanation of Benefits (EOB) date. Please refer to “Section 6: Forms” of this Handbook for guidelines for submitting a CIF. Check the box on the CIF marked “CLAIM REEVALUATION ONLY.” Remember to send a separate CIF for each inquiry.

Use the Notice of Authorization (NOA) to request a single reevaluation of modified or disallowed procedures on a TAR. Check the “Reevaluation is Requested” box in the upper right corner of the NOA. Do not sign the NOA when requesting reevaluation. Include any additional documentation for reconsideration and return the NOA to Medi-Cal Dental. Reevaluations may be requested only once. In “Section 6: Forms” of this Handbook, the complete procedures are listed for requesting reevaluation of a TAR using the NOA.

If upon reconsideration Medi-Cal Dental upholds the original decision to disallow payment of the claim or authorization of treatment, the provider may request an appeal. In accordance with Title 22, Section 51015, of the California Code of Regulations (CCR), Medi-Cal Dental has established an appeals procedure to be used by providers with complaints or grievances concerning the processing of Medi-Cal Dental TAR/Claim forms for payment. The following procedures should be used by dentists to appeal the denial or modification of a TAR or claim for payment of services provided under Medi-Cal Dental:

Provider First-Level Appeals

1. The provider must submit the appeal by letter to Medi-Cal Dental within 90 days of the EOB denial date. Do not use CIFs for this purpose.
2. The letter must specifically request a first-level appeal.
3. Send all information and copies to justify the request. Include all documentation and radiographs.
4. The appeal should clearly identify the claim or TAR involved and describe the disputed action.
5. First-level appeals should be directed to:
   Medi-Cal Dental
   Attn: Provider First-Level Appeals
   PO Box 13898
   Sacramento, CA 95853-4898

Medi-Cal Dental will acknowledge the written complaint or grievance within 21 calendar days of receipt. The complaint or grievance will be reviewed by Medi-Cal Dental Provider Services, and a report of the findings and reasons for the conclusions will be sent to the provider within 30 days of the receipt of the complaint or grievance. If review by Provider Services determines it necessary, the case may be referred to Medi-Cal Dental Professional Review.

If the complaint or grievance is referred to Medi-Cal Dental Professional Review, the provider will be notified that the referral has been made and a final determination may require up to 60 days from the original acknowledgement of the receipt of the complaint or grievance. Professional Review will make its evaluation and send findings and recommendations to the provider within 30 days of the date the case was referred to Professional Review.

The provider should keep copies of all documents related to the first-level appeal.

Under Title 22 regulations, a Medi-Cal dental provider who is dissatisfied with the first-level appeal decision may then use the judicial process to resolve the complaint. In compliance with Section 14104.5 of the Welfare and Institutions Code, the provider must “seek judicial remedy” no later than one year after receiving notice of the decision of the First Level Appeal.
Health Insurance Portability and Accountability Act (HIPAA) and the National Provider Identifier (NPI)

The Administrative Simplification provisions of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) mandated the adoption of standard unique identifiers for health care providers, as well as the adoption of standard unique identifiers for health plans. The purpose of these provisions is to improve the efficiency and effectiveness of the electronic transmission of health information. The Centers for Medicare & Medicaid Services (CMS) has developed the National Plan and Provider Enumeration System (NPPES) to assign these unique identifiers. NPPES collects identifying information on health care providers and assigns each a unique National Provider Identifier (NPI) number.

The NPI is a unique 10-digit number, used across the country to identify providers to health care partners, regardless of type of practice or location. All public and private health plans are required by HIPAA to receive/submit the NPI as the only provider identifier in all electronic transactions.

It is required for use in all HIPAA transactions:

- Health care claims
- Claim payment/remittance advice
- Coordination of benefits
- Eligibility inquiry/response
- Claim status inquiry/response
- Referrals
- Enrollment

Information on how to apply for an NPI can be found here.

Registering NPIs

All NPIs (both billing and rendering providers) must be registered with Medi-Cal Dental to ensure appropriate payment of claims in a timely manner. Providers may register their NPIs through one of three options:

1. Submitting a hardcopy registration form (DHCS 6218) by mail, or
2. Calling the Medi-Cal Dental Telephone Service Center at (800) 423-0507, or
3. Register NPIs using the Medi-Cal Dental Web Collection System on the Medi-Cal Dental website.

Rendering providers who have not submitted a Social Security Number to Medi-Cal Dental at the time of enrollment will not be able to register using the Medi-Cal Dental Website. Such providers will need to register using the Medi-Cal Dental NPI Registration Form (DHCS 6218) found on the Medi-Cal Dental website.

Freedom of Information Act (FOIA)-Disclosable Data

NPPES health care provider data that are disclosable under the Freedom of Information Act (FOIA) will be disclosed to the public by the Centers for Medicare & Medicaid Services (CMS). In accordance with the e-FOIA Amendments, CMS has these data via the Internet. Data is available in two forms:

- A query-only database, known as the NPI registry
- A downloadable file

For more information on FOIA, visit the CMS website here.
**Electronic Data Interchange (EDI)**

Electronic Data Interchange (EDI) is the computer-to-computer transfer of transactions and information. Providers are encouraged to submit claims electronically for improved productivity and cost efficiency.

EDI enrollment and other important EDI information can be obtained by:

- accessing the EDI drop-down on the Medi-Cal Dental website here, or:
- sending an email to Medi-CalDentalEDI@delta.org, or:
- calling the Telephone Service Center at (800) 423-0507, or
- calling (916) 853-7373 and asking for EDI Support.

Enrollment requirements for EDI can be found in “Section 3: Enrollment Requirements” of this Handbook.

Providers using EDI for claims submissions are still required to provide radiographs and other attachments to Medi-Cal Dental. They can be sent either by mail or digitally through a certified electronic attachment vendor.

**Digitized Images**

In conjunction with claims and TARs submitted electronically, Medi-Cal Dental now accepts digitized radiographs and attachments submitted through electronic attachment vendors Change Healthcare, DentalXChange, National Electronic Attachment, Inc. (NEA), National Information Services (NIS), and Tesia Clearinghouse, LLC.

Note: Providers must be enrolled in EDI to submit documents electronically prior to submitting digitized images. For more information see “Section 3: Enrollment Requirements” of this Handbook.
Overview of TAR and Claim Processing

In administering Medi-Cal Dental, Medi-Cal Dental’s primary function is to process TARs and Claims submitted by providers for dental services performed for Medi-Cal recipients. It is the intent of Medi-Cal Dental to process TARs and Claims as quickly and efficiently as possible. A description of the processing workflow is offered to promote a better understanding of the Medi-Cal Dental automated claims processing system.

Document Control Number (DCN)

All incoming documents are received and sorted in the Medi-Cal Dental mail room. TARs and Claims are separated from other incoming documents, including general correspondence, and assigned a Document Control Number (DCN).

The DCN is a unique number containing 11 digits in the following format:

14 059 1 000 01

The first five digits of the DCN represent the Julian date of receipt. In the example shown above, “14” designates the year, and “059” designates the fifty-ninth day of that year. The sixth digit, “1,” identifies the type of document: 1 = TAR/Claim form. The remaining five digits of the DCN represent the sequential number assigned to the document. Thus, the document assigned the DCN shown in the example above would be the first TAR or Claim received by Medi-Cal Dental on the fifty-ninth day of 2014 or February 28, 2014.

TARs and Claims plus any attachments are then scanned, batched, and forwarded to Data Entry, where pertinent data from the forms is entered into the automated claims processing system.

Edits and Audits

After data from the TAR or Claim is scanned into the system, the information is automatically edited for errors. Errors are highlighted on a display screen, and the data entry operator validates the information entered against the scanned image. When necessary corrections are made and the operator confirms that the information scanned is correct, the system prompts the operator as to the proper disposition of the TAR or Claim.

TAR/Claim Adjudication

Information on a TAR or Claim is audited via a series of manual and automated transactions to determine whether the services listed should be approved, modified, or disallowed. If the claim data is determined to be satisfactory, the result is payment, with the issuance of an EOB and a check.

If the TAR data is determined to be satisfactory, the result is authorization of treatment, with the issuance of a NOA.

If the information submitted on the TAR or Claim is not sufficient, the document is held for further manual review until a resolution can be concluded. In some instances, more information may be required to make a determination. Medi-Cal Dental will issue a Resubmission Turnaround Document (RTD) to request additional information from the provider.

Radiographs

Radiographs should be taken only for clinical reasons as determined by the member’s dentist. Radiographs are part of the member’s clinical record and the original images should be retained by the dentist. Originals should not be used to fulfill requests made by patients or third parties for copies of records.

Radiographs should be taken only for clinical reasons as determined by the member’s dentist. Radiographs are part of the member’s clinical record and the original images should be retained by the dentist. **Fixed Prosthodontics**
D6211, D6241, D6245, D6251, D6271, D6740, D6751, D6781, D6783, D6791, D6999

**Oral & Maxillofacial Surgery**
D7280, D7283, D7290, D7340, D7350, D7840, D7850, D7852, D7854, D7858, D7860, D7865, D7872, D7873, D7874, D7875, D7876, D7877, D7880, D7899 (non-emergency), D7940, D7941, D7943, D7944, D7945, D7950, D7951, D7952, D7955, D7991, D7993, D7994, D7995

**Orthodontics**
**Transfer cases only

**Adjunctive Services**
D9222, D9223, D9239, D9243, D9950, D9952, D9999 (non-emergency)

Dental services provided to patients in hospitals, skilled nursing facilities, and intermediate care facilities are covered under Medi-Cal Dental only following prior authorization of each non-emergency and non-diagnostic dental service (Section 51307(f)(3), Title 22, California Code of Regulations). Emergency services may be performed on convalescent patients without prior authorization for the alleviation of pain or treatment of an acute dental condition. However, the provider must submit clinical information with the claim describing the member’s condition and the reason the emergency services were necessary.

Medi-Cal Dental, within the Department, and California Code of Regulations (CCR), Title 22, Section 51455, state that prior authorization may be required of any or all providers for any or all covered benefits of the program except those services specifically exempted by Section 51056(a) and (b). These prior authorization requirements do not change when the member has other dental coverage; the provider should submit for prior authorization and indicate the primary carrier. No verbal authorization will be granted by Medi-Cal Dental. Medi-Cal Dental reserves the right to require prior authorization in accordance with these guidelines.

**Election of Prior Authorization**

If a provider chooses to submit a TAR for services that do not normally require prior authorization, Medi-Cal Dental may not review these procedures. However, these services may be reviewed if they are submitted as part of a total treatment plan. When a provider receives a NOA for procedures on a TAR that do not
normally require prior authorization, the NOA is not a guarantee that these procedures have been approved. (Refer to "Section 7: Codes", Adjudication Reason Codes 355A, 355B, and 355C.)

If a provider elects to have any proposed treatment plan prior authorized, all provisions relating to prior authorization for all services listed apply.

**Non-Transfer of Prior Authorization**

Prior authorization is not transferable from one provider to another. If for some reason the provider who received authorization is unable to complete the service or the member wishes to go to another provider, another provider cannot perform the service until a new treatment plan is authorized under his/her own provider number.

To expedite processing of a TAR with a change of provider, submit a new TAR with an attached statement from the member indicating a change of provider.

**Retroactive Prior Authorization**

Title 22, Section 51003, State of California Code of Regulations (CCR) allows for the retroactive approval of prior authorization under the following conditions:

- When certification of eligibility was delayed by the county social services office;
- When member’s other dental coverage denied payment of a claim for services;
- When the required service could not be delayed;
- When a member does not identify himself/herself to the provider as a Medi-Cal member through deliberate concealment or because of physical or mental incapacity to identify himself/herself. The provider must submit in writing that concealment occurred, and the submission of the TAR must be within 60 days of the date the provider certifies he/she was made aware of the member’s eligibility.

**Clinical Screening**

During the processing of the TAR, Medi-Cal Dental may decide to further evaluate the member and schedule a clinical screening appointment.
Billing and Payment Policies

Billing Members

Providers may not submit a claim to, or demand or otherwise collect reimbursement from, a Medi-Cal member, or from other persons on behalf of the member, for any service (other than Share of Cost). Section 51002 of Title 22 of the California Code of Regulations specifically prohibits billing or collecting from Medi-Cal members for services included in Medi-Cal Dental scope of benefits, except for those patients who have a fiscal liability to obtain and/or maintain eligibility requirements.

In addition, Title 42, Volume 3, of the Code of Federal Regulations, reads as follows:

Section 447.15 Acceptance of State payment as payment in full.

A State plan must provide that the Medicaid agency must limit participation in the Medicaid program to providers who accept, as payment in full, the amounts paid by the agency plus any deductible, coinsurance or copayment required by the plan to be paid by the individual. However, the provider may not deny services to any eligible individual on account of the individual’s inability to pay the cost sharing amount imposed by the plan in accordance with Sec. 431.55(g) or Sec. 447.53. The previous sentence does not apply to an individual who is able to pay. An individual’s inability to pay does not eliminate his or her liability for the cost sharing charge.

Finally, Welfare & Institutions Code reads:

14107.3 Any person who knowingly and willfully charges, solicits, accepts, or receives, in addition to any amount payable under this chapter, any gift, money, contribution, donation, or other consideration as a precondition to providing services or merchandise to a Medi-Cal member for any service or merchandise in the Medi-Cal’s program under this chapter or Chapter 8 (commencing with Section 14200), except either:

(1) To collect payments due under a contractual or legal entitlement pursuant to subdivision (b) of Section 14000; or

(2) To bill a long-term care patient or representative for the amount of the patient’s share of the cost; or

(3) As provided under Section 14019.3, is punishable under a first conviction by imprisonment in the county jail for not longer than one year or state prison, or by a fine not to exceed ten thousand dollars ($10,000), or both such imprisonment and fine. A second or subsequent conviction shall be punishable by imprisonment in the state prison.

This clause means that a provider may not bill both the member and the program for the same Medi-Cal dental procedure. If the provider submits a claim to Medi-Cal Dental, he/she can’t bill the member for the difference between Medi-Cal Dental’s Schedule of Maximum Allowances (SMA) and the provider’s usual, customary, and reasonable (UCR) fee.

If Medi-Cal eligibility is verified, the provider may not treat the member as a private-pay member to avoid billing Medi-Cal Dental, obtaining prior authorization (when necessary) or complying with any other program requirement. In addition, upon obtaining eligibility verification, the provider cannot bill the member for all or part of the charge of a Medi-Cal covered service except to collect the Medi-Cal copayment or share of cost. Providers cannot bill members for private insurance cost-sharing amounts such as deductibles, co-insurance, or copayments.

This clause means that once a provider has checked a member’s eligibility, or has submitted a claim or TAR for services, then that provider has agreed to accept that member as a Medi-Cal dental member and can’t later decide to not accept the member for treatment to avoid pre-authorization requirement or having to accept Medi-Cal dental fees. The provider also agrees not to charge the member for all or part of any treatment that has been deemed by Medi-Cal Dental to be a covered benefit.

A provider and member may enter into a private agreement under the following scenarios:

a. The provider and member have agreed to have specific dental treatment performed outside of Medi-Cal Dental. The provider must have not verified the member’s eligibility or submitted any
TAR or claim to Medi-Cal Dental for the current phase of treatment.

Or:

b. The provider has submitted a specific procedure on a TAR or claim to Medi-Cal Dental that was subsequently denied on the basis that it was either not a benefit under Medi-Cal Dental’s scope of benefits or it was denied because it did not meet the medically necessary criteria of the program or time/frequency limitations for the specific procedure. Procedures that have been denied for technical or administrative reasons, such as failure to respond to Resubmission Turnaround Documents (RTDs), inadequate radiograph submission, signatures, or that the procedure is included in a global procedure billed, cannot be billed to the member under any circumstances.

Providers should establish written contracts with members before any non-reimbursed Medi-Cal Dental treatment is rendered. They should also secure the proper Medi-Cal Dental denial if applicable.

Providers cannot bill a Medi-Cal dental member for broken appointments (42 CFR 447.15 and SSA 1902 (a)(19).

When members request copies of records and/or radiographs, providers can charge them a reasonable fee for duplication, but only when they have the same policy for their private patients.

Providers may only bill members their UCR fees if the $1,800 limit per calendar year for member services (dental soft cap) has been met and nothing has been paid on a procedure.

Providers may not bill members when the program has paid any amount on a specific procedure as the result of the member soft cap being met. This partial payment on a procedure must be considered payment in full.

Member Reimbursements

In accordance with Welfare and Institutions Code Section 14019.3, a Medi-Cal dental provider is required to reimburse a Medi-Cal dental member who paid for a medically necessary covered service rendered by the provider during any of the following three time periods: 1) the 90-day period prior to the month of application for Medi-Cal Dental; 2) the period after an application is submitted but prior to the issuance of the member’s Medi-Cal card; and 3) after issuance of the member’s Medi-Cal card for excess co-payments (i.e., co-payments that should not have been charged to the member).

By law, a Medi-Cal dental provider must reimburse a member for a claim if the member provides proof of eligibility for the time period during which the medically necessary covered service was rendered (and for which the member paid). Evidence of the reimbursement paid by the provider to the member should be submitted to Medi-Cal Dental as a claim with the appropriate documentation to indicate that Medi-Cal Dental eligibility was recently disclosed. The Department will allow the provider a timeliness override in order to bill Medi-Cal Dental for the repaid services. If the provider does not reimburse the member, the member may contact the Department, inform the Department of the provider’s refusal to reimburse, and then submit a request for reimbursement directly to the Department. In this case, the Department will contact the provider and request that the provider reimburse the member. Should the provider refuse to cooperate, the Department will reimburse the member for valid claims and recoup the payment from the provider. Additional sanctions may be imposed on the provider such as those set forth in Welfare and Institutions Code Section 14019.3.

A new law, Senate Bill (SB) 639, effective July 1, 2020, specifies in Business and Professions (B&P) Code, if a dental provider accepts Medi-Cal, the treatment plan for a Medi-Cal patient shall indicate if Medi-Cal would cover an alternate, medically necessary service as defined in current law, WIC Section 14059.5. The treatment plan shall indicate that the Medi-Cal patient has a right to ask for only services covered by Medi-Cal and that the dental provider agrees to follow Medi-Cal rules to secure Medi-Cal covered services before treatment.

The law currently states:

- Dentists shall not charge to third-party lines of credit (arranged for or established in their office)
any treatment costs before the treatments are provided, unless the dentist provides the patient a written or electronic notice and treatment plan, including an itemized list of treatments and services charged before rendering or incurring costs. [B&P Code § 654.3(b)].

- The written treatment plan must include:
  - Each anticipated service to be provided and the estimated cost of each service;
  - The patient's private or government-estimated share of cost for each service (if applicable, including whether Medi-Cal will cover the service); and
  - If services are not covered by patient’s private or other insurance (including Medi-Cal), notification that the services may not be covered, and that the patient has the right to confirm coverage before starting dental treatment.

Written notice must be provided in patient’s threshold language. [B&P Code § 654.3(f)].

Changes to the law effective July 1, 2020:

- Dentists shall provide the patient a written or electronic notice and treatment plan, including an itemized list of treatments and services charged before rendering or incurring costs.
  - The notice must include the revised language specified in B&P Code § 654.3(g).
  - For all Medi-Cal providers, the written treatment plan must indicate if Medi-Cal would cover an alternate medically necessary service. It must also notify the Medi-Cal patient that they have a right to ask for only services covered by Medi-Cal, and that the dentist must follow Medi-Cal rules to secure Medi-Cal-covered services before treatment. [B&P Code § 654.3(h)(1)].

Not a Benefit/Global

Dental or medical health care services that are not covered by the Medi-Cal program are deemed “not a benefit.”

“Global procedures” are those procedures that are performed in conjunction with, and as part of, another associated procedure. Global procedures are not separately payable from the associated procedure.
Dental Materials of Choice

Medi-Cal Dental wants all providers to understand the important distinction between a member’s entitlement to a medically necessary covered dental service and your professional judgment of which dental material is used to perform the service.

In general, a Medi-Cal dental member is entitled to covered services that are medically necessary. The choice of dental material used to provide a specific service lies within the scope of the professional judgment of the dentist.

Providers may not bill members for the difference between the Medi-Cal Dental fee for covered benefits and the UCR fee.

Payment Policies

Medi-Cal Dental will only pay for the lowest cost procedure that will correct the dental problem. For example, Medi-Cal Dental cannot allow a porcelain crown when a restoration would correct the dental problem. A dental office cannot charge Medi-Cal Dental more than it charges a private member for the services performed. The dental office should list its UCR fees when filling out the claim, TAR or NOA, not the SMA.

For tax purposes, Medi-Cal Dental uses Form 1099 to report earnings to the Internal Revenue Service (IRS) for each billing provider who has received payment from Medi-Cal Dental during the year. Federal law requires that Medi-Cal Dental mail 1099 forms by January 31 of each year to reflect earnings from January 1 through December 31 of the previous year.

It is the provider’s responsibility to make certain Medi-Cal Dental has the correct billing provider name, address and Taxpayer Identification Number (TIN) or Social Security Number (SSN) that correspond exactly to the information the IRS has on file. If this information does not correspond exactly, Medi-Cal Dental is required by law to apply a 28 percent withholding to all future payments made to the billing provider. To verify how tax information is registered with the IRS, please refer to the preprinted label on IRS Form 941, “Employer’s Quarterly Federal Tax Return,” or any other IRS-certified document. The provider may also contact the IRS to verify how a business name and TIN or SSN are recorded.

If a provider does not receive the 1099 form, or if the tax or earnings information is incorrect, please contact Medi-Cal Dental at (800) 423-0507 for the appropriate procedures for reissuing a correct 1099 form.

Assistant Surgeons

Assistant surgeons should bill Medi-Cal Dental using Procedure D6199/D7999 (as applicable) and may be paid 20% of the surgical fee paid to the primary surgeon (dentist or physician) provided the following is submitted with the claim:

- The operating report containing the name of the assistant surgeon;
- Proof of payment to the primary surgeon.

Surgical fees include major maxillofacial and orthognathic procedures, as well as trauma surgery, and include all associated extractions. All other procedures (anesthesia, radiographs, restorations, etc.) performed on the same date of service as the surgical procedure including bedside visits and hospital care are not considered in the determinations of the surgical fee and are not payable to assistant surgeons.

Providing and Billing for Anesthesia Services

Prior Authorization is required for general anesthesia (GA) and intravenous (IV) sedation. A TAR can only be requested from an enrolled Medi-Cal Dental provider. The anesthesiologist may submit a TAR if they are enrolled as a billing provider. If an anesthesiologist is not a billing provider, the billing provider rendering the dental services may submit the TAR on behalf of the anesthesiologist rendering the anesthesia. Additionally, if an anesthesiologist is part of a group practice, the group practice may submit a TAR on behalf of anesthesiologist.

Note: Prior authorization is not required for a member who resides in a state certified skilled nursing facility (SNF) or any category of intermediate care facility (ICF) for the developmentally disabled.

The provider must submit a documentation indicated below to justify the medical necessity for anesthesia services.
If the provider provides clear medical record documentation of both number 1 and number 2 below, then the patient shall be considered for intravenous sedation or general anesthetic:

1. Use of local anesthesia to control pain failed or was not feasible based on the medical needs of the patient.
2. Use of conscious sedation, either inhalation or oral, failed or was not feasible based on the medical needs of the patient

If the provider documents any one of numbers 3 through 6 then the patient shall be considered for intravenous sedation or general anesthetic:

3. Use of effective communicative techniques and immobilization (patient may be dangerous to self or staff) failed or was not feasible based on the medical needs of the patient.
4. Patient requires extensive dental restorative or surgical treatment that cannot be rendered under local anesthesia or conscious sedation.
5. Patient has acute situational anxiety due a lack of psychological or emotional maturity that inhibits the ability to appropriately respond to commands in a dental setting.
6. Patient is uncooperative due to certain physical or mental compromising conditions.

Prior authorization can be waived when Intravenous Sedation/General Anesthesia is medically necessary to treat an emergency medical condition. An "emergency medical condition" is defined in Title 22, Division 3, Subdivision 1, Chapter 3, Article 2, Section 51056 (b).

Billing providers must ensure that all their rendering dental anesthesiologists and dentists providing general anesthesia and intravenous conscious sedation/analgesia are permitted or certified through the Dental Board of California prior to enrolling in Medi-Cal Dental and prior to treating Medi-Cal patients (B&P Code 1646.1and 1647.19-20).

Payments made to billing providers for services performed by their unenrolled rendering providers will be subject to payment recovery per Title 22, Section 51458.1 (a)(6).

The following is required to receive payment for administering general anesthesia or intravenous conscious sedation/analgesia:

- The rendering provider performing the general anesthesia must have a valid permit with the Dental Board of California and the permit number must be on file with Medi-Cal Dental.
- The anesthesia record must be signed by the anesthesiologist performing the anesthesia procedure. The rendering provider name on the anesthesia record must coincide with the rendering provider number in field 33 on the claim for payment.

Tamper-Resistant Prescription Pads

For Medi-Cal Dental outpatient drugs to be reimbursable by the federal government, all written, non-electronic prescriptions must be executed on tamper-resistant pads. The tamper-resistant prescription pad requirement applies to over-the-counter drugs and impacts all dentists and other providers who prescribe outpatient drugs.

The Centers for Medicare and Medicaid Services (CMS) has issued guidance on this requirement that can be found on the website here.

As outlined by CMS, a prescription pad must contain at least one of the following three characteristics and, by October 1, 2008, all three characteristics:

7. One or more industry-recognized features designed to prevent unauthorized copying of a completed or blank prescription form;
8. One or more industry-recognized features designed to prevent the erasure or modification of information written on the prescription by the prescriber; or,
9. One or more industry-recognized features designed to prevent the use of counterfeit prescription forms.

The National Council for Prescription Drug Programs (NCPDP) has issued a letter providing additional information as to which tamper-resistant features fall within the three characteristics, a copy of which can be found on the Medi-Cal website.
The California-required tamper-resistant prescription pads for controlled drugs fully meet the federal compliance requirements. Prescribers are encouraged to use the current pads and may order tamper-resistant prescription pads from security prescription printer companies.

Those companies preapproved by the California Department of Justice and Board of Pharmacy to produce tamper-resistant prescription pads are listed here. This directory provides an alphabetical listing of companies and is updated as new security prescription printers are approved. Providers will need their prescriber’s state license number and a copy of their DEA Registration when they place their order. Other security prescription printer companies are available and may be used as needed. To comply with California statute, regardless of how a provider chooses to procure tamper-resistant prescription pads for all other written Medi-Cal prescriptions, providers must continue to procure tamper-resistant prescription pads for controlled drugs from the list of approved security prescription printer companies.
**Time Limitations for Billing**

Time limitations for billing services provided under Medi-Cal Dental are governed by Section 14115 of the Welfare and Institutions Code. Claims received by Medi-Cal Dental within:

- Six calendar months after the end of the month in which the service was performed are considered for full payment (100 percent of the SMA).
- Seven to nine months after the end of the month in which the service was performed will be considered for payment at 75 percent of the SMA amount.
- Ten to twelve months after the end of the month in which the service was performed will be considered for payment at 50 percent of the SMA amount.

The time limitation for billing will be applied to each date of service.

Medi-Cal Dental may receive and process late claims upon review of substantiating documentation that justifies the late submittal of a claim. The following is a list of reasons delayed submissions are acceptable when circumstances are beyond the control of the provider:

1. A member did not identify himself/herself to a provider as a Medi-Cal member at the time services were performed. The provider must submit the claim for payment within 60 days after the date certified by the provider that the member first did identify himself/herself as a Medi-Cal member. The date so certified on the claim must be no later than one year after the month in which services were performed.

2. The maximum time period for submission of a claim involving other coverage is one year from the date of service, to allow sufficient time for the provider to obtain proof of payment or non-liability of the other insurance carrier.

3. If a delay in submitting a claim for payment was caused by circumstances beyond the control of the provider, Medi-Cal Dental may extend the period of submission to one year from the date of service. Title 22, Section 51008, lists those specific circumstances which would be considered beyond the control of the provider and under which such an extension may be granted:
   - delay or error in the certification or determination of Medi-Cal eligibility by the State or county;
   - delay in delivering a completed removable appliance when a member does not return in a timely manner for delivery (Section 51470(b) states an undelivered, custom-made prosthesis must be retained for no less than one year after the date it was ordered, and is payable at 80% of the amount after the provider has attempted to deliver the prosthesis to the member);
   - damage to or destruction of provider’s business office or records by natural disaster, including fire, flood, or earthquake; or circumstances involving such a disaster that have substantially interfered with the timely processing of bills;
   - delay of required authorization by Medi-Cal Dental;
   - delay by Medi-Cal Dental in supplying billing forms to the provider;
   - theft, sabotage, or other deliberate, willful acts by an employee;
   - other circumstances, clearly beyond the control of the provider that have been reported to the appropriate law enforcement or fire agency, where applicable;
   - special circumstances, such as court or fair hearing decisions.
**Interim Payments**

Interim payments are made to Medi-Cal dental providers for unpaid claims that have been delayed at least 30 days due to Medi-Cal Dental or State errors, or for paid claims affected by retroactive changes.

A provider may contact Medi-Cal Dental, either by telephone or in writing, to request interim payment. Medi-Cal Dental will determine if a claim qualifies for interim payment. If it does not qualify, or if a determination cannot be made, Medi-Cal Dental must notify the provider by telephone within 24 hours, followed by a written notice within two workdays. If Medi-Cal Dental determines that a claim does qualify for interim payment, the findings are forwarded to the State for final approval or denial of the request.

When the State reaches a final decision, it will notify Medi-Cal Dental. Medi-Cal Dental, in turn, will notify the provider. Once final approval of interim payment has been received from the State by Medi-Cal Dental, the payment request is processed, and a check is generated and sent to the provider.

**Retroactive Reimbursement for Medi-Cal Members for Out-of-Pocket Expenses**

As a result of the Conlan v. Shewry court decision, a process has been implemented by which members can obtain prompt reimbursement of their Medi-Cal Dental covered, out-of-pocket expenses. For questions or instructions regarding this reimbursement, please phone the Conlan Help Desk at (916) 403-2007.

**Medi-Cal Dental Responsibilities**

Medi-Cal Dental responsibilities include the following:

- Verifying member Medi-Cal Dental eligibility
- Evaluating supporting medical expense documentation provided by the member
- Reviewing rendered services for medical necessity
- Determining whether Medi-Cal Dental payment was previously made
- Verifying that the provider reimbursed the member
- Maintaining documentation for each case

**Provider Notification of Member Request for Reimbursement**

If a member’s request for reimbursement is validated by Medi-Cal Dental, a letter of request for member reimbursement is sent to the provider. This letter must be submitted with the provider’s claim for reimbursement.

**Provider Responsibility**

Upon receipt of a member reimbursement letter, providers are expected to reimburse members for monies that the member paid to the provider at the time of service, then submit a claim to Medi-Cal Dental. Claims will be denied if the member has not been reimbursed.

**Claim Submission**

Providers must submit claims to Medi-Cal Dental within 60 days of the date on the letter as follows:

- Submit an original hard-copy claim solely for services mentioned in the member reimbursement letter
- Attach the member reimbursement letter
- Attach any additional required Medi-Cal Dental documentation

The original claim, member reimbursement letter, and supporting documentation should be submitted to the following address:

Medi-Cal Dental  
Attn: Member Services  
PO Box 526026  
Sacramento, CA 95852-6026

No electronic claim submission is allowed. Medi-Cal Dental determines medical necessity; therefore, no TAR is required. The six-month billing limit will be waived for these claims.
Provider Reimbursement

Providers are reimbursed for medically necessary services according to the current SMA found in “Section 5: Manual of Criteria and Schedule of Maximum Allowances” of this Handbook.

To be reimbursed, the provider must have been enrolled as a Medi-Cal dental provider on the date of service. Providers should contact Medi-Cal Dental at (800) 423-0507 if any of the following conditions apply:

- Provider was not a Medi-Cal dental provider on the date of service but wants to enroll now
- Provider is a Medi-Cal dental provider now but was not enrolled on the date of service and needs retroactive eligibility
- Provider was not a Medi-Cal dental provider on the date of service but wants to temporarily enroll retroactively in Medi-Cal Dental in order to bill for the Member Reimbursement Process claims

For more information on Provider Enrollment, please refer to “Section 3: Enrollment Requirements” of this Handbook.
Medicare/Medi-Cal Crossover Claims

Medicare will pay for the following dental services: D0502, D5924, D5931, D5932, D5934, D5935, D5936, D5999, D7285, D7286, D7450, D7451, D7460, D7461, D7465, D7490, D7610, D7620, D7630, D7640, D7650, D7660, D7680, D7710, D7720, D7730, D7740, D7750, D7760, D7770, D7771, D7780, D7810, D7820, D7830, D7840, D7850, D7852, D7854, D7856, D7858, D7860, D7865, D7870, D7872, D7873, D7874, D7875, D7876, D7877, D7920, D7940, D7941, D7943, D7944, D7945, D7946, D7947, D7948, D7949, D7950, D7955, D7981, D7982, D7991, D7995, D7997.

Please note that the following codes listed above require prior authorization: D5999 (non-emergency), D7840, D7850, D7852, D7854, D7858, D7860, D7865, D7872, D7873, D7874, D7875, D7876, D7877, D7920, D7940, D7941, D7943, D7944, D7945, D7946, D7947, D7948, D7949, D7950, D7955, D7981, D7982, D7991, D7995.

If a TAR/Claim is submitted for a Medi-Cal dental member and Field 31 contains any of the procedure codes listed above, the claim or TAR must be accompanied by official documentation which clearly shows proof of payment/denial by Medicare or states the member’s ineligibility. Documentation of ineligibility may be:

1. An Explanation of Medicare Benefits (EOMB) stating “No Part B coverage”;  
2. An EOMB stating “Benefits are exhausted”;  
3. An official document verifying the member’s alien status;  
4. An EOMB or any official document from the Social Security Administration verifying member’s ineligibility for Medicare.

Medi-Cal Dental processes claims and TARs for Medicare covered dental services in accordance with the following Medicare/Medi-Cal crossover policies and procedures:

1. A provider must be enrolled with Medicare to bill Medi-Cal Dental for Medicare/Medi-Cal crossover services.  
2. Medicare must be billed for Medicare covered services prior to billing Medi-Cal Dental. When billing Medi-Cal Dental, attach the EOMB to the claim form.

3. Approved and paid Medicare dental services do not require prior authorization by Medi-Cal Dental.  
4. Payment for a Medicare covered dental service does not depend on place of service; hospitalization or non-hospitalization of a member has no direct bearing on the coverage or exclusion of any given dental procedure.

For information about Medicare enrollment and billing procedures, please visit the Noridian Healthcare Solutions website.

When processing a claim with Medicare covered services, Medi-Cal Dental reviews the EOMB submitted with the claim. The Medicare procedures listed on the EOMB are matched with the Medi-Cal Dental procedures listed on the claim. Payment calculations are based on Medicare deductibles, coinsurance, and Medi-Cal allowable amounts up to the SMA.
Orthodontic Services Program
The provision of medically necessary orthodontic services is limited to Medi-Cal and California Children’s Services (CCS) eligible individuals under 21 years of age by dentists qualified as orthodontists under the California Code of Regulations, Title 22, Section 51223(c). For additional information, see “Section 9: Special Programs” of this Handbook.

Dental Restorations for Children Under Age Four and for Developmentally Disabled Members of Any Age
Senate Bill (SB) 1403 (Chapter 61, signed July 7, 2006), stipulates that “For any member who is under four years of age, or who, regardless of age, has a developmental disability, as defined in subdivision (a) of [Welfare and Institutions Code] Section 4512, radiographs or photographs that indicate decay on any tooth surface shall be considered sufficient documentation to establish the medical necessity for treatment provided.”

Claims, NOAs, and CIFs with dates of service on or after January 1, 2007, and any TAR or reevaluation requiring review, will only require one radiograph or photograph that demonstrates medical necessity to be submitted. When the radiograph or photograph demonstrates at least one decayed surface, all of the fillings and prefabricated crowns on that document shall be considered sufficient documentation to establish the medical necessity for treatment provided.

Providers who are replacing fillings or prefabricated crowns that they previously placed must submit a current radiograph or photograph of that tooth that demonstrates the need for replacement when the applicable time limitations have not been met.

- When a pulpotomy is requested in conjunction with a filling/prefabricated crown, and the filling/prefabricated crown is denied/disallowed, the pulpotomy will also be disallowed.

Children Under Age Four
The member must be under the age of four at the time the services were rendered or when the request for authorization was reviewed.

Developmentally Disabled (DD) Members
Senate Bill (SB) 1403 (Chapter 61, signed July 7, 2006), amends Section 14132.88 of the Welfare and Institutions (W & I) Code and stipulates that for any member who is under four years of age, or who, regardless of age, has a developmental disability, as defined, radiographs or photographs that indicate decay on any tooth surface shall be considered sufficient documentation to establish the medical necessity for treatment provided.

Once a provider has established the fact that their member is a client of a Regional Center/Department of Developmental Services, he/she must document that fact on the document by writing the following – “Registered Consumer of the Department of Developmental Services.” No substitute language or documentation will suffice.

When requesting authorization/payment of prefabricated crowns on permanent teeth for DD patients, the requirement for arch films will be waived.

Hospital (Special) Cases
When dental services are provided in an acute care general hospital or a surgicenter, the provider must document the need for hospitalization, e.g., retardation, physical limitations, age, etc.

To request authorization to perform dental-related hospital services, providers need to submit a TAR with radiographs/photos and supporting documentation to Medi-Cal Dental. Prior authorization is required only for the following
services in a hospital setting: fixed partial dentures, removable prosthetics, and implants.

It is not necessary to request prior authorization for services that do not ordinarily require authorization from Medi-Cal Dental, even if the services are provided in an outpatient hospital setting. In all cases, an operating room report or hospital discharge summary must be submitted with the claim for payment.

**Hospital Inpatient Dental Services (Overnight or Longer)**

Inpatient dental services are defined as services provided to members residing in hospitals, skilled nursing facilities (SNFs), intermediate care facilities (ICFs), and those who are homebound.

Dental services provided to patients in hospitals are covered under Medi-Cal Dental only following prior authorization of each non-emergency and non-diagnostic dental service (Section 51307(f)(3), Title 22, California Code of Regulations). Emergency services may be performed on hospital patients without prior authorization for the alleviation of pain or treatment of an acute dental condition. However, the provider must submit clinical information with the claim describing the member’s condition and the reason the emergency services were necessary.

Inpatient dental services (hospitals, SNFs, and ICFs) are covered only when provided on the signed order of the provider responsible for the care of the member. A claim for inpatient dental services must show verification that the services are to be rendered on the signed order of the admitting physician or dentist.

If a Medi-Cal dental provider needs to perform dental services within a hospital inpatient setting, the provision of the medical support services, e.g., Operating Room (OR) time, surgical nurse, anesthesiologist, or hospital bed, will depend on how the Medi-Cal dental member receives their Medi-Cal medical services. Medi-Cal dental members may receive their medical services through a number of different entities:

- Medi-Cal Fee-For-Service (FFS)
- Geographic Managed Care (GMC)
- Medi-Cal Managed Care
- County Organized Health Systems (COHS)

Medi-Cal dental providers should refer to “Section 4: Treating Members” of this Handbook for instructions on how to determine the entity providing a member’s medical services.

Prior authorization is required for each non-emergency and non-diagnostic dental service provided to Medi-Cal dental members in a hospital inpatient setting where the member’s hospital stay exceeds 24 hours. This authorization must be submitted on the Medi-Cal Form 50-1 and sent directly to this address:

Department of Health Care Services
San Francisco Medi-Cal Field Office
P.O. Box 3704
San Francisco, CA 94119
(415) 904-9600

**The Medi-Cal Form 50-1 should not be submitted to Medi-Cal Dental as this will only delay the authorization for hospital admission.**

For more information regarding the Medi-Cal TAR field offices, please review this document.

If the member requires emergency hospitalization, a “verbal” authorization is not available through the Medi-Cal field office. If the member is admitted as an emergency case, the provider may indicate in the Verbal Authorization Box on the Medi-Cal Form 50-1, “Consultant Not Available” (CNA). An alternative is to admit the member as an emergency case and submit the Medi-Cal Form 50-1 retroactively within ten working days to the Medi-Cal field office.

A claim for payment of dental services is submitted to Medi-Cal Dental and must be accompanied by a statement documenting the need and reason the emergency service was performed. Include a copy of the operating room report.
Requesting Hospital Dental Services for Medi-Cal Members Enrolled in the GMC, COHS, or Medi-Cal Managed Care Plans

The dentist must contact the member’s medical plan to arrange for hospital or surgicenter admission and medical support services. All medical plans that provide services to Medi-Cal managed care members are contractually obligated to provide medical support services for dental treatment. If the Medi-Cal Field Office receives a Form Medi-Cal Form 50-1 for a Medi-Cal member who receives their medical benefits through one of these programs, the form will be returned to the submitting dentist.

Homebound Patients (Place of Service 2)
A physician’s letter is required when requesting dental services for a member who cannot leave his/her private residence due to a medical condition. The physician’s letter must be on his/her professional letterhead with the following information documented:

- The member’s specific medical condition
- The reason the member cannot leave the private residence
- The length of time the member will be homebound

Emergency services may be performed on homebound patients without prior authorization for the alleviation of pain or treatment of an acute dental condition. In addition to the submission requirements for each individual procedure, the provider must also submit documentation with the claim describing the member’s condition and the reason the emergency services were necessary. A letter from the member’s physician, as stated above, must also be submitted with the claim.

Skilled Nursing and Intermediate Care Facilities (Place of Service 4 or 5)
The California Department of Public Health defines a Skilled nursing facility and Intermediate care facility as the following:

- Skilled nursing facility (SNF) means a health facility that provides skilled nursing care and supportive care to patients whose primary need is for availability of skilled nursing care on an extended basis. Refer to California Health & Safety Code, Section 1250 for more details.
- Intermediate care facility (ICF) means a health facility that provides inpatient care to ambulatory or non-ambulatory patients who have a recurring need for skilled nursing supervision and need supportive care, but who do not require availability of continuous skilled nursing care. Refer to California Health & Safety Code, Section 1250 for more details.

Providers may use the California Department of Public Health website to verify licensed facilities here.

All TARs and claims submitted for patients residing in SNFs or ICFs must include the following:

- Place of service 04 or 05 (only) must be indicated regardless of where the dental services were or will be performed.
- Facility name, phone number and address, regardless of where the dental services were or will be performed in Box 34 of the claim or TAR form.
- When treating residents outside of the facility, indicate the actual place of service in Box 34.

All procedures rendered on patients residing in an SNF or ICF require prior authorization except for the following emergency and diagnostic services.

D0120, D0145, D0150, D0210, D0220, D0230, D0240, D0250, D0270, D0272, D0274, D0330, D0340, D0350, D0502, D1110, D1120, D1206, D1208, D1320, D1556, D1557, D1558, D1999, D2940, D2941, D3221, D4355, D4910, D4920, D5410, D5411, D5421, D5422, D5511, D5512, D5520, D5611, D5612, D5621, D5622, D5630, D5640, D5650, D5660, D5850, D5851, D6092, D6093, D7285, D7286, D7510, D7511, D7521, D9110, D9120, D9210, D9222, D9223, D9239, D9243, D9410, D9430, D9440, D9910, D9920, D9930, D9995, D9996.

Emergency services may be performed on SNF and ICF patients without prior authorization for the alleviation of pain or treatment of an acute dental condition. In addition to the submission requirements for each individual procedure, the provider must also submit documentation with the claim describing the
member’s condition and the reason the emergency services were necessary.

To determine medical necessity and the member’s adaptability and compliance with requested treatment, prior authorization requests may be evaluated by a Clinical Screening Dentist.

Note: Prior authorization will be waived for facility patients treated in a hospital or surgical center except for fixed partial dentures and removable prostheses and implants.

**Mobile Dental Treatment Vans**

(Place of Service 8)

Mobile dental treatment vans are considered, under Medi-Cal Dental, to be an extension of the provider’s office and are subject to all applicable requirements of the program.

**Hospital Care (Including Surgical Centers)**

(Place of Service 6 or 7)

In a hospital setting, prior authorization for treatment included in the scope of benefits is not required except for laboratory processed crowns, fixed partial dentures, and implants. When treatment is performed without prior authorization (on a procedure that would normally require prior authorization), requests for payment must be accompanied by radiographs, photographs, and any documentation to adequately demonstrate the medical necessity. Refer to the individual procedures for specific requirements and limitations. In addition, requests for payment must be accompanied by an operating room report that indicates the amount of time spent in the operating room suite.

Section 3 - Enrollment Requirements

Provider Application and Disclosure Forms

To receive payment for dental services rendered to Medi-Cal members, prospective providers must apply and be approved by Medi-Cal Dental to participate in Medi-Cal Dental. When a provider is enrolled in Medi-Cal Dental, Medi-Cal Dental sends the provider a letter confirming the provider’s enrollment effective date. Medi-Cal Dental will not pay for services until the provider is actively enrolled in Medi-Cal Dental.

A prospective provider must use the most current version of the application forms. To obtain a current application packet, contact the Telephone Service Center toll-free at (800) 423-0507 or visit the Medi-Cal Dental website here. Failure to submit the appropriate form(s) and supporting documentation will delay the processing of an application and it will be returned as incomplete.

Applicants who are natural persons licensed or certificated under the Business and Professions Code or the Osteopathic or Chiropractic Initiative Acts to provide health care services, or who are professional corporations under subdivision (b) of Section 13401 of the Corporations Code, must enroll in Medi-Cal Dental as either individual providers or as rendering providers in a provider group. This is true even if the person or the professional corporation meets the requirements to qualify as exempt from clinic licensure under subdivision (a) or (m) of Section 1206 of the Health and Safety Code (see W&I Code Section 14043.15(b)(1)).

W&I Code Section 14043.26(a)(1) requires a prospective provider not currently enrolled in Medi-Cal Dental or a provider applying for continued enrollment to submit a complete application package for enrollment, continued enrollment, or enrollment at a new location or a change in location.

An applicant or provider shall complete and submit the following applications/forms, as applicable:

- [Medi-Cal Dental Provider Application – DHCS 5300 (Rev. 8/20)]
- [Medi-Cal Change of Location Form for Individual Physician or Individual Dentist Practices Relocating Within the Same County (DHCS 9096, Rev 1/11)]
- [Medi-Cal Supplemental Changes - DHCS 6209 (Rev. 10/16)]
- [Medi-Cal Rendering Provider Application/Disclosure Statement/Agreement for Physician/Allied/Dental Providers - DHCS 6216 (Rev. 2/15)]
- [Successor Liability with Joint and Several Liability Agreement - DHCS 6217 (Rev. 2/08)]

Prospective providers must have received a National Provider Identifier (NPI) prior to applying to Medi-Cal Dental. This unique identifier is required on all Medi-Cal dental applications.

Rendering Provider Enrollment Process

In accordance with the California Code of Regulations (CCR), Title 22, §51000.31(b), rendering providers must apply to Medi-Cal Dental by submitting a Medi-Cal Rendering Provider Application/Disclosure Statement/Agreement for Physician/Allied Dental Providers (DHCS 6216, Rev. 2/15) form.

Rendering providers must be enrolled in Medi-Cal Dental prior to rendering services to a Medi-Cal member. Medi-Cal Dental will not pay for services until the provider is actively enrolled in Medi-Cal Dental.

Rendering providers who are not enrolled in the Medi-Cal Dental Program and who order, refer, or prescribe, must submit a Medi-Cal Rendering Provider Application (DHCS 6216) form.

Enrolled rendering providers in good standing may join existing provider groups or practice at other locations without submitting additional applications for each location.

Applications may be obtained by contacting the Telephone Service Center at (800) 423-0507, or visit
the Provider Forms page of the Medi-Cal Dental website here.

Rendering providers must provide a National Provider Identifier (NPI). To obtain an NPI, you may go to the CMS website here.

Any modification to a rendering or billing provider’s information (such as a change in address or ownership) requires Medi-Cal dental notification within 35 days of the change.

Pre-enrollment Inspection

Prior to enrollment in Medi-Cal Dental, the applicant or provider may be subject to a pre-enrollment inspection or unannounced visit.
Medi-Cal Dental Provider Application (DHCS 5300, Rev. 8/20)

A Medi-Cal Dental Provider Application form is required to enroll all billing provider entity types with all types of practice.

All modifications pertaining to information previously submitted on the application must be submitted in writing to Medi-Cal Dental within 35 days of the date of change.

Please note: Safety Net Clinics (SNCs) do not need to separately enroll in the Medi-Cal Dental Program.

Further instructions are included on the DHCS 5300, as well as in California Code of Regulations (CCR), Title 22, Section 51000.31.

DHCS 6209 (Rev. 10/16)
A new Medi-Cal Rendering Provider Application is required when adding an (unenrolled) Rendering Provider to Medi-Cal Dental.

Rendering providers who are not enrolled in the Medi-Cal Dental Program and who order, refer, or prescribe, must submit a Medi-Cal Rendering Provider Application (DHCS 6216) form. **Contracted private practice dentists rendering services on behalf of SNCs need to submit a DHCS 6216 form.**

All dental service claims billed by a SNC and reimbursed by Medi-Cal that are rendered pursuant to a contract between the clinic and a private practice dental provider must adhere to the Medi-Cal Dental Handbook, and the applicable legal, enrollment, documentation and treatment plan requirements.

All modifications pertaining to information previously submitted on the application must be submitted in writing to Medi-Cal Dental within 35 days of the date of change.

Further instructions are included on the [DHCS 6216](#), as well as in California Code of Regulations (CCR), Title 22, Section 51000.30.
Sample Medi-Cal Rendering Provider Application/Disclosure Statement/Agreement for Physician/Allied Dental Providers (DHCS 6216, Rev. 2/15)
Successor Liability with Joint and Several Liability Agreement (DHCS 6217, Rev. 2/08)

A Successor Liability form is required to transfer liability in the result of a sale of practice.

Providers are reminded to also complete and submit the Medi-Cal Dental Provider Application (DHCS 5300).

Further instructions are included on the DHCS 6217.
SUCCESSOR LIABILITY WITH JOINT AND SEVERAL LIABILITY AGREEMENT

This section is to be signed and dated by provider transferor and transferee applicant.

[Signatures and dates]

The provider transferor and transferee applicant acknowledge and agree that they both will be jointly and severally liable for all debts arising from the Medi-Cal Provider Agreement applicable to the location indicated below, from the date of this agreement until the transferee applicant’s application is either approved or denied. Both transferor and transferee agree not to submit any claims to DHCS using an NPI unless that NPI is appropriately registered with the Centers for Medicare and Medicaid Services (CMS) and is in compliance with all NPI requirements established by CMS as of the date the claim is submitted. Both transferor and transferee agree that submission of an NPI to DHCS as part of an application to use that NPI for billing purposes constitutes an implied representation that the NPI submitted is appropriately registered and in compliance with all CMS requirements at the time of submission. Both transferor and transferee agree that any subsequent defect in registration or compliance of the NPI constitutes an “addition or change in the information previously submitted” which must be reported to DHCS under the requirements of California Code of Regulations, Title 22, Section 51000.40.

Notary Public

Notarization is required. The Certificate of Acknowledgement signed by the Notary Public must be in the form specified in Section 1189 of the Civil Code.

This letter should be postmarked no later than five (5) days after the occurrence of the circumstance listed in California Code of Regulations (CCR), Title 22, Section 51000.30(b). The transferee applicant must submit a complete application package to be received by the Department within 35 days of the occurrence of a circumstance listed in (b)(1), (b)(2), (b)(6), or (b)(7). This is required per CCR, Title 22, Section 51000.30(b).
Provisional Provider Status

The Welfare and Institutions Code (W & I) states:

Section 14043.26 - New providers will be enrolled as “provisional providers.” These providers shall be subject to the terms of provisional provider status for a period of 12 months from the date of enrollment. After successful completion of the 12-month provisional period, the provider’s status will be changed to reflect regular, active status.

All applications must be processed within 180 days and, upon approval, are granted provisional provider status for 12 months. If the provider is not notified after 180 days, provisional provider status will automatically be invoked.

Section 14043.28 - Providers who are subsequently denied enrollment will not be eligible to reapply for a period of three (3) years.

Section 14123.25 - Providers will be notified of improper billing practices via deficiency notices. Subsequent notices to the same providers may result in civil penalties being imposed by the Department.

Section 14172.5 - The Department shall pursue liquidation of overpayment 60 days after issuance of the first statement of accountability or demand for repayment, regardless of the status of the provider’s appeal.

Preferred Provisional Provider Status

The Welfare and Institutions (W & I) Code section 14043.26(d) allows providers who meet the criteria identified in that section to be considered within 60 days for enrollment in Medi-Cal Dental as preferred provisional providers.

Based upon the authority granted to the director of the Department of Health Care Services (DHCS) in W & I Code section 14043.75(b), the director has established the following procedures that must be followed for a provider to request enrollment in Medi-Cal Dental as a preferred provisional provider.

These procedures implement W & I Code section 14043.26(d) as it relates to dental providers and have the full force and effect of law pursuant to W & I Code section 14043.75(b). These procedures are effective for all application packages received on or after December 27, 2012.

If the applicant does not meet the criteria for a preferred provisional provider, or the application package submitted fails to meet the requirements set forth, the applicant shall be notified within 60 days, and the submitted application package shall be processed under W & I Code section 14043.26 within 180 days from the date of the notice to the applicant or provider that s/he does not qualify as a preferred provider.

If a provider has already submitted an application to Medi-Cal Dental for enrollment and they would like to request to be considered for a preferred provisional provider, they must meet all the criteria in item two below and submit all documentation listed in item two that was not already included in application package submitted along with a Cover Letter for Preferred Provisional Provider Enrollment as directed in item three below.

If Medi-Cal Dental finds that a provider falsely certified that they meet the criteria to be a preferred provisional provider, Medi-Cal Dental will recoup all payments for claims from Medi-Cal Dental to provider.

Procedures for Enrollment as a Preferred Provisional Provider

An applicant or provider requesting consideration for enrollment as a preferred provisional provider must do all the following:

1. Submit an application package that includes the Medi-Cal Dental Provider Application (DHCS 5300, Rev. 8/20).

   The words “Preferred Provisional Provider” must be clearly written by the provider in bold print at the top of the first page of the Medi-Cal Dental Provider Application. Failure to disclose required information or the disclosure of false information in the application package requesting enrollment as a preferred provider, its attachments or in the Cover Letter for Preferred Provisional Provider Enrollment or its required statement, will result in denial or termination of the provisional provider status, and may result in further legal action.
2. Meet all the following criteria and submit the listed documentation at the time of submission of the application package to the department:
   • Hold a current license as a dentist issued by the Dental Board of California, which has not been revoked, whether stayed or not, currently suspended, on probation, or subjected to other limitation. To meet this criterion, the applicant must include a copy of his/her dental license.
   • Submit documentation showing the dental provider is credentialed by a health care service plan licensed under the Knox-Keene Health Care Service Plan Act of 1975. Documentation may come in various forms including, but not limited to, a letter by the Knox-Keene licensed plan notifying the provider that they have successfully enrolled in the Knox-Keene licensed plan, the provider’s most recent member roster from the Knox-Keene licensed plan without PHI, or proof of payment by a Knox-Keene licensed plan.
   • Have never had revoked and/or suspended privileges through Medi-Cal Dental.
   • Have no adverse entries in the Healthcare Integrity and Protection Data Bank/National Practitioner Data Bank (HIPDB/NPDB). To meet this criterion, the applicant must submit documentation from HIPDB/NPDB verifying that the database has no adverse entries regarding the applicant.
   • Include in the application package a Cover Letter for Preferred Provisional Provider Enrollment in which the applicant declares under penalty of perjury under the laws of the state of California that s/he meets all the criteria of a preferred provisional provider, has no adverse entries in the HIPDB/NPDB and holds a current license as a dentist through the Dental Board of California, which has not been revoked, whether stayed or not, suspended, placed on probation, or subjected to other limitation. The provider shall identify the place in California where the statement is made and include the date and signature of the applicant.
**Tax Identification Number**

**Verify Your Tax Identification Number (TIN)**

Medi-Cal Dental reports annually to the Internal Revenue Service (IRS) the amount paid to each enrolled billing provider. The business name and TIN must match exactly with the name and TIN on file with the IRS. TINs may be either a Social Security Number (SSN) or an employer identification number (EIN), which are printed on the front of the check and on the Explanation of Benefits (EOB). Please verify that the business name and TIN on the next check/EOB are correct. If the business name and TIN do not match, the IRS requires Medi-Cal Dental to withhold 28% of future payments.

Providers do not need to notify Medi-Cal Dental if the business name and/or TIN appearing on the Medi-Cal Dental check/EOB are correct.

To obtain a current application form, please contact the Telephone Service Center toll-free at (800) 423-0507 or visit the Medi-Cal Dental website [here](#). Failure to submit the appropriate form(s) and supporting documentation will delay the processing of the enrollment application and it will be returned as incomplete.

No Claim Activity for 6 and 12 Months

To remain actively enrolled in Medi-Cal Dental, providers must comply with all enrollment requirements.

Medi-Cal dental providers will automatically be inactivated from Medi-Cal Dental if any of the following occurs:

- Dental license is expired, revoked, inactivated, denied renewal, or suspended by the Dental Board of California;
- Mail is returned by the post office marked “Undeliverable” due to incorrect address;
- Twelve months with no claim activity in Medi-Cal Dental.

Participating Medi-Cal dental providers are required to keep Medi-Cal dental records up to date by promptly reporting any changes to previously submitted information, e.g. name and address changes, the addition of associates or the sale of a practice within 35 days.

Providers who have had no claim activity in six-months will be sent a letter stating they shall be deactivated unless providers submit a claim or requests to remain active within six-months after the date of the notice. A provider who has not submitted a claim for reimbursement over a continuous 12-month period shall be deactivated per Welfare and Institutions Code Section 14149.8(b)(2) and 14043.62 which reads as follows:

The department shall maintain the provider network on a monthly basis by deactivating a billing provider who has not, over a continuous 12-month period, submitted a claim for reimbursement for services rendered.

Prior to deactivating a provider, the department shall send a notice to the provider informing the provider that the provider shall be deactivated from the dental program unless the provider requests reactivation within six months after the date of the notice. The department shall not disenroll a provider until six months after the date of that notice.

The department shall deactivate, immediately and without prior notice, the provider numbers used by a provider to obtain reimbursement from the Medi-Cal program when warrants or documents mailed to a provider’s mailing address or its pay to address, if any, or its service or business address, are returned by the United States Postal Service as not deliverable or when a provider has not submitted a claim for reimbursement from the Medi-Cal program for one year. Prior to taking this action the department shall use due diligence in attempting to contact the provider at its last known telephone number and ascertain if the return by the United States Postal Service is by mistake or shall use due diligence in attempting to contact the provider by telephone or in writing to ascertain whether the provider wishes to continue to participate in the Medi-Cal program. If deactivation pursuant to this section occurs, the provider shall meet the requirements for reapplication as specified in this article or the regulations adopted thereunder.

After inactivation, providers will be required to re-apply to Medi-Cal Dental to see Medi-Cal members. To receive the most current enrollment application and information, please request an application by calling the Telephone Service Center at (800) 423-0507 or going to the Medi-Cal Dental website here.

Enrollment of Billing Intermediaries

Medi-Cal dental providers who use a billing intermediary for claims preparation and submission must notify Medi-Cal Dental of their billing arrangements. A billing intermediary may include any entity, such as a partnership, corporation, sole proprietorship or individual, contracted with a provider to bill Medi-Cal Dental on his or her behalf. A provider's salaried employees are not considered billing intermediaries.

A provider who wishes to use a billing service must complete a Medi-Cal Dental Provider and Billing Intermediary Application/Agreement and send it to Medi-Cal Dental. A provider should use this form to notify Medi-Cal Dental of the initiation, renewal, or termination of a billing intermediary contract. Billing services submitting claims to Medi-Cal Dental must register with Medi-Cal Dental by completing a Billing Intermediary Registration Form. Upon registration, Medi-Cal Dental will assign a registration number which the billing service must include on all claims submitted. To obtain either a Medi-Cal Dental Provider and Billing Intermediary Application/Agreement or a Billing Intermediary Registration Form, providers should call the Telephone Service Center toll-free at (800) 423-0507 or download the form(s) from the Medi-Cal Dental website.

When a provider notifies Medi-Cal Dental of billing service arrangements, Medi-Cal Dental will acknowledge the notification within 10 days. Medi-Cal Dental will also notify a provider when one of the following occurs:

- A billing intermediary notifies Medi-Cal Dental that it has contracted with a provider;
- A billing intermediary notifies Medi-Cal Dental that it has terminated its contract with a provider;
- A billing intermediary that submits claims for a provider notifies Medi-Cal Dental that it is withdrawing its registration as a Medi-Cal Dental billing intermediary;
- The Department instructs Medi-Cal Dental to withdraw the registration of a provider's billing intermediary.

**Electronic Data Interchange (EDI)**

To submit documents and receive corresponding reports electronically, dentists who have enrolled and are certified to participate in Medi-Cal Dental must apply and be approved by Medi-Cal Dental to participate in the EDI program. The Medi-Cal Dental Telecommunications Provider and Biller Application/Agreement (for electronic claim submission), hereinafter “Trading Partner Agreement,” must be signed and submitted along with the Provider Service Office Electronic Data Interchange Option Selection Form. Failure or refusal to sign this Agreement may be grounds for immediate suspension from participation in the electronic claims submission program pursuant to Title 22, California Code of Regulations (CCR) §51502.1(j). This Agreement is also required for EDI clearinghouses and billing intermediaries billing electronically on behalf of Medi-Cal dental providers. Providers can also authorize Medi-Cal Dental to provide remittance data electronically by completing the Electronic Remittance Advice (ERA) Enrollment Form.

When a provider is enrolled in the Medi-Cal Dental EDI program, Medi-Cal Dental sends the provider a letter confirming the provider’s EDI enrollment. Confirmation is also sent by email if a valid email address is available.

“Section 6: Forms” of this Handbook gives instructions for completing all required billing forms. Medi-Cal Dental’s Electronic Data Interchange (EDI) service gives participating providers the option of submitting many of these completed treatment forms electronically to Medi-Cal Dental and receiving related information electronically.

**HIPAA-Compliant Electronic Format Only**

Medi-Cal Dental accepts only the HIPAA-compliant electronic format for claims (ASC X12N 837) and claim status (ASC X12N 276) from certified trading partners. A provider submitting claims electronically is required to undergo certification for the HIPAA-compliant format. However, if a provider is submitting claims electronically through its contracted clearinghouse, only the clearinghouse must be certified. In this case, a provider must ensure that its contracting clearinghouse has been certified through Medi-Cal Dental, prior to submitting claims.

A copy of the HIPAA Transaction Standard Companion Guide (Medi-Cal Dental EDI Companion Guide), as well as an EDI Enrollment Packet, can be obtained by contacting the Telephone Service Center toll-free at (800) 423-0507 or (916) 853-7373 and asking for EDI Support. Requests may also be sent by email to Medi-CalDentalEDI@delta.org. Providers may also access EDI enrollment forms and guides from the Medi-Cal Dental website [here](#).

**Ineligibility for EDI**

A Medi-Cal dental provider is not eligible for EDI if, within the past three years, criminal charges were filed against the provider for fraudulently billing the Medi-Cal program, or if the provider has been suspended from the Medi-Cal program, or has been required to pay recovery to Medi-Cal for overpayments in excess of 10 percent of the provider’s total annual Medi-Cal income.

If a Medi-Cal dental provider has been placed on Prior Authorization (PA) and/or Special Claims Review (SCR), submitting electronically is still possible. Providers must flag the radiograph or the attachment indicator to “Y” (Yes) for procedures on PA and/or SCR to avoid the claim from being denied.

Electronic Claims Submission and Payment Services

Submitting claims electronically reduces processing time for claims, makes billing and tracking documents easier, and helps maximize computer capabilities. EDI-enrolled providers can also receive the Notice of Authorization (NOA) and Resubmission Turnaround Document (RTD) forms electronically along with other EDI reports.

For an EDI Enrollment Packet, please contact the Telephone Service Center at (800) 423-0507. For an EDI How-To Guide or other information on submitting Medi-Cal Dental claims and Treatment Authorization Requests (TARs) electronically, please call EDI Support at (916) 853-7373. Requests may also be sent by email to Medi-CalDentalEDI@delta.org. Providers may also access EDI enrollment forms and Guides from the Medi-Cal Dental website here.

A dental office wishing to use EDI must have a computer system that includes an internet connection and a software program that will allow the transmission of claims. If the office already has a computer, check with the practice management system vendor to determine if the software will enable submitting of claims electronically to Medi-Cal Dental. The software vendor can also assist in determining the best computer hardware and software options for electronic claims processing needs.

Providers enrolled to submit electronically have the option of submitting documents on paper at their discretion.

EDI enrollment allows providers to send TARs, claims and NOAs for payment, through File Transfer Protocol (FTP) directly from the office to Medi-Cal Dental, or through a billing intermediary or clearinghouse. EDI gives providers the option of receiving claims-related information electronically from Medi-Cal Dental, such as reports, Explanation of Benefits (EOBs) and Electronic Remittance Advice (ERA) data for performing automated accounts receivable reconciliation.

EDI Providers who receive the 835 Electronic Remittance Advice (ERA) and/or Supplemental EOB file in Detail format may opt to discontinue receiving paper EOBs. To stop receiving paper EOBs, providers enrolled to submit electronically must complete and submit the Provider Service Office Electronic Data Interchange Option Selection form reflecting that option. The decision to not receive a paper EOB will not affect the mailing of a provider's checks.

The EDI system format also allows the electronic submission of comments which may be pertinent to the treatment requested or provided. Medi-Cal Dental provides identification labels and specially marked envelopes for mailing additional information (such as radiographs or other documentation) which may be required to process electronically submitted treatment forms.

Use red-bordered EDI envelopes and EDI labels only when Medi-Cal Dental requests them through the “X-Ray/Attachment Request” report (CP-O-971-P).

Use green-bordered envelopes when submitting claims, NOAs and RTDs (conventional paper forms) or those made available electronically that are printed onto paper and mailed in for processing as well as Claim Inquiry Forms (CIFs). No EDI labels on EDI RTDs or NOAs, please.

What Can Be Sent Electronically to Medi-Cal Dental

The following items can be transmitted electronically:

- Claims,
- TARs,
- NOAs for payment when treatment is completed (if the system or clearinghouse can accept them; only selected software and clearinghouses include the EDI NOA feature).
- Radiographs,
- Justification of Need for Prosthesis Forms (DC054), and
- Narrative documentation (surgical reports, etc.).

The following items cannot be transmitted electronically and must be mailed to Medi-Cal Dental:

- Orthodontic treatment plans, however, diagnostic services associated with orthodontic treatment can be submitted electronically
• Completed RTDs (even those provided electronically that are printed on paper),
• NOAs (if the provider’s system cannot submit them electronically),
• Requests for reevaluation,
• NOAs issued for paper documents,
• CIFs or RTDs issued for paper or EDI documents, and/or
• Any documentation related to claims and TARs submitted on paper.

Within 24 to 48 hours after sending documents electronically, Medi-Cal Dental provides an acknowledgement report to confirm receipt of claims and TARs (CP-O-973-P: Daily EDI Documents Received Today). Another report (CP-O-971-P: X-Ray/Attachment Request) is issued the same day the acknowledgement report is issued if documentation is needed.

It is important to review these reports to verify submitted forms and documentation are being received by Medi-Cal Dental. If these reports are not being received, check with your vendor, clearinghouse, or EDI Support.

Sending Radiographs and Attachments

Providers should maintain a supply of EDI labels and envelopes (small and large X-ray envelopes, and mailing envelopes) which are printed in red ink. When entering the document into the practice management system, determine whether radiographs or documentation are needed. If so, prepare EDI labels and envelopes:

Insert the radiographs into a small (DC-014F) or large (DC-014E) EDI x-ray envelope:

• Affix a blank EDI label onto the outside of the x-ray envelope in the outlined box
• Staple any necessary documentation, such as a Justification of Need for Prosthesis form (DC054), onto the outside of the EDI x-ray envelope
• Write the member’s name on the inside of the envelope flap to help you identify who the radiographs belong to

Upon receipt of the X-ray/Attachment Request report (CP-O-971-P), on an EDI label, write:

• The Provider’s Billing NPI next to “Medi-Cal dental provider ID”
• The 11-digit Base DCN (Document Control Number) next to “Medi-Cal Dental DCN”
• The member’s name next to “Patient MEDS ID”
• The Provider’s name and address under the shaded area. Leave the shaded area blank.

Mail several large and small EDI x-ray envelopes to Medi-Cal Dental in the large EDI mailing envelope marked with the special EDI post office box (DC-006C).

EDI Labels can be ordered in three formats:

• Laser (blank or preimprinted with the Provider’s name, address, and Billing NPI)
• 1-up continuous
• 3-up continuous

Attachments, such as claims information, transmitted electronically to Medi-Cal Dental are delivered to Medi-Cal Dental’s computer system for processing. Medi-Cal dental providers may use EDI to submit treatment forms and receive reports and other electronic data 24 hours per day Monday through Sunday except for 10 p.m. to 2 a.m. (Pacific Time). Electronic documents received at Medi-Cal Dental by 6:00 p.m. (Pacific Time) Monday through Saturday (holidays excluded) are entered into EDI processing the same evening. Staff are also available to answer EDI-related questions and assist with any problems an office may be experiencing with electronic claims transmission Monday through Friday during normal work hours.

Digitized Images and EDI Documents

In conjunction with electronically submitted documents, Medi-Cal Dental accepts digitized images submitted through electronic attachment vendors: Change Healthcare, DentalXChange, National Electronic Attachment, Inc. (NEA), National Information Services (NIS) and Tesia Clearinghouse, LLC.

Providers must be enrolled to submit documents electronically prior to submitting digitized images. For more information regarding digitized images and EDI enrollment, please contact:
Digitized Imaging Vendor and Document Specifications

Digitized radiographs, photographs, scanned State-approved Justification of Need for Prosthesis forms (DC054), and other narrative reports may be submitted in conjunction with EDI claims and TARs through Change Healthcare, DentalXChange, NEA, NIS or Tesia Clearinghouse, LLC websites.

- **Change Healthcare Users**: Create the claim or TAR before transmitting a document electronically. Upload any radiographs/photographs and attachments associated with the claim or TAR being submitted. Each attachment must include the date the images were created. For additional information, providers can contact their practice management system vendor, or visit Change Healthcare’s ON24/7 support portal and open an ON24/7 service request on their website.

- **DentalXChange Users**: Send the claim or TAR to DentalXChange. The document will automatically validate according to Medi-Cal Dental requirements to determine if an attachment is needed. Add radiographs, narratives, Justification of Need for Prosthesis forms (DC-054), and other attachments in the DentalXChange ClaimConnect interface. The DXC Attachment ID will automatically be delivered to Medi-Cal Dental when the claim or TAR is sent. For additional information, providers may visit the DentalXChange website or call (800) 576-6412 Ext 455.

- **NEA Users**: Digitized radiographs and attachments must be transmitted to NEA before submitting an EDI document. NEA’s reference number must be entered on the EDI claim or TAR in the following format: “NEA#” followed by the reference number, with no spaces - Example: NEA#9999999. It is important to use this format and sequence.

Some dental practice management and electronic claims clearinghouse software have an interface with NEA that automatically enters the reference number into the notes of the claim. For additional information, providers can visit the NEA website or call (800) 782-5150.

- **NIS Users**: The EDI document should be created. Before transmitting a document electronically, the digitized radiographs and attachments should be attached. The Document Center should be used to scan images of Medi-Cal Dental’s Justification of Need for Prosthesis Form (DC054), photos, etc. The date images were created should be entered in the notes for each attachment. For additional information, providers may call (800) 734-5561 or visit any of the following NIS websites based on their software version:
  - [www.dentrix.com](http://www.dentrix.com)
  - [www.easydental.com](http://www.easydental.com)
  - [www.dentrixenterprise.com](http://www.dentrixenterprise.com)
  - [www.dentrixascend.com](http://www.dentrixascend.com)

- **Tesia Clearinghouse, LLC Users**: Create the claim or TAR. Before transmitting a document electronically, the digitized images should be created and attached. Each attachment must include the date the images were created. For additional information, providers can visit the Tesia website or call (800) 724-7240.

Please note:

- Images should not be transmitted for EDI claims or TARs that are already waiting for radiographs and/or attachments to be mailed.
- Digitized images of Claim Inquiry Forms (CIFs), Resubmission Turnaround Documents (RTDs) and Notices of Authorization (NOAs) or digitized images related to paper documents cannot be processed.
• When submitting CIFs by mail, providers have the option of not submitting hard copies of radiographs and other documentation related to a CIF if the provider indicates digitized image reference numbers in the form's remarks box. If a provider chooses not to include digitized image reference numbers on a CIF, the provider must send in hard copies.

• Medi-Cal Dental is unable to respond to inquiries submitted through digitized imaging vendors’ Websites. Instead, CIFs should be mailed to Medi-Cal Dental.

• Radiographs are not required for dentures on edentulous patients. Submit Justification of Need for Prosthesis forms (DC054) only.
Medi-Cal Dental Provider Directory/Referral Form

The Medi-Cal Dental Provider Directory is a tool that members can use to search for Medi-Cal dental providers in their area who may be accepting new Medi-Cal patients. The directory is an excellent resource for enrolled Medi-Cal dental providers to build, maintain, or increase their patient base while making available the highest level of dental service for California’s medically needy.

Effective November 12, 2021, any provider participating in Medi-Cal Dental who did not complete the Medi-Cal Dental Directory/Referral Form during their initial enrollment or during the yearly referral update will automatically be listed in the directory. Please note that Safety Net Clinics (Federally Qualified Health Centers, Rural Health Clinics, and Indian Health Clinics) will only be added to the Dental Clinics Serving Medi-Cal Members static list.

You can access the form by visiting the Provider Forms page on the Medi-Cal Dental website. Return the completed form in one of the following ways:

**Mail:** Medi-Cal Dental
Attn: Provider Enrollment
PO Box 15609
Sacramento, CA 95852-0609

**Email:** Medi-Cal Dental Enrollment Dept@delta.org
Send a scanned image of the completed form to the email address above.

**Fax** (916) 853-6315

If you wish to be removed from the directory so that your dental office is **not listed**, you must complete and submit a new Medi-Cal Dental Provider Directory/Referral Form. Once removed, you may submit the form at any time to be readded to the directory.

If you have any questions, please contact the Telephone Service Center at (800) 423-0507.

Medi-Cal Dental Provider Directory/Referral Form

Medi-Cal Dental uses the following form to identify providers who are accepting Medi-Cal patients in their office. This form can be completed to update your status at any time. Providers participating in Medi-Cal Dental are automatically listed in the Provider Directory as accepting new patient referrals unless they complete and submit this form indicating otherwise.

☐ Yes, I am accepting new and existing Medi-Cal patients in my office. Please update my status on the Provider Directory. I understand I may request removal of my name from this list at any time by submitting a copy of this form.

☐ No, I am not accepting new Medi-Cal patient referrals at this time. Please do not include my name on your referral list and update the provider directory to indicate “not accepting new patients at this time”.

**Electronic Funds Transfer of Payment**

Medi-Cal Dental offers electronic funds transfer of Medi-Cal Dental payments to a designated checking or savings account. To begin participating in electronic funds transfer, you must complete and sign an Electronic Funds Transfer Enrollment Form. Forms may be requested by calling the Telephone Service Center at (800) 423-0507 or by visiting the [Medi-Cal Dental website](https://www.medicalgovernment.com).

Instructions for completing the Electronic Funds Transfer Enrollment Form are contained on the back of the form. Please be sure to sign and date the form before mailing. To be accepted for processing, the Electronic Funds Transfer Enrollment Form must contain the provider’s original signature, in blue or black ink (rubber stamps are not acceptable), and a preprinted, voided check must be attached.

Upon receipt of the Electronic Funds Transfer Enrollment Form, Medi-Cal Dental will ensure the designated bank participates in electronic funds transfer. To verify account information, Medi-Cal Dental will send a “test” deposit to the bank; there will be a “zero” deposit to the account for that payment date. The test cycle usually takes three to four weeks to complete. During the test cycle period, the provider will continue to receive Medi-Cal Dental payment checks through the mail.

Each time Medi-Cal Dental deposits a payment directly to an account, a statement confirming the amount of the deposit will appear on the Explanation of Benefits (EOB).

Contact Medi-Cal Dental to change or discontinue electronic funds transfer of Medi-Cal Dental checks. To change banks or close an account, send Medi-Cal Dental a written authorization to discontinue electronic funds transfer of Medi-Cal Dental checks.

Member Identification

Medi-Cal Benefits Identification Card

Medi-Cal Dental does not determine the eligibility of members. Eligibility for Medi-Cal Dental is determined by a County Social Services office and reported to the State of California. The State, in turn, issues a Medi-Cal Benefits Identification Card (BIC) to members who are eligible for Medi-Cal benefits. The BIC serves as a permanent identification for a Medi-Cal member; however, possession of the card does not guarantee eligibility for Medi-Cal benefits, since the card can be retained by the member whether or not the member is eligible for the current month.

For more information, please review the Eligibility: Recipient Identification Cards document.

BIC cards are 3 ⅛ inches long and 2 ⅜ inches wide with a white background. The lettering is blue on the front and black on the back. Printed on the front of the card is a 14-character alphanumeric identification (ID) number. The ID number is comprised of a nine-character alphanumeric, a check digit and a four-digit Julian date matching the issue date of the BIC.

Only California Children’s Services (CCS) members will have a BIC with a 10-character ID. All other Medi-Cal members have received a BIC with a 14-character ID. If members have not received the 14-character BIC ID, refer them to their local county office.

Figure 4-3, Pseudo SSN (Alphanumeric, 10 characters)

Figure 4-4, 14 Digit BIC Number (Alphanumeric, 14 characters)

Figure 4-5, BIC (Back)
Special Programs Identification Cards

Some Medi-Cal members may be enrolled in special programs, such as prepaid health plans and pilot projects. A member enrolled in one of these plans who is eligible for dental services should have an identification card from the plan as well as possess a Medi-Cal Benefits Identification Card. A list of current special project and prepaid health plan codes can be found in “Section 9: Special Programs” of this Handbook.

**Medi-Cal Identification Card for Presumptive Eligibility (MC 263 PREMEDCARD (4/96)) for Aid Code 7G**

In order to receive payment for services provided to pregnant members in Aid Code 7G, providers must submit a copy of the member’s temporary Presumptive Eligibility (PE) card with their claim (see below for a sample of the card). The PE card is a required form of identification. Substitutions should not be accepted. This card is validated by the member’s physician attending to the member’s pregnancy and is valid until the Medi-Cal eligibility is determined or the PE period ends. This date is identified on the temporary PE card as the “First Good Thru” date. Some members may be eligible for extended PE coverage. In such cases, the temporary PE card will have a “Second Good Thru” date, and sometimes additional “Good Thru” dates. Once approved for Medi-Cal, the member will receive a plastic BIC.

Providers will only be paid for claims with dates of service that are between the effective date (the date the member signs the card) and the latest “Good Thru” date. The date of service must be within the validated time frame and, if not, providers should instruct the member to see a prenatal care provider, call an Eligibility Worker and/or a community advocate.

In certain situations, county welfare departments will issue Medi-Cal members temporary BICs to Immediate Need and Minor Consent Program recipients (see below for a sample of the card).

The ID number (“ID NO.”) is the 14-character BIC ID: this is used to access the Medi-Cal Eligibility Verification System. Prior to rendering services, providers must verify the member’s eligibility and that the member with the BIC is the individual to whom the card was issued.

Temporary BICs issued to Immediate Need recipients are valid for identification purposes for 30 days, as indicated on the “ISSUE DATE:” and “GOOD THRU:” lines. The valid dates may occur in two consecutive months and are only used for identification purposes. Providers must verify the member’s eligibility before rendering services.

The temporary BICs received by Minor Consent Program recipients are valid for identification for one year. However, the recipient is only eligible for the requested month. The “Issue Date:” and “Good Thru:” dates are for identification purposes only: providers must still verify the member’s eligibility before rendering services.
**Verifying Member Identification**

In certain instances, no identification verification is required, for example:

- When the member is 17 years of age or younger;
- When the member is receiving emergency services;
- When the member is a resident in a long-term care facility.

If the member is unknown to the provider, the provider is required to make a “good-faith” effort to verify the member’s identification by matching the name and signature on the Medi-Cal issued ID to that on a valid photo identification, such as:

- A California driver’s license;
- An identification card issued by the Department of Motor Vehicles;
- Any other document which appears to validate and establish identity.

The provider must retain a copy of this identification in the member’s records. If there is a conflict in the member’s Medi-Cal dental billing history where a provider bills or submits for authorization for a procedure that was previously performed by another provider, Medi-Cal Dental will request that the current provider submit a copy of the member’s identification to verify that the services are being provided to the appropriate member. If this situation occurs and the current provider cannot provide appropriate member identification, payment, or authorization for treatment will be denied.

**Please note:** Medi-Cal dental providers must now accept expired photo identification (ID) up to six months from the date of expiration to verify a Medi-Cal patient’s eligibility. During this grace period, providers may not deny Medi-Cal patients service for an expired ID.

For additional information, please refer to Welfare & Institutions (W & I) Code 14017, 14017.5, 14018, and 14018.2(c).

**Medi-Cal Dental Member Eligibility**

A Medi-Cal member is eligible for dental services provided under Medi-Cal Dental. However, limitations or restrictions of dental services may apply in certain situations to the following individuals:

- Those enrolled in a prepaid health plan which provides dental services;
- Those enrolled in another pilot program which provides dental services;
- Those who are assigned special aid codes;
- Those with minor consent restricted service cards.

According to state law, when a provider elects to verify Medi-Cal eligibility using a BIC, a paper identification card or a photocopy of a paper card and has obtained proof of eligibility, he or she has agreed to accept the member as a Medi-Cal member and to be bound by the rules and regulations of Medi-Cal Dental.

Providers must verify eligibility every month for each recipient who presents a plastic Benefits Identification Card (BIC) or paper Immediate Need or Minor Consent card. Eligibility verified at the first of the month is valid for the entire month of service. An Internet eligibility response should be kept as evidence of proof of eligibility for the month.

Eligibility may be verified only for the current month and up to the previous 12 months, never for future months.

A person is considered a child until the last day of the month in which his/her 18th birthday occurs. After that particular month, he/she is considered an adult. However, a treatment plan authorized for a child is effective until completion if there is both continuing eligibility and dental necessity, regardless of change in age status.

Members who cannot sign their name and cannot make a mark (X) in lieu of a signature because of a physical or mental handicap will be exempt from this requirement. Members who can make a mark (X) in lieu of a signature will not be exempted from this requirement and will be required to make their mark on the Medi-Cal identification card. In addition, the signature requirement does not apply when a member is receiving emergency services, is 17 years of age or younger, or is a member residing in a long-term care facility.
If Medi-Cal eligibility is verified, the provider may not treat the member as a private-pay member to avoid billing the member’s insurance, obtaining prior authorization (when necessary) or complying with any other program requirement. In addition, upon obtaining eligibility verification, the provider cannot bill the member for all or part of the charge of a Medi-Cal covered service except to collect the Medi-Cal copayment or Share of Cost (SOC). Providers cannot bill members for private insurance cost-sharing amounts such as deductibles, co-insurance or copayments.

Once eligibility verification has been established, a provider can decline to treat a member only under the following circumstances:

- The member has refused to pay or obligate to pay the required SOC.
- The member has limited Medi-Cal benefits and the requested service(s) is not covered by Medi-Cal Dental.
- The member is required to receive the requested service(s) through a designated health plan. This includes cases in which the member is enrolled in a Medi-Cal managed care plan or has private insurance through a health maintenance organization or exclusive provider network and the provider is not a member provider of that health plan.
- The provider is unable to provide the particular service(s) that the member requires.
- The member is not eligible for Medi-Cal dental services.
- The member is unable to present corroborating identification with the BIC to verify that he or she is the individual to whom the BIC was issued.

A provider who declines to accept a Medi-Cal member must do so before accessing eligibility information except in the above circumstances. If the provider is unwilling to accept an individual as a Medi-Cal member, the provider has no authority to access the individual’s confidential eligibility information.

### Verifying Member Eligibility

The Point of Service (POS) network is set up to verify eligibility and perform Share of Cost. The POS network may be accessed through the Internet or through the Automated Eligibility Verification System (AEVS).

#### Internet

Providers can verify member eligibility and clear Share of Cost liability on the Medi-Cal website [here](#). An Eligibility Verification Confirmation (EVC) number on the Internet eligibility response verifies that an inquiry was received, and eligibility information was transmitted. This response should be printed and kept in the recipient’s file.

Providers who check eligibility via AEVS over the phone do not automatically have access to check eligibility through Medi-Cal's website. Providers who wish to use the Medi-Cal website application are required to have a [Medi-Cal Point of Service (POS) Network/Internet Agreement](#) on file with Medi-Cal Dental.

Questions regarding this form or the Medi-Cal website should be directed to EDS POS/ Internet Help Desk at (800) 427-1295.
Automated Eligibility Verification System (AEVS)

An Eligibility Verification Confirmation (EVC) number verifies that an inquiry was received, and eligibility information was transmitted. (Please click here for information about using telephone AEVS.)

Share of Cost (SOC)

If the Medi-Cal eligibility verification system indicates a member has a Share of Cost (SOC), the SOC must be met before a member is eligible for Medi-Cal benefits. Refer to the applicable transaction manual for directions on applying SOC.

SOC was developed by the Department to ensure an individual or family meets a predetermined financial obligation for medical and dental services before receiving Medi-Cal benefits. Prior authorization requirements are not waived for SOC members. The SOC obligation is incurred each month and, consequently, the amount of obligation may vary from month to month. The dollar amount to be applied to any health care cost incurred during that month is computed in order to meet the SOC. Health care costs could be dental, medical, pharmaceutical, hospital, etc. Members may use non-Medi-Cal covered services in meeting the monthly SOC obligation.

Providers can determine a member’s SOC when verifying the member’s eligibility through AEVS or by referring to the member’s SOC Case Summary letter. AEVS will report if a member has an unmet SOC before providing an EVC. Providers may collect payment on the date that services are rendered, or they may allow a member to pay for the services at a later date or through an installment arrangement. SOC obligations are between the member and the provider and they should be in writing and signed by both parties.

The Medi-Cal SOC obligation can apply to an individual or family as a whole. Family members who are not eligible for Medi-Cal may be included in the member’s SOC. The health care costs for these ineligible family members can be used to meet the SOC obligation for family members who are eligible. Ineligible family members who are able to do this are identified by an “IE” or “00” aid code on the member’s SOC letter.

Natural or adoptive parents (coded as Responsible Relative (RR) on their child’s SOC form) may choose to apply their medical expenses towards their own SOC or towards their child’s SOC. In this instance, parents’ expenses can be listed fully towards their own SOC or applied partially towards their SOC and any of their children’s SOC. However, the total amount reported for a single medical expense cannot be more than the original bill.

An example of this situation would be a family that consists of a stepfather, his wife and his wife’s separate child. The wife and her husband are listed as eligible recipients on the same SOC letter with a $100 SOC. The wife’s separate child is listed on a different SOC letter with a $125 SOC. The wife is also listed on her child’s SOC letter with an “RR” code in the aid code field.

The wife has expenses that total $75 and that have not been billed to Medi-Cal. She may do one of the following:

1. Apply the entire $75 to her own $100 SOC.
2. Apply the entire $75 to her own child’s $125 SOC.
3. Apply any amount less than $75 to her SOC and the balance of the $75 to her child’s SOC. The total amount reported cannot exceed the original $75.

Providers should submit a SOC clearance transaction immediately upon receiving payment from the
The SOC clearance transaction can be performed by entering the amount through AEVS. Once this amount has been entered, eligibility can be established for that month for the family members eligible for Medi-Cal. If the member’s SOC obligation has been met, providers are entitled to bill Medi-Cal Dental for those services that have been partially paid for by the member and all other services not paid for by the member. However, total payments from the member and Medi-Cal Dental will not exceed the Schedule of Maximum Allowances (SMA).

**Interactive Voice Response (IVR) System**

The Medi-Cal Dental Interactive Voice Response (IVR) System is a touch-tone only system providing general program information. General program information is available 24 hours a day, seven days a week on the IVR system. To by-pass the entire response, press the required key.

With the IVR system, providers can call the Telephone Service Center at (800) 423-0507 and select IVR option 2 for interpreter services to access language interpreters in approximately 250 languages. Under Medi-Cal Dental, language interpreter services are available to Medi-Cal members at no cost. Please note that language interpreter services cannot be scheduled in advance. Members who need language interpretation assistance at a dental appointment may also request an interpreter through the member IVRs main menu by selecting one of the languages noted and then choosing option 1 when prompted. The member IVR can be accessed by calling the Telephone Service Center toll-free at (800) 322-6384.

Patient history, claim/TAR status and financial information can be accessed using the IVR system, seven days a week, 2:00 a.m. to 12:00 midnight, with little or no wait time.

Note: Member aid code status is only accessible by speaking with a Customer Service Representative by calling (800) 322-6384, Monday through Friday, between 8:00 a.m. and 5:00 p.m. (the best time is between 8:00 a.m. and 9:30 a.m., and 12:00 noon and 1:00 p.m.).

To access the IVR, enter the star key (*) followed by the provider’s NPI.

The IVR allows providers to check history and billing criteria.

Patient history information can be obtained by entering the NPI followed by the pound (#) key and entering the current Medi-Cal Dental service office number. Then press “1” from the main menu and enter the provider identification (ID) number. If the provider ID number starts with “B,” press the star (*) key, then the number “2,” and the number “2” again, followed by the five numbers of your assigned provider number. If the provider number starts with “G” press the star (*) key, then the number “4,” followed by the number “1,” followed by the five numbers of your assigned provider number. Begin entering patient information by pressing “1” again, then follow the prompts. This option in the IVR gives history on radiographs, prophylaxes, dentures, and many other procedures.

Providers may verify the available balance of a member’s dental soft cap. For information regarding member soft cap status, press 1, then press 3, and follow the prompts. Providers are reminded that member soft cap information is contingent upon patient eligibility and does not include any documents currently in process.

Providers may request by FAX: The Schedule of Maximum Allowances (SMA) and the clinical screening dentist application. In addition to details regarding basic and advanced seminars, providers may now get information on orthodontic seminars and workshops.

Note: To check member eligibility, continue to use AEVS: (800) 456-2387.
Member Coverage

Treating Members

To improve efficiency and timely access to care, maintain quality of care for a patient, a treating dental provider shall, when applicable, feasible, and consistent with the standard of care, minimize the number of dental visits. Each patient should receive an individualized treatment plan that is safe, effective, patient centered and equitable. Documentation must justify deviation from the treatment plan.

Safety Net Clinics (Federally Qualified Health Centers, Rural Health Clinics, Indian Health Clinics) may render any dental service in a face-to-face encounter between a billable treating provider and an eligible patient that is within the scope of the treating provider’s practice, complies with the Medi-Cal Dental Manual of Criteria, and determined to be medically necessary pursuant to California Welfare & Institutions Code §14059.5. Each provider shall develop a treatment plan that optimizes preventative and therapeutic care and that is in the patient’s best interest, taking into consideration their overall health status. All phases of the treatment plan shall be rendered in a safe, effective, equitable, patient centered, timely, and efficient manner.

For dental services, documentation should be consistent with the standards set forth in the Manual of Criteria for Medi-Cal Authorization (Dental Services) of the Medi-Cal Dental Provider Handbook and all state laws.

ACA’s Non-Discrimination Policy Applies to Medi-Cal

Section 1557 of Patient Protection and Affordable Care Act (ACA) prohibits discrimination on the basis of race, color, national origin, sex, age or disability in certain health programs or activities. In effect since 2010, Section 1557 builds on long-standing federal civil rights laws: Title VI of the Civil Rights Act of 1964; Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Age Discrimination Act of 1975.

The Health and Human Services (HHS) Office for Civil Rights issued its final rule implementing Section 1557 at Title 45 Code of Federal Regulations Part 92. The rule applies to any health program or activity, any part of which receives federal financial assistance, an entity established under Title I of the ACA that administers a health program or activity, and HHS. In addition to other requirements, Title 45 CFR Part 92.201, requires:

- **Language assistance services requirements**
  Language assistance services required under paragraph (a) of Part 92.201 must be accurate, timely and provided free of charge, and protect the privacy and independence of the individual with limited English proficiency

- **Specific requirements for interpreter and translation services**
  Subject to paragraph (a) of Part 92.201:
  - A covered entity shall offer a qualified interpreter to an individual with limited English proficiency when oral interpretation is a reasonable step to provide meaningful access for that individual with limited English proficiency
  - A covered entity shall use a qualified translator when translating written content in paper or electronic form

For more information about the application and requirements of the final rule implementing Section 1557, providers should contact their representative professional organizations. They might also visit the Section 1557 of the Patient Protection and Affordable Care Act page of the HHS website to find sample materials and other resources.

On June 12, 2020, HHS Office of Civil Rights (OCR) announced a final rule revising its Section 1557 regulations, effective August 18, 2020. The rule eliminates preexisting federal rules protecting individuals from discrimination based on categories like gender identity and sexual orientation. In addition, the final rule eliminates federal requirements that Medicaid programs include taglines in significant communications that inform individuals with Limited English Proficiency about the availability of language assistance services. The full rule can be found in the Federal Register here.

Regardless of the change in federal regulations, under California law (California Government Code § 11135),
no person may—on the basis of sex, race, color, religion, ancestry, national origin, ethnic group identification, age, mental disability, physical disability, medical condition, genetic information, marital status, or sexual orientation—be unlawfully denied full and equal access to the benefits of, or be unlawfully subjected to discrimination under, any program or activity that is conducted, operated, administered or funded by the State. This includes, but is not limited to, the Medi-Cal program. In addition, California law (California Welfare and Institutions Code §§ 14029.91, 14029.92) requires DHCS, as well as managed care plans providing covered benefits to DHCS members, to provide notice of the availability of free language assistance services in English and in the top 15 languages spoken by limited English-proficient individuals in California.

Restoration of Adult Dental Services

Adult dental services were limited between July 1, 2009 and December 31, 2017.

Effective January 1, 2018, adult dental services were fully restored. Restored benefits include, for example, posterior root canal therapy, periodontal services, partial dentures, denture adjustments/repairs, and relines. The complete list of dental benefits is available in the dental Manual of Criteria posted on the Medi-Cal Dental website. Refer to the Benefits Quick Reference Guide on page 4-11.

There are no changes to the current scope of benefits for the following adult members:

- Pregnancy-related services
- Emergency services
- Services provided to residents of an Intermediate Care Facility/Skilled Nursing Facility
- Services provided to Consumers of the Department of Developmental Services (DDS)
- Services provided to Genetically Handicapped Person’s Program (GHPP)

In addition, Program is adding Periodontal Maintenance (D4910) as a new benefit to:

- All members with Full Scope Aid Code
- Pregnancy-related services
- Services provided to Consumers of the Department of Developmental Services (DDS)
- Services provided to Genetically Handicapped Person’s Program (GHPP)

For dates of service prior to January 1st, 2018, members 21 years of age and older are restricted to the benefits outlined in Table 1: Federally Required Adult Dental Services (FRADS) and Table 3: Restored Adult Dental Services (RADS).

Table 1: Federally Required Adult Dental Services (FRADS)

The following procedure codes are reimbursable for members 21 years of age and older:

- Not a benefit under age 13. Allowable under special circumstances.
Proposition 56: Tobacco Tax Funds Supplemental Payments

The California Healthcare, Research, and Prevention Tobacco Tax Act of 2016, or Proposition 56, was approved by voters at the November 8, 2016, statewide general election. Proposition 56 increased taxes imposed on cigarettes and tobacco products and allocated a specified percentage of those revenues to the Department of Health Care Services (DHCS) to increase funding for existing health care programs under the Medi-Cal program.

Assembly Bill 120 (Statutes of 2017, Chapter 22, §3, Item 4260-101-3305) amended the Budget Act of 2017 to appropriate Proposition 56 funds for specified DHCS health care expenditures during the 2017-18 state fiscal year. Prop 56 was reauthorized pursuant to Senate Bill 856 (Chapter 30, §3, Item 4260-101-3305, Statutes of 2018), and DHCS received additional funds to extend the Prop 56 supplemental payments through June 30, 2019 and expand supplemental payments to additional procedure codes during the 2018-19 state fiscal year. Pursuant to Assembly Bill 74 (Chapter 23, §3, Item 4260-101-3305, Statutes of 2019), Prop 56 supplemental payments were then extended through Calendar Year (CY) December 31, 2021.

Effective January 1, 2022, pursuant to the 2021 Budget Act, the Department of Health Care Services (DHCS) is authorized to continue Prop 56 supplemental payments for specified dental codes. The supplemental payment categories for dental services include visits and diagnostics, preventative, restorative, endodontic, periodontics, prosthetic, oral and maxillofacial surgery, orthodontics, and adjunctive services.

Proposition 56 funds will be utilized for supplemental payments for dental services under the Medi-Cal program for providers who bill under the Dental Fiscal Intermediary or Dental Managed Care plans. In accordance with Assembly Bill 120, DHCS will provide supplemental payments in addition to the current dental Schedule of Maximum Allowances (SMA) for specific procedures, targeted to increase provider participation. The extended supplemental payments are retroactive to July 1, 2018 and issued for the specified codes for dates of service during the period of July 1, 2018 until further notice. DHCS is not changing the SMA for these procedures, but rather providing a supplemental payment in addition to the existing SMA. For more information about Prop 56, please visit the DHCS Proposition 56 Supplemental Dental Payments webpage.

As a result of the Proposition 56 expansion, Adjudication Reason Codes (ARCs) 505 and 505A will be updated and are available to participating Medi-Cal dental providers as described in “Section 7 – Codes” of this Handbook.

$1,800 Limit per Calendar Year for Member Dental Services, with Exceptions

The fiscal year (FY) 2005-2006 Budget Act required the Department to employ changes in covered benefits as set forth in Assembly Bill 131 (Chapter 80, Statutes of 2005). Assembly Bill 131 amends Section 14080 of the Welfare and Institutions Code by limiting non-exempt dental services for members 21 years of age or older to $1,800 per member for each calendar year. Providers should refer to the Welfare and Institutions (W & I) Code § 14080 and the 2009, 2013, and 2017 State Plan Amendments for the latest information.

However, the annual $1,800 per member dental soft cap does not apply to procedures the Department deems medically necessary.

Medi-Cal dental providers do not need to take any action as a result of this change and are not responsible for checking a Medi-Cal member’s dental soft cap prior to rendering medically necessary services. All previously authorized services on Treatment Authorization Requests (TARs) or medically necessary procedures billed on claims will not be subject to the $1,800 member dental soft cap as long as the procedures have met the criteria requirements outlined in the Manual of Criteria (MOC).

Providers may not bill members when the program has paid any amount on a specific procedure as the result of the dental soft cap being met. This partial payment on a procedure must be considered payment in full.

Providers may only bill members their usual, customary, and reasonable fees if the $1,800 limit per
calendar year for dental services (dental soft cap) has been met and nothing has been paid on a procedure.

**Pregnancy-Related Services**

Pregnancy-related services are services required to assure the health of the pregnant woman and the fetus, or that have become necessary as a result of the woman having been pregnant. These include, but are not limited to, prenatal care, delivery, postpartum care, family planning services and services for other conditions that might complicate the pregnancy. Services for other conditions that might complicate the pregnancy include those for diagnoses, illnesses or medical conditions which might threaten the carrying of the fetus to full term or the safe delivery of the fetus. Pregnancy-related services may be provided prenatally from the day that pregnancy is medically established and postnatally to the end of the month in which the 60-day period following termination of pregnancy ends.

Pregnant members, regardless of aid code, and/or scope of benefits are eligible to receive all dental procedures listed in the Medi-Cal Dental Manual of Criteria (MOC) that are covered by the Medi-Cal program so long as all MOC procedure requirements and criteria are met.

For dental services for a pregnant or postpartum woman who does not have full scope Medi-Cal, write “pregnant” or “postpartum” in the Comments section of claim. If you receive a denial (Adjudication Reason Code 503A or 503B) for a covered service for a pregnant/postpartum member, you should submit a Claim Inquiry Form (CIF) indicating “PREGNANT” or “POSTPARTUM” in the “REMARKS” field plus any additional documentation and radiographs pertinent to the procedure for reconsideration.

**Radiograph Requirements for Pregnant and Postpartum Members**

For all procedures that require radiographs/prior authorization, no payment will be made if the radiographs are not submitted. "Patient refused x-rays" will not be acceptable documentation for non-submission of radiographs. Additional information regarding dental care during pregnancy can be found at the CDA Foundation website [here](#).

**Long-Term Care**

Members will be excluded from the dental soft cap if they have Long Term Care (LTC) aid codes or reside in either Place of Service 4/SNF (Skilled Nursing Facility) or Place of Service 5/ICF (Intermediate Care Facility). Exempt long term aid codes include 13, 23, 53, and 63 (for more information on Aid Codes, refer to the end of this section). Descriptions of these and other aid codes are found in the following pages of this section.

All other aid codes and procedure codes can be subject to the $1,800 soft cap.

**Special Needs Patients**

Special needs patients are defined as those patients who have a physical, behavioral, developmental, or emotional condition that prohibits them from adequately responding to a provider’s attempts to perform an examination.

Patients may be classified as special needs when a provider has adequately documented the specific condition and the reasons why an examination and treatment cannot be performed without general or intravenous sedation.

Prior authorization is not required for treatment (with the exception of fixed partial dentures, removable prosthetics and implants) in order to minimize the risks associated with sedation.

When treatment is performed without prior authorization (on a procedure that normally would require prior authorization), requests for payment must be accompanied by documentation to adequately demonstrate the medical necessity. Refer to the individual procedures for specific requirements and limitations in “Section 5: Manual of Criteria and Schedule of Maximum Allowances” of this Handbook.

**American Sign Language (ASL) Translation Services**

American Sign Language (ASL) translation services are available to Medi-Cal dental members. To request an ASL translator be present at the time of the appointment, either the provider or the member must contact Medi-Cal Dental and provide the following information:

- Date of dental appointment
• Start and end time of appointment
• Appointment type (dental, surgical, consult, etc.)
• Name of person needing ASL services
• Office address
• Office contact
• Office phone number

To schedule an ASL translator, providers can call the Telephone Service Center provider line at (800) 423-0507. Members can call the Telephone Service Center member line at (800) 322-6384.

Treating Members That Reside in Other Counties

Enrolled Medi-Cal dental providers can treat any eligible member in Medi-Cal Dental no matter where the member resides. Medi-Cal dental providers can provide services to eligible members that reside in other counties in addition to the county the provider is located. To check Medi-Cal eligibility of a member, please call the Automated Eligibility Verification System (AEVS) at (800) 456-2387.

Non-Medical Transportation (NMT)

Pursuant to Welfare and Institutions Code (W&I Code) Section 14132 (ad) (1), effective for dates of service on or after July 1, 2018, non-medical transportation (NMT) is a covered Medi-Cal benefit, subject to utilization controls and permissible time and distance standards, for a member to obtain covered Medi-Cal services. The NMT benefit is eligible full-scope Medi-Cal fee-for-service members and pregnant women during pregnancy and for 60 days postpartum, including any remaining days in the month in which the 60th postpartum day falls. NMT includes transporting recipients to and from Medi-Cal covered medical, mental health, substance abuse or dental services. Members enrolled in a Medi-Cal managed care health plan must request NMT services through their Member Services.

W&I Code 14132 (ad)(2)(A)(i) defines NMT as including, at minimum, round trip transportation for a recipient to obtain covered Medi-Cal services by passenger car, taxicab, or any other form of public or private conveyance. NMT services are a benefit only from an enrolled NMT Provider.

NMT does not include the transportation of sick, injured, invalid, convalescent, infirm or otherwise incapacitated recipients by ambulances, litter vans or wheelchair vans licensed, operated and equipped in accordance with state and local statutes, ordinances or regulations, since these would be covered as non-emergency medical transportation (NEMT) services. For more details and information on eligibility for NMT/NEMT services, refer to the guide located here.

Please refer to the Member Handbook on the Medi-Cal Dental website to help your patients find information about their qualifying appointment(s).

Teledentistry

The Department of Health Care Services has opted to permit the use of teledentistry as an alternative modality for the provision of select dental services. Therefore, enrolled Medi-Cal dental billing providers may submit documents for services rendered utilizing teledentistry.

The goal of teledentistry is to:

• Allow Medi-Cal providers to practice “teledentistry”, as defined to mean the transmission of medical information to be reviewed at a later time by a licensed dental provider at a distant site; and
• Authorize modest scope of practice expansions.

Please note that allied dental professionals may render limited services via teledentistry so long as such services are within their scope of practice and are rendered under the general supervision of a licensed dentist.

For more information about the Department of Health Care Services’ telehealth policy, please refer to the “Medicine: Telehealth” section of the Medi-Cal Provider Manual.

Consent

In addition, Medi-Cal providers must also inform the patient about the use of teledentistry and obtain verbal or written consent from the patient for the use of teledentistry as an acceptable mode of delivering dental services. The consent shall be documented in the patient’s dental record (Business and
Professionals Code Section 2290.5(b)) and be available to the Department upon request.

For teledentistry services or benefits delivered via asynchronous store and forward, providers must also meet the requirements in state statute (Welfare and Institutions Code [WIC] Section 14132.725[b]).

A member receiving teledentistry services by store and forward may also request to have real-time communication with the distant dentist at the time of the consultation or within 30 days of the original consultation.

Synchronous or Live Transmissions

Synchronous interaction, or live transmission, is a real-time interaction between a member and a provider located at a distant site. Live transmissions are limited to 90 minutes per member per provider, per day. Please note, live transmissions may be provided at the member’s request or if the health care provider believes the service is clinically appropriate.

All dental information transmitted during the delivery of Medi-Cal covered benefits or services via a telehealth modality must become part of the patient’s dental record maintained by the Medi-Cal provider at the distant site.

Billing for Teledentistry

Billing for Asynchronous Store and Forward (D9996)

The originating site and transmission fee and billing rules are not applicable to Safety Net Clinics (Federally Qualified Health Centers, Rural Health Clinics, Indian Health Services Memorandum of Agreement 683 Clinics). For policy and billing information specific to Safety Net Clinics, please refer to those sections of the Medi-Cal Provider Manual (Rural and Ind Health).

Limited Medi-Cal dental services may be rendered via asynchronous store-and-forward using Current Dental Terminology (CDT) code D9996 (Teledentistry— Asynchronous; Information stored and forwarded to dentist for subsequent review), which identifies the services as teledentistry. CDT code D9996 is not reimbursable; instead, the billing dental provider would be reimbursed based upon the applicable CDT procedure code to be paid according to the Schedule of Maximum Allowance (SMA). The following CDT codes may be billed under Medi-Cal’s teledentistry policy for asynchronous store and forward:

- D0120: Periodic oral evaluation — established patient
- D0150: Comprehensive oral evaluation — new or established patient
- D0210: Intraoral — complete series of radiographic images
- D0220: Intraoral — periapical first radiographic image
- D0230: Intraoral — periapical each additional radiographic image
- D0240: Intraoral — occlusal radiographic image
- D0270: Bitewing — single radiographic image
- D0272: Bitewings — two radiographic images
- D0274: Bitewings — four radiographic images
- D0330: Panoramic radiographic image
- D0350: Oral/Facial photographic images

Billing for Synchronous or Live Transmissions (D9995)

As part of the CDT-19 update, teledentistry CDT code D9995 (Teledentistry- Synchronous; Real-Time Encounter) replaced CDT code D9999 (and D0999). For Medi-Cal dental benefits or services, Medi-Cal enrolled dentists and allied dental professionals (under the supervision of a dentist) may render limited services via synchronous/live transmission teledentistry, so long as such services are within their scope of practice, when billed using CDT code D9995 for dates of service on or after May 16, 2020. CDT code D9995 can be billed as a standalone synchronous teledentistry procedure code. The following is Medi-Cal’s teledentistry policy for synchronous/live transmissions:
• CDT code D9995 is a per-minute, $.24/minute procedure payable up to 90 minutes.
• CDT code D9995 is for synchronous, meaning any telephone call or video call/chat, teledentistry encounter.
• CDT code D9995 is for Medi-Cal patient-initiated contact with a Medi-Cal dental provider. This code is not for:
  o Dental assistant time
  o Dental hygienist time
  o Provider-initiated calls to the patient
  o Time spent contacting pharmacies on a patient’s behalf
• CDT code D9995 should be billed with the number of minutes noted in the “Quantity” field of the claim, or the documentation should clearly state the number of minutes being requested.

For dates of services on or before May 15, 2020, providers should bill using CDT code D9999 (and procedure D0999).

• CDT code D9999 is reimbursed at 24 cents per minute, up to a maximum of 90 minutes, i.e., up to $21.60 maximum reimbursement. CDT code D9999 may only be used once per date of service per member, per provider. As noted above, CDT code D9999 was replaced with CDT code D9995, as of May 16, 2020.
• CDT code D0999 reverted to “Unspecified diagnostic procedure, by report” with a SMA reimbursement rate of $46.00, effective May 16, 2020.
Copayment Requirements for Medi-Cal Dental Services

It is the provider’s responsibility to determine if a copayment is required according to the Medi-Cal dental criteria. The copayment, if applicable, should be collected by the provider at the time the dental services are performed. Even though the copayment may be required, the provider has the option of collecting or not collecting the copayment amount.

Copayment amounts are in addition to the usual Medi-Cal dental provider reimbursement. No deduction will be made from the amounts otherwise approved by Medi-Cal Dental for payment to the provider.

A provider is prohibited by law from denying dental services if a member cannot make the copayment. The member is, however, liable to the provider for any copayment amount owed. See Welfare and Institutions Code, Section 14134.

For questions regarding these copayment provisions as they apply to dental services, please contact the Telephone Service Center toll-free at (800) 423-0507.

Emergency Services

Title 22, CCR, Section 51056, states as follows:

(a) Except as provided in subsection (b), “emergency services” means those services required for alleviation of severe pain, or immediate diagnosis and treatment of unforeseen medical conditions, which, if not immediately diagnosed and treated, would lead to disability or death.

(b) For purposes of providing treatment of an emergency medical condition to otherwise eligible aliens pursuant to Welfare and Institutions Code Section 14007.5(d), “emergency medical condition” means a medical condition (including emergency labor and delivery) manifesting itself by acute symptoms of sufficient severity, including severe pain, such that the absence of immediate medical attention could reasonably be expected to result in any of the following:

(1) Placing the patient’s health in serious jeopardy.
(2) Serious impairment to bodily functions.
(3) Serious dysfunction of any bodily organ or part.

(c) Emergency services are exempt from prior authorization, but must be justified according to the following criteria:

(1) Any service classified as an emergency, which would have been subject to prior authorization had it not been so classified, must be supported by a physician’s, podiatrist’s or dentist’s statement which describes the nature of the emergency including relevant clinical information about the patient’s condition, and states why the emergency services rendered were considered to be immediately necessary. A mere statement that an emergency existed is not sufficient. It must be comprehensive enough to support a finding that an emergency existed. Such statement shall be signed by a physician, podiatrist or dentist who had direct knowledge of the emergency described in this statement.
(2) The Department may impose post service prepayment audit as set forth in Section 51159(b), to review the medical necessity of emergency services provided to members. The Department may require providers to follow the procedures for obtaining authorization on a retroactive basis as the process for imposing post-service prepayment audits. Requests for retroactive authorization of emergency services must adequately document the medical necessity of the services and must justify why the services needed to be rendered on an emergency basis.

(d) Program limitation set forth in Section 51304 and 51310 are not altered by this section.

Within the scope of dental benefits under the program, emergency services may comprise of those diverse professional services required in the event of unforeseen medical conditions such as hemorrhage, infection, or trauma. Examples of emergency conditions may include, but are not limited to, the following:

- High risk-to-life or seriously disabling conditions, such as cellulitis, oral hemorrhage, and traumatic conditions.
- Low risk-to-life or minimally disabling conditions, such as painful low grade oral-dental infections, near pulpal exposures, fractured teeth or dentures, where these conditions are exacerbated by psychiatric or other neurotic states of the patient.
Table 4: Omnibus Budget Reconciliation Act (OBRA) Emergency Services Only

OBRA members are newly legalized amnesty aliens and/or undocumented aliens who are otherwise eligible for Medi-Cal benefits but are not permanent U.S. residents. These members have limited benefits and are only eligible for emergency dental services; they can be identified by their limited scope aid code.

An emergency dental condition is a dental condition manifesting itself by acute symptoms of sufficient severity including severe pain, which in the absence of immediate dental attention could reasonably be expected to result in any of the following:

- placing the patient’s health in serious jeopardy,
- serious impairment to bodily functions,
- serious dysfunction of any bodily organ or part.

The emergency must be certified in accordance with Section 51056 of Title 22, CCR.

Please note that TARs are not allowed and may not be submitted for these members. If a TAR is submitted for any of the procedures described below, it will be denied.

The following are identified as emergency dental procedures for OBRA members: D0220, D0230, D0250, D0260, D0290, D0330, D0502, D0999, D2920, D2940, D2941, D3220, D3221, D6092, D6093, D6930, D7111, D7140, D7210, D7220, D7230, D7240, D7241, D7250, D7260, D7261, D7270, D7285, D7286, D7410, D7411, D7412, D7413, D7414, D7415, D7440, D7441, D7450, D7451, D7460, D7461, D7490, D7510, D7511, D7520, D7521, D7530, D7540, D7550, D7560, D7610, D7620, D7630, D7640, D7650, D7660, D7670, D7671, D7710, D7720, D7730, D7740, D7750, D7760, D7770, D7771, D7810, D7820, D7830, D7910, D7911, D7912, 7979, D7980, D7983, D7990, D9110, D9210, D9222, D9223, D9230, D9239, D9243, D9248, D9410, D9420, D9430, D9440, D9610, D9910, D9920, D9930, D9951.

When applicable, necessary documentation and/or radiographs to justify the emergency procedure must be submitted with the claim.

When the procedures listed above are provided, an emergency certification statement is always required.

This statement must be either entered in the “Comments” area (Field 34) on the claim form or attached to the claim. It must:

1. Describe the nature of the emergency, including clinical information pertinent to the patient’s condition; and
2. Explain why the emergency services provided were considered immediately necessary.
3. The statement must be signed by the dentist providing the services (in the “Comments” area or on the attached statement) and must provide enough information to show the existence of an emergency dental condition and need for immediate treatment. Merely stating an emergency existed or that the patient was in pain is insufficient.
Other Health Coverage

Medi-Cal Dental follows the regulations in California Code of Regulations (CCR), Title 22, which require full utilization of benefits from all other carriers first. This means Medi-Cal Dental is considered the secondary carrier and can only pay up to the maximum amount allowed for covered benefits. Medi-Cal Dental will make payment only if the primary carrier pays less than the maximum Medi-Cal Dental allowance.

After billing the other coverage carrier, providers should submit a claim to Medi-Cal Dental along with the Explanation of Benefits/Remittance Advice (EOB/RA), Proof of Denial letter, or fee schedule from the other insurance carrier. Medi-Cal Dental will not accept “no other dental coverage” written on the claim, NOA for payment, RTD or CIF. Medi-Cal Dental will apply the coinsurance or deductible to each service in the individual amounts indicated on the EOB/RA and fee schedule; if the other coverage carrier has applied the coinsurance/deductible amount to the claim as a whole, Medi-Cal Dental will distribute the amount equally among all services listed on the claim when calculating payment for covered services. Medi-Cal Dental will pay the difference between the amount the other coverage carrier paid for the service plus the appropriate coinsurance/deductible amount applied to that service, and the Medi-Cal Dental allowed amount for the service.

Note: Insurance information must be submitted for a claim for payment but is not required for a TAR.

Prepaid Health Plan (PHP)/Health Maintenance Organization (HMO)

When a Medi-Cal member has a PHP or HMO as other health coverage, he or she must use the plan facilities for regular dental care. Providers should bill the appropriate carrier for out-of-area services or emergency treatment covered by the member’s PHP or HMO.

*If “A” is the MEDS cost avoidance code for a member, providers are allowed, but not required, to bill the OHC carrier prior to billing Medi-Cal.

** As of January 1, 2017, OHC code V is only to be used for historical reference.

Providers should note that even though the other health coverage code indicates a PHP/HMO, the dental carrier may not be a PHP or HMO.

For Medi-Cal Dental to correctly process claims submitted for payment, a Remittance Advice/Explanation of Benefits (RA/EOB), fee schedule or denial of service letter must accompany the claim to verify the other coverage carrier is a PHP/HMO. Providers billing Medi-Cal Dental for services not included in the member’s PHP/HMO plan must submit an RA/EOB, fee schedule or denial letter showing that the PHP/HMO was billed first.

Beginning July 1, 2020, if the recovery contractor identifies claims that Medi-Cal paid when the member had OHC liable for payment of dental services, the recovery contractor will request the OHC carrier submit payment to DHCS. In the event DHCS pays for dental services where an OHC carrier is later identified, Third Party Liability and Recovery Division (TPLRD) will utilize their recovery contractor to pursue recovery of these claims.

If the OHC carrier issues payment to DHCS, the carrier may provide an EOB to the policyholder under which the Medi-Cal member is covered. EOBs are generated as part of the OHC carrier’s obligation to inform its policyholders of claims processed on their behalf. The EOB is not a DHCS claim or bill and the OHC EOB
process will not affect services to Medi-Cal members or payments to providers.

Providers should not receive payment from any OHC carrier due to work performed by TPLRD’s recovery contractor. If providers receive a check from an OHC carrier that is payable to them as the result of a recovery effort by the contractor, providers should return the check to the OHC carrier. If providers receive payment from an OHC carrier payable to DHCS or TPLRD’s recovery contractor, providers should forward the check and any supporting documents to:

Bank of America
P.O. Box 742635
Los Angeles, CA 90074-2635

**Child Health and Disability Prevention (CHDP) Gateway**

On July 1, 2003, Child Health and Disability Prevention (CHDP) medical providers (not dental providers) began pre-enrolling eligible low-income children under 19 years of age into the new CHDP Gateway. CHDP Gateway providers encourage parents to apply for health care coverage for their children through Medi-Cal or Healthy Families. The children are eligible to receive Full Scope, fee-for-service Medi-Cal and Medi-Cal dental benefits during the month of application and the following month, or until the processing of their application is complete. Medi-Cal Dental reimbursement rates for children eligible for this temporary coverage are the same as the usual Medi-Cal dental rates. Children who are not eligible for either program will continue to receive CHDP services in accordance with the CHDP periodicity table.

Since the Gateway began, several issues have arisen that may be of interest to Medi-Cal dental providers:

- Because some children may be eligible for only 1-2 months, it is very important for children with temporary Medi-Cal eligibility to be seen as quickly as possible. A number of offices and clinics have responded by setting aside a block of time to see these children.

- Children enrolled through the Gateway will ordinarily receive their BIC ID card within 10 days of enrollment. In the interim, they will have an “immediate eligibility document,” which will be either a copy of a printout from an Internet Website. This document displays the member’s BIC ID number and is an acceptable form of identification that should be accepted until the BIC ID card is received. Regardless of whether the member presents a BIC ID card or a paper immediate eligibility document, all providers, including Children’s Treatment Program (CTP) providers, must always check a member’s eligibility status at each visit. The PM160 form is insufficient documentation for participation in the CHDP Gateway.

- The immediate eligibility document can contain several different responses, so it is important to read the response carefully. All providers participating in the CHDP Gateway, including CTP providers, must check eligibility for every member at every visit, regardless of what the response says. The PM160 form is insufficient.

- Children who are determined ineligible for temporary Medi-Cal coverage through the Gateway may be assigned other emergency or pregnancy-related Medi-Cal aid codes. If a child switches dentists because they were unable to complete treatment prior to termination of their temporary Medi-Cal coverage, Medi-Cal Dental encourages the child’s provider to provide the child’s treatment plan and radiographs to their new dentist to prevent unnecessary duplication of costs.

- Because of the short period of eligibility for some children, Medi-Cal Dental encourages providers to allow their names and phone numbers to be distributed to CHDP medical providers. Providers willing to do this should call the local CHDP office to be included on a referral list. Access the local CHDP office [here](#). Also, if Medi-Cal dental providers are able to accommodate children eligible for the Gateway on short notice, notify the CHDP medical providers so they will know of
your willingness to see these children relatively quickly. (For additional eligibility procedures for CHDP, please refer to the Eligibility: CHDP Services document.)

**Altered Cards and Other Abuses of Medi-Cal Dental Fraud, Help Stop Altered Cards and Other Abuses**

The Department is requesting that dental providers be reminded that all member information is confidential and must be protected from disclosure to unauthorized personnel. Member identification includes the following:

- Member’s name
- Address
- Telephone number
- Social Security Number
- Medi-Cal identification number

Protecting confidential information is especially important for providers of inpatient care billing and third-party insurance organizations when utilizing independent billing agencies, as well as employees who appear to be inappropriately accessing such information.

Dental providers should not accept any Medi-Cal identification card that has been altered in any way. If a member presents a paper or plastic card that is photocopied or contains erasures, strike-outs, white-outs, type-overs, or appears to have been altered in any other way, the provider should request that the member obtain a new card from his or her county social services office prior to performing services. Health care providers are encouraged to report evidence of fraud to the Attorney General’s Medical Fraud Hotline at (800) 722-0432. Any provider who suspects a member of abusing Medi-Cal Dental may call (800) 822-6222. Situations where abuse of the program may be suspected include:

- Use of another person’s Medi-Cal identification card;
- Presenting an altered card;
- Attempting to obtain excessive or inappropriate drugs.

**Misuse of Benefits Identification Card**

The Department’s Medical Review Branch has increased the number of replacement Medi-Cal Benefits Identification Cards (BICs) in an ongoing effort to nullify BICs that may have been stolen or misused. This process may be further escalated as other misuses of BICs are discovered.

If a provider receives a response during the eligibility verification process that states “current BIC ID and issue date required”, the provider must ask the member for his/her new card.

Attaching a copy of the BIC card for documentation purposes will not be accepted.

**Prevention of Identity Theft**

To prevent identity theft, the Department requires all providers to avoid using a member’s Social Security Number (SSN) whenever possible and reminds them that SSNs are not permitted on forms submitted for payment. Claims or TARS submitted with SSNs will be denied.

When submitting TAR/Claim forms to Medi-Cal Dental, providers should use the 14-character ID number from the BIC.
Member Complaint or Grievance Procedures

A Medi-Cal member with a complaint or grievance concerning scope of benefits, quality of care, modification or denial of a TAR/Claim form, or other aspect of services provided under the Medi-Cal Dental must direct the complaint or grievance as follows:

Initial Appeal to Provider

The member should initiate action by submitting the complaint or grievance to the provider, identifying the complaint or grievance by specifically describing the disputed service, action, or inaction. The provider responsible for the dental needs of the member should attempt to resolve the complaint or grievance within the parameters of Medi-Cal Dental.

Notification to Medi-Cal Dental

When action at the provider level fails to resolve the complaint or grievance, the member should contact the Telephone Service Center at (800) 322-6384, identify himself/herself and the provider involved, and specifically describe the disputed services, action, or inaction. Medi-Cal Dental will make every effort to resolve the problem at this level. Medi-Cal Dental may refer the member back to the provider for resolution of the problem. The member may also download and complete the Medi-Cal Dental Complaint Form (sample below) and return it to Medi-Cal Dental at the address indicated on the form.

If a member files a complaint over the phone and the complaint was not resolved during the call, they will receive a follow up call for further assistance. If the member’s complaint cannot be resolved during the follow up call, Medi-Cal Dental will help them download the complaint form from the Medi-Cal Dental website here. Medi-Cal Dental can also mail the form to the member if that is the preferred method. Once the member completes and signs the form, they must mail it to Medi-Cal Dental at the address printed on the form.

Medi-Cal Dental will acknowledge the written complaint or grievance within five calendar days of receipt. The written complaint or grievance may be referred to a Medi-Cal dental consultant, who will determine the next course of action, which could include contacting the patient and/or provider, referring the patient to a clinical screening examination by a Medi-Cal Dental Clinical Screening Dentist, or referral to the appropriate peer review body.

When a copy of the member’s chart and other pertinent information is requested from a provider’s office, it is important that this information be submitted to Medi-Cal Dental within the time frame indicated on the request to avoid potential recoupment of funds previously paid for the service(s) at issue.

Medi-Cal Dental will send a letter summarizing its conclusion and reasons substantiating the decision to the patient within 30 days of the receipt of the complaint or grievance. If it is determined that there is a need to recoup funds for previously paid service(s), Medi-Cal Dental will issue the provider a written notification indicating the specific reasons for the recoupment.

If a member is not able to make their scheduled clinical screening the 30 days may be extended.

If treatment the member’s dental provider requested has been denied or modified, or if the member is unhappy with the resolution of their complaint about a denied service, they may request a State Hearing through the California Department of Social Services (CDSS) by writing to or calling:

California Department of Social Services
State Hearings Division
PO Box 944243
Sacramento, CA 94244-2430
Or:

State Hearing

According to California Code of Regulations (CCR), Title 22, Section 50951:

Applicants or members shall have the right to a State hearing if dissatisfied with any action or inaction of the county department, the Department of Health Care Services or any person or organization acting in behalf of the county or the Department relating to Medi-Cal eligibility or benefits.

Authorization of Services Through the State Hearing Process

Services can be authorized through the State Hearing process in two ways:

1. A conditional withdrawal; or
2. A granted decision.

Conditional Withdrawal

A conditional withdrawal can be offered to the member upon receipt of additional information from either the member or the dentist. If the member agrees to the conditions of the withdrawal, a pink authorization letter is mailed to him/her. The member may then take the authorization to the Medi-Cal dental provider of his/her choice. In order to be paid for services provided, the treating provider is responsible to:

1. Be an enrolled Medi-Cal dental provider.
2. Verify the patient’s eligibility.
3. Provide ONLY the service(s) authorized within the 180 days of the date on the letter.
4. Submit a claim for payment within 60 calendar days from the date of the last completed service performed within the authorization period. The claim must include the original pink authorization letter bearing the original signature. Mail the claim for payment to:
   Medi-Cal Dental
   California Medi-Cal Program
   Attn: State Hearings
   PO Box 13898
   Sacramento, CA 95853

Granted Decision

If an administrative law judge determines a denied service should be authorized, the judge will issue a GRANTED DECISION. Through the action, the member is authorized to take the decision to the Medi-Cal dental provider of his/her choice to receive services. In order to be paid for services provided, the treating provider is responsible to:

1. Be an enrolled Medi-Cal dental provider.
2. Verify the patient’s eligibility.
3. Provide ONLY the service(s) authorized in the “ORDER” section of the decision within 180 calendar days of the signed order.
4. Submit a claim for payment within 60 calendar days from the date of the last completed service performed within the authorization period. The claim must include the Granted Decision and should be mailed to the following address:
   Medi-Cal Dental
   California Medi-Cal Program
   Attn: State Hearings
   PO Box 13898
   Sacramento, CA 95853

Contacting Medi-Cal Dental to Postpone or Withdraw a State Hearing

The Department of Social Services (DSS) has implemented a phone number for providers and members wishing to postpone or withdraw a State Hearing. The toll-free phone number is (855) 266-1157. This number may also be used to make a general inquiry about a State Hearing that has already been filed.

To make an oral request to file a State Hearing, providers and members should continue to call DSS toll-free at (800) 952-5253.
### Aid Codes

The following aid codes identify the types of services for which different Medi-Cal/CMSP/CCS/GHPP members are eligible.

More information about OBRA and IRCA aid codes can be found on the [Medi-Cal website > Publications > Provider Manuals > Part 1-Medi-Cal Program and Eligibility > OBRA and IRCA (obra)].

**Special Indicators:** These indicators, which appear in the aid code portion of the county ID number, help Medi-Cal identify the following:

**IE** Ineligible: A person who is ineligible for Medi-Cal benefits in the case. An IE person may only use medical expenses to meet the SOC for other family members associated within the same case. Upon certification of the SOC, the IE individual is not eligible for Medi-Cal benefits in this case. An IE person may be eligible for Medi-Cal benefits in another case where the person is not identified as IE.

**RR** Responsible Relative: An RR is allowed to use medical expenses to meet the SOC for other family members for whom he/she is responsible. Upon certification of the SOC, an RR individual is not eligible for Medi-Cal benefits in this Medi-Cal Budget Unit (MBU). The individual may be eligible for Medi-Cal benefits in another MBU where the person is not identified as RR.

Policy Changes

**IMPORTANT:** Providers are required to follow all standards and guidelines set forth in the Manual of Criteria (MOC) and Medi-Cal Dental Schedule of Maximum Allowances (SMA).

The Medi-Cal Dental Program updates its Current Dental Terminology (CDT) code set regularly. Providers should refer to the following dates of service for the latest submission and criteria requirements.

**Please note:** Provider Handbook Section 5 will not be updated with the current MOC or SMA until the MOC is approved through the regulatory process. However, providers are encouraged to monitor the Policy Changes table below for updates made with bulletin authority in between CDT implementations.

**CDT-21:** Effective for dates of service on or after October 1, 2021

- [Draft CDT-21 Manual of Criteria](#)
- [Draft CDT-21 Medi-Cal Dental Schedule of Maximum Allowances](#)

Refer to Provider Bulletin [Volume 37, Number 19](#) for more information.

**CDT-20:** Effective for dates of service on or after July 1, 2021 through September 30, 2021

- [Draft CDT-20 Manual of Criteria](#)
- [Draft CDT-20 Medi-Cal Dental Schedule of Maximum Allowances](#)

Refer to Provider Bulletin [Volume 37, Number 12](#) for more information.

**CDT-19:** Effective for dates of service on or after March 14, 2020 and May 16, 2020 through June 30, 2021

- [Draft CDT-19 Manual of Criteria](#)
- [Draft CDT-19 Medi-Cal Dental Schedule of Maximum Allowances](#)

Refer to Provider Bulletins [Volume 36, Number 3](#) and [Volume 36, Number 15](#) for more information.

Current Dental Terminology 13 (CDT 13) Codes – Preface

Current Dental Terminology 13 (CDT 13) including procedure codes, definitions (descriptors) and other data is copyrighted by the American Dental Association. © 2012 American Dental Association. All rights reserved. Applicable FARS/DFARS apply.

IMPORTANT: Adult dental services were limited between July 1, 2009 and December 31, 2017.

Effective January 1, 2018, Senate Bill 97 (Chapter 52, Statutes of 2017) required the Department of Health Care Services to fully restore adult dental services. Unless specifically identified in the Senate Bill as a change, the criteria contained in this next section, Manual of Criteria for Medi-Cal Authorization (Dental Services) will remain in effect. Refer to Section 4 to view Table 1: Federally Required Adult Dental Services for the exemptions that apply to services prior to January 1, 2018, and the 2018 benefits chart on page 4-10.
Diagnostic General Policies (D0100-D0999)

1. Radiographs (D0210-D0340):
   a) According to accepted standards of dental practice, the lowest number of radiographs needed to provide
      the diagnosis shall be taken.
   b) Original radiographs shall be a part of the patient’s clinical record and shall be retained by the provider at
      all times.
   c) Radiographs shall be made available for review upon the request of the Department of Health Services or
      its fiscal intermediary.
   d) Pursuant to Title 22, CCR, Section 51051, dental radiographic laboratories shall not be considered
      providers under the Medi-Cal Dental Program.
   e) Radiographs shall be considered current as follows:
      i) radiographs for treatment of primary teeth within the last eight months.
      ii) radiographs for treatment of permanent teeth (as well as over-retained primary teeth where the
          permanent tooth is congenitally missing or impacted) within the last 14 months.
      iii) radiographs to establish arch integrity within the last 36 months. Arch radiographs are not required
          for patients under the age of 21.
   f) All radiographs or paper copies of radiographs shall be of diagnostic quality, properly mounted, labeled
      with the date the radiograph was taken, the provider’s name, the provider’s billing number, the patient’s
      name, and with the tooth/quadrant/area (as applicable) clearly indicated.
   g) Multiple radiographs of four or more shall be mounted. Three or fewer radiographs properly identified (as
      stated in “e” above) in a coin envelope are acceptable when submitted for prior authorization and/or
      payment.
   h) Paper copies of multiple radiographs shall be combined on no more than four sheets of paper.
   i) All treatment and post treatment radiographs are included in the fee for the associated procedure and
      are not payable separately.
   j) A panoramic radiograph alone is considered non-diagnostic for prior authorization and/or payment of
      restorative, endodontic, periodontic, removable partial and fixed prosthodontic procedures.
   k) When arch integrity radiographic images are required for a procedure and exposure to radiation should
      be minimized due to a medical condition, only a periapical radiograph shall be required. Submitted
      written documentation shall include a statement of the medical condition such as the following:
      i) pregnancy,
      ii) recent application of therapeutic doses of ionizing radiation to the head and neck areas,
      iii) hypoplastic or aplastic anemia.
   l) Prior authorization for procedures other than fixed partial dentures, removable prosthetics and implants
      is not required when a patient’s inability to respond to commands or directions would necessitate
      sedation or anesthesia in order to accomplish radiographic procedures. However, required radiographs
      shall be obtained during treatment and shall be submitted for consideration for payment.

2. Photographs (D0350):
   a) Photographs are a part of the patient’s clinical record and the provider shall retain original photographs at
      all times.
   b) Photographs shall be made available for review upon the request of the Department of Health Care
      Services or its fiscal intermediary.

3. Prior authorization is not required for examinations, radiographs or photographs.

1. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.

2. A benefit once per provider every 36 months.
3. Not a benefit to the same provider within six months of bitewings (D0272 and D0274).

4. A complete series shall be at least:
   a. ten (10) periapicals (D0230) and bitewings (D0272 or D0274), or
   b. eight (8) periapicals (D0230), two (2) occlusals (D0240) and bitewings (D0272 or D0274), or
   c. a panoramic radiographic image (D0330) plus bitewings (D0272 or D0274) and a minimum of two (2) periapicals (D0230).

5. When multiple radiographs are taken on the same date of service, or if an intraoral-complete series of radiographic images (D0210) has been paid in the last 36 months, the maximum payment shall not exceed the total fee allowed for an intraoral complete series.

PROCEDURE D0220
INTRAORAL - PERIAPAL FIRST RADIOGRAPHIC IMAGE

1. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.

2. A benefit to a maximum of 20 periapicals in a 12-month period by the same provider, in any combination of the following: intraoral-periapical first radiographic image (D0220) and intraoral-periapical each additional radiographic image (D0230). Periapicals taken as part of an intraoral-complete series of radiographic images (D0210) are not considered against the maximum of 20 periapicals in a 12-month period.

3. This procedure is payable once per provider per date of service. All additional periapicals shall be billed as intraoral-periapical each additional radiographic image (D0230).

4. Periapicals taken in conjunction with bitewings, occlusal or panoramic radiographs shall be billed as intraoral-periapical each additional radiographic image (D0230).

PROCEDURE D0230
INTRAORAL - PERIAPAL EACH ADDITIONAL RADIOGRAPHIC IMAGE

1. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.

2. A benefit up to a maximum of two in a six-month period per provider.

3. If any radiographic image size other than 2 1/4" x 3" (57mm x 76mm) is used for an intraoral-occlusal radiographic image (D0240), it shall be billed as a intraoral-periapical first radiographic image (D0220) or intraoral-periapical each additional radiographic image (D0230) as applicable.

PROCEDURE D0240
INTRAORAL - OCCLUSAL RADIOGRAPHIC IMAGE

1. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.

2. A benefit up to a maximum of two in a six-month period per provider.

3. If any radiographic image size other than 2 1/4" x 3" (57mm x 76mm) is used for an intraoral-occlusal radiographic image (D0240), it shall be billed as an intraoral-periapical first radiographic image (D0220) or intraoral-periapical each additional radiographic image (D0230) as applicable.

PROCEDURE D0250
EXTRAORAL - FIRST RADIOGRAPHIC IMAGE

1. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.

2. A benefit once per date of service.

PROCEDURE D0260

This procedure is not a benefit

PROCEDURE D0425
CARIES SUSCEPTIBILITY TESTS
This procedure is not a benefit.

PROCEDURE D0431
ADJUNCTIVE PRE-DIAGNOSTIC
TEST THAT AIDS IN DETECTION OF
MUCOSAL ABNORMALITIES
INCLUDING PREMALIGNANT AND
MALIGNANT LESIONS, NOT TO
INCLUDE CYTOLOGY OR BIOPSY
PROCEDURES
This procedure is not a benefit.

PROCEDURE D0460
PULP VITALITY TESTS
This procedure is included in
the fees for diagnostic,
restorative, endodontic and
emergency procedures and is
not payable separately.

PROCEDURE D0470
PROCEDURE DIAGNOSTIC CASTS

1. Diagnostic casts are for the
evaluation of orthodontic
benefits only. Unless
specifically requested by the
Medi-Cal Dental Program,
diagnostic casts submitted for
other than orthodontic
treatment shall be discarded
and not reviewed.

2. Diagnostic casts are required
to be submitted for
orthodontic evaluation and
are payable only upon
authorized orthodontic
treatment. Do not send

original casts, as casts will not be returned.

3. A benefit:
   a. once per provider unless special circumstances are documented (such as trauma or pathology which has affected the course of orthodontic treatment).
   b. for patients under the age of 21.
   c. for permanent dentition (unless over the age of 13 with primary teeth still present or has a cleft palate or craniofacial anomaly).
   d. only when provided by a Medi-Cal Dental Program certified orthodontist.

4. Diagnostic casts shall be free of voids and be properly trimmed with centric occlusion clearly marked on the casts. Casts shall be cleaned, treated with an approved EPA disinfectant and dried before being placed in a sealed bag for shipping to the Medi-Cal Dental Program.

PROCEDURE D0472
ACCESSION OF TISSUE, GROSS EXAMINATION, PREPARATION AND TRANSMISSION OF WRITTEN REPORT
This procedure is not a benefit.

PROCEDURE D0473
ACCESSION OF TISSUE, GROSS AND MICROSCOPIC EXAMINATION, PREPARATION AND TRANSMISSION OF WRITTEN REPORT
This procedure is not a benefit.

PROCEDURE D0474
ACCESSION OF TISSUE, GROSS AND MICROSCOPIC EXAMINATION, INCLUDING ASSESSMENT OF SURGICAL MARGINS FOR PRESENCE OF DISEASE, PREPARATION AND TRANSMISSION OF WRITTEN REPORT
This procedure is not a benefit.

PROCEDURE D0475
PROCEDURE DECALCIFICATION
This procedure is not a benefit.

PROCEDURE D0476
SPECIAL STAINS FOR MICROORGANISMS
This procedure is not a benefit.

PROCEDURE D0477
SPECIAL STAINS, NOT FOR MICROORGANISMS
This procedure is not a benefit.

PROCEDURE D0478
IMMUNOHISTOCHEMICAL STAINS
This procedure is not a benefit.

PROCEDURE D0479
TISSUE IN-SITU HYBRIDIZATION, INCLUDING INTERPRETATION
This procedure is not a benefit.

PROCEDURE D0480
ACCESSION OF EXFOLIATIVE CYTOLOGIC SMEARS, MICROSCOPIC EXAMINATION, PREPARATION AND TRANSMISSION OF WRITTEN REPORT
This procedure is not a benefit.

PROCEDURE D0481
ELECTRON MICROSCOPY
This procedure is not a benefit.

PROCEDURE D0482
PROCEDURE DIRECT IMMUNOFLOURESCENCE
This procedure is not a benefit.

PROCEDURE D0483
INDIRECT IMMUNOFLOURESCENCE
This procedure is not a benefit.

PROCEDURE D0484
CONSULTATION ON SLIDES PREPARED ELSEWHERE
This procedure is not a benefit.

PROCEDURE D0485
CONSULTATION, INCLUDING PREPARATION OF SLIDES FROM BIOPSY MATERIAL SUPPLIED BY REFERRING SOURCE
This procedure is not a benefit.
PROCEDURE D0486
ACCESSION OF TRANSEPITHELIAL
CYTOLOGIC SAMPLE,
MICROSCOPIC EXAMINATION,
PREPARATION AND
TRANSMISSION OF WRITTEN
REPORT

This procedure is not a benefit.

PROCEDURE D0502
OTHER ORAL PATHOLOGY
PROCEDURES BY REPORT

1. Submission of the pathology report is required for payment.
2. A benefit only when provided by a Medi-Cal Dental Program certified oral pathologist.
3. This procedure shall be billed only for a histopathological examination.

PROCEDURE D0999
UNSPECIFIED DIAGNOSTIC
PROCEDURE, BY REPORT

1. This procedure does not require prior authorization.
2. Radiographs for payment - submit radiographs as applicable for the type of procedure.
3. Photographs for payment - submit photographs as applicable for the type of procedure.
4. Written documentation for payment shall describe the specific conditions addressed by the procedure, the rationale demonstrating medical necessity, any pertinent history and the actual treatment.
5. D0999 shall be used:
   a. for a procedure which is not adequately described by a CDT code, or
   b. for a procedure that has a CDT code that is not a benefit but the patient has an exceptional medical condition to justify the medical necessity. Documentation shall include the medical condition and the specific CDT code associated with the treatment.
Preventive General Policies (D1000-D1999)

1. Dental Prophylaxis and Fluoride Treatment (D1110-D1208):
   a) Dental prophylaxis (D1110 and D1120) is defined as the preventive dental procedure of coronal scaling and polishing which includes the complete removal of calculus, soft deposits, plaque, stains and smoothing of unattached tooth surfaces.
   b) Fluoride treatment (D1206 and D1208) is a benefit only for prescription strength fluoride products.
   c) Fluoride treatments do not include treatments that incorporate fluoride with prophylaxis paste, topical application of fluoride to the prepared portion of a tooth prior to restoration and applications of aqueous sodium fluoride.
   d) The application of fluoride is only a benefit for caries control and is payable as a full mouth treatment regardless of the number of teeth treated.
   e) Prophylaxis and fluoride procedures (D1120, D1206 and D1208) are a benefit once in a six-month period without prior authorization under the age of 21.
   f) Prophylaxis and fluoride procedures (D1110, D1206 and D1208) are a benefit once in a 12-month period without prior authorization for age 21 or older.
   g) Additional requests, beyond the stated frequency limitations, for prophylaxis and fluoride procedures (D1110, D1120, D1206 and D1208) shall be considered for prior authorization when documented medical necessity is justified due to a physical limitation and/or an oral condition that prevents daily oral hygiene.
Preventive Procedures (D1000-D1999)

PROCEDURE D1110
PROPHYLAXIS - ADULT

1. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.
2. A benefit once in a 12-month period for patients age 21 or older. Frequency limitations shall apply toward prophylaxis procedure D1120.
3. Not a benefit when performed on the same date of service with:
   a. gingivectomy or gingivoplasty (D4210 and D4211).
   b. osseous surgery (D4260 and D4261).
   c. periodontal scaling and root planing (D4341 and D4342).
4. Not a benefit to the same provider who performed periodontal maintenance (D4910) in the same calendar quarter.

PROCEDURE D1120
PROPHYLAXIS - CHILD

1. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.
2. A benefit once in a six-month period for patients under the age of 21. Frequency limitations shall apply toward prophylaxis procedure D1120.
3. Not a benefit when performed on the same date of service with:
   a. gingivectomy or gingivoplasty (D4210 and D4211).
   b. osseous surgery (D4260 and D4261).
   c. periodontal scaling and root planing (D4341 and D4342).
4. Not a benefit to the same provider who performed periodontal maintenance (D4910) in the same calendar quarter.

PROCEDURE D1206
TOPICAL APPLICATION OF FLUORIDE VARNISH

1. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.
2. A benefit:
   a. once in a six month period for patients under the age of 21. Frequency limitations shall apply toward topical application of fluoride varnish (D1206).
   b. once in a 12 month period for patients age 21 or older. Frequency limitations shall apply toward topical application of fluoride varnish (D1206).
3. Payable as a full mouth treatment regardless of the number of teeth treated.

PROCEDURE D1208
TOPICAL APPLICATION OF FLUORIDE

1. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.
2. A benefit:
   a. once in a six month period for patients under the age of 21. Frequency limitations shall apply toward topical application of fluoride varnish (D1206).
   b. once in a 12 month period for patients age 21 or older. Frequency limitations shall apply toward topical application of fluoride varnish (D1206).
3. Payable as a full mouth treatment regardless of the number of teeth treated.

PROCEDURE D1310
NUTRITIONAL COUNSELING FOR CONTROL OF DENTAL DISEASE

This procedure is to be performed in conjunction with diagnostic, preventive, and periodontal procedures and is not payable separately.

PROCEDURE D1320
TOBACCO COUNSELING FOR THE CONTROL AND PREVENTION OF ORAL DISEASE

This procedure is to be performed in conjunction with diagnostic, preventive,
and periodontal procedures and is not payable separately.

PROCEDURE D1330
ORAL HYGIENE INSTRUCTIONS

This procedure is to be performed in conjunction with diagnostic, preventive, and periodontal procedures and is not payable separately.

PROCEDURE D1351
SEALANT - PER TOOTH

1. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.
2. Requires a tooth code and surface code.
3. A benefit:
   a. for first, second and third permanent molars that occupy the second molar position.
   b. only for an active cavitated lesion in a pit or fissure that does not cross the DEJ.
   c. for patients under the age of 21.
   d. once per tooth every 36 months per provider regardless of surfaces sealed.
4. The original provider is responsible for any repair or replacement during the 36-month period.

PROCEDURE D1510
SPACE MAINTAINER - FIXED UNILATERAL

1. This procedure does not require prior authorization.
2. Radiographs for payment - submit a diagnostic preoperative periapical or bitewing radiograph to document the presence of the erupting permanent tooth and to verify there is enough space to allow the eruption of the permanent tooth.
3. Written documentation for payment - shall include the identification of the missing primary molar.
4. Requires a quadrant code.
5. A benefit:
   a. once per quadrant per patient.
   b. for patients under the age of 18.
   c. only to maintain the space for a single tooth.
6. Not a benefit:
   a. when the permanent tooth is near eruption or is missing.
   b. for upper and lower anterior teeth.
   c. for orthodontic appliances, tooth guidance appliances, minor tooth movement, or activating wires.
7. Replacement space maintainers shall be considered for payment when documentation identifies an unusual circumstance (such as lost or non-repairable).
8. The fee for space maintainers includes the band and loop.
9. When prefabricated crowns (D2930, D2931, D2932 and D2933) are necessary for space maintainer abutment teeth they first shall meet the Medi-Cal Dental Program’s criteria for prefabricated crowns and shall be billed separately from the space maintainer.

PROCEDURE D1515
SPACE MAINTAINER - FIXED - BILATERAL

1. This procedure does not require prior authorization.
2. Radiographs for payment - submit a diagnostic preoperative periapical or bitewing radiograph to document the presence of the erupting permanent tooth and to verify there is enough space to allow the eruption of the permanent tooth.
3. Written documentation for payment - shall include the identification of the missing primary molars.

4. Requires an arch code.

5. A benefit:
   a. once per arch when there is a missing primary molar in both quadrants or when there are two missing primary molars in the same quadrant.
   b. for patients under the age of 18.

6. Not a benefit:
   a. when the permanent tooth is near eruption or is missing.
   b. for upper and lower anterior teeth.
   c. for orthodontic appliances, tooth guidance appliances, minor tooth movement, or activating wires.

7. Replacement space maintainers shall be considered for payment when documentation identifies an unusual circumstance (such as lost or non-repairable).

8. The fee for space maintainers includes the band and loop.

9. When prefabricated crowns (D2930, D2931, D2932 and D2933) are necessary for space maintainer abutment teeth they first shall meet the Medi-Cal Dental Program’s criteria for prefabricated crowns and shall be billed separately from the space maintainer.

PROCEDURE D1520
SPACE MAINTAINER - REMOVABLE - UNILATERAL

1. This procedure does not require prior authorization.

2. Radiographs for payment - submit a diagnostic preoperative periapical or bitewing radiograph to document the presence of the erupting permanent tooth and to verify there is enough space to allow the eruption of the permanent tooth.

3. Written documentation for payment - shall include the identification of the missing primary molar.

4. Requires a quadrant code.

5. A benefit:
   a. once per quadrant per patient.
   b. for patients under the age of 18.
   c. only to maintain the space for a single tooth.

6. Not a benefit:
   a. when the permanent tooth is near eruption or is missing.
   b. for upper and lower anterior teeth.
   c. for orthodontic appliances, tooth guidance appliances, minor tooth movement, or activating wires.

7. Replacement space maintainers shall be considered for payment when documentation identifies an unusual circumstance (such as lost or non-repairable).

8. All clasps, rests and adjustments are included in the fee for this procedure.

PROCEDURE D1525
SPACE MAINTAINER - REMOVABLE - BILATERAL

1. This procedure does not require prior authorization.

2. Radiographs for payment - submit a diagnostic preoperative periapical or bitewing radiograph to document the presence of the erupting permanent tooth and to verify there is enough space to allow the eruption of the permanent tooth.

3. Written documentation for payment - shall include the identification of the missing primary molars.

4. Requires an arch code.

5. A benefit:
   a. once per arch when there is a missing primary molar in both quadrants or when there are two missing primary molars in the same quadrant.
   b. for patients under the age of 18.

6. Not a benefit:
   a. when the permanent tooth is near eruption or is missing.
   b. for upper and lower anterior teeth.
   c. for orthodontic appliances, tooth guidance appliances, minor tooth movement, or activating wires.

7. Replacement space maintainers shall be considered for payment when documentation identifies an unusual circumstance (such as lost or non-repairable).

8. All clasps, rests and adjustments are included in the fee for this procedure.

PROCEDURE D1550

1. This procedure does not require prior authorization.

2. Radiographs for payment - submit a diagnostic preoperative periapical or bitewing radiograph to document the presence of the erupting permanent tooth and to verify there is enough space to allow the eruption of the permanent tooth.

3. Written documentation for payment - shall include the identification of the missing primary molars.

4. Requires an arch code.

5. A benefit:
   a. once per arch when there is a missing primary molar in both quadrants or when there are two missing primary molars in the same quadrant.
   b. for patients under the age of 18.

6. Not a benefit:
   a. when the permanent tooth is near eruption or is missing.
   b. for upper and lower anterior teeth.
   c. for orthodontic appliances, tooth guidance appliances, minor tooth movement, or activating wires.

7. Replacement space maintainers shall be considered for payment when documentation identifies an unusual circumstance (such as lost or non-repairable).

8. All clasps, rests and adjustments are included in the fee for this procedure.
RECEMENTATION OF SPACE
MAINTAINER

1. This procedure does not require prior authorization.
2. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.
3. Requires a quadrant code or arch code, as applicable.
4. A benefit:
   a. once per provider, per applicable quadrant or arch.
   b. for patients under the age of 18.
5. Additional requests beyond the stated frequency limitations shall be considered for payment when the medical necessity is documented and identifies an unusual condition (such as displacement due to a sticky food item).

PROCEDURE D1555
REMOVAL OF FIXED SPACE
MAINTAINER

1. This procedure does not require prior authorization.
2. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.
3. Requires a quadrant code or arch code, as applicable.
4. Not a benefit to the original provider who placed the space maintainer.
1. Amalgam and Resin-Based Composite Restorations (D2140-D2394):
   a) Restorative services shall be a benefit when medically necessary, when carious activity or fractures have extended through the dentinoenamel junction (DEJ) and when the tooth demonstrates a reasonable longevity.
   b) Amalgam and resin-based composite restoration procedures shall require submission of pre-operative radiographs for payment, contingent upon the following rules:
      i) the first three amalgam and/or resin-based composite restorations that a patient receives in a 12-month period do not require radiographs,
      ii) the fourth and additional amalgam and/or resin-based composite restorations that a patient receives in a 12-month period do require radiographs. However, when a submitted claim includes the fourth amalgam and/or resin-based composite restoration in a 12-month period then all amalgam and/or resin-based composite restorations on that claim require radiographs.
   c) The submitted radiographs shall clearly demonstrate that the destruction of the tooth is due to such conditions as decay, fracture, endodontic access or missing or defective restorations. Payment for restorative procedures shall be modified or denied when the medical necessity is not evident.
   d) Anterior proximal restorations (amalgam/composite) submitted as a two or three surface restoration shall be clearly demonstrated on radiographs that the tooth structure is involved to a point one-third the mesial–distal width of the tooth.
   e) Should the submitted radiographs fail to demonstrate the medical necessity for the restoration, intraoral photographs shall also be submitted as further documentation.
   f) When radiographs are medically contraindicated due to recent application of therapeutic doses of ionizing radiation to the head and neck areas, the reason for the contraindication shall be fully documented by the patient’s attending physician and submitted for payment. If this condition exists, intraoral photographs shall also be submitted to demonstrate the medical necessity for the restoration.
   g) When radiographs fail to demonstrate the medical necessity, providers shall also submit adjunctive documentation for consideration for payment such as: fiber optic transillumination photographs, DIAGNOdent readings, caries detection dye photographs, caries risk assessment data or operating room reports.
   h) Restorative services provided solely to replace tooth structure lost due to attrition, abrasion, erosion or for cosmetic purposes are not a benefit.
   i) Restorative services are not a benefit when the prognosis of the tooth is questionable due to non-restorability or periodontal involvement.
   j) Restorations for primary teeth near exfoliation are not a benefit.
   k) The five valid tooth surface classifications are mesial, distal, occlusal/incisal, lingual and facial (including buccal and labial).
   l) Each separate non-connecting restoration on the same tooth for the same date of service shall be submitted on separate Claim Service Lines (CSLs). All surfaces on a single tooth restored with the same restorative material shall be considered connected, for payment purposes, if performed on the same date of service.
   m) Payment is made for a tooth surface only once for the same date of service regardless of the number or combination of restorative materials placed on that surface.
   n) Tooth and soft tissue preparation, crown lengthening, cement bases, direct and indirect pulp capping, bonding agents, lining agents, occlusal adjustments (D9951), polishing, local anesthesia and any other associated procedures are included in the fee for a completed restorative service.
   o) The original provider is responsible for any replacement restorations necessary in primary teeth within the first 12 months and permanent teeth within the first 36 months, except when failure or breakage
results from circumstances beyond the control of the provider (such as due to a patient’s oral habits). Radiographs (and photographs, as applicable) shall be submitted to demonstrate the need for replacement.

p) Replacement of otherwise satisfactory amalgam restorations with resin-based composite restorations is not a benefit unless a specific allergy has been documented by a medical specialist (allergist) on their professional letterhead or prescription and submitted for payment.

2. Prefabricated Crowns (D2929-D2933):
   A. Primary Teeth:
      a) Prefabricated crowns (D2929, D2930, D2932 and D2933) are a benefit only once in a 12-month period.
      b) Primary teeth do not require prior authorization. Pre-operative radiographs shall be submitted for payment. At least one of the following criteria shall be met for payment:
         i) Decay, fracture or other damage involving three or more tooth surfaces,
         ii) Decay, fracture or other damage involving one interproximal surface when the damage has extended extensively buccolingually or mesiodistally,
         iii) the prefabricated crown is submitted for payment in conjunction with therapeutic pulpotomy or pulpal therapy (D3220, D3230 and D3240) or the tooth has had previous pulpal treatment.
      c) Prefabricated crowns for primary teeth near exfoliation are not a benefit.
      d) When prefabricated crowns are utilized to restore space maintainer abutment teeth they shall meet Medi-Cal Dental Program criteria for prefabricated crowns and shall be submitted separately for payment from the space maintainer.
   B. Permanent Teeth:
      a) Prefabricated crowns (D2931, D2932 and D2933) are a benefit only once in a 36-month period.
      b) Permanent teeth do not require prior authorization. Pre-operative periapical and arch radiographs shall be submitted for payment. At least one of the following criteria shall be met for payment:
         i) anterior teeth shall show traumatic or pathological destruction of the crown of the tooth which involves four or more tooth surfaces including at least the loss of one incisal angle,
         ii) bicuspid (premolars) shall show traumatic or pathological destruction of the crown of the tooth which involves three or more tooth surfaces including at least one cusp,
         iii) molars shall show traumatic or pathological destruction of the crown of the tooth which involves four or more tooth surfaces including at least two cusps,
         iv) the prefabricated crown shall restore an endodontically treated bicuspid or molar tooth.
      c) Arch integrity and the overall condition of the mouth, including the patient’s ability to maintain oral health, shall be considered based upon a supportable 36-month prognosis for the permanent tooth to be crowned.
      d) Indirectly fabricated or prefabricated posts (D2952 and D2954) are benefits when medically necessary for the retention of prefabricated crowns on root canal treated permanent teeth.
      e) Prefabricated crowns on root canal treated teeth shall be considered for payment only after satisfactory completion of root canal therapy. Post root canal treatment radiographs shall be submitted for prior authorization.
      f) Prefabricated crowns are not a benefit for abutment teeth for cast metal framework partial dentures (D5213 and D5214).
   C. Primary and Permanent Teeth:
      a) Prefabricated crowns provided solely to replace tooth structure lost due to attrition, abrasion, erosion or for cosmetic purposes are not a benefit.
      b) Prefabricated crowns are not a benefit when the prognosis of the tooth is questionable due to non-restorability or periodontal involvement.
c) Prefabricated crowns are not a benefit when a tooth can be restored with an amalgam or resin-based composite restoration.

d) Tooth and soft tissue preparation, crown lengthening, cement bases, direct and indirect pulp capping, amalgam or acrylic buildups, pins (D2951), bonding agents, occlusal adjustments (D9951), local anesthesia (D9210) and any other associated procedures are included in the fee for a prefabricated crown.

e) The original provider is responsible for any replacement prefabricated crowns necessary in primary teeth within the first 12 months and permanent teeth within the first 36 months, except when failure or breakage results from circumstances beyond the control of the provider (such as due to a patient’s oral habits).

3. Laboratory Processed Crowns (D2710-D2792):

a) Laboratory processed crowns on permanent teeth (or over-retained primary teeth with no permanent successor) are a benefit only once in a 5 year period except when failure or breakage results from circumstances beyond the control of the provider (such as due to a patient’s oral habits).

b) Prior authorization with current periapical and arch radiographs is required. Arch films are not required for crown authorizations if the Medi-Cal Dental Program has paid for root canal treatment on the same tooth within the last six months. Only a periapical radiograph of the completed root canal treatment is required.

c) A benefit for patients age 13 or older when a lesser service will not suffice because of extensive coronal destruction. The following criteria shall be met for prior authorization:
   i) Anterior teeth shall show traumatic or pathological destruction to the crown of the tooth, which involves at least one of the following:
      a) the involvement of four or more surfaces including at least one incisal angle. The facial or lingual surface shall not be considered involved for a mesial or proximal restoration unless the proximal restoration wraps around the tooth to at least the midline,
      b) the loss of an incisal angle which involves a minimum area of both half the incisal width and half the height of the anatomical crown,
   iv) an incisal angle is not involved but more than 50% of the anatomical crown is involved.
   v) Bicuspids (premolars) shall show traumatic or pathological destruction of the crown of the tooth, which involves three or more tooth surfaces including one cusp.
   vi) Molars shall show traumatic or pathological destruction of the crown of the tooth, which involves four or more tooth surfaces including two or more cusps.
   vii) Posterior crowns for patients age 21 or older are a benefit only when they act as an abutment for a removable partial denture with cast clasps or rests (D5213 and D5214) or for a fixed partial denture which meets current criteria.

d) Restorative services provided solely to replace tooth structure lost due to attrition, abrasion, erosion or for cosmetic purposes are not a benefit.

e) Laboratory crowns are not a benefit when the prognosis of the tooth is questionable due to non-restorability or periodontal involvement.

f) Laboratory processed crowns are not a benefit when the tooth can be restored with an amalgam or resin-based composite.

g) When a tooth has been restored with amalgam or resin-based composite restoration within 36 months, by the same provider, written documentation shall be submitted with the TAR justifying the medical necessity for the crown request. A current periapical radiograph dated after the restoration is required to demonstrate the medical necessity along with arch radiographs.

h) Tooth and soft tissue preparation, crown lengthening, cement bases, direct and indirect pulp capping, amalgam or acrylic buildups, pins (D2951), bonding agents, lining agents, impressions, temporary crowns,
occlusal adjustments (D9951), polishing, local anesthesia (D9210) and any other associated procedures are included in the fee for a completed laboratory processed crown.

i) Arch integrity and overall condition of the mouth, including the patient’s ability to maintain oral health, shall be considered for prior authorization, which shall be based upon a supportable 5 year prognosis for the teeth to be crowned.

j) Indirectly fabricated or prefabricated posts (D2952 and D2954) are a benefit when medically necessary for the retention of allowable laboratory processed crowns on root canal treated permanent teeth.

k) Partial payment will not be made for an undelivered laboratory processed crown. Payment shall be made only upon final cementation.
**PROCEDURE D2140**
AMALGAM - ONE SURFACE, PRIMARY OR PERMANENT

Primary teeth:
1. This procedure does not require prior authorization.
2. Radiographs for payment—refer to Restorative General Policies for specific requirements.
3. Requires a tooth code and surface code.
4. A benefit once in a 12-month period.

Permanent teeth:
1. This procedure does not require prior authorization.
2. Radiographs for payment—refer to Restorative General Policies for specific requirements.
3. Requires a tooth code and surface code.
4. A benefit once in a 36-month period.

PROCEDURE D2330
RESIN-BASED COMPOSITE - ONE SURFACE, ANTERIOR

Primary teeth:
1. This procedure does not require prior authorization.
2. Radiographs for payment—refer to Restorative General Policies for specific requirements.
3. Requires a tooth code and surface code.
4. A benefit once in a 12-month period.

Permanent teeth:
1. This procedure does not require prior authorization.
2. Radiographs for payment—refer to Restorative General Policies for specific requirements.
3. Requires a tooth code and surface code.
4. A benefit once in a 36-month period.
5. Each unique tooth surface is only payable once per tooth per date of service.

PROCEDURE D2150
AMALGAM - TWO SURFACES, PRIMARY OR PERMANENT

See the criteria under Procedure D2140.

PROCEDURE D2160
AMALGAM - THREE SURFACES, PRIMARY OR PERMANENT

See the criteria under Procedure D2140.

PROCEDURE D2161
AMALGAM - FOUR OR MORE SURFACES, PRIMARY OR PERMANENT

See the criteria under Procedure D2140.

PROCEDURE D2331
RESIN-BASED COMPOSITE - TWO SURFACES, ANTERIOR

Primary teeth:
1. This procedure does not require prior authorization.
2. Radiographs for payment—refer to Restorative General Policies for specific requirements.
3. Requires a tooth code and surface code.
4. A benefit once in a 12-month period.
5. Each unique tooth surface is only payable once per tooth per date of service.

PROCEDURE D2332
RESIN-BASED COMPOSITE - THREE SURFACES, ANTERIOR

See the criteria under Procedure D2331.

PROCEDURE D2335
RESIN-BASED COMPOSITE - FOUR OR MORE SURFACES OR INVOLVING INCISAL ANGLE (ANTERIOR)

See the criteria under Procedure D2331.

PROCEDURE D2390
RESIN-BASED COMPOSITE CROWN, ANTERIOR

Primary teeth:
1. This procedure does not require prior authorization.
2. Radiographs for payment—refer to Restorative General Policies for specific requirements.
3. Requires a tooth code.
4. At least four surfaces shall be involved.
5. A benefit once in a 12-month period.
Permanent teeth:
1. This procedure does not require prior authorization.
2. Radiographs for payment—refer to Restorative General Policies for specific requirements.
3. Requires a tooth code.
4. At least four surfaces shall be involved.
5. A benefit once in a 36-month period.

PROCEDURE D2391
RESIN-BASED COMPOSITE - ONE SURFACE, POSTERIOR

Primary teeth:
1. This procedure does not require prior authorization.
2. Radiographs for payment—refer to Restorative General Policies for specific requirements.
3. Requires a tooth code and surface code.
4. A benefit once in a 12-month period.

Permanent teeth:
1. This procedure does not require prior authorization.
2. Radiographs for payment—refer to Restorative General Policies for specific requirements.
3. Requires a tooth code and surface code.
4. A benefit once in a 36-month period.

PROCEDURE D2392
RESIN-BASED COMPOSITE - TWO SURFACES, POSTERIOR

See the criteria under Procedure D2391.

PROCEDURE D2393
RESIN-BASED COMPOSITE - THREE SURFACES, POSTERIOR

See the criteria under Procedure D2391.

PROCEDURE D2394
RESIN-BASED COMPOSITE - FOUR OR MORE SURFACES, POSTERIOR

See the criteria under Procedure D2391.

PROCEDURE D2410
GOLD FOIL - ONE SURFACE

This procedure is not a benefit.

PROCEDURE D2420
GOLD FOIL - TWO SURFACES

This procedure is not a benefit.

PROCEDURE D2430
GOLD FOIL - THREE SURFACES

This procedure is not a benefit.

ONLAY - RESIN-BASED COMPOSITE - FOUR OR MORE SURFACES

This procedure is not a benefit.

PROCEDURE D2710
CROWN – RESIN-BASED COMPOSITE (INDIRECT)

Permanent anterior teeth (age 13 or older) and permanent posterior teeth (ages 13 through 20):
1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs.
3. Requires a tooth code.
4. A benefit:
   a. once in a five-year period.
   b. for any resin based composite crown that is indirectly fabricated.
5. Not a benefit:
   a. for patients under the age of 13.
   b. for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for an existing removable partial denture with cast clasps or rests.
6. for use as a temporary crown.

PROCEDURE D2712
CROWN – 3/4 RESIN-BASED COMPOSITE (INDIRECT)

Permanent anterior teeth (age 13 or older) and permanent posterior teeth (ages 13 through 20):
1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs.
3. Requires a tooth code.
4. A benefit:
   a. once in a five-year period.
   b. for any resin based composite crown that is indirectly fabricated.
   c. only for the treatment of posterior teeth acting as an abutment for an existing removable partial denture with cast clasps or rests (D5213 and D5214), or when the treatment plan includes an abutment crown and removable partial denture (D5213 or D5214). Both shall be submitted on the same TAR for prior authorization.
5. Not a benefit:
   a. for 3rd molars, unless the 3rd molar is an abutment for an existing removable partial denture with cast clasps or rests.
   b. for use as a temporary crown.
   c. for use as a temporary crown.
Permanent posterior teeth (age 21 or older):

1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs.
3. Photographs for prior authorization – a photograph shall be submitted when there is an existing removable partial denture and the cast clasp or rest is not evident on a radiograph.
4. Requires a tooth code.
5. A benefit:
   a. once in a five-year period.
   b. for any resin based composite crown that is indirectly fabricated.
   c. only for the treatment of posterior teeth acting as an abutment for an existing removable partial denture with cast clasps or rests (D5213 and D5214), or
   d. when the treatment plan includes an abutment crown and removable partial denture (D5213 or D5214). Both shall be submitted on the same TAR for prior authorization.
6. Not a benefit:
   a. for 3rd molars, unless the 3rd molar is an abutment for an existing removable partial denture with cast clasps or rests.

PROCEDURE D2720
CROWN - RESIN WITH HIGH NOBLE METAL

This procedure is not a benefit.

PROCEDURE D2721
CROWN - RESIN WITH PREDOMINANTLY BASE METAL

Permanent anterior teeth (age 13 or older) and permanent posterior teeth (ages 13 through 20):

1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs.
3. Requires a tooth code.
4. A benefit once in a five-year period.
5. Not a benefit:
   a. for patients under the age of 13.
   b. for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for an existing removable partial denture with cast clasps or rests.

Permanent posterior teeth (age 21 or older):

1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs.
3. Photographs for prior authorization - a photograph shall be submitted when there is an existing removable partial denture and the cast clasps or rest is not evident on a radiograph.
4. Requires a tooth code.
5. A benefit:
   a. once in a five-year period.
   b. only for the treatment of posterior teeth acting as an abutment for an existing removable partial denture with cast clasps or rests (D5213 and D5214), or
   c. when the treatment plan includes an abutment crown and removable partial denture (D5213 or D5214). Both shall be submitted on the same TAR for prior authorization.

6. Not a benefit for 3rd molars, unless the 3rd molar is an abutment for an existing removable partial denture with cast clasps or rests.

PROCEDURE D2722
CROWN - RESIN WITH NOBLE METAL

This procedure is not a benefit.

PROCEDURE D2740
CROWN - PORCELAIN/CERAMIC SUBSTRATE

Permanent anterior teeth (age 13 or older) and permanent posterior teeth (ages 13 through 20):

1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs.
3. Requires a tooth code.
4. A benefit once in a five-year period.
5. Not a benefit:
   a. for patients under the age of 13.
   b. for 3rd molars, unless the 3rd molar occupies the
1st or 2nd molar position or is an abutment for an existing removable partial denture with cast clasps or rests.

Permanent posterior teeth (age 21 or older):

1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs.
3. Photographs for prior authorization - a photograph shall be submitted when there is an existing removable partial denture and the cast clasps or rest is not evident on a radiograph.
4. Requires a tooth code.
5. A benefit:
   a. once in a five-year period.
   b. only for the treatment of posterior teeth acting as an abutment for an existing removable partial denture with cast clasps or rests (D5213 and D5214), or
   c. when the treatment plan includes an abutment crown and removable partial denture (D5213 or D5214). Both shall be submitted on the same TAR for prior authorization.
6. Not a benefit for 3rd molars, unless the 3rd molar is an abutment for an existing removable partial denture with cast clasps or rests.

PROCEDURE D2750
CROWN - PORCELAIN FUSED TO HIGH NOBLE METAL

This procedure is not a benefit.

PROCEDURE D2751
CROWN - PORCELAIN FUSED TO PREDOMINANTLY BASE METAL

Permanent anterior teeth (age 13 or older) and permanent posterior teeth (ages 13 through 20):

1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs.
3. Requires a tooth code.
4. A benefit once in a five-year period.
5. Not a benefit:
   a. for beneficiaries under the age of 13.
   b. for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for an existing removable partial denture with cast clasps or rests.
6. Not a benefit for 3rd molars, unless the 3rd molar is an abutment for an existing removable partial denture with cast clasps or rests.

PROCEDURE D2752
CROWN - PORCELAIN FUSED TO NOBLE METAL

This procedure is not a benefit.

PROCEDURE D2780
CROWN - 3/4 CAST HIGH NOBLE METAL

This procedure is not a benefit.

PROCEDURE D2781
CROWN - 3/4 CAST PREDOMINANTLY BASE METAL

Permanent anterior teeth (age 13 or older) and permanent posterior teeth (ages 13 through 20):

1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs.
3. Requires a tooth code.
4. A benefit:
4. A benefit once in a five-year period.

5. Not a benefit:
   a. for patients under the age of 13.
   b. for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for an existing removable partial denture with cast clasps or rests.

Permanent posterior teeth (age 21 or older):
1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs.
3. Photographs for prior authorization - a photograph shall be submitted when there is an existing removable partial denture and the cast clasps or rest is not evident on a radiograph.
4. Requires a tooth code.
5. A benefit:
   a. once in a five-year period.
   b. only for the treatment of posterior teeth acting as an abutment for an existing removable partial denture with cast clasps or rests (D5213 and D5214), or
   c. when the treatment plan includes an abutment crown and removable partial denture (D5213 or D5214). Both shall be submitted on the same TAR for prior authorization.
6. Not a benefit for 3rd molars, unless the 3rd molar is an abutment for an existing removable partial denture with cast clasps or rests.

PROCEDURE D2782
CROWN - 3/4 CAST NOBLE METAL
   This procedure is not a benefit.

PROCEDURE D2783
CROWN - 3/4 PORCELAIN / CERAMIC

Permanent anterior teeth (age 13 or older) and permanent posterior teeth (ages 13 through 20):
1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs.
3. Requires a tooth code.
4. A benefit once in a five-year period.
5. Not a benefit:
   a. for patients under the age of 13.
   b. for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for an existing removable partial denture with cast clasps or rests.

PROCEDURE D2790
CROWN - FULL CAST HIGH NOBLE METAL
   This procedure is not a benefit.

PROCEDURE D2791
CROWN - FULL CAST PREDOMINANTLY BASE METAL

Permanent posterior teeth (age 21 or older):
1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs.
3. Photographs for prior authorization - a photograph shall be submitted when there is an existing removable partial denture and the cast clasps or rest is not evident on a radiograph.
4. Requires a tooth code.
5. Not a benefit:
   a. for patients under the age of 13.
b. for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for an existing removable partial denture with cast clasps or rests.

Permanent posterior teeth (age 21 or older):

1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs.
3. Photographs for prior authorization - a photograph shall be submitted when there is an existing removable partial denture and the cast clasps or rest is not evident on a radiograph.
4. Requires a tooth code.
5. A benefit: 
   a. once in a five-year period.
   b. only for the treatment of posterior teeth acting as an abutment for an existing removable partial denture with cast clasps or rests (D5213 and D5214), or
   c. when the treatment plan includes an abutment crown and removable partial denture (D5213 or D5214). Both shall be submitted on the same TAR for prior authorization.
6. Not a benefit for 3rd molars, unless the 3rd molar is an abutment for an existing removable partial denture with cast clasps or rests.

**PROCEDURE D2792**
CROWN - FULL CAST NOBLE METAL

This procedure is not a benefit.

**PROCEDURE D2794**
CROWN - TITANIUM

This procedure is not a benefit.

**PROCEDURE D2799**
PROVISIONAL CROWN - FURTHER TREATMENT OR COMPLETION OF DIAGNOSIS NECESSARY PRIOR TO FINAL IMPRESSION

This procedure is not a benefit.

**PROCEDURE D2910**
RECEMENT INLAY, ONLAY, OR PARTIAL COVERAGE RESTORATION

1. This procedure does not require prior authorization.
2. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.
3. Requires a tooth code.
4. The original provider is responsible for all recementations within the first 12 months following the initial placement of prefabricated or laboratory processed crowns.
5. Not a benefit within 12 months of a previous recementation by the same provider.

**PROCEDURE D2920**
RECEMENT CROWN

1. This procedure does not require prior authorization.
2. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.
3. Requires a tooth code.
4. Requires a tooth code.
5. A benefit once in a 12-month period.

**PROCEDURE D2925**
RECEMENT CAST OR PREFABRICATED POST AND CORE

This procedure is to be performed in conjunction with the recementation of an existing crown or of a new crown and is not payable separately.

**PROCEDURE D2929**
PREFABRICATED PORCELAIN/CERAMIC CROWN - PRIMARY TOOTH

1. This procedure does not require prior authorization.
2. Radiographs for payment - submit pre-operative radiographs. Refer to Restorative General Policies for specific requirements.
3. Requires a tooth code.
4. A benefit once in a 12-month period.

**PROCEDURE D2930**
PREFABRICATED STAINLESS STEEL CROWN - PRIMARY TOOTH

1. This procedure does not require prior authorization.
2. Radiographs for payment - submit pre-operative radiographs. Refer to Restorative General Policies for specific requirements.
3. Requires a tooth code.
4. A benefit once in a 12-month period.

PROCEDURE D2931
PREFABRICATED STAINLESS STEEL CROWN - PERMANENT TOOTH
1. This procedure does not require prior authorization.
2. Radiographs for payment - submit arch and pre-operative periapical radiographs. Refer to Restorative General Policies for specific requirements.
3. Requires a tooth code.
4. A benefit once in a 36-month period.
5. Not a benefit for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position.

PROCEDURE D2932
PREFABRICATED RESIN CROWN
Primary teeth:
1. This procedure does not require prior authorization.
2. Radiographs for payment - submit pre-operative radiographs. Refer to Restorative General Policies for specific requirements.
3. Requires a tooth code.
4. A benefit once in a 12-month period.

Permanent teeth:
1. This procedure does not require prior authorization.
2. Radiographs for payment - submit arch and pre-operative periapical radiographs. Refer to Restorative General Policies for specific requirements.
3. Requires a tooth code.
4. A benefit once in a 36-month period.
5. Not a benefit for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position.

PROCEDURE D2933
PREFABRICATED STAINLESS STEEL CROWN WITH RESIN WINDOW
Primary teeth:
1. This procedure does not require prior authorization.
2. Radiographs for payment - submit pre-operative radiographs. Refer to Restorative General Policies for specific requirements.
3. Requires a tooth code.
4. A benefit once in a 12-month period.
5. This procedure includes the placement of a resin-based composite.

Permanent teeth:
1. This procedure does not require prior authorization.
2. Radiographs for payment - submit arch and pre-operative periapical radiographs. Refer to Restorative General Policies for specific requirements.
3. Requires a tooth code.
4. A benefit once in a 36-month period.
5. Not a benefit for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position.
6. This procedure includes the placement of a resin-based composite.

PROCEDURE D2934
PREFABRICATED ESTHETIC COATED STAINLESS STEEL CROWN - PRIMARY TOOTH
This procedure is not a benefit.

PROCEDURE D2940
PROTECTIVE RESTORATION
1. This procedure cannot be prior authorized.
2. Radiographs for payment - submit pre-operative radiographs. Refer to Restorative General Policies for specific requirements.
3. Requires a tooth code.
4. A benefit once per tooth in a six-month period, per provider.
5. Not a benefit: a. when performed on the same date of service with a permanent restoration or crown, for same tooth.
   b. on root canal treated teeth.
6. This procedure is for a temporary restoration and is not to be used as a base or liner under a restoration.

PROCEDURE D2950
CORE BUILDUP, INCLUDING ANY PINS
This procedure is included in the fee for restorative procedures and is not payable separately.

PROCEDURE D2951
PIN RETENTION - PER TOOTH, IN ADDITION TO RESTORATION
1. This procedure does not require prior authorization.
2. Radiographs for payment - submit pre-operative radiographs.
3. Requires a tooth code.
4. A benefit:
   a. for permanent teeth only.
   b. when billed with an amalgam or composite
restoration on the same date of service.
c. once per tooth regardless of the number of pins placed.
d. for a posterior restoration when the destruction involves three or more connected surfaces and at least one cusp, or
e. for an anterior restoration when extensive coronal destruction involves the incisal angle.

PROCEDURE D2952
POST AND CORE IN ADDITION TO CROWN, INDIRECTLY FABRICATED

1. This procedure does not require prior authorization.
2. Radiographs for payment - submit arch and periapical radiographs.
3. Requires a tooth code.
4. A benefit:
   a. once per tooth regardless of number of posts placed.
   b. only in conjunction with allowable crowns (prefabricated or laboratory processed) on root canal treated permanent teeth.
5. This procedure shall be submitted on the same claim/TAR as the crown request.

PROCEDURE D2955
POST REMOVAL

This procedure is included in the fee for endodontic and restorative procedures and is not payable separately.

PROCEDURE D2954
PREFABRICATED POST AND CORE IN ADDITION TO CROWN

1. This procedure does not require prior authorization.
2. Radiographs for payment - submit arch and periapical radiographs.
3. Requires a tooth code.
4. A benefit:
   a. once per tooth regardless of number of posts placed.
   b. only in conjunction with allowable crowns (prefabricated or laboratory processed) on root canal treated permanent teeth.
5. This procedure shall be submitted on the same claim/TAR as the crown request.

PROCEDURE D2957
EACH ADDITIONAL PREFABRICATED POST - SAME TOOTH

This procedure is to be performed in conjunction with D2954 and is not payable separately.

PROCEDURE D2961
LABIAL VENEER (RESIN LAMINATE) - LABORATORY

This procedure is not a benefit.

PROCEDURE D2962
LABIAL VENEER (PORCELAIN LAMINATE) - LABORATORY

This procedure is not a benefit.

PROCEDURE D2965
TEMPORARY CROWN (FRACTURED TOOTH)

1. This procedure cannot be prior authorized.
2. Radiographs for payment - submit a pre-operative periapical radiograph.
3. Written documentation for payment - shall include a description of the circumstances leading to the traumatic injury.
4. Requires a tooth code.
5. A benefit:
   a. once per tooth, per provider.
   b. for permanent teeth only.
6. Not a benefit on the same date of service as:
   a. palliative (emergency) treatment of dental pain - minor procedure (D9110).
   b. office visit for observation (during regularly scheduled hours) - no other services performed (D9430).
7. This procedure is limited to the palliative treatment of traumatic injury only and shall meet the criteria for a laboratory processed crown (D2710-D2792).

PROCEDURE D2960
LABIAL VENEER (RESIN LAMINATE) – CHAIRSIDE

This procedure is not a benefit.
PROCEDURE D2971
ADDITIONAL PROCEDURES TO CONSTRUCT NEW CROWN UNDER EXISTING PARTIAL DENTURE FRAMEWORK
This procedure is included in the fee for laboratory processed crowns and is not payable separately.

PROCEDURE D2975
COPING
This procedure is not a benefit.

PROCEDURE D2980
CROWN REPAIR NECESSITATED BY RESTORATIVE MATERIAL FAILURE
1. This procedure does not require prior authorization.
2. Radiographs for payment - submit a pre-operative periapical radiograph.
3. Photographs for payment - submit a pre-operative photograph.
4. Written documentation for payment - describe the specific conditions addressed by the procedure (such as broken porcelain).
5. Requires a tooth code.
6. A benefit for laboratory processed crowns on permanent teeth.
7. Not a benefit within 12 months of initial crown placement or previous repair for the same provider.

PROCEDURE D2981
INLAY REPAIR NECESSITATED BY RESTORATIVE MATERIAL FAILURE
This procedure is not a benefit.

PROCEDURE D2982
ONLAY REPAIR NECESSITATED BY RESTORATIVE MATERIAL FAILURE
This procedure is not a benefit.

PROCEDURE D2983
 VENEER REPAIR NECESSITATED BY RESTORATIVE MATERIAL FAILURE
This procedure is not a benefit.

PROCEDURE D2985
RESIN INFILTRATION OF INCipient SMOOTH SURFACE LESIONS
This procedure is not a benefit.

PROCEDURE D2999
UNSPECIFIED RESTORATIVE PROCEDURE, BY REPORT
1. This procedure does not require prior authorization.
2. Radiographs for payment - submit radiographs as applicable for the type of procedure.
3. Photographs for payment - submit photographs as applicable for the type of procedure.
4. Written documentation for payment – shall describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the proposed or actual treatment.
5. Requires a tooth code.
6. D2999 shall be used:
   a. for a procedure which is not adequately described by a CDT code, or
   b. for a procedure that has a CDT code that is not a benefit but the patient

has an exceptional medical condition to justify the medical necessity. Documentation shall include the medical condition and the specific CDT code associated with the treatment.
Endodontic General Policies (D3000-D3999)

a) Prior authorization with current periapical radiographs is required for initial root canal therapy (D3310, D3320 and D3330), root canal retreatment (D3346, D3347 and D3348), partial pulpotomy for apexogenesis (D3222), apexification/recalcification (D3351) and apicoectomy/periradicular surgery (D3410, D3421, D3425 and D3426) on permanent teeth.

b) Prior authorization for root canal therapy (D3310, D3320 and D3330) is not required when it is documented on a claim for payment that the permanent tooth has been accidentally avulsed or there has been a fracture of the crown exposing vital pulpal tissue. Preoperative radiographs (arch and periapicals) shall be submitted for payment.

c) Root canal therapy (D3310, D3320, D3330, D3346, D3347 and D3348) is a benefit for permanent teeth and over-retained primary teeth with no permanent successor, if medically necessary. It is medically necessary when the tooth is non-vital (due to necrosis, gangrene or death of the pulp) or if the pulp has been compromised by caries, trauma or accident that may lead to the death of the pulp.

d) The prognosis of the affected tooth and other remaining teeth shall be evaluated in considering endodontic procedures for prior authorization and payment. Endodontic procedures are not a benefit when the prognosis of the tooth is questionable (due to non-restorability or periodontal involvement).

e) Endodontic procedures are not a benefit when extraction is appropriate for a tooth due to non-restorability, periodontal involvement or for a tooth that is easily replaced by an addition to an existing or proposed prosthesis in the same arch.

f) Endodontic procedures are not a benefit for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar positions or is an abutment for an existing fixed or removable partial denture with cast clasps or rests.

g) The fee for endodontic procedures includes all treatment and post treatment radiographs, any temporary restorations and/or occlusal seals, medicated treatments, bacteriologic studies, pulp vitality tests, removal of root canal obstructions (such as posts, silver points, old root canal filling material, broken root canal files and broaches and calcifications), internal root repairs of perforation defects and routine postoperative care within 30 days.

h) Endodontic procedures shall be completed prior to payment. The date of service on the payment request shall reflect the final treatment date. A post treatment radiograph is not required for payment.

i) Satisfactory completion of endodontic procedures is required prior to requesting the final restoration.
**PROCEDURE D3110**  
**PULP CAP - DIRECT (EXCLUDING FINAL RESTORATION)**  
This procedure is included in the fees for restorative and endodontic procedures and is not payable separately.

**PROCEDURE D3120**  
**PULP CAP - INDIRECT (EXCLUDING FINAL RESTORATION)**  
This procedure is included in the fees for restorative and endodontic procedures and is not payable separately.

**PROCEDURE D3220**  
**THERAPEUTIC PULPOTOMY (EXCLUDING FINAL RESTORATION) - REMOVAL OF PULP CORONAL TO THE DENTINOCEMENTAL JUNCTION AND APPLICATION OF MEDICAMENT**  
1. This procedure does not require prior authorization.  
2. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.  
3. Requires a tooth code.  
4. A benefit:  
   a. for permanent teeth.  
   b. for over-retained primary teeth with no permanent successor.  
   c. once per tooth.  
5. Not a benefit:  
   a. for primary teeth.  
   b. for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for an existing fixed partial denture or removable partial denture with cast clasps or rests.  
   c. on the same date of service as any other endodontic procedures for the same tooth.  
6. This procedure is for vital teeth only.

**PROCEDURE D3221**  
**PULPAL DEBRIDEMENT, PRIMARY AND PERMANENT TEETH**  
1. This procedure does not require prior authorization.  
2. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.  
3. Requires a tooth code.  
4. A benefit:  
   a. once per permanent tooth.  
   b. for patients under the age of 21.  
5. Not a benefit:  
   a. for primary teeth.  
   b. for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for an existing fixed partial denture or removable partial denture with cast clasps or rests.  
6. This procedure is for the relief of acute pain prior to conventional root canal therapy and is not a benefit for root canal therapy visits. Subsequent emergency visits, if medically necessary, shall be billed as palliative (emergency) treatment of dental pain minor procedure (D9110).

**PROCEDURE D3222**  
**PARTIAL PULPOTOMY FOR APEXOGENESIS - PERMANENT TOOTH WITH INCOMPLETE ROOT DEVELOPMENT**  
1. Prior authorization is required.  
2. Radiographs for prior authorization - submit periapical radiographs.  
3. Requires a tooth code.  
4. A benefit:  
   a. once per permanent tooth.  
   b. for patients under the age of 21.  
5. Not a benefit:  
   a. for primary teeth.  
   b. for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for an existing fixed partial denture or removable partial denture with cast clasps or rests.  
6. This procedure is for vital teeth only.

**PROCEDURE D3230**  
**PULPAL THERAPY (RESORBABLE FILLING) - ANTERIOR, PRIMARY TOOTH (EXCLUDING FINAL RESTORATION)**  
1. This procedure does not require prior authorization.  
2. Submission of radiographs, photographs or written documentation demonstrating medical
necessity is not required for payment.
3. Requires a tooth code.
4. A benefit once per primary tooth.
5. Not a benefit:
   a. for a primary tooth near exfoliation.
   b. with a therapeutic pulpotomy (excluding final restoration) (D3220), same date of service, same tooth.
   c. with pulpal debridement, primary and permanent teeth (D3221), same date of service, same tooth.

**PROCEDURE D3240**
PULPAL THERAPY (RESORBABLE FILLING) - POSTERIOR, PRIMARY TOOTH (EXCLUDING FINAL RESTORATION)

1. This procedure does not require prior authorization.
2. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.
3. Requires a tooth code.
4. A benefit once per primary tooth.
5. Not a benefit:
   a. for a primary tooth near exfoliation.
   b. with a therapeutic pulpotomy (excluding final restoration) (D3220), same date of service, same tooth.
   c. with pulpal debridement, primary and permanent teeth (D3221), same date of service, same tooth.

**PROCEDURE D3310**
ENDODONTIC THERAPY, ANTERIOR TOOTH (EXCLUDING FINAL RESTORATION)

1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs.
3. Requires a tooth code.
4. A benefit once per tooth for initial root canal therapy treatment. For root canal therapy retreatment use retreatment of previous root canal therapy-anterior (D3346).
5. The fee for this procedure includes all treatment and post treatment radiographs, any temporary restoration and/or occlusal seal.

**PROCEDURE D3320**
ENDODONTIC THERAPY, BICUSPID TOOTH (EXCLUDING FINAL RESTORATION)

1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs.
3. Requires a tooth code.
4. A benefit once per tooth for initial root canal therapy treatment. For root canal therapy retreatment use retreatment of previous root canal therapy-bicuspid (D3347).
5. The fee for this procedure includes all treatment and post treatment radiographs, any temporary restoration and/or occlusal seal.

**PROCEDURE D3330**
ENDODONTIC THERAPY, MOLAR TOOTH (EXCLUDING FINAL RESTORATION)

1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs.
3. Requires a tooth code.
4. A benefit once per tooth for initial root canal therapy treatment. For root canal therapy retreatment use retreatment of previous root canal therapy-molar (D3348).
5. Not a benefit for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for an existing fixed partial denture or removable partial denture with cast clasps or rests.
6. The fee for this procedure includes all treatment and post treatment radiographs, any temporary restoration and/or occlusal seal.

**PROCEDURE D3331**
TREATMENT OF ROOT CANAL OBSTRUCTION; NON-SURGICAL ACCESS

This procedure is to be performed in conjunction with endodontic procedures and is not payable separately.

**PROCEDURE D3332**
INCOMPLETE ENDODONTIC THERAPY; INOPERABLE, UNRESTORABLE OR FRACTURED TOOTH

Endodontic treatment is only payable upon successful completion of endodontic therapy.
PROCEDURE D3333
INTERNAL ROOT REPAIR OF PERFORATION DEFECTS

This procedure is to be performed in conjunction with endodontic procedures and is not payable separately.

PROCEDURE D3346
RETREATMENT OF PREVIOUS ROOT CANAL THERAPY - ANTERIOR
1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs demonstrating the medical necessity for retreatment.
3. Written documentation for prior authorization - if the medical necessity is not evident on the radiographs, documentation shall include the rationale for retreatment.
4. Requires a tooth code.
5. Not a benefit to the original provider within 12 months of initial treatment.
6. The fee for this procedure includes all treatment and post treatment radiographs, any temporary restoration and/or occlusal seal.

PROCEDURE D3347
RETREATMENT OF PREVIOUS ROOT CANAL THERAPY - BICUSPID
1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs demonstrating the medical necessity for retreatment.
3. Written documentation for prior authorization - if the medical necessity is not evident on the radiographs, documentation shall include the rationale for retreatment.
4. Requires a tooth code.
5. Not a benefit to the original provider within 12 months of initial treatment.

PROCEDURE D3348
RETREATMENT OF PREVIOUS ROOT CANAL THERAPY - MOLAR
1. Prior authorization is required.
2. Radiographs for prior authorization - submit arch and periapical radiographs demonstrating the medical necessity for retreatment.
3. Written documentation for prior authorization - if the medical necessity is not evident on the radiographs, documentation shall include the rationale for retreatment.
4. Requires a tooth code.
5. Not a benefit:
   a. once per permanent tooth.
   b. for patients under the age of 21.
6. Not a benefit:
   a. for primary teeth.
   b. for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for an existing fixed partial denture or removable partial denture with cast clasps or rests.
   c. on the same date of service as any other endodontic procedures for the same tooth.
7. This procedure includes initial opening of the tooth, performing a pulpectomy, preparation of canal spaces, placement of medications and all treatment and post treatment radiographs.
8. If an interim medication replacement is necessary, use apexification/recalcification-interim medication replacement (apical closure/calcific repair of

PROCEDURE D3351
APEXIFICATION/RECALCIFICATION/PULPAL REGENERATION - INITIAL VISIT (APICAL CLOSURE/CALCIFIC REPAIR OF PERFORATIONS, ROOT RESORPTION, PULP SPACE DISINFECTION ETC.)
1. Prior authorization is required.
2. Radiographs for prior authorization - submit periapical radiographs.
3. Requires a tooth code.
4. A benefit:
   a. once per permanent tooth.
   b. for patients under the age of 21.
5. Not a benefit:
   a. for primary teeth.
   b. for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for an existing fixed partial denture or removable partial denture with cast clasps or rests.
   c. on the same date of service as any other endodontic procedures for the same tooth.
6. This procedure includes initial opening of the tooth, performing a pulpectomy, preparation of canal spaces, placement of medications and all treatment and post treatment radiographs.
7. If an interim medication replacement is necessary, use apexification/recalcification-interim medication replacement (apical closure/calcific repair of
perforations, root resorption, etc.) (D3352).

8. Upon completion of apexification/recalcification, prior authorization for the final root canal therapy shall be submitted along with the post-treatment radiograph to demonstrate sufficient apical formation.

PROCEDURE D3352
APEXIFICATION/ RECALCIFICATION/PULPAL REGENERATION - INTERIM MEDICATION REPLACEMENT

1. Prior authorization is required for D3351, which shall be completed before D3352 is payable.

2. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.

3. Requires a tooth code.

4. A benefit:
   a. only following apexification/recalcification initial visit (apical closure/calcific repair of perforations, root resorption, etc.) (D3351).
   b. once per permanent tooth.
   c. for patients under the age of 21.

5. Not a benefit:
   a. for primary teeth.
   b. for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for an existing fixed partial denture or removable partial denture with cast clasps or rests.
   c. on the same date of service as any other endodontic procedures for the same tooth.

6. This procedure includes reopening the tooth, placement of medications and all treatment and post treatment radiographs.

7. Upon completion of apexification/recalcification, prior authorization for the final root canal therapy shall be submitted along with the post treatment radiograph to demonstrate sufficient apical formation.

PROCEDURE D3353
APEXIFICATION/ RECALCIFICATION - FINAL VISIT (INCLUDES COMPLETED ROOT CANAL THERAPY - APICAL CLOSURE/CALCIFIC REPAIR OF PERFORATIONS, ROOT RESORPTION, ETC.)

This procedure is not a benefit. Upon completion of apexification/recalcification, prior authorization for the final root canal therapy shall be submitted along with the post treatment radiograph to demonstrate sufficient apical formation.

PROCEDURE D3354
PULPAL REGENERATION - (COMPLETION OF REGENERATIVE TREATMENT IN AN IMMATURE PERMANENT TOOTH WITH A NECROTIC PULP); DOES NOT INCLUDE FINAL RESTORATION

This procedure is not a benefit.

PROCEDURE D3410
APICOECTOMY/ PERIRADICULAR SURGERY - ANTERIOR

1. Prior authorization is required.

2. Radiographs for prior authorization - submit arch and periapical radiographs demonstrating the medical necessity.

3. Written documentation for prior authorization - if the medical necessity is not evident on the radiographs, documentation shall include the rationale for treatment.

4. Requires a tooth code.

5. A benefit for permanent anterior teeth only.

6. Not a benefit:
   a. to the original provider within 90 days of root canal therapy except when a medical necessity is documented.
   b. to the original provider within 24 months of a prior apicoectomy/periradicular surgery.

7. The fee for this procedure includes the placement of retrograde filling material and all treatment and post treatment radiographs.

PROCEDURE D3421
APICOECTOMY/ PERIRADICULAR SURGERY - BICUSPID (FIRST ROOT)

1. Prior authorization is required.

2. Radiographs for prior authorization - submit arch and periapical radiographs demonstrating the medical necessity.

3. Written documentation for prior authorization - if the
medical necessity is not evident on the radiographs, documentation shall include the rationale and the identity of the root that requires treatment.

4. Requires a tooth code.

5. A benefit for permanent bicuspids teeth only.

6. Not a benefit:
   a. to the original provider within 90 days of root canal therapy except when a medical necessity is documented.
   b. to the original provider within 24 months of a prior apicoectomy/periapical surgery, same root.
   c. for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for an existing fixed partial denture or removable partial denture with cast clasps or rests.

7. The fee for this procedure includes the placement of retrograde filling material and all treatment and post treatment radiographs.

8. If more than one root is treated, use apicoectomy/periapical surgery - each additional root (D3426).

PROCEDURE D3425
APICOECTOMY/ PERIRADICULAR SURGERY - MOLAR (FIRST ROOT)

1. Prior authorization is required.

2. Radiographs for prior authorization - submit arch and periapical radiographs demonstrating the medical necessity.

3. Written documentation for prior authorization - if the medical necessity is not evident on the radiographs, documentation shall include the rationale and the identity of the root that requires treatment.

4. Requires a tooth code.

5. A benefit for permanent 1st and 2nd molar teeth only.

6. Not a benefit:
   a. to the original provider within 90 days of root canal therapy except when a medical necessity is documented.
   b. to the original provider within 24 months of a prior apicoectomy/periapical surgery, same root.
   c. for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for an existing fixed partial denture or removable partial denture with cast clasps or rests.

7. The fee for this procedure includes the placement of retrograde filling material and all treatment and post treatment radiographs.

8. If more than one root is treated, use apicoectomy/periapical surgery - each additional root (D3426).

PROCEDURE D3426
APICOECTOMY/ PERIRADICULAR SURGERY (EACH ADDITIONAL ROOT)

1. Prior authorization is required.

2. Radiographs for prior authorization - submit arch and periapical radiographs demonstrating the medical necessity.

3. Written documentation for prior authorization - if the medical necessity is not evident on the radiographs, documentation shall include the rationale and the identity of the root that requires treatment.

4. Requires a tooth code.

5. A benefit for permanent teeth only.

6. Not a benefit:
   a. to the original provider within 90 days of root canal therapy except when a medical necessity is documented.
   b. to the original provider within 24 months of a prior apicoectomy/periapical surgery, same root.
   c. for 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for an existing fixed partial denture or removable partial denture with cast clasps or rests.

7. Only payable the same date of service as procedures D3421 or D3425.

8. The fee for this procedure includes the placement of retrograde filling material and all treatment and post treatment radiographs.

PROCEDURE D3430
RETROGRADE FILLING - PER ROOT

This procedure is to be performed in conjunction with endodontic procedures and is not payable separately.

PROCEDURE D3450
ROOT AMPUTATION – PER ROOT

This procedure is not a benefit.
PROCEDURE D3460
ENODONTIC ENDOSEOUS IMPLANT
  This procedure is not a benefit.

PROCEDURE D3470
INTENTIONAL REIMPLANTATION (INCLUDING NECESSARY SPLINTING)
  This procedure is not a benefit.

PROCEDURE D3910
SURGICAL PROCEDURE FOR ISOLATION OF TOOTH WITH RUBBER DAM
  This procedure is included in the fees for restorative and endodontic procedures and is not payable separately.

PROCEDURE D3920
HEMISECTION (INCLUDING ANY ROOT REMOVAL), NOT INCLUDING ROOT CANAL THERAPY
  This procedure is not a benefit.

PROCEDURE D3950
CANAL PREPARATION AND FITTING OF PREFORMED DOWEL OR POST
  This procedure is not a benefit.

PROCEDURE D3999
UNSPECIFIED ENODONTIC PROCEDURE, BY REPORT

1. This procedure does not require prior authorization.
2. Radiographs for payment - submit arch and pre-operative periapical radiographs as applicable for the type of procedure.

3. Photographs for payment - submit as applicable for the type of procedure.
4. Written documentation for payment – shall describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the actual treatment.
5. Requires a tooth code.
6. Procedure D3999 shall be used:
   a. for a procedure which is not adequately described by a CDT code, or
   b. for a procedure that has a CDT code that is not a benefit but the patient has an exceptional medical condition to justify the medical necessity.

Documentation shall include the medical condition and the specific CDT code associated with the treatment.
Periodontal General Policies (D4000-D4999)

a) Periodontal procedures shall be a benefit for patients age 13 or older. Periodontal procedures shall be considered for patients under the age of 13 when unusual circumstances exist such as aggressive periodontitis and drug-induced hyperplasia and the medical necessity has been fully documented on the TAR.

b) Prior authorization is required for all periodontal procedures except for unscheduled dressing change (by someone other than the treating dentist) (D4290) and periodontal maintenance (D4910).

c) Current periapical radiographs of the involved areas and bitewing radiographs are required for periodontal scaling and root planing (D4341 and D4342) and osseous surgery (D4260 and D4261) for prior authorizations. A panoramic radiographic image alone is non-diagnostic for periodontal procedures.

d) Photographs are required for gingivectomy or gingivoplasty (D4210 and D4211) for prior authorizations.

e) Only teeth that qualify as diseased are to be considered in the count for the number of teeth to be treated in a particular quadrant. A qualifying tooth shall have a significant amount of bone loss, presence of calculus deposits, be restorable and have arch integrity and shall meet Medi-Cal Dental Program criteria for the requested procedure. Qualifying teeth include implants. Teeth shall not be counted as qualifying when they are indicated to be extracted. Full or partial quadrants are defined as follows:
   i) a full quadrant is considered to have four or more qualifying diseased teeth,
   ii) a partial quadrant is considered to have one, two, or three diseased teeth,
   iii) third molars shall not be counted unless the third molar occupies the first or second molar position or is an abutment for an existing fixed or removable partial denture with cast clasps or rests.

f) Tooth bounded spaces shall only be counted in conjunction with osseous surgeries (D4260 and D4261) that require a surgical flap. Each tooth bounded space shall only count as one tooth space regardless of the number of missing natural teeth in the space.

g) Scaling and root planing (D4341 and D4342) are a benefit once per quadrant in a 24 month period. Patients shall exhibit connective tissue attachment loss and radiographic evidence of bone loss and/or subgingival calculus deposits on root surfaces.

h) Gingivectomy or gingivoplasty (D4210 and D4211) and osseous surgery (D4260 and D4261) are a benefit once per quadrant in a 36 month period and shall not be authorized until 30 days following scaling and root planing (D4341 and D4342) in the same quadrant. Patients shall exhibit radiographic evidence of moderate to severe bone loss to qualify for osseous surgery.

i) Gingivectomy or gingivoplasty (D4210 and D4211) and osseous surgery (D4260 and D4261) includes three months of post-operative care and any surgical re-entry for 36 months. Documentation of extraordinary circumstances and/or medical conditions will be given consideration on a case-by-case basis.

j) Scaling and root planing (D4341 and D4342) can be authorized in conjunction with prophylaxis procedures (D1110 and D1120). However, payment shall not be made for any prophylaxis procedure if the prophylaxis is performed on the same date of service as the scaling and root planing.

k) Gingivectomy or gingivoplasty (D4210 and D4211) and osseous surgery (D4260 and D4261) includes frenulectomy (frenectomy or frenotomy) (D7960), frenuloplasty (D7963) and/or distal wedge performed in the same area on the same date of service.

l) Procedures involved in acquiring graft tissues (hard or soft) from extra-oral donor sites are considered part of the fee for osseous surgery (D4260 and D4261) and are not payable separately.

m) Gingivectomy or gingivoplasty (D4210 and D4211) and osseous surgery (D4260 and D4261) performed in conjunction with a laboratory crown, prefabricated crown, amalgam or resin-based composite restoration or endodontic therapy is included in the fee for the final restoration or endodontic therapy and is not payable separately.
Periodontal Procedures (D4000-D4999)

PROCEDURE D4210
GINGIVECTOMY OR GINGIVOPLASTY - FOUR OR MORE CONTIGUOUS TEETH OR TOOTH BOUNDED SPACES PER QUADRANT

1. Prior authorization is required.
2. Photographs for prior authorization- submit photographs of the involved areas.
3. Requires a quadrant code.
4. If three or fewer diseased teeth are present in the quadrant, use gingivectomy or gingivoplasty (D4211).
5. A benefit:
   a. for patients age 13 or older.
   b. once per quadrant every 36 months.
6. This procedure cannot be prior authorized within 30 days following periodontal scaling and root planing (D4341 and D4342) for the same quadrant.

PROCEDURE D4211
GINGIVECTOMY OR GINGIVOPLASTY - ONE TO THREE CONTIGUOUS TEETH, OR TOOTH BOUNDED SPACES PER QUADRANT

1. Prior authorization is required.
2. Photographs for prior authorization- submit photographs of the involved areas.
3. Requires a quadrant code.
4. If four or more diseased teeth are present in the quadrant, use gingivectomy or gingivoplasty (D4210).
5. A benefit:
   a. for patients age 13 or older.
   b. once per quadrant every 36 months.
6. This procedure cannot be prior authorized within 30 days following periodontal scaling and root planing (D4341 and D4342) for the same quadrant.

PROCEDURE D4212
GINGIVECTOMY OR GINGIVOPLASTY TO ALLOW ACCESS FOR RESTORATIVE PROCEDURE, PER TOOTH

This procedure is not a benefit.

PROCEDURE D4230
ANATOMICAL CROWN EXPOSURE- FOUR OR MORE CONTIGUOUS TEETH PER QUADRANT

This procedure is not a benefit.

PROCEDURE D4231
ANATOMICAL CROWN EXPOSURE- ONE TO THREE TEETH PER QUADRANT

This procedure is not a benefit.

PROCEDURE D4240
GINGIVAL FLAP PROCEDURE, INCLUDING ROOT PLANING- FOUR OR MORE CONTIGUOUS TEETH OR TOOTH BOUNDED SPACES PER QUADRANT

This procedure is not a benefit.

PROCEDURE D4241
GINGIVAL FLAP PROCEDURE, INCLUDING ROOT PLANING- ONE TO THREE CONTIGUOUS TEETH OR TOOTH BOUNDED SPACES, PER QUADRANT

This procedure is not a benefit.

PROCEDURE D4245
APICALLY POSITIONED FLAP

This procedure is not a benefit.

PROCEDURE D4249
CLINICAL CROWN LENGTHENING – HARD TISSUE

This procedure is included in the fee for a completed restorative service.

PROCEDURE D4260
OSSEOUS SURGERY (INCLUDING FLAP ENTRY AND CLOSURE)- FOUR OR MORE CONTIGUOUS TEETH OR TOOTH BOUNDED SPACES PER QUADRANT

1. Prior authorization is required.
2. Radiographs for prior authorization- submit periapical radiographs of the involved areas and bitewing radiographs.
3. Requires a quadrant code.
4. If three or fewer diseased teeth are present in the quadrant, use osseous surgery (D4261).
5. A benefit:
   a. for patients age 13 or older.
   b. once per quadrant every 36 months.
6. This procedure cannot be prior authorized within 30 days following periodontal scaling and root planing (D4341 and D4342) for the same quadrant.
days following periodontal scaling and root planing (D4341 and D4342) for the same quadrant.

7. This procedure can only be prior authorized when preceded by periodontal scaling and root planing (D4341 and D4342) in the same quadrant within the previous 24 months.

PROCEDURE D4261
OSSEOUS SURGERY (INCLUDING FLAP ENTRY AND CLOSURE) - ONE TO THREE CONTIGUOUS TEETH OR TOOTH BOUNDED SPACES, PER QUADRANT

1. Prior authorization is required.
2. Radiographs for prior authorization- submit periapical radiographs of the involved areas and bitewing radiographs.
3. Requires a quadrant code.
4. If four or more diseased teeth are present in the quadrant, use osseous surgery (D4260).
5. A benefit:
   a. for patients age 13 or older.
   b. once per quadrant every 36 months.
6. This procedure cannot be prior authorized within 30 days following periodontal scaling and root planing (D4341 and D4342) for the same quadrant.
7. This procedure can only be prior authorized when preceded by periodontal scaling and root planing (D4341 and D4342) in the same quadrant within the previous 24 months.

PROCEDURE D4263
BONE REPLACEMENT GRAFT – FIRST SITE IN QUADRANT

This procedure is not a benefit.

PROCEDURE D4264
BONE REPLACEMENT GRAFT – EACH ADDITIONAL SITE IN QUADRANT

This procedure is not a benefit.

PROCEDURE D4265
BIOLOGIC MATERIALS TO AID IN SOFT AND OSSEOUS TISSUE REGENERATION

This procedure is included in the fees for other periodontal procedures and is not payable separately.

PROCEDURE D4266
GUIDED TISSUE REGENERATION – RESORBABLE BARRIER, PER SITE

This procedure is not a benefit.

PROCEDURE D4267
GUIDED TISSUE REGENERATION – NONRESORBABLE BARRIER, PER SITE (INCLUDES MEMBRANE REMOVAL)

This procedure is not a benefit.

PROCEDURE D4268
SURGICAL REVISION PROCEDURE, PER TOOTH

This procedure is not a benefit.

PROCEDURE D4269
SUBEPITHELIAL CONNECTIVE TISSUE GRAFT PROCEDURES, PER TOOTH

This procedure is not a benefit.

PROCEDURE D4270
PROCEDURE DISTAL OR PROXIMAL WEDGE PROCEDURE (WHEN NOT PERFORMED IN CONJUNCTION WITH SURGICAL PROCEDURES IN THE SAME ANATOMICAL AREA)

This procedure is not a benefit.

PROCEDURE D4271
BONE REPLACEMENT GRAFT – FIRST SITE IN QUADRANT

This procedure is not a benefit.

PROCEDURE D4272
BONE REPLACEMENT GRAFT – EACH ADDITIONAL SITE IN QUADRANT

This procedure is not a benefit.

PROCEDURE D4273
BIOLOGIC MATERIALS TO AID IN SOFT AND OSSEOUS TISSUE REGENERATION

This procedure is included in the fees for other periodontal procedures and is not payable separately.

PROCEDURE D4274
GUIDED TISSUE REGENERATION – RESORBABLE BARRIER, PER SITE

This procedure is not a benefit.

PROCEDURE D4275
GUIDED TISSUE REGENERATION – NONRESORBABLE BARRIER, PER SITE (INCLUDES MEMBRANE REMOVAL)

This procedure is not a benefit.

PROCEDURE D4276
SURGICAL REVISION PROCEDURE, PER TOOTH

This procedure is not a benefit.

PROCEDURE D4277
FREE SOFT TISSUE GRAFT PROCEDURE (INCLUDING DONOR SITE SURGERY), FIRST TOOTH OR EDENTULOUS TOOTH POSITION IN GRAFT

This procedure is not a benefit.

PROCEDURE D4278
FREE SOFT TISSUE GRAFT PROCEDURE (INCLUDING DONOR SITE SURGERY), EACH ADDITIONAL CONTIGUOUS TOOTH OR EDENTULOUS TOOTH POSITION IN SAME GRAFT SITE

This procedure is not a benefit.
PROCEDURE D4320
PROVISIONAL SPLINTING – INTRACORONAL

This procedure is not a benefit.

PROCEDURE D4321
PROVISIONAL SPLINTING – EXTRACORONAL

This procedure is not a benefit.

PROCEDURE D4341
PERIODONTAL SCALING AND ROOT PLANING - FOUR OR MORE TEETH PER QUADRANT

1. Prior authorization is required.
2. Radiographs for prior authorization - submit periapical radiographs of the involved areas and bitewing radiographs.
3. Requires a quadrant code.
4. If three or fewer diseased teeth are present in the quadrant, use periodontal scaling and root planing (D4342).
5. A benefit:
   a. for patients age 13 or older.
   b. once per quadrant every 24 months.
6. Gingivectomy or gingivoplasty (D4210 and D4211) and osseous surgery (D4260 and D4261) cannot be prior authorized within 30 days following this procedure for the same quadrant.
7. Prophylaxis (D1110 and D1120) are not payable on the same date of service as this procedure.

PROCEDURE D4342
PERIODONTAL SCALING AND ROOT PLANING - ONE TO THREE TEETH PER QUADRANT

1. Prior authorization is required.
2. Radiographs for prior authorization - submit periapical radiographs of the involved areas and bitewing radiographs.
3. Requires a quadrant code.
4. If four or more diseased teeth are present in the quadrant, use periodontal scaling and root planing (D4341).
5. A benefit:
   a. only for patients age 13 or older.
   b. once per quadrant every 24 months.
6. Gingivectomy or gingivoplasty (D4210 and D4211) and osseous surgery (D4260 and D4261) cannot be prior authorized within 30 days following this procedure for the same quadrant.
7. Prophylaxis (D1110 and D1120) are not payable on the same date of service as this procedure.

PROCEDURE D4355
FULL MOUTH DEBRIDEMENT TO ENABLE COMPREHENSIVE EVALUATION AND DIAGNOSIS

This procedure is included in the fees for other periodontal procedures and is not payable separately.

PROCEDURE D4381
LOCALIZED DELIVERY OF ANTIMICROBIAL AGENTS VIA A CONTROLLED RELEASE VELOCITY INTO DISEASED CREvicular TISSUE, PER TOOTH

This procedure is included in the fees for other periodontal procedures and is not payable separately.

PROCEDURE D4910
PERIODONTAL MAINTENANCE

1. This procedure does not require prior authorization.
2. A benefit:
   a. only for patients residing in a Skilled Nursing Facility (SNF) or Intermediate Care Facility (ICF).
   b. only when preceded by a periodontal scaling and root planing (D4341-D4342).
   c. only after completion of all necessary scaling and root planings.
   d. once in a calendar quarter.
   e. only in the 24 month period following the last scaling and root planing.
3. Not a benefit in the same calendar quarter as scaling and root planing.
4. Not payable to the same provider in the same calendar quarter as prophylaxis-adult (D1110) or prophylaxis-child (D1120).
5. This procedure is considered a full mouth treatment.
PROCEDURE D4920  
UNSCHEDULED DRESSING CHANGE (BY SOMEONE OTHER THAN TREATING DENTIST)

1. This procedure cannot be prior authorized.
2. Written documentation for payment – shall include a brief description indicating the medical necessity.
3. A benefit:
   a. for patients age 13 or older.
   b. once per patient per provider.
   c. within 30 days of the date of service of gingivectomy or gingivoplasty (D4210 and D4211) and osseous surgery (D4260 and D4261).
4. Unscheduled dressing changes by the same provider are considered part of, and included in the fee for gingivectomy or gingivoplasty (D4210 and D4211) and osseous surgery (D4260 and D4261).
5. Requires a tooth or quadrant code, as applicable for the type of procedure.
6. A benefit for patients age 13 or older.
7. Procedure D4999 shall be used:
   a. for a procedure which is not adequately described by a CDT code, or
   b. for a procedure that has a CDT code that is not a benefit but the patient has an exceptional medical condition to justify the medical necessity.
   Documentation shall include the medical condition and the specific CDT code associated with the treatment.

PROCEDURE D4999  
UNSPECIFIED PERIODONTAL PROCEDURE, BY REPORT

1. Prior authorization is required.
2. Radiographs for prior authorization- submit as applicable for the type of procedure.
3. Photographs for prior authorization- shall be submitted.
4. Written documentation for prior authorization –shall include the specific treatment requested and etiology of the disease or condition.
1. Complete and Partial Dentures (D5110-D5214 and D5860):
   a) Prior authorization is required for removable prostheses except for immediate dentures (D5130 and D5140).
   b) Prior authorization shall be considered for a new prosthesis only when it is clearly evident that the existing prosthesis cannot be made serviceable by repair, replacement of broken and missing teeth or reline.
   c) Current radiographs of all remaining natural teeth and implants and a properly completed prosthetic Justification of Need For Prosthesis Form, DC054 (10/05) are required for prior authorization. A panoramic radiographic image shall be considered diagnostic for edentulous areas only.
   d) Complete and partial dentures are prior authorized only as full treatment plans. Payment shall be made only when the full treatment has been completed. Any revision of a prior authorized treatment plan requires a new TAR.
   e) New complete or partial dentures shall not be prior authorized when it would be highly improbable for a patient to utilize, care for or adapt to a new prosthesis due to psychological and/or motor deficiencies as determined by a clinical screening dentist (see “g” below).
   f) All endodontic, restorative and surgical procedures for teeth that impact the design of a removable partial denture (D5211, D5212, D5213 and D5214) shall be addressed before prior authorization is considered.
   g) The need for new or replacement prosthesis may be evaluated by a clinical screening dentist.
   h) Providers shall use the laboratory order date as the date of service when submitting for payment of a prior authorized removable prosthesis. The laboratory order date is the date when the prosthesis is sent to the laboratory for final fabrication. Full payment shall not be requested until the prosthesis is delivered and is in use by the patient.
   i) Partial payment of an undeliverable completed removable prosthesis shall be considered when the reason for non-delivery is adequately documented on the Notice of Authorization (NOA) and is accompanied by a laboratory invoice indicating the prosthesis was processed. The completed prosthesis shall be kept in the provider’s office, in a deliverable condition, for a period of at least one year.
   j) A removable prosthesis is a benefit only once in a five year period. When adequately documented, the following exceptions shall apply:
      i) Catastrophic loss beyond the control of the patient. Documentation must include a copy of the official public service agency report (fire or police), or
      ii) A need for a new prosthesis due to surgical or traumatic loss of oral-facial anatomic structure, or
      iii) The removable prosthesis is no longer serviceable as determined by a clinical screening dentist.
   k) Prosthodontic services provided solely for cosmetic purposes are not a benefit.
   l) Temporary or interim dentures to be used while a permanent denture is being constructed are not a benefit.
   m) Spare or backup dentures are not a benefit.
   n) Evaluation of a denture on a maintenance basis is not a benefit.
   o) The fee for any removable prosthesis, reline, tissue conditioning or repair includes all adjustments necessary for six months after the date of service by the same provider.
   p) Immediate dentures should only be considered for a patient when one or more of the following conditions exist:
      i) extensive or rampant caries are exhibited in the radiographs,
      ii) severe periodontal involvement is indicated in the radiographs,
      iii) numerous teeth are missing resulting in diminished masticating ability adversely affecting the patient’s health.
   q) There is no insertion fee payable to an oral surgeon who seats an immediate denture.
Prosthodontics (Removable) General Policies (D5000-D5899)

r) Preventative, endodontic or restorative procedures are not a benefit for teeth to be retained for overdentures. Only extractions for the retained teeth will be a benefit.
s) Partial dentures are not a benefit to replace missing 3rd molars.

2. Relines and Tissue Conditioning (D5730-D5761, D5850 and D5851):
a) Laboratory relines (D5750, D5751, D5760 and D5761) are a benefit six months after the date of service for immediate dentures (D5130 and D5140), an immediate overdenture (D5860) and cast metal partial dentures (D5213 and D5214) that required extractions.
b) Laboratory relines (D5750, D5751, D5760 and D5761) are a benefit 12 months after the date of service for complete (remote) dentures (D5110 and D5120), a complete (remote) overdenture (D5860) and cast metal partial dentures (D5213 and D5214) that did not require extractions.
c) Laboratory relines (D5760 and D5761) are not a benefit for resin based partial dentures (D5211 and D5212).
d) Laboratory relines (D5750, D5751, D5760 and D5761) are not a benefit within 12 months of chairside relines (D5730, D5731, D5740 and D5741).
e) Chairside relines (D5730, D5731, D5740 and D5741) are a benefit six months after the date of service for immediate dentures (D5130 and D5140), an immediate overdenture (D5860), resin based partial dentures (D5211 and D5212) and cast metal partial dentures (D5213 and D5214) that required extractions.
f) Chairside relines (D5730, D5731, D5740 and D5741) are a benefit 12 months after the date of service for complete (remote) dentures (D5110 and D5120), a complete (remote) overdenture (D5860), resin based partial dentures (D5211 and D5212) and cast metal partial dentures (D5213 and D5214) that did not require extractions.
g) Chairside relines (D5730, D5731, D5740 and D5741) are not a benefit within 12 months of laboratory relines (D5750, D5751, D5760 and D5761).
h) Tissue conditioning (D5850 and D5851) is only a benefit to heal unhealthy ridges prior to a definitive prosthodontic treatment.
i) Tissue conditioning (D5850 and D5851) is a benefit the same date of service as an immediate prosthesis that required extractions.

   a. once in a 12-month period.
   b. six months after the date of service for mandibular partial denture- cast metal framework with resin denture bases (D5214) that required extractions, or
   c. 12 months after the date of service for mandibular partial denture- cast metal framework with resin denture bases (D5214) that did not require extractions.

4. All adjustments made for six months after the date of service, by the same provider, are included in the fee for this procedure.
3. Not a benefit:
   a. within 12 months of a reline mandibular partial denture (chairside) (D5741).
   b. for a mandibular partial denture- resin base (D5212).

4. All adjustments made for six months after the date of service, by the same provider, are included in the fee for this procedure.

PROCEDURE D5810
INTERIM COMPLETE DENTURE (MAXILLARY)

This procedure is not a benefit.

PROCEDURE D5811
INTERIM COMPLETE DENTURE (MANDIBULAR)

This procedure is not a benefit.

PROCEDURE D5820
INTERIM PARTIAL DENTURE (MAXILLARY)

This procedure is not a benefit.

PROCEDURE D5821
INTERIM PARTIAL DENTURE (MANDIBULAR)

This procedure is not a benefit.

PROCEDURE D5850
TISSUE CONDITIONING, MAXILLARY

1. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.
   a. same date of service as reline complete mandibular denture (chairside) (D5731), reline mandibular partial denture (chairside) (D5741), reline complete mandibular denture (laboratory) (D5751) and reline mandibular partial denture (laboratory) (D5761).
   b. same date of service as a prosthesis that did not require extractions.

4. All adjustments made for six months after the date of service, by the same provider, are included in the fee for this procedure.

5. Tissue conditioning is designed to heal unhealthy ridges prior to a more definitive treatment.

PROCEDURE D5860
OVERDENTURE – COMPLETE, BY REPORT

1. Prior authorization is required.
   a. six months after the date of service for an immediate overdenture that required extractions, or
   b. 12 months after the date of service for a complete reline mandibular partial denture (laboratory) (D5761).

2. Radiographs for prior authorization –submit all radiographs of remaining natural teeth including periapical radiographs of teeth to be retained.

3. A current and complete Justification of Need For Prosthesis Form, DC054 (10/05) is required, that includes which teeth are to be retained, for prior authorization.

4. Requires an arch code.

5. A benefit once in a five-year period.

6. Complete denture laboratory relines (D5750 and D5751) are a benefit:
   a. six months after the date of service for an immediate overdenture that required extractions, or
   b. 12 months after the date of service for a complete reline mandibular partial denture (laboratory) (D5761).
overdenture that did not require extractions.

7. Complete denture chairside relines (D5730 and D5731) are a benefit:
   a. six months after the date of service for an immediate overdenture that required extractions, or
   b. 12 months after the date of service for a complete overdenture that did not require extractions.

8. All adjustments made for six months after the date of service, by the same provider, are included in the fee for this procedure.

9. Teeth to be retained are not eligible for preventative, periodontal, endodontic or restorative procedures. Only extractions for the retained teeth shall be a benefit.

PROCEDURE D5861
OVERDENTURE – PARTIAL, BY REPORT

This procedure is not a benefit.

PROCEDURE D5862
PRECISION ATTACHMENT, BY REPORT

This procedure is included in the fee for prosthetic and restorative procedures and is not payable separately.

PROCEDURE D5867
REPLACEMENT OF REPLACEABLE PART OF SEMI-PRECISION OR PRECISION ATTACHMENT (MALE OR FEMALE COMPONENT)

This procedure is not a benefit.

PROCEDURE D5875
MODIFICATION OF REMOVABLE PROSTHESIS FOLLOWING IMPLANT SURGERY.

This procedure is not a benefit.

PROCEDURE D5899
UNSPECIFIED REMOVABLE PROSTHODONTIC PROCEDURE, BY REPORT

1. Prior authorization is required for non-emergency procedures.

2. Radiographs for prior authorization or payment – submit radiographs if applicable for the type of procedure.

3. Photographs for prior authorization or payment – submit photographs if applicable for the type of procedure.

4. Submit a current and complete Justification of Need For Prosthesis Form, DC054 (10/05), if applicable for the type of procedure, for prior authorization.

5. Written documentation for prior authorization or payment – describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the proposed or actual treatment.

6. Procedure D5899 shall be used:
   a. for a procedure which is not adequately described by a CDT code, or
   b. for a procedure that has a CDT code that is not a benefit but the patient has an exceptional medical condition to justify the medical necessity. Documentation shall include the medical condition and the specific CDT code associated with the treatment.
Maxillofacial Prosthetics General Policies (D5900-D5999)

a) Maxillofacial prosthetic services are for the anatomic and functional reconstruction of those regions of the maxilla and mandible and associated structures that are missing or defective because of surgical intervention, trauma (other than simple or compound fractures), pathology, developmental or congenital malformations.

b) All maxillofacial prosthetic procedures require written documentation for payment or prior authorization. Refer to the individual procedures for specific requirements.

c) Prior authorization is required for the following procedures:
   i) trismus appliance (D5937),
   ii) palatal lift prosthesis, interim (D5958),
   iii) fluoride gel carrier (D5986),
   iv) surgical splint (D5988).

d) All maxillofacial prosthetic procedures include routine postoperative care, revisions and adjustments for 90 days after the date of delivery.
Maxillofacial Prosthetic Procedures (D5900-D5999)

PROCEDURE D5911
FACIAL MOULAGE (SECTIONAL)

1. Written documentation for payment - shall include:
   a. the etiology of the disease and/or condition, and
   b. a description of the associated surgery or an operative report, and
   c. a description of the prosthesis.

PROCEDURE D5912
FACIAL MOULAGE (COMPLETE)

1. Written documentation for payment - shall include:
   a. the etiology of the disease and/or condition, and
   b. a description of the associated surgery or an operative report, and
   c. a description of the prosthesis.

PROCEDURE D5913
NASAL PROSTHESIS

1. Written documentation for payment - shall include:
   a. the etiology of the disease and/or condition, and
   b. a description of the associated surgery or an operative report.

PROCEDURE D5914
AURICULAR PROSTHESIS

1. Written documentation for payment - shall include:
   a. the etiology of the disease and/or condition, and
   b. a description of the associated surgery or an operative report.

PROCEDURE D5915
ORBITAL PROSTHESIS

1. Written documentation for payment - shall include:
   a. the etiology of the disease and/or condition, and
   b. a description of the associated surgery or an operative report.

PROCEDURE D5916
OCULAR PROSTHESIS

1. Written documentation for payment - shall include:
   a. the etiology of the disease and/or condition, and
   b. a description of the associated surgery or an operative report.
   c. Not a benefit on the same date of service as ocular prosthesis (D5916).

PROCEDURE D5919
FACIAL PROSTHESIS

1. Written documentation for payment - shall include:
   a. the etiology of the disease and/or condition, and
   b. a description of the associated surgery or an operative report, and
   c. a description of the prosthesis.

PROCEDURE D5922
NASAL SEPTAL PROSTHESIS

1. Written documentation for payment - shall include:
   a. the etiology of the disease and/or condition, and
   b. a description of the associated surgery or an operative report, and
   c. Not a benefit on the same date of service as ocular prosthesis (D5916).

PROCEDURE D5924
CRANIAL PROSTHESIS

1. Written documentation for payment - shall include:
   a. the etiology of the disease and/or condition, and
   b. a description of the associated surgery or an operative report.

PROCEDURE D5925
FACIAL AUGMENTATION IMPLANT PROSTHESIS

1. Written documentation for payment - shall include:
   a. the etiology of the disease and/or condition, and
   b. a description of the associated surgery or an operative report.
c. a description of the prosthesis.

PROCEDURE D5926
NASAL PROSTHESIS, REPLACEMENT

Written documentation for payment – shall include the medical necessity for replacement.

PROCEDURE D5927
AURICULAR PROSTHESIS, REPLACEMENT

Written documentation for payment – shall include the medical necessity for replacement.

PROCEDURE D5928
ORBITAL PROSTHESIS, REPLACEMENT

Written documentation for payment – shall include the medical necessity for replacement.

PROCEDURE D5929
FACIAL PROSTHESIS, REPLACEMENT

Written documentation for payment – shall include the medical necessity for replacement.

PROCEDURE D5931
OBTURATOR PROSTHESIS, SURGICAL

1. Written documentation for payment - shall include:
   a. the etiology of the disease and/or condition, and
   b. a description of the associated surgery or an operative report, and
   c. a description of the prosthesis.

2. Not a benefit on the same date of service as obturator prosthesis, definitive (D5932) and obturator prosthesis, interim (D5936).

PROCEDURE D5932
OBTURATOR PROSTHESIS, DEFINITIVE

1. Written documentation for payment - shall include:
   a. the etiology of the disease and/or condition, and
   b. a description of the associated surgery or an operative report, and
   c. a description of the prosthesis.

2. Not a benefit on the same date of service as obturator prosthesis, surgical (D5931) and obturator prosthesis, interim (D5936).

PROCEDURE D5933
OBTURATOR PROSTHESIS, MODIFICATION

1. Written documentation for payment - shall include the medical necessity for the modification.

2. A benefit twice in a 12 month period.

3. Not a benefit on the same date of service as obturator prosthesis, surgical (D5931), obturator prosthesis, definitive (D5932) and obturator prosthesis, interim (D5936).

PROCEDURE D5934
MANDIBULAR RESECTION PROSTHESIS WITH GUIDE FLANGE

1. Written documentation for payment - shall include:
   a. the etiology of the disease and/or condition, and
   b. a description of the associated surgery or an operative report, and
   c. a description of the prosthesis.

PROCEDURE D5935
MANDIBULAR RESECTION PROSTHESIS WITHOUT GUIDE FLANGE

1. Written documentation for payment - shall include:
   a. the etiology of the disease and/or condition, and
   b. a description of the associated surgery or an operative report, and
   c. a description of the prosthesis.

PROCEDURE D5936
OBTURATOR PROSTHESIS, INTERIM

1. Written documentation for payment - shall include:
   a. the etiology of the disease and/or condition, and
   b. a description of the associated surgery or an operative report, and
   c. a description of the prosthesis.

2. Not a benefit on the same date of service as obturator prosthesis, surgical (D5931), obturator prosthesis, definitive (D5932).

PROCEDURE D5937
TRISMUS APPLIANCE (NOT FOR TMD TREATMENT)

1. Prior authorization is required.
2. Written documentation for prior authorization - shall include:
   a. the etiology of the disease and/or condition, and
   b. a description of the associated surgery.

PROCEDURE D5951
FEEDING AID
1. Written documentation for payment - shall include the treatment performed.
2. A benefit for patients under the age of 18.

PROCEDURE D5952
SPEECH AID PROSTHESIS, PEDIATRIC
1. Written documentation for payment - shall include the treatment performed.
2. A benefit for patients under the age of 18.

PROCEDURE D5953
SPEECH AID PROSTHESIS, ADULT
1. Written documentation for payment - shall include the treatment performed.
2. A benefit for patients age 18 or older.

PROCEDURE D5954
PALATAL AUGMENTATION PROSTHESIS
Written documentation for payment - shall include the treatment performed.

PROCEDURE D5955
PALATAL LIFT PROSTHESIS, DEFINITIVE
1. Written documentation for payment - shall include the treatment performed.

PROCEDURE D5956
PALATAL AUGMENTATION PROSTHESIS

PROCEDURE D5957
PALATAL LIFT PROSTHESIS, INTERIM
1. Prior authorization is required.
2. Written documentation for prior authorization - shall include the treatment to be performed.
3. Not a benefit on the same date of service as palatal lift prosthesis, interim (D5958).

PROCEDURE D5958
PALATAL LIFT PROSTHESIS, INTERIM

PROCEDURE D5959
PALATAL LIFT PROSTHESIS, MODIFICATION
1. Written documentation for payment - shall include the treatment performed.
2. A benefit twice in a 12-month period.
3. Not a benefit on the same date of service as speech aid prosthesis, definitive (D5955) and palatal lift prosthesis, interim (D5958).

PROCEDURE D5960
SPEECH AID PROSTHESIS, MODIFICATION
1. Written documentation for payment - shall include the treatment performed.
2. A benefit twice in a 12-month period.
3. Not a benefit on the same date of service as speech aid prosthesis, pediatric (D5952) and speech aid prosthesis, adult (D5953).

SPEECH AID PROSTHESIS, INSTALLATION

PROCEDURE D5982
SURGICAL STENT
Written documentation for payment - shall include the treatment performed.

PROCEDURE D5983
RADIATION CARRIER
1. Written documentation for payment - shall include the etiology of the disease and/or condition.
2. Requires an arch code.

PROCEDURE D5984
RADIATION SHIELD
Written documentation for payment - shall include the etiology of the disease and/or condition.

PROCEDURE D5985
RADIATION CONE LOCATOR
Written documentation for payment - shall include the etiology of the disease and/or condition.

PROCEDURE D5986
FLUORIDE GEL CARRIER
1. Prior authorization is required.
2. Written documentation for prior authorization - shall include the etiology of the disease and/or condition and the treatment to be performed.
3. Requires an arch code.
4. A benefit only in conjunction with radiation therapy directed at the teeth, jaws or salivary glands.
PROCEDURE D5987
COMMISSURE SPLINT

Written documentation for payment - shall include the etiology of the disease and/or condition.

PROCEDURE D5988
SURGICAL SPLINT

1. Prior authorization is required.
2. Radiographs for prior authorization – submit radiographs.
3. Written documentation for prior authorization — shall include the medical necessity and the treatment to be performed.

PROCEDURE D5991
TOPICAL MEDICAMENT CARRIER

1. Written documentation for payment - shall include the etiology of the disease and/or condition.
2. Requires an arch code.

PROCEDURE D5992
ADJUST MAXILLOFACIAL PROSTHETIC APPLIANCE, BY REPORT

This procedure is not a benefit.

PROCEDURE D5993
MAINTENANCE AND CLEANING OF A MAXILLOFACIAL PROSTHESIS (EXTRA OR INTRAORAL) OTHER THAN REQUIRED ADJUSTMENTS, BY REPORT

This procedure is not a benefit.

PROCEDURE D5999
UNSPECIFIED MAXILLOFACIAL PROSTHESIS, BY REPORT

1. Prior authorization is required for non-emergency procedures.
2. Radiographs for prior authorization or payment – submit radiographs if applicable for the type of procedure.
3. Photographs for prior authorization or payment – submit photographs if applicable for the type of procedure.
4. Written documentation or operative report for prior authorization or payment – shall describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the proposed or actual treatment.
5. Procedure D5999 shall be used:
   a. for a procedure which is not adequately described by a CDT code, or
   b. for a procedure that has a CDT code that is not a benefit but the patient has an exceptional medical condition to justify the medical necessity.
   Documentation shall include the medical condition and the specific CDT code associated with the treatment.
Implant Services General Policies (D6000-D6199)

a) Implant services are a benefit only when exceptional medical conditions are documented and shall be reviewed by the Medi-Cal Dental Program for medical necessity for prior authorization. Exceptional medical conditions include, but are not limited to:

i) cancer of the oral cavity requiring ablative surgery and/or radiation leading to destruction of alveolar bone, where the remaining osseous structures are unable to support conventional dental prostheses.

ii) severe atrophy of the mandible and/or maxilla that cannot be corrected with vestibular extension procedures or osseous augmentation procedures, and the patient is unable to function with conventional prostheses.

iii) skeletal deformities that preclude the use of conventional prostheses (such as arthrogryposis, ectodermal dysplasia, partial anaodontia and cleidocranial dysplasia).

iv) traumatic destruction of jaw, face or head where the remaining osseous structures are unable to support conventional dental prostheses.

b) Providers shall submit complete case documentation (such as radiographs, scans, operative reports, craniofacial panel reports, diagnostic casts, intraoral/extraoral photographs and tracings) necessary to demonstrate the medical necessity of the requested implant services.

c) Single tooth implants are not a benefit of the Medi-Cal Dental Program.

d) Implant removal, by report (D6100) is a benefit. Refer to the procedure for specific requirements.
Implant Service Procedures (D6000-D6199)

PROCEDURE D6010
SURGICAL PLACEMENT OF
IMPLANT BODY: ENDOSTEAL
IMPLANT

1. Implant services are a benefit only when exceptional medical conditions are documented and shall be reviewed for medical necessity. Refer to Implant Services General policies for specific requirements.
2. Prior authorization is required.
3. Radiographs for prior authorization - submit arch, pre-operative periapical and/or panoramic radiographs as applicable.
4. Photographs for prior authorization - submit as applicable.
5. Written documentation for prior authorization – shall describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the proposed treatment.
6. Requires a tooth or arch code, as applicable for the type of procedure.

PROCEDURE D6092
RECEMMENT IMPLANT/ABUTMENT SUPPORTED CROWN
1. This procedure does not require prior authorization.
2. Submission of radiographs, photographs or written
documentation demonstrating medical necessity is not required for payment.
3. Requires a tooth code.
4. The original provider is responsible for all re-cementations within the first 12 months following the initial placement of implant/abutment supported crowns.
5. Not a benefit within 12 months of a previous re-cementation by the same provider.

**PROCEDURE D6093 RECEMENT IMPLANT/ABUTMENT SUPPORTED FIXED PARTIAL DENTURE**

1. This procedure does not require prior authorization.
2. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.
3. Requires a quadrant code.
4. The original provider is responsible for all re-cementations within the first 12 months following the initial placement of implant/abutment supported fixed partial dentures.
5. Not a benefit within 12 months of a previous re-cementation by the same provider.

**PROCEDURE D6094 ABUTMENT SUPPORTED CROWN (TITANIUM)**

See the criteria for Procedure D6010.

**PROCEDURE D6095 REPAIR IMPLANT ABUTMENT, BY REPORT**

See the criteria for Procedure D6010.

**PROCEDURE D6100 IMPLANT REMOVAL, BY REPORT**

1. Prior authorization is not required.
2. Radiographs for payment – submit a radiograph of the implant to be removed.
3. Written documentation for payment – shall include the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
4. Requires a tooth code.

**PROCEDURE D6101 PROCEDURE DEBRIDEMENT OF A PERIMPLANT DEFECT AND SURFACE CLEANING OF EXPOSED IMPLANT SERVICES, INCLUDING FLAP ENTRY AND CLOSURE**

This procedure is not a benefit.

**PROCEDURE D6102 PROCEDURE DEBRIDEMENT AND OSSEOUS CONTOURING OF A PERIMPLANT DEFECT; INCLUDES SURFACE CLEANING OF EXPOSED IMPLANT SURFACES AND FLAP ENTRY AND CLOSURE**

This procedure is not a benefit.

**PROCEDURE D6103 BONE GRAFT FOR REPAIR OF PERIMPLANT DEFECT - NOT INCLUDING FLAP ENTRY AND CLOSURE OR, WHEN INDICATED, PLACEMENT OF A BARRIER MEMBRANE OR BIOLOGIC MATERIALS TO AID IN OSSEOUS REGENERATION**

This procedure is not a benefit.

**PROCEDURE D6104 BONE GRAFT AT TIME OF IMPLANT PLACEMENT**

This procedure is not a benefit.

**PROCEDURE D6190 RADIOGRAPHIC/SURGICAL IMPLANT INDEX, BY REPORT**

This procedure is included in the fee for surgical placement of implant body: endosteal implant (D6010).

**PROCEDURE D6194 ABUTMENT SUPPORTED RETAINER CROWN FOR FPD (TITANIUM)**

See the criteria for Procedure D6010.

**PROCEDURE D6199 UNSPECIFIED IMPLANT PROCEDURE, BY REPORT**

1. Implant services are a benefit only when exceptional medical conditions are documented and shall be reviewed for medical necessity.
2. Prior authorization is required.
3. Radiographs for prior authorization - submit arch and pre-operative periapical radiographs.
4. Photographs for prior authorization - submit as applicable for the type of procedure.

5. Written documentation for prior authorization – shall describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the proposed treatment.

6. Requires a tooth or arch code, as applicable for the type of procedure.
Fixed Prosthodontic General Policies (D6200-D6999)

a) Fixed partial dentures (bridgework) are considered beyond the scope of the Medi-Cal Dental Program. However, the fabrication of a fixed partial denture shall be considered for prior authorization only when medical conditions or employment preclude the use of a removable partial denture. Most importantly, the patient shall first meet the criteria for a removable partial denture before a fixed partial denture will be considered.

b) Medical conditions, which preclude the use of a removable partial denture, include:
   i) the epileptic patient where a removable partial denture could be injurious to their health during an uncontrolled seizure,
   ii) the paraplegia patient who utilizes a mouth wand to function to any degree and where a mouth wand is inoperative because of missing natural teeth,
   iii) patients with neurological disorders whose manual dexterity precludes proper care and maintenance of a removable partial denture.

c) Documentation for medical conditions shall be submitted for prior authorization that includes a written, signed and dated statement from the patient’s physician, on their professional letterhead, describing the patient’s medical condition and the reason why a removable partial denture would be injurious to the patient’s health.

d) Documentation for obtaining employment shall be submitted for prior authorization that includes a written statement from the patient’s case manager or eligibility worker stating why the nature of the employment precludes the use of a removable partial denture.

e) Fixed partial dentures are a benefit once in a five-year period only on permanent teeth when the above criteria are met.

f) Current periapical radiographs of the retainer (abutment) teeth and arch radiographs are required for prior authorization.

g) Fixed partial dentures are not a benefit when the prognosis of the retainer (abutment) teeth is questionable due to non-restorability or periodontal involvement.

h) Posterior fixed partial dentures are not a benefit when the number of missing teeth requested to be replaced in the quadrant does not significantly impact the patient’s masticatory ability.

i) Tooth and soft tissue preparation, crown lengthening, cement bases, direct and indirect pulp capping, amalgam or acrylic buildups, pins (D2951), bonding agents, lining agents, impressions, temporary crowns, adjustments (D9951), polishing, local anesthesia (D9210) and any other associated procedures are included in the fee for a completed fixed partial denture.

j) Arch integrity and overall condition of the mouth, including the patient’s ability to maintain oral health, shall be considered for prior authorization. Prior authorization shall be based upon a supportable five-year prognosis for the fixed partial denture retainer (abutment).

k) Fixed partial denture retainers (abutments) on root canal treated teeth shall be considered only after satisfactory completion of root canal therapy. Post root canal treatment periapical and arch radiographs shall be submitted for prior authorization of fixed partial dentures.

l) Partial payment will not be made for an undelivered fixed partial denture. Payment will be made only upon final cementation.

m) Fixed partial denture inlay/onlay retainers (abutments) (D6545-D6634) are not a benefit.

n) Cast resin bonded fixed partial dentures (Maryland Bridges) are not a benefit.
**Fixed Prosthodontic Procedures (D6200-D6999)**

**PROCEDURE D6205**
PONTIC – INDIRECT RESIN BASED COMPOSITE

This procedure is not a benefit.

**PROCEDURE D6210**
PONTIC – CAST HIGH NOBLE METAL

This procedure is not a benefit.

**PROCEDURE D6211**
PONTIC – CAST PREDOMINANTLY BASE METAL

1. Prior authorization is required.
2. Radiographs for prior authorization – submit arch and periapical radiographs.
3. Written documentation for prior authorization shall be submitted for employment or medical reasons. Refer to Fixed Prosthodontic General Policies for specific requirements.
4. Requires a tooth code.
5. A benefit:
   a. once in a five year period.
   b. only when the criteria are met for a resin partial denture or cast partial denture (D5211, D5212, D5213 and D5214).
   c. only when billed on the same date of service with fixed partial denture retainers (abutments) (D6721, D6740, D6751, D6781, D6783 and D6791).
6. Not a benefit for patients under the age of 13.

This procedure is not a benefit.

PROCEDURE D6975
COPING

This procedure is not a benefit.

PROCEDURE D6980
FIXED PARTIAL DENTURE REPAIR
NECESSITATED BY RESTORATIVE
MATERIAL FAILURE

1. This procedure does not require prior authorization.
2. Radiographs for payment – submit pre-operative radiographs of the retainers.
3. Photographs for payment – submit a pre-operative photograph.
4. Written documentation for payment – describe the specific conditions addressed by the procedure.
5. Submit a laboratory invoice, if applicable for the type of procedure, for payment.
6. Requires a tooth code.
7. Not a benefit within 12 months of initial placement or previous repair, same provider.

PROCEDURE D6985
PEDIATRIC PARTIAL DENTURE, FIXED

This procedure is not a benefit.

PROCEDURE D6999
UNSPECIFIED, FIXED
PROSTHODONTIC PROCEDURE,
BY REPORT

1. Prior authorization is required.
2. Radiographs for prior authorization – submit periapical radiographs.
3. Photographs for prior authorization – submit photographs if applicable for the type of procedure.
4. Written documentation for prior authorization – describe the specific conditions to be addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the proposed treatment.
5. Requires a tooth code.
6. Not a benefit within 12 months of initial placement, same provider.
7. Procedure D6999 shall be used:
   a. for a procedure which is not adequately described by a CDT code, or
   b. for a procedure that has a CDT code that is not a benefit but the patient has an exceptional medical condition to justify the medical necessity.
   Documentation shall include the medical condition and the specific CDT code associated with the treatment.
Oral and Maxillofacial Surgery General Policies (D7000-D7999)

Oral and Maxillofacial Surgery General Policies (D7000-D7999)

a) Diagnostic pre-operative radiographs are required for all hard tissue surgical procedures that are submitted for prior authorization and/or payment. Refer to the individual procedure for specific requirements.

b) Local anesthetic, sutures and routine postoperative care within 30 days following an extraction procedure (D7111-D7250) are considered part of, and included in, the fee for the procedure. All other oral and maxillofacial surgery procedures include routine postoperative care for 90 days.

c) The level of payment for multiple surgical procedures performed on the same date of service shall be modified to the most inclusive procedure.

1. Extractions (D7111-D7250):
   a) The following conditions shall be considered medically necessary and shall be a benefit:
      i) full bony impacted supernumerary teeth or mesiodens that interfere with the alignment of other teeth,
      ii) teeth which are involved with a cyst, tumor or other neoplasm,
      iii) unerupted teeth which are severely distorting the normal alignment of erupted teeth or causing the resorption of the roots of other teeth,
      iv) the extraction of all remaining teeth in preparation for a full prosthesis,
      v) extraction of third molars that are causing repeated or chronic pericoronitis
      vi) extraction of primary teeth required to minimize malocclusion or malalignment when there is adequate space to allow normal eruption of succedaneous teeth,
      vii) perceptible radiologic pathology that fails to elicit symptoms,
      viii) extractions that are required to complete orthodontic dental services excluding prophylactic removal of third molars,
      ix) when the prognosis of the tooth is questionable due to non-restorability or periodontal involvement.
   b) The prophylactic extraction of 3rd molars is not a benefit.
   c) The fee for surgical extractions includes the removal of bone and/or sectioning of tooth, and elevation of mucoperiosteal flap, if indicated.
   d) Classification of surgical extractions and impactions shall be based on the anatomical position of the tooth rather than the surgical technique employed in the removal.
   e) The level of payment for surgical extractions shall be allowed or modified based on the degree of difficulty as evidenced by the diagnostic radiographs. When radiographs do not accurately depict the degree of difficulty, written documentation and/or photographs shall be considered.

2. Fractures (D7610-D7780):
   a) The placement and removal of wires, bands or splints is included in the fee for the associated procedure.
   b) Routine postoperative care within 90 days is included in the fee for the associated procedure.
   c) When extensive multiple or bilateral procedures are performed at the same operative session, each procedure shall be valued as follows:
      i) 100% (full value) for the first or major procedure, and
      ii) 50% for the second procedure, and
      iii) 25% for the third procedure, and
      iv) 10% for the fourth procedure, and
      v) 5% for the fifth procedure, and
      vi) over five procedures, by report.
   d) Assistant surgeons are paid 20% of the surgical fee allowed to the surgeon. Hospital call (D9420) is not payable to assistant surgeons.

3. Temporomandibular Joint Dysfunctions (D7810-D7899):
Oral and Maxillofacial Surgery General Policies (D7000-D7999)

a) TMJ dysfunction procedures are limited to differential diagnosis and symptomatic care. Not included as a benefit are those TMJ treatment modalities that involve prosthodontia, orthodontia and full or partial occlusal rehabilitation.

b) Most TMJ dysfunction procedures require prior authorization. Submission of sufficient diagnostic information to establish the presence of the dysfunction is required. Refer to the individual procedures for specific submission requirements.

c) TMJ dysfunction procedures solely for the treatment of bruxism is not a benefit.

4. Repair Procedures (D7910-D7998):
   a) Suture procedures (D7910, D7911 and D7912) are not a benefit for the closure of surgical incisions.
PROCEDURE D7111
EXTRACTION, CORONAL
REMNANTS – DECIDUOUS TOOTH
1. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.
2. Requires a tooth code.
3. Not a benefit for asymptomatic teeth.

PROCEDURE D7140
EXTRACTION, ERUPTED TOOTH OR EXPOSED ROOT (ELEVATION AND/OR FORCEPS REMOVAL)
1. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.
2. Requires a tooth code.
3. Not a benefit for the same provider who performed the initial tooth extraction.

PROCEDURE D7210
SURGICAL REMOVAL OF ERUPTED TOOTH REQUIRING REMOVAL OF BONE AND/OR SECTIONING OF TOOTH, AND INCLUDING ELEVATION OF MUCOPERIOROSTEAL FLAP IF INDICATED
1. Radiographs for payment – submit a current, diagnostic preoperative periapical or panoramic radiograph depicting the entire tooth.
2. Requires a tooth code.
3. A benefit when the removal of any erupted tooth requires the elevation of a mucoperiosteal flap and the removal of substantial alveolar bone or sectioning of the tooth.

PROCEDURE D7220
REMOVAL OF IMPACTED TOOTH – SOFT TISSUE
1. Radiographs for payment – submit a current, diagnostic preoperative periapical or panoramic radiograph depicting the entire tooth.
2. Requires a tooth code.
3. A benefit when the removal of any impacted tooth requires the elevation of a mucoperiosteal flap and the removal of substantial alveolar bone covering most or all of the crown.

PROCEDURE D7221
REMOVAL OF IMPACTED TOOTH – COMPLETELY BONY, WITH UNUSUAL SURGICAL COMPLICATIONS
1. Radiographs for payment – submit a current, diagnostic preoperative periapical or panoramic radiograph depicting the entire tooth.
2. Written documentation for payment – shall justify the unusual surgical complication.
3. Requires a tooth code.
4. A benefit when the removal of any impacted tooth requires the elevation of a mucoperiosteal flap and the removal of substantial alveolar bone covering most or all of the crown. Difficulty or complication shall be due to factors such as nerve dissection or aberrant tooth position.

PROCEDURE D7240
SURGICAL REMOVAL OF RESIDUAL TOOTH ROOTS (CUTTING PROCEDURE)
1. Radiographs for payment – submit a current, diagnostic preoperative periapical or panoramic radiograph depicting the entire root.
2. Requires a tooth code.
3. A benefit when the root is completely covered by alveolar bone.
4. Not a benefit to the same provider who performed the initial tooth extraction.

PROCEDURE D7251
CORONECTOMY - INTENTIONAL PARTIAL TOOTH REMOVAL

This procedure is not a benefit.

PROCEDURE D7260
ORAL ANTRAL FISTULA CLOSURE

1. Radiographs for payment - submit a current, diagnostic preoperative radiograph.
2. Written documentation or operative report for payment – shall describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. Requires a quadrant code.
4. A benefit for the excision of a fistulous tract between the maxillary sinus and oral cavity.
5. Not a benefit in conjunction with extraction procedures (D7111 – D7250).

PROCEDURE D7261
PRIMARY CLOSURE OF A SINUS PERFORATION

1. Radiographs for payment - submit a current, diagnostic preoperative radiograph.
2. Written documentation or operative report for payment – shall describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. Requires a quadrant code.
4. A benefit for the excision of a fistulous tract between the maxillary sinus and oral cavity.
5. Not a benefit in conjunction with extraction procedures (D7111 – D7250).

PROCEDURE D7270
TOOTH REIMPLANTATION AND/OR STABILIZATION OF ACCIDENTALLY EVULSED OR DISPLACED TOOTH

1. Radiographs for payment – submit a preoperative periapical radiograph.
2. Written documentation for payment – shall describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the tooth/teeth reimplanted.
3. Requires an arch code.
4. A benefit:
   a. once per arch regardless of the number of teeth involved, and
   b. for permanent anterior teeth only.
5. The fee for this procedure includes splinting and/or stabilization, postoperative care and the removal of the splint or stabilization, by the same provider.

PROCEDURE D7272
MOBILIZATION OF ERUPTED OR MALPOSITIONED TOOTH TO AID ERUPTION

This procedure is not a benefit.

PROCEDURE D7280
SURGICAL ACCESS OF AN UNERUPTED TOOTH

1. Prior authorization is required.
2. Radiographs for prior authorization – submit a preoperative radiograph depicting the impacted tooth.
3. Written documentation for prior authorization – shall describe the specific conditions addressed by the procedure and the rationale demonstrating the medical necessity.
4. Requires a tooth code.
5. Not a benefit:
   a. for patients age 21 or older.
   b. for 3rd molars.

PROCEDURE D7282
MOBILIZATION OF Erupted OR MALPOSITIONED TOOTH TO AID ERUPTION

This procedure is not a benefit.

PROCEDURE D7283
PLACEMENT OF DEVICE TO FACILITATE ERUPTION OF IMPACTED TOOTH

1. Prior authorization is required.
2. Radiographs for prior authorization – submit a preoperative radiograph depicting the impacted tooth.
3. Written documentation for prior authorization – shall indicate that the patient is under active orthodontic treatment.
4. Requires a tooth code.
5. A benefit only for patients in active orthodontic treatment.
6. Not a benefit:
a. for patients age 21 years or older.
b. for 3rd molars unless the 3rd molar occupies the 1st or 2nd molar position.

PROCEDURE D7285
BIOPSY OF ORAL TISSUE – HARD (BONE, TOOTH)

1. Radiographs for payment – submit a pre-operative radiograph.
2. A pathology report from a certified pathology laboratory is required for payment.
3. Requires an arch code.
4. A benefit:
   a. for the removal of the specimen only.
   b. once per arch, per date of service regardless of the areas involved.
5. Not a benefit with an apicoectomy/periradicular surgery (D3410-D3426), an extraction (D7111-D7250) and an excision of any soft tissues or intraosseous lesions (D7410-D7461) in the same area or region on the same date of service.

PROCEDURE D7286
BIOPSY OF ORAL TISSUE – SOFT

1. Written documentation for payment – shall include the area or region and individual areas biopsied.
2. A pathology report from a certified pathology laboratory is required for payment.
3. A benefit:
   a. for the removal of the specimen only.
   b. up to a maximum of three per date of service.
4. Not a benefit with an apicoectomy/periradicular surgery (D3410-D3426), an extraction (D7111-D7250) and an excision of any soft tissues or intraosseous lesions (D7410-D7461) in the same area or region on the same date of service.

PROCEDURE D7287
EXFOLIATIVE CYTOLOGICAL SAMPLE COLLECTION

This procedure is not a benefit.

PROCEDURE D7288
BRUSH BIOPSY- TRANSEPITHELIAL SAMPLE COLLECTION

This procedure is not a benefit.

PROCEDURE D7290
SURGICAL REPOSITIONING OF TEETH

1. Prior authorization is required.
2. Radiographs for prior authorization – submit a pre-operative radiograph.
3. Written documentation for prior authorization – shall indicate that the patient is under active orthodontic treatment.
4. Requires an arch code.
5. A benefit:
   a. for permanent teeth only.
   b. once per arch.
   c. only for patients in active orthodontic treatment.
6. Not a benefit:
   a. for patients age 21 years or older.
   b. for 3rd molars unless the 3rd molar occupies the 1st or 2nd molar position.

PROCEDURE D7291
TRANSSEPTAL FIBEROTOMY/ SUPRA CRESTAL FIBEROTOMY, BY REPORT

1. Written documentation for payment – shall indicate that the patient is under active orthodontic treatment.
2. Requires an arch code.
3. A benefit:
   a. once per arch.
   b. only for patients in active orthodontic treatment.
4. Not a benefit for patients age 21 or older.

PROCEDURE D7292
SURGICAL PLACEMENT: TEMPORARY ANCHORAGE DEVICE [SCREW RETAINED PLATE] REQUIRING SURGICAL FLAP

This procedure is not a benefit.

PROCEDURE D7293
SURGICAL PLACEMENT: TEMPORARY ANCHORAGE DEVICE WITHOUT SURGICAL FLAP

This procedure is not a benefit.

PROCEDURE D7294
SURGICAL PLACEMENT: TEMPORARY ANCHORAGE DEVICE WITHOUT SURGICAL FLAP

This procedure is not a benefit.

PROCEDURE D7295
HARVEST OF BONE FOR USE IN AUTOGENOUS GRAFTING PROCEDURE

This procedure is not a benefit.
PROCEDURE D7310
ALVEOLOPLASTY IN
CONJUNCTION WITH
EXTRACTIONS – FOUR OR MORE
TEETH OR TOOTH SPACES, PER
QUADRANT
1. Radiographs for payment—
submit radiographs of the
involved areas.
2. Requires a quadrant code.
3. A benefit on the same date of
service with two or more
extractions (D7140-D7250) in
the same quadrant.
4. Not a benefit when only one
tooth is extracted in the same
quadrant on the same date of
service.

PROCEDURE D7311
ALVEOLOPLASTY IN
CONJUNCTION WITH
EXTRACTIONS – ONE TO THREE
TEETH OR TOOTH SPACES, PER
QUADRANT
This procedure can only be
billed as alveoloplasty in
conjunction with extractions-
four or more teeth or tooth
spaces, per quadrant (D7310).

PROCEDURE D7320
ALVEOLOPLASTY NOT IN
CONJUNCTION WITH
EXTRACTIONS – FOUR OR MORE
TEETH OR TOOTH SPACES, PER
QUADRANT
1. Radiographs for payment—
submit radiographs of the
involved areas if photographs
do not demonstrate the
medical necessity.
2. Photographs for payment—
submit photographs of the
involved areas.
3. Requires a quadrant code.

PROCEDURE D7321
ALVEOLOPLASTY NOT IN
CONJUNCTION WITH
EXTRACTIONS – ONE TO THREE
TEETH OR TOOTH SPACES, PER
QUADRANT
This procedure can only be
billed as alveoloplasty not in
conjunction with extractions-
four or more teeth or tooth
spaces, per quadrant (D7320).

PROCEDURE D7340
VESTIBULOPLASTY-RIDGE
EXTENSION (SECONDARY
EPITHELIALIZATION)
1. Prior authorization is
required.
2. Radiographs for prior
authorization—submit
radiographs.
3. Photographs for prior
authorization—submit
photographs.
4. Written documentation for
prior authorization—shall
describe the specific
conditions to be addressed by
the procedure, the rationale
demonstrating the medical
necessity, any pertinent
history and the proposed
prosthodontic treatment.
5. Requires an arch code.
6. A benefit once per arch.
7. Not a benefit:
   a. on the same date of
      service with a
      vestibuloplasty – ridge
      extension (D7350) same
      arch.
   b. on the same date of
      service with extractions
      (D7111-D7250) same
      arch.

PROCEDURE D7350
VESTIBULOPLASTY – RIDGE
EXTENSION (INCLUDING SOFT
TISSUE GRAFTS, MUSCLE
REATTACHMENT, REVISION OF
SOFT TISSUE ATTACHMENT AND
MANAGEMENT OF
HYPERTROPHIED AND
HYPERPLASTIC TISSUE)
1. Prior authorization is
required.
2. Radiographs for prior
authorization—submit
radiographs.
3. Photographs for prior
authorization—submit
photographs.
4. Written documentation for
prior authorization—shall
describe the specific
conditions to be addressed by
the procedure, the rationale
demonstrating the medical
necessity, any pertinent
history and the proposed
prosthodontic treatment.
5. Requires an arch code.
6. A benefit once per arch.
7. Not a benefit:
   a. on the same date of
      service with a
      vestibuloplasty – ridge
      extension (D7340) same
      arch.
### PROCEDURE D7410
**EXCISION OF BENIGN LESION UP TO 1.25 CM**

1. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
2. A pathology report from a certified pathology laboratory is required for payment.

### PROCEDURE D7411
**EXCISION OF BENIGN LESION GREATER THAN 1.25 CM**

1. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
2. A pathology report from a certified pathology laboratory is required for payment.

### PROCEDURE D7412
**EXCISION OF BENIGN LESION, COMPLICATED**

1. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
2. A pathology report from a certified pathology laboratory is required for payment.
3. A benefit when there is extensive undermining with advancement or rotational flap closure.

### PROCEDURE D7413
**EXCISION OF MALIGNANT LESION UP TO 1.25 CM**

1. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
2. A pathology report from a certified pathology laboratory is required for payment.

### PROCEDURE D7414
**EXCISION OF MALIGNANT LESION GREATER THAN 1.25 CM**

1. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
2. A pathology report from a certified pathology laboratory is required for payment.
3. A benefit when there is extensive undermining with advancement or rotational flap closure.

### PROCEDURE D7415
**EXCISION OF MALIGNANT LESION, COMPLICATED**

1. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
2. A pathology report from a certified pathology laboratory is required for payment.
3. A benefit when there is extensive undermining with advancement or rotational flap closure.

### PROCEDURE D7440
**EXCISION OF MALIGNANT TUMOR – LESION DIAMETER UP TO 1.25 CM**

1. Radiographs for payment- submit a radiograph of the tumor.
2. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
2. A pathology report from a certified pathology laboratory is required for payment.

### PROCEDURE D7441
**EXCISION OF MALIGNANT TUMOR – LESION DIAMETER GREATER THAN 1.25 CM**

1. Radiographs for payment- submit a radiograph of the tumor.
2. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. A pathology report from a certified pathology laboratory is required for payment.

### PROCEDURE D7450
**REMOVAL OF BENIGN ODONTOGENIC CYST OR TUMOR – LESION DIAMETER UP TO 1.25 CM**

1. Radiographs for payment- submit a radiograph of the cyst or tumor.
2. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.

3. A pathology report from a certified pathology laboratory is required for payment.

PROCEDURE D7451
REMOVAL OF BENIGN ODONTOTGENIC CYST OR TUMOR – LESION DIAMETER GREATER THAN 1.25 CM

1. Radiographs for payment- submit a radiograph of the cyst or tumor.
2. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. A pathology report from a certified pathology laboratory is required for payment.

PROCEDURE D7460
REMOVAL OF BENIGN NONODONTOTGENIC CYST OR TUMOR – LESION DIAMETER UP TO 1.25 CM

1. Radiographs for payment- submit a radiograph of the cyst or tumor.
2. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. A pathology report from a certified pathology laboratory is required for payment.

PROCEDURE D7461
REMOVAL OF BENIGN NONODONTOTGENIC CYST OR TUMOR – LESION DIAMETER GREATER THAN 1.25 CM

1. Radiographs for payment- submit a radiograph of the cyst or tumor.
2. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. A pathology report from a certified pathology laboratory is required for payment.

PROCEDURE D7465
PROCEDURE DESTRUCTION OF LESION(S) BY PHYSICAL OR CHEMICAL METHOD, BY REPORT

1. Photographs for payment – submit a pre-operative photograph.
2. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. Examples include using cryo, laser or electro surgery.

PROCEDURE D7471
REMOVAL OF LATERAL EXOSTOSIS (MAXILLA OR MANDIBLE)

1. Photographs for payment – submit pre-operative photographs.
2. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the proposed prosthodontic treatment.
3. Requires a quadrant code.
4. A benefit:
   a. once per quadrant.
   b. for the removal of buccal or facial exostosis only.

PROCEDURE D7472
REMOVAL OF TORUS PALATINUS

1. Photographs for payment – submit pre-operative photographs.
2. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the proposed prosthodontic treatment.
3. A benefit once in the patient’s lifetime.
PROCEDURE D7473
REMOVAL OF TORUS
MANDIBULARIS

1. Photographs for payment – submit pre-operative photographs.
2. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the proposed prosthodontic treatment.
3. Requires a quadrant code.
4. A benefit once per quadrant.

PROCEDURE D7485
SURGICAL REDUCTION OF
OSSEOUS TUBEROSITY

1. Radiographs for payment – submit preoperative radiographs.
2. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the proposed prosthodontic treatment.
3. Requires a quadrant code.
4. A benefit once per quadrant.

PROCEDURE D7490
RADICAL RESECTION OF MAXILLA OR MANDIBLE

1. Radiographs for payment – submit radiographs.
2. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the proposed prosthodontic treatment.
3. Requires a quadrant code.
4. A benefit once per quadrant.

PROCEDURE D7510
INCISION AND DRAINAGE OF
ABSCESS – INTRAORAL SOFT TISSUE

1. Written documentation for payment- shall include the tooth involved, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
2. Requires a quadrant code.
3. A benefit once per quadrant, same date of service.
4. Not a benefit when any other definitive treatment is performed in the same quadrant on the same date of service, except necessary radiographs and/or photographs.
5. The fee for this procedure includes the incision, placement and removal of a surgical draining device.

PROCEDURE D7520
INCISION AND DRAINAGE OF
ABSCESS – EXTRAORAL SOFT TISSUE

1. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
2. The fee for this procedure includes the incision, placement and removal of a surgical draining device.

PROCEDURE D7521
INCISION AND DRAINAGE OF
ABSCESS – EXTRAORAL SOFT TISSUE- COMPLICATED (INCLUDES DRAINAGE OF MULTIPLE FASCIAL SPACES)

1. Written documentation for payment- shall include the tooth involved, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
2. The fee for this procedure includes the incision,
placement and removal of a surgical draining device.

PROCEDURE D7530 REMOVAL OF FOREIGN BODY FROM MUCOSA, SKIN, OR SUBCUTANEOUS ALVEOLAR TISSUE

1. Radiographs for payment – submit a pre-operative radiograph.
2. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. A benefit once per date of service.
4. Not a benefit when associated with the removal of a tumor, cyst (D7440-D7461) or tooth (D7111-D7250).

PROCEDURE D7540 REMOVAL OF REACTION PRODUCING FOREIGN BODIES, MUSCULOSKELETAL SYSTEM

1. Radiographs for payment – submit a pre-operative radiograph.
2. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. A benefit once per date of service.
4. Not a benefit when associated with the removal of a tumor, cyst (D7440-D7461) or tooth (D7111-D7250).

PROCEDURE D7550 PARTIAL OSTECTOMY/SEQUESTRECTOMY FOR REMOVAL OF NON-VITAL BONE

1. Radiographs for payment – submit a pre-operative radiograph.
2. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. Requires a quadrant code.
4. A benefit:
   a. once per quadrant per date of service.
   b. only for the removal of loose or sloughed off dead bone caused by infection or reduced blood supply.
5. Not a benefit within 30 days of an associated extraction (D7111-D7250).

PROCEDURE D7560 MAXILLARY SINUSOTOMY FOR REMOVAL OF TOOTH FRAGMENT OR FOREIGN BODY

1. Radiographs for payment – submit a pre-operative radiograph.
2. Written documentation for payment- shall include the area or region, describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. Not a benefit when a tooth fragment or foreign body is retrieved from the tooth socket.

PROCEDURE D7561 MAXILLA – OPEN REDUCTION (TEETH IMMOBILIZED, IF PRESENT)

1. Radiographs for payment – submit a postoperative radiograph.
2. Operative report for payment – shall include a copy of the operative report, which describes the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. The fee for this procedure includes the placement and removal of wires, bands, splints and arch bars.
4. Anesthesia procedures (D9220-D9248) are a separate benefit when necessary for the surgical removal of wires, bands, splints or arch bars.

PROCEDURE D7562 MAXILLA – CLOSED REDUCTION (TEETH IMMOBILIZED, IF PRESENT)

1. Radiographs for payment – submit a postoperative radiograph.
2. Operative report for payment – shall include a copy of the operative report, which describes the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. The fee for this procedure includes the placement and removal of wires, bands, splints and arch bars.
4. Anesthesia procedures (D9220-D9248) are a separate
benefit when necessary for the surgical removal of wires, bands, splints or arch bars.

PROCEDURE D7630
MANDIBLE – OPEN REDUCTION
(TEETH IMMOBILIZED, IF PRESENT)

1. Radiographs for payment – submit a postoperative radiograph.
2. Operative report for payment – shall include a copy of the operative report, which describes the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. The fee for this procedure includes the placement and removal of wires, bands, splints and arch bars.
4. Anesthesia procedures (D9220-D9248) are a separate benefit, when necessary, for the surgical removal of wires, bands, splints or arch bars.

PROCEDURE D7650
MALAR AND/OR ZYGOMATIC ARCH – OPEN REDUCTION

1. Radiographs for payment – submit a postoperative radiograph.
2. Operative report for payment – shall include a copy of the operative report, which describes the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. The fee for this procedure includes the placement and removal of wires, bands, splints and arch bars.
4. Anesthesia procedures (D9220-D9248) are a separate benefit, when necessary, for the surgical removal of wires, bands, splints or arch bars.

PROCEDURE D7660
MALAR AND/OR ZYGOMATIC ARCH – CLOSED REDUCTION

1. Radiographs for payment – submit a postoperative radiograph.
2. Operative report for payment – shall include a copy of the operative report, which describes the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, the location (left or right) and any pertinent history.
3. The fee for this procedure includes the placement and removal of wires, bands, splints and arch bars.
4. Anesthesia procedures (D9220-D9248) are a separate benefit, when necessary, for the surgical removal of wires, bands, splints or arch bars.

PROCEDURE D7670
ALVEOLUS – CLOSED REDUCTION,
MAY INCLUDE STABILIZATION OF TEETH

1. Radiographs for payment – submit a postoperative radiograph.
2. Operative report for payment – shall include a copy of the operative report, which describes the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. Requires an arch code.
4. The fee for this procedure includes the placement and removal of wires, bands, splints and arch bars.
5. Anesthesia procedures (D9220-D9248) are a separate benefit, when necessary, for the surgical removal of wires, bands, splints or arch bars.

PROCEDURE D7671
ALVEOLUS – OPEN REDUCTION,
MAY INCLUDE STABILIZATION OF TEETH

1. Radiographs for payment – submit a postoperative radiograph.
2. Operative report for payment – shall include a copy of the
operative report which describes the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.

3. Requires an arch code.

4. The fee for this procedure includes the placement and removal of wires, bands, splints and arch bars.

5. Anesthesia procedures (D9220-D9248) are a separate benefit, when necessary, for the surgical removal of wires, bands, splints or arch bars.

PROCEDURE D7680
FACIAL BONES – COMPLICATED REDUCTION WITH FIXATION AND MULTIPLE SURGICAL APPROACHES

1. Radiographs for payment – submit a postoperative radiograph.

2. Operative report for payment – shall include a copy of the operative report, which describes the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.

3. The fee for this procedure includes the placement and removal of wires, bands, splints or arch bars.

4. Anesthesia procedures (D9220-D9248) are a separate benefit, when necessary, for the surgical removal of wires, bands, splints or arch bars.

PROCEDURE D7710
MAXILLA – OPEN REDUCTION

1. Radiographs for payment – submit a postoperative radiograph.

2. Operative report for payment – shall include a copy of the operative report, which describes the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.

3. The fee for this procedure includes the placement and removal of wires, bands, splints and arch bars.

4. Anesthesia procedures (D9220-D9248) are a separate benefit, when necessary, for the surgical removal of wires, bands, splints or arch bars.

PROCEDURE D7730
MANDIBLE – OPEN REDUCTION

1. Radiographs for payment – submit a postoperative radiograph.

2. Operative report for payment – shall include a copy of the operative report, which describes the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, the location (left or right) and any pertinent history.

3. The fee for this procedure includes the placement and removal of wires, bands, splints and arch bars.

4. Anesthesia procedures (D9220-D9248) are a separate benefit, when necessary, for the surgical removal of wires, bands, splints or arch bars.

PROCEDURE D7720
MAXILLA – CLOSED REDUCTION

1. Radiographs for payment – submit a postoperative radiograph.

PROCEDURE D7873
ARTHROSCOPY – SURGICAL: LAVAGE AND LYSIS OF ADHESIONS
1. Prior authorization is required.
2. Radiographs for prior authorization – submit a radiograph.
3. Written documentation for prior authorization – shall describe the specific conditions to be addressed by the procedure, the rationale demonstrating the medical necessity, the location (left or right) and any pertinent history.
4. An operative report shall be submitted for payment.
PROCEDURE D7876
ARTHROSCOPY – SURGICAL: DISCECTOMY
1. Prior authorization is required.
2. Radiographs for prior authorization – submit a radiograph.
3. Written documentation for prior authorization – shall describe the specific conditions to be addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
4. An operative report shall be submitted for payment.

PROCEDURE D7877
ARTHROSCOPY – SURGICAL: DEBRIDEMENT
1. Prior authorization is required.
2. Radiographs for prior authorization – submit a radiograph.
3. Written documentation for prior authorization – shall describe the specific conditions to be addressed by the procedure, the rationale demonstrating the medical necessity, the location (left or right) and any pertinent history.
4. An operative report shall be submitted for payment.

PROCEDURE D7880
OCCLUSAL ORTHOTIC DEVICE, BY REPORT
1. Prior authorization is required.
2. Radiographs for prior authorization – submit tommograms or a radiological report.
3. Written documentation for prior authorization – shall include the specific conditions to be addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
4. A benefit for diagnosed TMJ dysfunction.

PROCEDURE D7899
UNSPECIFIED TMD THERAPY, BY REPORT
1. Prior authorization is required for non-emergency procedures.
2. Radiographs for prior authorization – submit radiographs and/or tommograms, if applicable, for the type of procedure.
3. Written documentation for prior authorization – shall include the specific conditions to be addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
4. Not a benefit for procedures such as acupuncture, acupressure, biofeedback and hypnosis.

PROCEDURE D7910
SUTURE OF RECENT SMALL WOUNDS UP TO 5 CM
1. Written documentation or operative report for payment – shall include the specific conditions addressed by the procedure and the length of the wound.
2. Not a benefit for the closure of surgical incisions.

PROCEDURE D7911
COMPLICATED SUTURE – UP TO 5 CM
1. Written documentation or operative report for payment – shall include the specific conditions addressed by the procedure and the length of the wound.
2. Not a benefit for the closure of surgical incisions.

PROCEDURE D7912
COMPLICATED SUTURE – GREATER THAN 5 CM
1. Written documentation or operative report for payment – shall include the specific conditions addressed by the procedure and the length of the wound.
2. Not a benefit for the closure of surgical incisions.

PROCEDURE D7920
SKIN GRAFT (IDENTIFY DEFECT COVERED, LOCATION AND TYPE OF GRAFT)
1. Written documentation or operative report for payment – shall include the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the actual treatment.
2. Not a benefit for periodontal grafting.

PROCEDURE D7921
COLLECTION AND APPLICATION OF AUTOLOGOUS BLOOD CONCENTRATE PRODUCT
This procedure is not a benefit.
PROCEDURE D7940
OSTEOPLASTY – FOR ORTHOGNATHIC DEFORMITIES

1. Prior authorization is required.
2. Radiographs for prior authorization – submit a radiograph.
3. Written documentation for prior authorization – shall include the specific conditions to be addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
4. An operative report shall be submitted for payment.

PROCEDURE D7945
OSTEOTOMY – BODY OF MANDIBLE

1. Prior authorization is required.
2. Radiographs for prior authorization – submit a radiograph.
3. Written documentation for prior authorization – shall include the specific conditions to be addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
4. An operative report shall be submitted for payment.

PROCEDURE D7946
LEFORT I (MAXILLA – TOTAL)

1. Radiographs for payment – submit a pre-operative radiograph.
2. An operative report shall be submitted for payment.

PROCEDURE D7947
LEFORT I (MAXILLA – SEGMENTED)

1. Radiographs for payment – submit a pre-operative radiograph.
2. An operative report shall be submitted for payment.
3. When reporting a surgically assisted palatal expansion without downfracture, use unspecified oral surgery procedure, by report (D7999).

PROCEDURE D7948
LEFORT II OR Lefort III (OSTEOPLASTY OF FACIAL BONES FOR MIDFACE HYPOPLASIA OR RETRUSION) – WITHOUT BONE GRAFT

1. Radiographs for payment – submit a pre-operative radiograph.
2. An operative report shall be submitted for payment.

PROCEDURE D7949
LEFORT II OR Lefort III – WITH BONE GRAFT

1. Radiographs for payment – submit a pre-operative radiograph.
2. An operative report shall be submitted for payment.
PROCEDURE D7950
OSSEOUS, OSTEOPERIOSTEAL, OR CARTILAGE GRAFT OF THE MANDIBLE OR FACIAL BONES – AUTOGENOUS OR NONAUTOGENOUS, BY REPORT
3. Prior authorization is required.
4. Radiographs for prior authorization –submit a radiograph.
5. Written documentation for prior authorization – shall include the specific conditions to be addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the proposed treatment.
6. Not a benefit for periodontal grafting.
7. An operative report shall be submitted for payment.

PROCEDURE D7952
SINUS AUGMENTATION WITH BONE OR BONE SUBSTITUTE VIA A VERTICAL APPROACH
1. Prior authorization is required.
2. Radiographs for prior authorization –submit a radiograph.
3. Written documentation for prior authorization – shall include the specific conditions to be addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
4. A benefit only for patients with authorized implant services.
5. An operative report shall be submitted for payment.

PROCEDURE D7953
BONE REPLACEMENT GRAFT FOR RIDGE PRESERVATION- PER SITE
This procedure is not a benefit.

PROCEDURE D7960
FRENULECTOMY ALSOKnown AS FRENECTOMY OR FRENOTOMY – SEPARATE PROCEDURE NOT IDENTICAL TO ANOTHER
1. Photographs for payment – submit a pre-operative photograph.
2. Written documentation for payment – shall include the rationale demonstrating the medical necessity and the specific area the treatment was performed.
3. Requires an arch code.
4. A benefit
   a. once per arch per date of service
   b. only when the permanent incisors and cuspids have erupted.

PROCEDURE D7963
FRENUPLASTY
1. Photographs for payment – submit a pre-operative photograph.
2. Written documentation for payment – shall include the rationale demonstrating the medical necessity and the specific area the treatment was performed.
3. Requires an arch code.
4. A benefit
   a. once per arch per date of service.
   b. only when the permanent incisors and cuspids have erupted.
PROCEDURE D7970
EXCISION OF HYPERPLASTIC TISSUE – PER ARCH

1. Photographs for payment – submit a pre-operative photograph.
2. Written documentation for payment – shall include the rationale demonstrating the medical necessity and the specific area the treatment was performed.
3. Requires an arch code.
4. A benefit once per arch per date of service.
5. Not a benefit for drug induced hyperplasia or where removal of tissue requires extensive gingival recontouring.
6. This procedure is included in the fees for other surgical procedures that are performed in the same area on the same date of service.

PROCEDURE D7971
EXCISION OF PERICORONAL GINGIVA

1. Radiographs for payment – submit a pre-operative periapical radiograph.
2. Photographs for payment – submit a pre-operative photograph only when the radiograph does not adequately demonstrate the medical necessity.
3. Written documentation for payment – shall include the rationale demonstrating the medical necessity.
4. Requires a tooth code.
5. This procedure is included in the fees for other surgical procedures that are performed in the same area on the same date of service.

PROCEDURE D7972
SURGICAL REDUCTION OF FIBROUS TUBEROUSITY

1. Photographs for payment – submit a pre-operative photograph.
2. Written documentation for payment – shall include the rationale demonstrating the medical necessity and the actual or proposed prosthodontic treatment.
3. Requires a quadrant code.
4. A benefit once per quadrant per date of service.
5. This procedure is included in the fees for other surgical procedures that are performed in the same quadrant on the same date of service.

PROCEDURE D7980
SIALOLITHOTOMY

1. Radiographs for payment – submit a pre-operative radiograph.
2. Written documentation or operative report for payment – shall include the area or region the treatment was performed, the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.

PROCEDURE D7981
EXCISION OF SALIVARY GLAND, BY REPORT

Operative report for payment – shall include the area or region the treatment was performed, the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.

PROCEDURE D7982
SIALODOCHOPLASTY

Operative report for payment – shall include the area or region the treatment was performed, the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.

PROCEDURE D7983
CLOSURE OF SALIVARY FISTULA

Operative report for payment – shall include the area or region the treatment was performed, the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.

PROCEDURE D7990
EMERGENCY TRACHEOTOMY

Operative report for payment – shall include the specific conditions addressed by the procedure.

PROCEDURE D7991
CORONOIDECTOMY

1. Prior authorization is required.
2. Radiographs for prior authorization – submit a radiograph.
3. Written documentation for prior authorization – shall include the specific conditions to be addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
4. An operative report shall be submitted for payment.

PROCEDURE D7995
SYNTHETIC GRAFT – MANDIBLE OR FACIAL BONES, BY REPORT

1. Prior authorization is required.
2. Radiographs for prior authorization – submit a radiograph.
3. Written documentation for prior authorization – shall include the specific conditions to be addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
4. Not a benefit for periodontal grafting.
5. An operative report shall be submitted for payment.

PROCEDURE D7996
IMPLANT – MANDIBLE FOR AUGMENTATION PURPOSES (EXCLUDING ALVEOLAR RIDGE), BY REPORT

This procedure is not a benefit.

PROCEDURE D7997
APPLIANCE REMOVAL (NOT BY DENTIST WHO PLACED APPLIANCE), INCLUDES REMOVAL OF ARCH BAR

1. Radiographs for payment – submit a pre-operative radiograph.
2. Written documentation for payment – shall include the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity and any pertinent history.
3. Requires an arch code.
4. A benefit:
   a. once per arch per date of service.
   b. for the removal of appliances related to surgical procedures only.
5. Not a benefit for the removal of orthodontic appliances and space maintainers.

PROCEDURE D7998
INTRAORAL PLACEMENT OF A FIXATION DEVICE NOT IN CONJUNCTION WITH A FRACTURE

This procedure is not a benefit.

PROCEDURE D7999
UNSPECIFIED ORAL SURGERY PROCEDURE, BY REPORT

1. Radiographs for payment – submit radiographs if applicable for the type of procedure.
2. Photographs for payment – submit photographs if applicable for the type of procedure.
3. Written documentation or operative report – describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the actual treatment.
4. Procedure D7999 shall be used:
   a. for a procedure which is not adequately described by a CDT code, or
   b. for a procedure that has a CDT code that is not a benefit but the patient has an exceptional medical condition to justify the medical necessity.

Documentation shall include the medical condition and the specific CDT code associated with the treatment.
Orthodontic General Policies (D8000-D8999)

Orthodontic Procedures (D8080, D8660, D8670 and D8680)

a) Orthodontic procedures shall only be performed by dentists who qualify as orthodontists under the California Code of Regulations, Title 22, Section 51223(c).

b) Orthodontic procedures are benefits for medically necessary handicapping malocclusion, cleft palate and facial growth management cases for patients under the age of 21 and shall be prior authorized.

c) Only those cases with permanent dentition shall be considered for medically necessary handicapping malocclusion, unless the patient is age 13 or older with primary teeth remaining. Cleft palate and craniofacial anomaly cases are a benefit for primary, mixed and permanent dentitions. Craniofacial anomalies are treated using facial growth management.

d) All necessary procedures that may affect orthodontic treatment shall be completed before orthodontic treatment is considered.

e) Orthodontic procedures are a benefit only when the diagnostic casts verify a minimum score of 26 points on the Handicapping Labio-Lingual Deviation (HLD) Index California Modification Score Sheet Form, DC016 (06/09) or one of the six automatic qualifying conditions below exist or when there is written documentation of a craniofacial anomaly from a credentialed specialist on their professional letterhead.

f) The automatic qualifying conditions are:

   i) cleft palate deformity. If the cleft palate is not visible on the diagnostic casts written documentation from a credentialed specialist shall be submitted, on their professional letterhead, with the prior authorization request,

   ii) craniofacial anomaly. Written documentation from a credentialed specialist shall be submitted, on their professional letterhead, with the prior authorization request,

   iii) a deep impinging overbite in which the lower incisors are destroying the soft tissue of the palate,

   iv) a crossbite of individual anterior teeth causing destruction of soft tissue,

   v) an overjet greater than 9 mm or reverse overjet greater than 3.5 mm,

   vi) a severe traumatic deviation (such as loss of a premaxilla segment by burns, accident or osteomyelitis or other gross pathology). Written documentation of the trauma or pathology shall be submitted with the prior authorization request.

g) When a patient transfers from one orthodontist to another orthodontist, a new TAR for prior authorization shall be submitted:

   i) when the patient has already qualified under the Medi-Cal Dental Program and has been receiving treatment, the balance of the originally authorized treatment shall be authorized to the new orthodontist to complete the case. Diagnostic casts, Handicapping Labio-Lingual Deviation (HLD) Index California Modification Score Sheet Form, DC016 (06/09), and photographs are not required for a transfer case that has already been approved, or

   ii) when a patient has been receiving orthodontic treatment that has not been previously approved by the Medi-Cal Dental Program, pre-treatment diagnostic casts and current photographs are required. If pre-treatment diagnostic casts are not available then current diagnostic casts shall be submitted. Prior authorization for the balance of the orthodontic treatment shall be allowed or denied based on the Medi-Cal Dental Program’s evaluation of the diagnostic casts and photographs.

h) When additional periodic orthodontic treatment visit(s) (D8670) are necessary beyond the maximum allowed to complete the case, prior authorization is required. Current photographs are required to justify the medical necessity.

i) If the patient’s orthodontic treatment extends beyond the month of their 21st birthday or they become ineligible during treatment, then it is the patient’s responsibility to pay for their continued treatment.
j) If the patient’s orthodontic treatment is interrupted and orthodontic bands are prematurely removed, then the patient no longer qualifies for continued orthodontic treatment.

k) If the patient’s orthodontic bands have to be temporarily removed and then replaced due to a medical necessity, a claim for comprehensive orthodontic treatment of the adolescent dentition (D8080) for rebanding shall be submitted along with a letter from the treating physician or radiologist, on their professional letterhead, stating the reason why the bands needed to be temporarily removed.
Orthodontic Procedures (D8000-D8999)

PROCEDURE D8010
LIMITED ORTHODONTIC TREATMENT OF THE PRIMARY DENTITION
This procedure is not a benefit.

PROCEDURE D8020
LIMITED ORTHODONTIC TREATMENT OF THE TRANSITIONAL DENTITION
This procedure is not a benefit.

PROCEDURE D8030
LIMITED ORTHODONTIC TREATMENT OF THE ADOLESCENT DENTITION
This procedure is not a benefit.

PROCEDURE D8040
LIMITED ORTHODONTIC TREATMENT OF THE ADULT DENTITION
This procedure is not a benefit.

PROCEDURE D8050
INTERCEPTIVE ORTHODONTIC TREATMENT OF THE PRIMARY DENTITION
This procedure is not a benefit.

PROCEDURE D8060
INTERCEPTIVE ORTHODONTIC TREATMENT OF THE TRANSITIONAL DENTITION
This procedure is not a benefit.

PROCEDURE D8070
COMPREHENSIVE ORTHODONTIC TREATMENT OF THE TRANSITIONAL DENTITION
This procedure is not a benefit.

PROCEDURE D8080
COMPREHENSIVE ORTHODONTIC TREATMENT OF THE ADOLESCENT DENTITION
1. Prior authorization is required. The following shall be submitted together for prior authorization:
   a. comprehensive orthodontic treatment of the adolescent dentition (D8080), and
   b. periodic orthodontic treatment visit(s) (D8670), and
   c. orthodontic retention (D8680), and
   d. the diagnostic casts (D0470), and
   e. a completed Handicapping Labio-Lingual Deviation (HLD) Index California Modification Score Sheet Form, DC016 (06/09).
2. No treatment will be authorized and no payment will be allowed after the month of the patient’s 21st birthday.
3. Written documentation for prior authorization for cleft palate and facial growth management cases shall be submitted:
   a. cleft palate cases require documentation from a credentialed specialist,
   b. facial growth management cases require documentation from a credentialed specialist, on their professional letterhead, of the craniofacial anomaly.
4. A benefit:
   a. for handicapping malocclusion, cleft palate and facial growth management cases.
   b. for patients under the age of 21.
   c. for permanent dentition (unless the patient is age 13 or older with primary teeth still present or has a cleft palate or craniofacial anomaly).
   d. once per patient per phase of treatment.
5. All appliances (such as bands, arch wires, headgear and palatal expanders) are included in the fee for this procedure. No additional charge to the patient is permitted.
6. This procedure includes the replacement, repair and removal of brackets, bands and arch wires by the original provider.

PROCEDURE D8090
COMPREHENSIVE ORTHODONTIC TREATMENT OF THE ADULT DENTITION
This procedure is not a benefit.
PROCEDURE D8210
REMOVABLE APPLIANCE THERAPY
1. Prior authorization is required.
2. Radiographs for prior authorization—submit current periapical radiographs of the maxillary anterior teeth.
3. Written documentation for prior authorization—shall justify the medical necessity for the appliance and the presence of a harmful oral habit such as thumb sucking and/or tongue thrusting.
4. A benefit:
   a. for patients ages 6 through 12.
   b. once per patient.
5. Not a benefit:
   a. for orthodontic appliances, tooth guidance appliances, minor tooth movement, or activating wires.
   b. for space maintainers in the upper or lower anterior region.
6. This procedure includes all adjustments to the appliance.

PROCEDURE D8220
FIXED APPLIANCE THERAPY
1. Prior authorization is required.
2. Radiographs for prior authorization—submit current periapical radiographs of the maxillary anterior teeth.
3. Written documentation for prior authorization—shall justify the medical necessity for the appliance and the presence of a harmful oral habit such as thumb sucking and/or tongue thrusting.
4. A benefit:
   a. for patients ages 6 through 12.
   b. once per patient.
5. Not a benefit:
   a. for orthodontic appliances, tooth guidance appliances, minor tooth movement, or activating wires.
   b. for space maintainers in the upper or lower anterior region.
6. This procedure includes all adjustments to the appliance.

PROCEDURE D8660
PRE-ORTHODONTIC TREATMENT VISIT
1. This procedure is for the observation of the patient’s oral and/or facial growth for craniofacial anomalies prior to starting orthodontic treatment for facial growth management cases.
2. Prior authorization is required. The following shall be submitted together for authorization:
   a. comprehensive orthodontic treatment of the adolescent dentition (D8080), and
   b. pre-orthodontic treatment visit(s) (D8660) indicating the quantity of treatment visits required up to a maximum of six during the patient’s lifetime, and
   c. periodic orthodontic treatment visit(s) (D8670), and
   d. orthodontic retention (D8680), and
   e. a completed Handicapping Labio-Lingual Deviation (HLD) Index California Modification Score Sheet Form, DC016 (06/09).
3. Written documentation for prior authorization—shall include a letter from a credentialed specialist, on their professional letterhead, confirming a craniofacial anomaly.
4. A benefit:
   a. prior to comprehensive orthodontic treatment of the adolescent dentition (D8080) for the initial treatment phase for facial growth management cases regardless of how many dentition phases are required.
   b. once every three months.
   c. for patients under the age of 21.
   d. for a maximum of six.

PROCEDURE D8670
PERIODIC ORTHODONTIC TREATMENT VISIT (AS PART OF CONTRACT)
1. Prior authorization is required. Refer to Orthodontic General Policies for specific authorization requirements.
2. The start of payments for this procedure shall be the next calendar month following the date of service for comprehensive orthodontic treatment of the adolescent dentition (D8080).
3. A benefit:
   a. for patients under the age of 21.
   b. for permanent dentition (unless the patient is age 13 or older with primary
c. once per calendar quarter.

4. The maximum quantity of monthly treatment visits for the following phases are:
   a. Malocclusion - up to a maximum of 8 quarterly visits. (4 additional quarterly visits shall be authorized when documentation and photographs justify the medical necessity), or
   b. Cleft Palate:
      i) Primary dentition - up to a maximum of 4 quarterly visits. (2 additional quarterly visits shall be authorized when documentation and photographs justify the medical necessity).
      ii) Mixed dentition - up to a maximum of 5 quarterly visits. (3 additional quarterly visits shall be authorized when documentation and photographs justify the medical necessity).
      iii) Permanent dentition - up to a maximum of 10 quarterly visits. (5 additional quarterly visits shall be authorized when documentation and photographs justify the medical necessity).

PROCEDURE D8680
ORTHODONTIC RETENTION
(REMOVAL OF APPLIANCES, CONSTRUCTION AND PLACEMENT OF RETAINER(S))

1. Prior authorization is required. Refer to Orthodontic General Policies for specific authorization requirements.

2. This procedure shall be paid only following the completion of periodic orthodontic treatment visit(s) (D8670)

PROCEDURE D8690
ORTHODONTIC TREATMENT
(ALTERNATIVE BILLING TO A CONTRACT FEE)

This procedure is not a benefit.
PROCEDURE D8691
REPAIR OF ORTHODONTIC APPLIANCE

1. This procedure does not require prior authorization.
2. Written documentation for payment – indicate the type of orthodontic appliance and a description of the repair.
3. Requires an arch code.
4. A benefit:
   a. for patients under the age of 21.
   b. once per appliance.
5. Not a benefit to the original provider for the replacement and/or repair of brackets, bands, or arch wires.

PROCEDURE D8692
REPLACEMENT OF LOST OR BROKEN RETAINER

1. This procedure does not require prior authorization.
2. Written documentation for payment – indicate how the retainer was lost or why it is no longer serviceable.
3. Requires an arch code.
4. A benefit:
   a. for patients under the age of 21.
   b. once per arch.
   c. only within 24 months following the date of service of orthodontic retention (D8680).
5. This procedure is only payable when orthodontic retention (D8680) has been previously paid by the program.

PROCEDURE D8693
REBONDING OR RECEMENTING: AND/OR REPAIR, AS REQUIRED, OF FIXED RETAINERS

1. This procedure does not require prior authorization.
2. Submission of radiographs, photographs or written documentation demonstrating medical necessity is not required for payment.
3. Requires an arch code.
4. A benefit:
   a. for patients under the age of 21.
   b. once per provider.
5. Additional requests beyond the stated frequency limitations shall be considered for payment when the medical necessity is documented and identifies an unusual condition (such as displacement due to a sticky food item).

PROCEDURE D8999
UNSPECIFIED ORTHODONTIC PROCEDURE, BY REPORT

1. Prior authorization is required for non-emergency procedures.
2. Radiographs for prior authorization or payment– submit radiographs if applicable for the type of procedure.
3. Photographs for prior authorization or payment– submit photographs if applicable for the type of procedure.
4. Written documentation for prior authorization or payment – describe the specific conditions addressed by the procedure, the rationale demonstrating the medical necessity, any pertinent history and the proposed or actual treatment.
5. A benefit for patients under the age of 21.
6. Not a benefit to the original provider for the adjustment, repair, replacement or removal of brackets, bands or arch wires.
7. Procedure D8999 shall be used:
   a. for a procedure which is not adequately described by a CDT code, or
   b. for a procedure that has a CDT code that is not a benefit but the patient has an exceptional medical condition to justify the medical necessity. Documentation shall include the medical condition and the specific CDT code associated with the treatment.
Adjunctive General Policies (D9000-D9999)

a) Anesthesia (D9210-D9248)
b) General anesthesia (D9220 and D9221) is defined as a controlled state of unconsciousness, accompanied by a partial or complete loss of protective reflexes, including the loss of the ability to independently maintain an airway and respond purposefully to physical stimulation or verbal command, produced by a pharmacologic or non-pharmacologic method or combination thereof.
c) Intravenous sedation/analgesia (D9241 and D9242) is a medically controlled state of depressed consciousness while maintaining the patient’s airway, protective reflexes and the ability to respond to stimulation or verbal commands. It includes intravenous (IV) administration of sedative and/or analgesic agent(s) and appropriate monitoring.
d) Non-intravenous conscious sedation (D9248) is a medically controlled state of depressed consciousness while maintaining the patient’s airway, protective reflexes and the ability to respond to stimulation or verbal commands. It includes administration of sedative and/or analgesic agent(s) by a route other than IV (oral, patch, intramuscular or subcutaneous) and appropriate monitoring.
e) Deep sedation/general anesthesia (D9220 and D9221) and intravenous conscious sedation/analgesia (D9241 and D9242) shall be considered for payment when it is documented why local anesthesia is contraindicated. Such contraindications shall include the following:
   i) a severe mental or physical handicap,
   ii) extensive surgical procedures,
   iii) an uncooperative child,
   iv) an acute infection at an injection site,
   v) a failure of a local anesthetic to control pain.
f) The administration of deep sedation/general anesthesia (D9220 and D9221), nitrous oxide (D9230), intravenous conscious sedation/analgesia (D9241 and D9242) and therapeutic parenteral drug (D9610) is a benefit in conjunction with payable associated procedures. Prior authorization or payment shall be denied if all associated procedures by the same provider are denied.
g) Only one anesthesia procedure is payable per date of service regardless of the methods of administration or drugs used. When one or more anesthesia procedures are performed only the most profound procedure will be allowed. The following anesthesia procedures are listed in order from most profound to least profound:
   i) Procedure D9220/D9221 (Deep Sedation/General Anesthesia),
   ii) Procedure D9241/D9242 (Intravenous Conscious Sedation/Analgesia),
   iii) Procedure D9248 (Non-Intravenous Conscious Sedation),
   iv) Procedure D9230 (Inhalation Of Nitrous Oxide/Analgesia, Anxiolysis).
h) Providers who administer general anesthesia (D9220 and D9221) and/or intravenous conscious sedation/analgesia (D9241 and D9242) shall have valid anesthesia permits with the California Dental Board.
i) The cost of analgesic and anesthetic agents and supplies are included in the fee for the analgesic/ anesthetic procedure.
j) Anesthesia time for general anesthesia and intravenous conscious sedation is defined as the period between the beginning of the administration of the anesthetic agent and the time that the anesthetist is no longer in personal attendance.
k) Sedation is a benefit in conjunction with the surgical removal of wires, bands, splints and arch bars.
Adjunctive Service Procedures (D9000-D9999)

PROCEDURE D9110
PALLIATIVE (EMERGENCY)
TREATMENT OF DENTAL PAIN – MINOR

1. This procedure cannot be prior authorized.
2. Written documentation for payment—shall include the tooth/area, condition and specific treatment performed.
3. A benefit once per date of service per provider regardless of the number of teeth and/or areas treated.
4. Not a benefit when any other treatment is performed on the same date of service, except when radiographs/photographs are needed of the affected area to diagnose and document the emergency condition.

PROCEDURE D9120
FIXED PARTIAL DENTURE SECTIONING

1. This procedure does not require prior authorization.
2. Radiographs for payment—submit pre-operative radiographs.
3. Requires a tooth code for the retained tooth.
4. A benefit when at least one of the abutment teeth is to be retained.

PROCEDURE D9210
LOCAL ANESTHESIA NOT IN CONJUNCTION WITH OPERATIVE OR SURGICAL PROCEDURES

1. This procedure cannot be prior authorized.
2. Written documentation for payment—shall include the medical necessity for the local anesthetic injection.
3. A benefit:
   a. once per date of service per provider.
   b. only for use in order to perform a differential diagnosis or as a therapeutic injection to eliminate or control a disease or abnormal state.
4. Not a benefit when any other treatment is performed on the same date of service, except when radiographs/photographs are needed of the affected area to diagnose and document the emergency condition.

PROCEDURE D9211
REGIONAL BLOCK ANESTHESIA

This procedure is included in the fee for other procedures and is not payable separately.

PROCEDURE D9212
TRIGEMINAL DIVISION BLOCK ANESTHESIA

This procedure is included in the fee for other procedures and is not payable separately.

PROCEDURE D9215
LOCAL ANESTHESIA IN CONJUNCTION WITH OPERATIVE OR SURGICAL PROCEDURES

This procedure is included in the fee for other procedures and is not payable separately.

PROCEDURE D9220
PROCEDURE DEEP SEDATION/GENERAL ANESTHESIA – FIRST 30 MINUTES

1. This procedure does not require prior authorization.
2. Written documentation for payment—shall justify the medical necessity based on a mental or physical limitation or contraindication to a local anesthetic agent. The anesthetic induction agent shall also be documented.
3. An anesthesia record that indicates the anesthetic agent(s) and the anesthesia time shall be submitted for payment.
4. Not a benefit:
   a. on the same date of service as analgesia, anxiolysis, inhalation of nitrous oxide (D9230), intravenous conscious sedation/analgesia (D9241 and D9242) or non-intravenous conscious sedation (D9248).
   b. when all associated procedures on the same date of service by the same provider are denied.

PROCEDURE D9221
PROCEDURE DEEP SEDATION/GENERAL ANESTHESIA – EACH ADDITIONAL 15 MINUTES

1. This procedure does not require prior authorization.
2. Written documentation for payment—shall justify the medical necessity based on a
mental or physical limitation or contraindication to a local anesthetic agent. The anesthetic induction agent shall also be documented.

3. An anesthesia record that indicates the anesthetic agent(s) and the anesthesia time shall be submitted for payment.

4. The quantity, in 15-minute increments, that was necessary to complete the treatment shall be indicated on the claim.

5. Not a benefit:
   a. on the same date of service as analgesia, anxiolysis, inhalation of nitrous oxide (D9230), intravenous conscious sedation/analgesia (D9241 and D9242) or non-intravenous conscious sedation (D9248).
   b. when all associated procedures on the same date of service by the same provider are denied.

PROCEDURE D9230
INHALATION OF NITROUS OXIDE/ANXIOLYSIS, ANALGESIA

1. This procedure does not require prior authorization.

2. Written documentation for payment for patients age 13 or older shall indicate the physical, behavioral, developmental or emotional condition that prohibits the patient from responding to the provider’s attempts to perform treatment.

3. A benefit:
   a. for uncooperative patients under the age of 13, or
   b. for patients age 13 or older when documentation specifically identifies the physical, behavioral, developmental or emotional condition that prohibits the patient from responding to the provider’s attempts to perform treatment.

4. Not a benefit:
   a. on the same date of service as deep sedation/general anesthesia (D9220 and D9221), analgesia, anxiolysis, inhalation of nitrous oxide (D9230) or non-intravenous conscious sedation (D9248).
   b. when all associated procedures on the same date of service by the same provider are denied.

PROCEDURE D9241
INTRAVENOUS CONSCIOUS SEDATION/ANALGESIA – FIRST 30 MINUTES

1. This procedure does not require prior authorization.

2. Written documentation for payment shall justify the medical necessity based on a mental or physical limitation or contraindication to a local anesthetic agent.

3. An anesthesia record that indicates the anesthetic agent(s) and the anesthesia time shall be submitted for payment.

4. The quantity, in 15-minute increments, that was necessary to complete the treatment shall be indicated on the claim.

5. Not a benefit:
   a. on the same date of service as deep sedation/general anesthesia (D9220 and D9221), analgesia, anxiolysis, inhalation of nitrous oxide (D9230) or non-intravenous conscious sedation (D9248).
   b. when all associated procedures on the same date of service by the same provider are denied.

PROCEDURE D9242
INTRAVENOUS CONSCIOUS SEDATION/ANALGESIA – EACH ADDITIONAL 15 MINUTES

1. This procedure does not require prior authorization.

2. Written documentation for payment shall justify the medical necessity based on a mental or physical limitation or contraindication to a local anesthetic agent.

3. An anesthesia record that indicates the anesthetic agent(s) and the anesthesia time shall be submitted for payment.

4. The quantity, in 15-minute increments, that was necessary to complete the treatment shall be indicated on the claim.

5. Not a benefit:
   a. on the same date of service as deep sedation/general anesthesia (D9220 and D9221), analgesia, anxiolysis, inhalation of nitrous oxide (D9230) or non-intravenous conscious sedation (D9248).
   b. when all associated procedures on the same date of service by the same provider are denied.
nitrous oxide (D9230) or non-intravenous conscious sedation (D9248).

b. when all associated procedures on the same date of service by the same provider are denied.

**PROCEDURE D9248 NON-INTRAVENOUS CONSCIOUS SEDATION**

1. This procedure does not require prior authorization.
2. Written documentation for payment for patients of all ages- shall indicate the specific anesthetic agent administered and the method of administration.
3. Written documentation for payment for patients age 13 or older- shall indicate the physical, behavioral, developmental or emotional condition that prohibits the patient from responding to the provider's attempts to perform treatment.
4. A benefit:
   a. for uncooperative patients under the age of 13, or
   b. for patients age 13 or older when documentation specifically identifies the physical, behavioral, developmental or emotional condition that prohibits the patient from responding to the provider’s attempts to perform treatment.
   c. for oral, patch, intramuscular or subcutaneous routes of administration.
   d. once per date of service.
5. Not a benefit:
   a. on the same date of service as deep sedation/general anesthesia (D9220 and D9221), analgesia, anxiolysis, inhalation of nitrous oxide (D9230) or intravenous conscious sedation/analgesia (D9241 and D9242).
   b. when all associated procedures on the same date of service by the same provider are denied.

**PROCEDURE D9310 CONSULTATION - (DIAGNOSTIC SERVICE PROVIDED BY DENTIST OR PHYSICIAN OTHER THAN REQUESTING DENTIST OR PHYSICIAN)**

This procedure shall only be billed as diagnostic procedures D0120, D0140, D0150, or D0160.

**PROCEDURE D9410 HOUSE/EXTENDED CARE FACILITY CALL**

1. Written documentation for payment – shall include the name, phone number, and address of the facility. When requesting treatment for a patient who cannot leave their private residence due to a medical condition, the patient’s physician shall submit a letter on their professional letterhead with the following information documented:
   a. the patient’s specific medical condition, and
   b. the reason why the patient cannot leave their private residence, and
   c. the length of time the patient will be homebound.
2. A benefit:
   a. once per patient per date of service.
   b. only in conjunction with procedures that are payable.
3. When this procedure is submitted for payment without associated procedures, the medical necessity for the visit shall be documented and justified.

**PROCEDURE D9420 HOSPITAL OR AMBULATORY SURGICAL CENTER CALL**

1. The operative report for payment – shall include the total time in the operating room or ambulatory surgical center.
2. A benefit for each hour or fraction thereof as documented on the operative report.
3. Not a benefit:
   a. for an assistant surgeon.
   b. for time spent compiling the patient history, writing reports or for post-operative or follow up visits.

**PROCEDURE D9430 OFFICE VISIT FOR OBSERVATION (DURING REGULARLY SCHEDULED HOURS) – NO OTHER SERVICES PERFORMED**

1. This procedure cannot be prior authorized.
2. Written documentation for payment – shall include the
tooth/area, the chief complaint and the non-clinical treatment taken.

3. A benefit once per date of service per provider.

4. Not a benefit:
   a. when procedures other than necessary radiographs and/or photographs are provided on the same date of service.
   b. for visits to patients residing in a house/extended care facility.

**PROCEDURE D9440**
**OFFICE VISIT – AFTER REGULARLY SCHEDULED HOURS**

1. This procedure cannot be prior authorized.

2. Written documentation for payment – shall include justification of the emergency (chief complaint) and be specific to an area or tooth. The time and day of the week shall also be documented.

3. A benefit
   a. once per date of service per provider.
   b. only with treatment that is a benefit.

4. This procedure is to compensate providers for travel time back to the office for emergencies outside of regular office hours.

**PROCEDURE D9450**
**CASE PRESENTATION, DETAILED AND EXTENSIVE TREATMENT PLANNING**

This procedure is not a benefit.

**PROCEDURE D9610**
**THERAPEUTIC PARENTERAL DRUG, SINGLE ADMINISTRATION**

1. Written documentation for payment – shall include the specific drug name and classification.

2. A benefit for up to a maximum of four injections per date of service.

3. Not a benefit:
   a. for the administration of an analgesic or sedative when used in conjunction with deep sedation/general anesthesia (D9220 and D9221), analgesia, anxiolysis, inhalation of nitrous oxide (D9230), intravenous conscious sedation/analgesia (D9241 and D9242) or non-intravenous conscious sedation (D9248).
   b. when all associated procedures on the same date of service by the same provider are denied.

PROCEDURE D9970
ENAMEL MICROABRASION

This procedure is not a benefit.

PROCEDURE D9971
ODONTOPLASTY 1 – 2 TEETH; INCLUDES REMOVAL OF ENAMEL PROJECTIONS

This procedure is not a benefit.

PROCEDURE D9972
EXTERNAL BLEACHING – PER ARCH - PERFORMED IN OFFICE

This procedure is not a benefit.

PROCEDURE D9973
EXTERNAL BLEACHING – PER TOOTH

This procedure is not a benefit.

PROCEDURE D9974
INTERNAL BLEACHING – PER TOOTH

This procedure is not a benefit.
PROCEDURE D9975
EXTERNAL BLEACHING FOR HOME APPLICATION, PER ARCH;
INCLUDES MATERIALS AND FABRICATION OF CUSTOM TRAYS

This procedure is not a benefit.

PROCEDURE D9999
UNSPECIFIED ADJUNCTIVE PROCEDURE, BY REPORT

1. Prior authorization is required for non-emergency procedures.
2. Radiographs for prior authorization or payment – submit radiographs if applicable for the type of procedure.
3. Photographs for prior authorization or payment – submit photographs if applicable for the type of procedure.
4. Written documentation for prior authorization or payment – shall include a full description of the proposed or actual treatment and the medical necessity.
5. Procedure D9999 shall be used:
   a. for a procedure which is not adequately described by a CDT code, or
   b. for a procedure that has a CDT code that is not a benefit but the patient has an exceptional medical condition to justify the medical necessity.
   Documentation shall include the medical condition and the specific CDT code associated with the treatment.
1. Fees payable to providers by Medi-Cal Dental for covered services shall be the LESSER of:
   a. provider’s billed amount
   b. the maximum allowance set forth in the schedule below

2. Refer to your Medi-Cal Dental Program Provider Handbook for specific procedure instructions and program limitations.

Section 6 - Forms

Medi-Cal Dental Forms

Only Medi-Cal Dental specific, State-approved forms are accepted by Medi-Cal Dental. Any other forms will be returned without processing. Proper use and completion of these forms will expedite authorization or payment for Medi-Cal dental covered services. No duplicates or photocopies will be accepted or processed. Signatures in blue or black ink are required; rubber signature stamps will not be accepted.

Treatment Authorization Request (TAR)/ Claim Forms

- DC-202 – Preimprinted, No Carbon Required (NCR)
- DC-209 – NCR for continuous pin-fed printers
- DC-217 – Single sheet for laser printers

Claim Inquiry Forms (CIFs)

- DC-003

Envelopes for TAR/Claim Forms/ Correspondence

- DC-006C – for submitting radiographs/attachments for Electronic Data Interchange (EDI) TAR/Claims forms
- DC-007 - correspondence
- DC-206 – for submitting TAR/Claim forms that are not EDI

Envelopes for Submitting Radiographs Associated with EDI Documents

- DC-014E – large envelopes for submitting radiographs/documentation for EDI documents
- DC-014F – small envelopes for submitting radiographs/documentation for EDI documents
- DC-006C – large envelopes for mailing multiple large/small envelopes (DC-014E and DC-014F).

EDI Labels

- DC-018A – 12-up sheet of labels for laser printers (order blank or preimprinted)

- DC-018B – 1-up continuous labels
- DC-018C - 3-up continuous labels

Ordering Forms

When ordering forms, be sure to request an adequate supply of TAR/Claim forms, CIFs, and Justification of Need for Prosthesis forms, plus X-ray and mailing envelopes. The Forms Reorder Request (DC-204) is to be used to order forms from Medi-Cal Dental’s forms supplier.

The forms vendor will verify that the National Provider Identifier (NPI) number submitted for preimprinting matches what is on record at Medi-Cal Dental. Once confirmed, the inventory will be preimprinted with the NPI. However, if the information found on the Forms Reorder Request does not match what the forms vendor has received from Medi-Cal Dental, the order will not be filled.

The Forms Reorder Request form (DC-204) should be mailed or faxed to the warehouse vendor:

Medi-Cal Dental Forms Reorder
11155 International Drive, MS C25
Rancho Cordova, CA 95670
Fax: (877) 401-7534

Do not phone the warehouse: they are not staffed to handle telephone requests.

Upon receiving Medi-Cal dental forms and envelopes, verify that any pre-printed information such as address and/or NPI number is correct. If there are errors, then please call the Telephone Service Center toll-free at (800) 423-0507.
Optical Character Recognition (OCR)/Intelligent Character Recognition (ICR)

OCR/ICR technology allows for a more automated process of capturing information from paper documents and enables Medi-Cal Dental to electronically adjudicate paper forms. Medi-Cal Dental’s goal is to decrease processing time, improve responsiveness to provider and member (patient) inquiries, and increase adjudication accuracy.

To ensure optimum results and avoid denials, please follow the specifications listed below.

Do:

- Use only Medi-Cal Dental provided forms
- On TAR/Claim forms, leave boxes 11 through 18 blank, unless indicating “yes.” OCR reads any mark in boxes 11 through 18 as a “yes” even if the answer is “no.”
- Use a laser printer for best results.
  If handwritten documents must be submitted, use neat block letters, blue or black ink, and stay within field boundaries.
- Use a 10 point, plain font (such as Arial), and use all capital letters.
- Use a 6-digit date format without dashes or slashes, e.g., mmddyy (123116).
- Use only Medi-Cal Dental TAR/Claim forms
- Print within the lines of the appropriate field
- Submit notes and attachments on 8 ½" by 11" paper. Small attachments must be taped to standard paper in order to go through the scanner.
- Submit notes and attachments on one side of the paper only. Double-sided attachments require copying and additional preparation for the scanners which will cause delays in adjudication.
- Enter quantity information in the quantity field. OCR does not read the description of service field to pick up the quantity.
- On TAR/Claim forms, complete boxes 19 and 20. Enter the complete Billing Provider Name and NPI to ensure appropriate payment to the correct billing number.
- Remember that the following TAR/Claim forms are no longer available and should not be used: DC-002A, DC-002B, DC-009A, DC-009B, DC-017A, and DC-017B.
- Always apply a handwritten signature in blue or black ink.

Do Not:

- Use correction fluid or tape.
- Use a dot matrix/impact printer.
- Use italics or script fonts.
- Mix fonts on the same form.
- Use fonts smaller than 10 point.
- Use arrows or quote/ditto marks to indicate duplicate dates of service, National Provider Identifier (NPI), etc.
- Use dashes or slashes in date fields.
- Print slashed zeros.
- Use photocopies of any Medi-Cal dental forms.
- Use highlighters to highlight field information (this causes field data to turn black and become unreadable).
- Submit two-sided attachments.
- Enter quantity information in the description of service field.
- Put notes on the top or bottom of forms
- Fold any forms.
- Use labels, stickers, or stamps on any Medi-Cal dental forms.
- Use rubber signature or “signature on file” stamps.
- Place additional forms, attachments, or documentation inside the X-ray envelope. This will cause a delay in adjudication and processing.
Correct Use of Medi-Cal Dental Envelopes

Medi-Cal Dental continues to receive X-ray envelopes that are incorrectly addressed or prepared, have no address, or are empty. Some providers also submit radiographs without using the correct preimprinted or typed X-ray envelopes specifically designed for that purpose. Radiographs and photographs will not be returned.

- When submitting claims for multiple patients in one envelope, ensure that the radiographs/photographs for the respective patient are stapled to the associated claim/TAR. Use only one staple in upper right or left corner of the claim/TAR to attach radiographs or paper copies.
- Do not print two separate documents on one piece of paper (e.g., an EDI Notice of Authorization for one member on one side, and another EDI Notice of Authorization for a different member on the other side).
- Enclose mounted, dated, and well-marked radiographs and photographs in the appropriate X-ray envelope. Include the dentist's name, Medi-Cal dental provider number, and member name and Medi-Cal ID number on the X-Ray mount. Duplicate radiographs, paper radiographs, and photographs should also be marked clearly so they are identifiable for processing. The date on all radiographs, paper copies, and photographs must be in month/date/year format.
- Plastic sleeve mounts should be clean and have the label containing the required information placed on the front side of the mount.
- If the provider has a device such as a scanner that can transfer radiographs onto paper, Medi-Cal Dental will accept the paper copy instead of the regular film. Paper copies of radiographs must be of good quality to be accepted and must be larger than 2 inches by 3.5 inches (about the size of a business card). If the resolution of the paper image is inadequate, Medi-Cal Dental will request the original film, which can delay processing. Be sure to indicate on the paper copy the date the radiograph was taken and which side of the mouth. Paper copies of radiographs will not be returned.
- Paper copies should be printed on 20lb or heavier paper, but do not use glossy or photo paper.
- Do not fold radiographs or photographs.
- Only use X-ray envelopes for radiographs or paper radiographs. All other attachments and documentation should be stapled to the TAR/Claim form to reduce processing delays. Do not overfill X-ray envelopes. The appropriately-sized envelopes should be used for all radiographs submitted to prevent damaged envelopes and/or lost radiographs.
- Up to three unmounted radiographs may be submitted by placing them in unsealed coin-size envelopes and inserting the coin-size envelopes into the X-ray envelopes provided by Medi-Cal Dental. The coin-sized envelope should be labeled with the provider name, NPI, member name, and date.

Medi-Cal Dental offers the following special envelopes printed with red borders to be used by the dental office for enclosing radiographs, photographs, and other documentation associated with EDI claims and TARs:

- **DC-014E** – Large envelope for submitting radiographs and/or other documentation associated with EDI documents
- **DC-014F** – Small envelope for submitting radiographs and/or other documentation associated with EDI documents

Radiographs or paper printouts of digitized images should be placed in these envelopes. Loose radiographs can become separated and lost, which can delay the time it takes Medi-Cal Dental to process documents. One EDI mailing label should be affixed to each envelope: DC-018A (can be ordered partially preimprinted), DC-018B or C.

Medi-Cal Dental also provides the following envelope for mailing several small or large EDI radiograph envelopes:
- **DC-006C** – Large envelope with red border which should only contain:
  - Multiple EDI X-ray envelopes DC-014E and DC-014F containing radiographs or documentation related to EDI claims and TARs.

- **DC-206** – Large envelope for mailing TAR/Claim forms, which should only contain:
  - TAR/Claim forms
  - Claim Inquiry Forms (CIFs)
  - Resubmission Turnaround Documents (RTDs) relating to TAR/Claim forms
  - NOAs submitted for payment or reevaluation
  - EDI NOAs printed onto paper for payment and/or EDI RTDs printed onto paper related to claims (do not attach EDI label)
  - EDI RTDs printed onto paper related to TARs (do not attach EDI label)
Treatment Authorization Request
(TAR)/Claim Forms

The TAR/Claim form is used to request authorization of proposed treatment or submit a claim for payment. Accurate completion of this form is required to ensure proper and expeditious handling by Medi-Cal Dental. An incomplete or inaccurate TAR or Claim will delay processing and may result in the generation of a RTD or denial.

Medi-Cal Dental specific forms are the only forms processed under Medi-Cal Dental, whether for authorization of covered services or payment of rendered treatment.

The format of the following forms is identical.

- DC-202 (No Carbon Required (NCR) TAR/Claim forms)
- DC-209 (continuous TAR/Claim forms)
  Page 1 – Submit first sheet to Medi-Cal Dental
  Page 2 – Retain second sheet
- DC-217 (single-sheet TAR/Claim forms for use in laser printers)

For scanning purposes, the forms are produced with red ink, and providers are requested to use only blue or black ink on any forms submitted to Medi-Cal Dental.

Please make sure all applicable areas of the forms are filled in completely and accurately. Any claim service line (CSL) submitted with an invalid procedure code or a blank procedure code field will be denied, whether submitted electronically or as paper documents. Documents received with a missing or incorrect address or NPI can delay the processing of TARs and claims and increase the possibility that payments may be forwarded to the wrong office.

Sample TAR/Claim Form Submitted as a Claim
How to Complete the TAR/Claim Form

Accurate and complete preparation of this form is essential for processing. Unless otherwise specified, all fields must be completed.

Medi-Cal Dental's evaluation of TARs and Claims will be more accurate when narrative documentation is included. The following reminders and tips help office staff prepare narrative documentation for some common Medi-Cal dental procedures:

- “Comments” area (Field 34) of the TAR/Claim form is used when written narrative documentation is required. If including narrative documentation on a separate piece of paper, check Field 10 on the treatment form to indicate there are other attachments. Note in Field 34 that written comments are attached.
- Written narrative documentation must be legible; printed or typewritten documentation is always preferred. Avoid strikeovers, erasures or using correction fluid when printing or typing narrative documentation on the treatment form (Field 34).
- If submitting electronically, abbreviate comments to make optimum use of allotted space.

Fill in each field as follows:

1. **PATIENT NAME**: Enter the member’s last name, first name and middle initial.
2. Field removed.
3. **PATIENT SEX**: Check “M” for male or “F” for female.
4. **PATIENT BIRTHDATE**: Enter the member’s birthdate (mmddyy). The birthdate is used to help identify the member. Differences between the birthdate on the Medi-Cal Identification Card and the birthdate given by the member should be brought to the attention of the member for correction by his/her County Social Services office.
5. **MEDI-CAL BENEFITS ID CARD NUMBER**: Enter the member’s 14-digit number as it appears on the Medi-Cal identification card. Completion of this field is required.
6. **PATIENT ADDRESS**: Enter the member’s current address. If the member resides in a convalescent home or other health care facility, indicate the full name, complete address and phone number, including area code, of the convalescent home or other health care facility. **Please Note**: It is important to accurately document the member’s name, birthdate, Medi-Cal Benefits ID Card number and current address when submitting billing forms to Medi-Cal Dental. Medi-Cal Dental may need to contact the member for screening, and if the member’s information is incorrect, it can cause delays in processing the document.
7. **PATIENT DENTAL RECORD NUMBER**: If the provider assigns a Dental Record Number or account number to a member, enter the assigned number here. The number will then appear on all related correspondence from Medi-Cal Dental.
8. **REFERRING PROVIDER NUMBER**: Enter the license number of the dentist who referred the member, if applicable.
9. **RADIOGRAPHS ATTACHED? HOW MANY?**: Check if “yes” and indicate the number of films enclosed. All radiographs and any attachments should be clearly identified with the member’s name, the BIC or CIN, the date that the radiograph was taken, and the provider’s name and provider number.
10. **OTHER ATTACHMENTS**: Check “yes” if additional documents are attached to the TAR/Claim form. Examples of other attachments include related correspondence, periodontal charts, operating room reports or physician’s report describing the member’s specific medical condition. Do not place attachments inside the X-ray envelope.
11. **ACCIDENT/INJURY? EMPLOYMENT RELATED?**: Check “yes” if the member was in an accident or incurred an injury that resulted in the need for dental services. Additionally, if the member’s accident or injury was caused by or occurred at work, check “yes.” **Please Note**: OCR has been set up to read any mark entered in this field as a “yes,” even if the answer is “no.” So please do not check this box unless indicating “yes.”
12. **ELIGIBILITY PENDING? (FOR TAR ONLY)** Check “yes” if the member has applied for Medi-Cal eligibility which has not yet been approved and a TAR has been submitted for that member. **Please Note:** OCR has been set up to read any mark entered in this field as a “yes,” even if the answer is “no.” So please do not check this box unless indicating “yes.”

13. **OTHER DENTAL COVERAGE?** Check “yes” if the services performed are either fully or partially covered by a private- or employer-paid dental insurance carrier. The provider must bill the other insurance carrier prior to submitting the TAR/Claim form to Medi-Cal Dental. In the “COMMENTS” section (Field 34), furnish the full name and address of the other insurance carrier, and name and group number of the policy holder. Attach a copy of the other insurance carrier’s Explanation of Benefits, fee schedule, or denial letter. For more information on other coverage, see “Section 9: Special Programs” of this Handbook. **Please Note:** OCR has been set up to read any mark entered in this field as a “yes,” even if the answer is “no.” So please do not check this box unless indicating “yes.”

14. **MEDICARE DENTAL COVERAGE?** Check “yes” if the service performed is covered by Medicare. Medicare must be billed prior to submitting any Medicare-covered service to Medi-Cal Dental. Attach a copy of the Explanation of Medicare Benefits form or denial letter. **Please Note:** OCR has been set up to read any mark entered in this field as a “yes,” even if the answer is “no.” So please do not check this box unless indicating “yes.”

15. **RETROACTIVE ELIGIBILITY?** Check “yes” if the services have been performed and the provider is requesting payment for the reason described in the “COMMENTS” section, Field 34. **Please Note:** OCR has been set up to read any mark entered in this field as a “yes,” even if the answer is “no.” So please do not check this box unless indicating “yes.”

16. **CHDP (CHILD HEALTH AND DISABILITY PREVENTION)?** Check “yes” if the treatment is related to a previous CHDP screening. The CHDP Children’s Treatment Program (CTP) claims must be submitted with a current PM 160 (health assessment screening form) attached to the Medi-Cal Dental TAR/Claim form. **Please Note:** OCR has been set up to read any mark entered in this field as a “yes,” even if the answer is “no.” So please do not check this box unless indicating “yes.”

17. **CCS (CALIFORNIA CHILDREN’S SERVICES)?** Check “yes” if any services performed are authorized by CCS. **Please Note:** OCR has been set up to read any mark entered in this field as a “yes,” even if the answer is “no.” So please do not check this box unless indicating “yes.”

18. **MF-O (MAXilloFACIAL-ORTHODONTIC SERVICES)?** Check “yes” if the claim is for maxillofacial-orthodontic services. **Please Note:** OCR has been set up to read any mark entered in this field as a “yes,” even if the answer is “no.” So please do not check this box unless indicating “yes.”

19. **BILLING PROVIDER NAME:** Enter the billing provider's name in either the “doing business as” format, such as HAPPY TOOTH DENTAL CLINIC, or in the last-name, first-name, middle-initial, title format, e.g., SMITH, JOHN J., DDS. This information should be consistent with that used when filing state and federal taxes.

20. **BILLING PROVIDER NUMBER:** Enter the billing Provider Number (NPI). **NOTE:** The Provider Number and correct service office (where the services were administered) must be present and correct on all forms. Also, the NPI must be registered with Medi-Cal Dental prior to submitting claims.

21. **BILLING PROVIDER ADDRESS AND TELEPHONE NUMBER:** Enter the service office address where treatment is rendered. A service office address should be a street address, including city, state, and zip code. A post office box cannot be used as a service office; however, it is acceptable in rural areas only to use a route number with a post office box number. If the service office address is different from the address where payment is received, please notify Medi-Cal Dental so payment can be directed to the appropriate location.

It is important to include the telephone number of the service office, including area code, so...
Medi-Cal Dental can contact the provider if questions arise while processing documents. **Please Note:** It is important that the billing provider’s name, Medi-Cal provider number (NPI), address and telephone number are accurate and match the information Medi-Cal Dental has recorded on its system. TAR/Claim forms pre-printed with the provider’s name/number/address are available at no charge from the Medi-Cal dental forms supplier. Please check this information for accuracy on all pre-printed supplies. If forms printed from your office computer are being used, please ensure the computer is programmed with the correct provider information.

22. **PLACE OF SERVICE:** Check the appropriate box indicating where service was performed (claim) or will be performed (TAR), i.e., Office, Home, Clinic/Dental School Clinic, SNF (Skilled Nursing Facility), ICF (Intermediate Care Facility), Hospital In-Patient, Hospital Out-Patient or Other (specify place of service). Those providers treating a SNF or ICF member outside the facility in which they reside, must use POS 4 or 5 (only) and must indicate the actual place of service in Box 34.

23. **BIC ISSUE DATE/EVC# AREA:** This area is only used to record the new issue date for Benefits Identification Cards (BICs).

24. Field removed

25. Field removed

26. **TOOTH NO./LTR, ARCH, QUAD:** Use universal tooth code numbers 1 thru 32 or letters A thru T for tooth reference. Use arch code “U” (upper), “L” (lower). Use quadrant code “UR” (upper right), “UL” (upper left), “LR” (lower right), and “LL” (lower left). For permanent supernumerary teeth continue with numbers 33 — 40. For primary supernumerary teeth, continue with letters U — Z.

28. **DESCRIPTION OF SERVICE:** Furnish a brief description for each service. Standard abbreviations are acceptable.

29. **DATE SERVICE PERFORMED:** For TARs, this field is blank. For payment claims only. Indicate the date the service was performed, using the six numerical digits e.g., mmddyy.

30. **QUANTITY:** For the procedures having multiple occurrences, indicate the number of occurrences of the procedure.

31. **PROCEDURE NUMBERS:** Use only the Current Dental Terminology version 20 (CDT 20) procedure codes.

32. **FEE:** Enter the usual customary and reasonable (UCR) fee for the procedure rather than the Medi-Cal Dental Schedule of Maximum Allowances fee.

33. **RENDERING PROVIDER NO.:** A rendering provider (NPI) number is required in Field 33 on all claim forms and NOAs for each dated line on the form. Rendering provider numbers are not required on undated lines of a TAR. If a rendering provider number (NPI) is not indicated on the TAR/Claim form for dated services, the TAR/Claim form will be delayed and a RTD will be issued to request the missing information. If there is more than one dentist or dental hygienist at a service office billing under a single dentist's provider number, enter the NPI of the dentist or dental hygienist who performed the service.

34. **COMMENTS:** Use for additional clinical remarks necessary to document treatment or for requested information regarding other coverage, etc. Narrative documentation should always state facts as they pertain to the case. Printed or typewritten documentation is preferred. It is helpful to note in this area that narrative documentation is attached when including narrative documentation on a separate piece of paper.

When preparing a TAR for a member with an authorized representative who is not identified on the Medi-Cal card, please include the representative's name and address in this area on the TAR form. This will assist Medi-Cal Dental in identifying cases where the TAR status notification should be sent to a representative and will help with correct address information.

This area should also be used to indicate the:
- **Submitter ID of the billing intermediary, if applicable**
• Eligibility confirmation number given by the AEVS when verifying eligibility
• Name, address, and telephone number of the Skilled Nursing Facility or Intermediate Care Facility

35. **TOTAL FEE CHARGED**: The sum of the fees entered in field 32 for all lines.

36. **PATIENT SHARE OF COST AMOUNT: FOR PAYMENT CLAIMS ONLY**. The dollar amount of the member’s share of cost collected by or due from a recipient who has a share of cost obligation. If there is no share of cost, then leave this field blank.

37. **OTHER COVERAGE AMOUNT: FOR PAYMENT CLAIMS ONLY**. The dollar amount of “other coverage” payments the provider has received for the listed procedures. If either Field 13 (OTHER DENTAL COVERAGE) or Field 14 (MEDI-CARE DENTAL COVERAGE) is checked “yes”, the amount received from the private dental insurance carrier or Medicare must be entered. The Explanation of Benefits (EOB) or denial from the private dental insurance carrier or Medicare must be attached to the TAR/Claim form for payment.

38. **DATE BILLED**: Enter the date the form is mailed using six numerical digits, e.g., mmddyy.

39. **SIGNATURE BLOCK**: The provider, or person authorized by the provider, must sign his/her own name in this signature field and date the form when requesting prior authorization or payment. An original signature in blue or black ink is also required (stamped signatures will not be accepted).

After providing all necessary information on the form please follow these steps:

1. Detach the “Dentist Copy” (page 2, where applicable) and retain for office records.
2. Check page 1 for completeness and legibility.
3. Place attachments, if any, behind the form or the X-ray envelope. Staple them to the back of the form, in the upper right corner. Only staple the attachments once to the form. Excessive staples will delay processing.
4. Mail completed TAR/Claim forms in the large mailing envelopes. Up to 10 forms can be mailed in a single envelope.

Mail completed TAR/Claim forms to:
Medi-Cal Dental
PO Box 15610
Sacramento, CA 95852-0610

TAR/Claim forms used for authorization (as a Treatment Authorization Request) should be mailed separately from TAR/Claim forms requesting payment for services rendered.

5. If submitting two TAR/Claim forms for the same member, staple them together in the upper right corner.
How to Submit a Claim for a Member with Other Coverage

A member having other coverage does not change the prior authorization requirements under Medi-Cal Dental. Medi-Cal Dental will process the prior authorization, and a Notice of Authorization will indicate the amount Medi-Cal Dental would pay as if there were no other coverage.

When completing the claim for payment or NOA, be sure to include the following:

Field 10. ATTACHMENTS:

Include a copy of other coverage carrier's Explanation of Benefits/Readmittance Advice (EOB/RA) or Proof of Denial letter or fee schedule.

Field 13. OTHER DENTAL COVERAGE?

Check “yes,” indicating member has other dental insurance coverage.

Field 34. COMMENTS:

Provide full name and address of other coverage carrier and name, member’s ID for that particular carrier, and group number of the policyholder.

Field 37. OTHER COVERAGE AMOUNT:

Fill in amount paid by other coverage carrier.

How to Submit a TAR for Orthodontic Services

Providers must include a complete orthodontic treatment plan containing:

- Comprehensive Orthodontic Treatment of the Adolescent Dentition (Procedure D8080)
- Periodic Orthodontic Treatment Visits (Procedure D8670)
- Orthodontic Retention (Procedure D8680)

The treatment plan may include:

- Radiographs (Procedure D0210)
- Panoramic radiographic image (Procedure D0330)
- Cephalometric head radiographic image and tracings (Procedure D0340)

Include the quantity, number of visits for active treatment (Procedure D8670). The quantity can vary depending on the type of case and the phase of dentition. Also, indicate the “case type” (e.g. cleft palate or craniofacial anomaly) and “Phase of dentition” (primary, mixed or permanent) in Field 34 (COMMENTS).

Note: Craniofacial anomalies cases may request Pre-Orthodontic Treatment Visits (Procedure D8660 – maximum of 6) and must also submit a separate authorization for these services prior to requesting a complete orthodontic treatment plan.

Reminders:

- Attach HLD Score Sheet (DC-016) to TAR
- Properly pack and box diagnostic casts
- Send diagnostic casts separately, approximately 10 days prior to sending the TAR
- Label diagnostic casts with:
  - Member Name
  - Client Index Number (CIN) or Benefits Identification Card (BIC) number
  - Billing Provider Name
  - Service office National Provider Identifier (NPI) number
  - Centric occlusion marked on cast
- Dry and trim diagnostic casts carefully
- Properly pack and box diagnostic casts
• Send diagnostic casts to the address on TAR or RTD form
• Send diagnostic casts separately, approximately ten days prior to sending the TAR

A Medi-Cal dental orthodontic consultant will determine if the case qualifies for treatment under the Medi-Cal Dental guidelines for orthodontic services.

Please refer to “Section 9: Special Programs” of this Handbook for more information on orthodontic services.
Notice of Authorization (NOA)  
(DC-301, Rev. 4/20)

The NOA, a computer-generated form sent to the provider following final adjudication of a TAR/Claim form for prior authorization, is printed with the same information as originally submitted. Presently the NOA is used either to request payment of authorized services or to request a reevaluation of modified or denied services.

Providers may request a reevaluation for denied and/or additional procedures requested in certain instances. Changes to the billed amount or procedures not requiring prior authorization will not be considered.

Reevaluations may be considered when:

- another procedure requiring prior authorization has been requested.
- there is a reversal of denied procedures, e.g., missing radiographs have been submitted.
- there is a complex treatment plan.

Medi-Cal Dental has created the following NOA message when a reevaluation has been requested:

The submitted changes have been reviewed. Original authorization period still valid.

Medi-Cal Dental has revised the following NOA message when a reevaluation has been re-quested:

Resubmission not processed. No additional information received. Original authorization period still valid.

To expedite processing and prevent delays or possible denial, please remember to check the box found in the upper right corner of the NOA. Only one reevaluation may be requested per NOA and it must be received prior to the expiration date.

Prior to completing the form, verify that the information printed on the form is correct.

The NOA is printed by Medi-Cal Dental with the following information:

1. Authorized period of time (180 days).
2. Member information (except Medi-Cal ID Number).
3. Provider information
4. Procedures allowed, modified, disallowed
5. Allowances
6. Adjudication Reason Codes

Medi-Cal Dental will indicate on the NOA if the services requested are allowed, modified or disallowed. For those allowed services, fill in the appropriate shaded areas on the top portion of the NOA form, including the dates for all services. Submit the completed and signed form for payment for the services performed. Also, fill in the appropriate shaded areas on a copy and retain this one for office records.

The NOA has a statement printed on the bottom of the form that reads: “NOTE: Authorization does not guarantee payment. Payment subject to member’s eligibility.” This statement has been added to remind the dentist to verify the member’s eligibility prior to providing services.

Time limitations for billing services provided under Medi-Cal Dental are as follows:

- Six calendar months after the end of the month in which the service is authorized will be considered for full payment (100 percent of the SMA).
- Seven to nine months after the end of the month in which the service is authorized will be considered for payment at 75 percent of the SMA amount.
- Ten to twelve months after the end of the month in which the service is authorized will be considered for payment at 50 percent of the SMA amount.

If the allowed period of time on the NOA has expired and none of the authorized services have been completed, please send the expired NOA back to Medi-Cal Dental so it can be deleted from the automated system. If at a later date authorization for these services is requested and there is an outstanding NOA for the same services, processing delays or denial of services can occur.

Note: If a member’s 21st birthday occurs during the authorized period of time, most services may be completed with the exception of orthodontic treatment. (See Section 5 - Manual of Criteria).

How to Complete the NOA

The shaded fields on the NOA require completion by the dental office. All fields listed below are required unless otherwise stated.

1. **MEMBER NAME (LAST, FIRST, MI):** Preimprinted by Medi-Cal Dental.
2. Field removed
3. **SEX:** Preimprinted by Medi-Cal Dental.
4. **MEMBER BIRTHDATE:** Preimprinted by Medi-Cal Dental.
5. **MEMBER MEDI-CAL IDENTIFICATION NUMBER:** Enter the member’s 14-digit State Recipient Identifier as it appears on the Medi-Cal identification card (Benefits Identification Card, “BIC”). Completion of this field is required.
6. Field removed
7. **MEMBER DENTAL RECORD NO.:** Enter the dental record for the member. This field is optional.
8. Field removed
9. **RADIOGRAPHS ATTACHED? HOW MANY?** Check if “yes” and indicate the number of films enclosed. All radiographs and any attachments should be clearly identified with the member’s name and BIC, the date the radiograph was taken, and the provider’s name and provider number.
10. **OTHER ATTACHMENTS?** Check “yes” if additional documents are attached to include related correspondence, periodontal charts, operating room reports, or physician’s report describing the member’s specific medical condition. Please Note: OCR has been set up to read any mark entered in this field as a “yes,” even if the answer is “no.” So please do not check this box unless indicating “yes.”
11. **ACCIDENT/INJURY? EMPLOYMENT RELATED?** Check “yes” if the member was in an accident or incurred an injury that resulted in the need for dental services. Additionally, if the member’s accident or injury was “Employment Related” check “yes.” Please Note: OCR has been set up to read any mark entered in this field as a “yes,” even if the answer is “no.” So please do not check this box unless indicating “yes.”
12. Field removed
13. **OTHER DENTAL COVERAGE?** Check “yes” if the services performed are either fully or partially covered by a private or employer paid dental insurance carrier. The provider must bill the other insurance carrier prior to submitting the NOA form to Medi-Cal Dental. In the “COMMENTS” section (Field 34), furnish the full name and address of the other insurance carrier, and name, BIC, and group number of the policy holder. Attach a copy of the other insurance carrier’s Explanation of Benefits, fee schedule or denial letter. See “Section 2: Program Overview” of this Handbook for additional information on other coverage. Please Note: OCR has been set up to read any mark entered in this field as a “yes,” even if the answer is “no.” So please do not check this box unless indicating “yes.”

26. **TOOTH NO. OR LETTER ARCH:** The tooth number or letter arch here. For permanent supernumerary teeth continue with numbers 33 — 40. For primary supernumerary teeth, continue with letters U — Z.
27. **SURFACES:** Pre imprinted by Medi-Cal Dental. The surface of the tooth being restored as indicated by tooth surface (F=facial, B=buccal, O=occlusal, M=mesial, D=distal, L=lingual).
28. **DESCRIPTION OF SERVICES:** Preimprinted by Medi-Cal Dental. The type of service the provider is authorized to perform (X-rays, teeth cleaning, fillings, etc.).
29. **DATE SERVICE PERFORMED**: Indicate the date the service was performed. Use six numerical digits, e.g., mmddyy.

30. **QUANTITY**: Preimprinted by Medi-Cal Dental. The quantity of the service provided.

31. **PROCEDURE NUMBER**: Preimprinted by Medi-Cal Dental. Enter the CDT 20 procedure code for the service.

32. **FEE**: Preimprinted by Medi-Cal Dental. The fee charged for each rendered service.

33. **RENDERING PROVIDER NO.**: A rendering provider (NPI) number is required in this Field on all TAR/Claim forms and NOAs when requesting payment for dated services. If a rendering provider number (NPI) is not indicated on the NOA, the NOA will be delayed and a RTD will be issued requesting the missing data. If there is more than one dentist or dental hygienist at a service office billing under a single dentist’s provider number, enter the NPI of the dentist or dental hygienist who performed the service.

34. **COMMENTS**: Use for additional clinical remarks necessary to document treatment or for requested information regarding other coverage, etc. It is helpful to note in this area if additional documentation is attached.

35. **TOTAL FEE CHARGED**: Preimprinted by Medi-Cal Dental. The total dollar amount requested by the provider office on the original TAR.

36. **MEMBER SHARE OF COST AMOUNT**: The dollar amount of the member’s share of cost collected by or due from a recipient who has a share of cost obligation. If there is no share of cost, then leave this field blank.

37. **OTHER COVERAGE AMOUNT: FOR PAYMENT CLAIMS ONLY**: The dollar amount of “other coverage” payments the provider has received for the listed procedure. If Field 13 (OTHER DENTAL COVERAGE) is checked “yes,” the amount received from the private dental insurance carrier must be entered. The Explanation of Benefits (EOB) or denial letter from the private dental insurance carrier must be attached to the NOA form for payment.

38. **DATE BILLED**: Enter the date the form is mailed using six numerical digits, e.g., mmddyy.

39. **SIGNATURE BLOCK**: The provider, or person authorized by the provider, must sign his/her own name in this signature field and date the form when requesting payment. The signature must be an original signature in blue or black ink. Rubber stamp signatures are not acceptable.

Additional services not requiring prior authorization may be added to the NOA when submitted for payment. However, radiographs or documentation must be sent with the NOA to justify the additional services. After providing all necessary information on the form, please follow these steps:

- Sign and date one copy of the NOA. Mail this one to Medi-Cal Dental. Multi-page NOAs should be returned together.
- Retain the other copy for office records.
- If radiographs are being submitted, enclose them in the green-bordered X-ray envelope and attach it to the NOA.
- Mail completed forms in the large green-bordered envelopes that have been provided. Up to 10 forms can be mailed in a single envelope.

Mail NOAs to the post office box listed below:

Medi-Cal Dental
California Medi-Cal Dental Program
PO Box 15609
Sacramento, CA 95852-0609

40. Field removed

41. **DELETE**: If treatment was not performed, place an “X” in the column corresponding to the treatment not performed. Do NOT strike out the entire line.

42. **ALLOWANCE**: Preimprinted by Medi-Cal Dental. Reflects the dollar amount Medi-Cal Dental will pay for each procedure.

43. **ADJ. REASON CODE**: Preimprinted by Medi-Cal Dental. Indicates the adjudication reason code (if applicable).

44. **DATE PROSTHESIS ORDERED**: If an approved prosthesis cannot be delivered, indicate the date the prosthesis was ordered from the dental laboratory.

45. **PROSTHESIS LINE FIELD**: Indicate the number of the line corresponding to procedure billed for the undelivered prosthesis.
46. **TOTAL ALLOWANCE**: Pre imprinted by Medi-Cal Dental. Reflects the dollar amount Medi-Cal Dental will pay for the entire NOA.

Please make sure all applicable areas of the forms are filled in completely and accurately. Any claim service line (CSL) submitted with an invalid procedure code or a blank procedure code field will be denied, whether submitted electronically or as paper documents. Documents received with a missing or incorrect address or NPI can delay the processing of TARs and claims and increase the possibility that payments may be forwarded to the wrong office.

**Reevaluation of the Notice of Authorization (NOA) For Orthodontic Services**

Under the orthodontic program, providers may request a reevaluation on a denied NOA for the orthodontic treatment plan only. Reevaluations must be received by Medi-Cal Dental on or before the expiration date (within 180 days).

There are no reevaluations on “exploded” NOAs. An explanation of the term “exploded” is: the submitted Treatment Authorization Request (TAR) will include all requested orthodontic treatments but when Medi-Cal Dental sends the NOAs, the NOAs will be sent individually by procedure code(s). The NOAs will be sent in the following order:

- Comprehensive Orthodontic Treatment of the Adolescent Dentition (Procedure D8080)
- Remaining Treatment Visit NOAs (Procedure D8670) will be sent one per quarter over the course of the treatment
- Orthodontic Retention NOA for upper and lower retainers (Procedure D8680 x 2) will follow upon completion of the active phase of treatment

Providers are reminded:

- A reevaluation may only be requested on a denied NOA for the Orthodontic Treatment Plan only
- Check the “Reevaluation Box” on the NOA
- Medi-Cal Dental must receive the NOA prior to the expiration date
- Attach HLD and all additional documentation to NOA
- Do not sign the NOA
- NOA may only be submitted for reevaluation one time
- See “Section 9: Special Programs” of this Handbook for more information on Orthodontic services
Reevaluations

Only one request for reevaluation per NOA is allowed, and it must be received prior to the expiration date.

To request reevaluation of a NOA, follow these steps:

1. Check the box marked “REEVALUATION IS REQUESTED” at the upper right corner of the NOA.
2. Do not sign the NOA.
3. Include additional documentation and/or enclose radiographs, as necessary.
4. Return to:
   Medi-Cal Dental
   PO Box 15609
   Sacramento, CA 95852-0609
5. After the reevaluation is made, a new NOA will be generated and sent to your office.

If a denial is upheld and another review is wanted, a new TAR must be submitted.

Outstanding Treatment Authorization Requests (TARs)

Since TARs can remain outstanding in the automated system for an extended length of time, Medi-Cal Dental may deny authorization or payment of services based on an outstanding authorization. Medi-Cal Dental may reconsider denial of authorization or payment of services that are duplicated on an outstanding TAR under the following circumstances:

- written notification from the member stating that he or she will not be returning to the original provider's office;
- closure of the original provider's office;
- sale of the original provider's practice;
- death of the original provider;
- refusal of the original provider to return the Notice of Authorization;
- treatment (such as extraction) was provided on an emergency basis by one dentist when authorization for the same treatment was granted previously to a different dentist.

For reconsideration of denial of authorization or payment under these circumstances, please follow these guidelines:

Obtain a written statement from the member that treatment will not be provided by the original dentist.

For an Explanation of Benefits (EOB) showing denial of payment: Attach the member's statement to the EOB and follow the normal procedures for the Claim Inquiry Form.

For a NOA showing denial of treatment authorization: Attach the member's statement and any other supporting documentation to the NOA and submit the NOA with necessary radiographs to obtain reauthorization of the services. Medi-Cal Dental will send the provider office a new NOA showing the allowed services and will void the original TAR.
Notice of Medi-Cal Dental Action

Medi-Cal Dental sends all Medi-Cal dental members and/or their authorized representatives written notification when services that require prior authorization have been denied, modified, or deferred. The notification indicates the status of the Treatment Authorization Request (TAR) and explains why the requested service was denied, modified, or deferred. Members do not receive written notification of approved TARs or services that have been performed. Members are notified of any action taken on a TAR, including, but not limited to, a change from one procedure to another (Replaced and Substituted), denial of a procedure for any reason, and a Resubmission Turnaround Document (RTD) request for more information.

When the dental office prepares a TAR for a member with an authorized representative who is not identified on the BIC card, the representative's name and address should be included in the “Comments” box (Field 34) on page 2 of the Medi-Cal Dental TAR form. This will assist Medi-Cal Dental in identifying cases where the TAR status notification should be sent to a representative and will help with correct address information. Medi-Cal Dental must have a written authorization approving the person designated as the member’s representative.

Members may contact the provider for assistance with inquiries concerning their Notice of Medi-Cal Dental Action notices. Members are sent an enclosed insert, titled Reason for Action Codes, with each Notice of Medi-Cal Dental Action they receive. This insert provides the code descriptions for each Reason for Action Code listed in the member’s notice. To help members better understand the Medi-Cal Dental action taken, providers can match the Reason for Action Code(s) listed in column five of the table in the Notice of Medi-Cal Dental Action against the code descriptions in the Reason for Action Codes insert.

If the provider is unable to answer the member’s questions, please refer them directly to Medi-Cal Dental. A Medi-Cal dental member or authorized representative may call the Telephone Services Center toll-free number at (800) 322-6384 for assistance with inquiries about denied, modified or deferred TARs, including RTD requests.

01 Your eligibility (aid code) covers emergency services only.

02 Information sent by your dentist about your current dental condition does not meet the minimum requirements for approval of this service.

03 The request for dental treatment was changed. This change was based on the information sent by your dentist about your current dental condition or to follow program guidelines.

04 Our records show this service(s), or a similar service(s) was previously approved, paid for, or completed. (For example: In some cases, procedures are limited to once in 12 months or once in five (5) years and cannot be approved again except under special conditions, which must be documented by your dentist.)

05 We are unable to verify your dentist’s enrollment in the program on the date the request was received.

06 The service requested by your dental provider, is not a benefit of the program. Please contact your provider for a different treatment plan.

07 You did not appear for a scheduled screening exam or failed to bring existing denture(s) (full or partial) to your appointment. Please contact your dentist to send a new request.

08 Your dentist did not send enough information to allow us to process this request. Please contact your dentist for information about this treatment.

09 X-rays show that the tooth does not meet the requirements for a crown. The tooth may be fixed with a filling.

10 X-rays show that the tooth/teeth may have an infection; please contact your dentist as another service may be needed first.

11 Based on x-rays, chart records and/or information confirmed by your clinical screening exam you do not need a deep cleaning.

12 This service cannot be approved because it is related to a denied procedure in the same treatment plan sent by your dentist.

13 Based on the information from your dentist and/or a clinical screening exam, your current dental condition is stable, and the requested service is not needed at this time.

14 Based on x-rays and/or information confirmed by your clinical screening exam, the tooth/teeth has/have worn down naturally or has been caused by grinding your teeth. The requested service is not a benefit of the program unless there is decay or a broken tooth.

15 X-rays show the tooth is too broken down and cannot be fixed. Your dentist may be able to offer a different treatment.

16 Our records show that the tooth has been fixed with a filling or stainless steel crown.

17 X-rays show the service asked for cannot be approved because gum disease has destroyed the bone around the tooth. Your dentist may be able to offer a different treatment.

18 The minimum requirements for braces could not be verified.

19 A partial denture can be a benefit only when there is a full denture on the opposite arch.

20 Root canal treatment must be satisfactorily done before a crown can be considered.

21 The tooth is not fully formed. Your dentist may be able to offer a different treatment.

22 Treatment is not needed because the x-rays and documentation show that there is no nerve damage.

23 A stayplate can be a benefit only to replace a missing permanent front tooth.
24 X-rays show more extractions are needed before the treatment plan can be approved; please contact your dentist.

25 Based on information sent by your dentist, your teeth are in such a poor condition that the requested partial denture is not a benefit under this program.

26 Based on the information sent by your dentist, your teeth are fine and should not be replaced by a full denture.

27 Based on the information sent by your dentist, you do not have a full denture on the opposite arch; therefore, you do not qualify for a metal partial. However, if you are missing front teeth, you qualify for a stayplate.

28 Based on x-rays, documentation, and/or information received from your screening exam, your teeth and/or gums are in such poor condition that the requested treatment is not a benefit under this program. Your dentist may be able to offer a different treatment.

29 Your request for dental services was returned to your dental provider for more information. Your provider has 45 days to resubmit the information requested. There is no action needed from you, but you may contact your dentist about this request. A request for a State Hearing is not an option at this time.

30 Fixed bridges are allowable when a medical condition prevents the use of a removable denture.

31 The tooth is not in its normal position and cannot be fixed under this program.

32 Based on information received from a screening exam, your current denture is good at this time.

33 Based on your recent screening exam, a denture is not the right treatment for you. Please contact your dentist for other options.

34 The requested denture is not approved because there are enough teeth remaining in the arch to support the denture.

35 During your screening exam, you said you do not want any dental services at this time or that you want to be seen by another dentist.

36 The number of approved visits has been adjusted because you will be 21 years old before treatment is completed. Please contact your dentist.

37 The tooth is not shown on the submitted x-rays.

38 Based on x-rays and/or information received from your screening exam; you need additional treatment from your dentist before the procedure can be considered.

39 X-rays show there is not enough space for the requested false tooth.

40 This program does not cover braces when baby teeth are still present.

41 Based on x-rays and information received from your screening exam, you grind your teeth. The program does not cover services for this condition.

42 The procedure is not a benefit for a baby tooth or for a baby tooth ready to fall out. Your dentist may be able to offer a different treatment for your condition.

43 The procedure requested will not fix your dental problem. Your dentist may be able to offer a different treatment for your condition.

44 Based on information received from your dentist, the requested service is for cosmetic reasons only. Services for cosmetic purposes only are not a benefit of the program.

45 Your current denture can be fixed by replacing the inner side of the denture.

46 We are unable to verify your eligibility in this program.

47 Your dentist must contact the California Children’s Services program before submitting this procedure for payment or approval.

48 EPSDT Services are not a benefit for patients 21 years and older.

49 The EPSDT service(s) requested is not medically necessary.
Resubmission Turnaround Document (RTD)
(DC-102, Rev. 10/19)

An RTD is a computer-generated form used by Medi-Cal Dental to request missing or additional information on the TAR/Claim form or NOA submitted by the provider.

The form is divided into two sections:

Section “A” notifies the provider of the specific information found in error on the TAR/Claim form or NOA. Each error in Section “A” is assigned a letter of the alphabet under “field.” Section “A” is kept by the provider for office records.

Section “B” is the corrected information filled in by the provider. This section is returned to Medi-Cal Dental.

If necessary, a multi-page RTD may be issued for an individual TAR/Claim form or NOA: Return all pages in one envelope.

Upon receipt of the RTD, Medi-Cal Dental matches the RTD with the associated TAR/Claim form or NOA, and the treatment form is then processed.

Note: If the RTD is not returned within the 45-day time limitation, the TAR, Claim or NOA will be denied according to Medi-Cal Dental policies.

**RESUBMISSION TURNAROUND DOCUMENT**

- CLAIM
- TAR
- NOA

**IMPORTANT:** Listed in Section X are error(s) found on the claim/tar/noa to facilitate processing. Type or print the correct information in the corresponding item in Section "B." Sign and date form and return Section "B" (bottom portion) to Medi-Cal Dental. Please respond promptly as processing cannot be accomplished unless corrections are received by the due date indicated. Failure to respond within the time limitation will result in denial of services. If you have any questions call 800-423-0507 for assistance or refer to your Provider Handbook for further explanation.

How to Complete the RTD

Section “A”

The information in Section “A” is computer-generated by Medi-Cal Dental: it is retained by the provider.

The appropriate box (i.e. CLAIM, TAR, or NOA) will be checked to indicate the type of document submitted.

Note: Please read instructions carefully and verify the information in Section “A” is correct.

1. BILLING PROVIDER NAME AND MEDI-CAL PROVIDER NUMBER: As it appears on the document submitted by the provider’s office.
2. MAILING ADDRESS: As it appears on the document submitted.
3. CITY, STATE, ZIP CODE: As it appears on the document submitted.
4. PAGE __ OF __ PAGES: A multi-page RTD may be issued for an individual TAR/ Claim form or NOA. Return all pages of the RTD in one envelope.
5. RTD ISSUE DATE: The RTD issue date. The RTD must be returned within 45 days of the RTD issue date.
6. RTD DUE DATE: The response due date. If not received by this date, the TAR, claim, or NOA will be denied.
7. PATIENT NAME: As it appears on the document submitted.
8. PATIENT MEDI-CAL I.D. NUMBER: As it appears on the document submitted.
9. PATIENT DENTAL RECORD NUMBER: As it appears on the document submitted.
10. BEGINNING DATE OF SERVICE: As it appears on the document submitted.
11. AMOUNT BILLED: As it appears on the document submitted.
13. ITEM: The letter of the alphabet assigned by the computer to identify the line in Section “B” where the “Correct Information” should be entered.
14. INFORMATION BLOCK: The exact name of the field in question on the claim, TAR, or NOA.
15. CLAIM FIELD NO.: Indicates number corresponding to the information block on the claim, TAR, or NOA.

16. CLAIM LINE: The line number on the claim, TAR, or NOA.
17. SUBMITTED INFORMATION: The description of the incorrect information submitted by the provider’s office.
18. PROCEDURE CODE: Procedure codes as reported on the claim, TAR or NOA.
19. ERROR CODE: A code identifying the error that has been made on the claim, TAR or NOA.
20. ERROR DESCRIPTION: A description of the error that has been made on the claim, TAR or NOA.

Section “B”

This section is completed by the provider and returned to Medi-Cal Dental.

1. CORRECT INFORMATION: Enter the correct information on the appropriate line in Section “B” corresponding to the information found in error in Section “A.”
2. SIGNATURE/DATE BLOCK: The provider, or person authorized by the provider, must sign and date the form prior to its return. Lack of signature will result in disallowance of the document. Rubber stamp signatures are not acceptable.
3. P.O.E./COMMENTS BLOCK: This area may be used for any comments.

Claim Inquiry Form (CIF)
(DC-003, Rev. 10/19)

The Claim Inquiry Form (CIF) is used to:

- Inquire about the status of a Treatment Authorization Request (TAR) or Claim
- Request re-evaluation of a modified or denied claim or Notice of Authorization (NOA) for payment

Medi-Cal Dental will respond to a CIF with a Claim Inquiry Response (CIR). Use a separate CIF for each claim, TAR, or NOA in question. Please see “Claim Inquiry Response (CIR)” on page 6-33 for more information about CIRs.

CIF Tracer

A CIF tracer is used to request the status of a TAR or claim. Providers should wait one month before submitting a CIF Tracer to allow enough time for the document to be processed. If after one month, the claim or TAR has not been processed or has not appeared in the “Documents In-Process” section of the Explanation of Benefits (EOB), then a CIF tracer should be submitted.

Claim Re-evaluations

A CIF claim re-evaluation is used to request the re-evaluation of a modified or denied claim or NOA. Providers should wait until the status of a processed claim appears on the EOB before submitting a CIF for re-evaluation. A response to the re-evaluation request will appear on the EOB in the “Adjusted Claims” section.

Claim re-evaluations must be received within six months of the date on the EOB. Providers should submit a copy of the disallowed or modified claim or NOA plus any additional radiographs or documentation pertinent to the procedure under reconsideration.

Note: Do not use the CIF to request a first level appeal. Inquiries using the CIF are limited to those reasons indicated on the form. Any other type of inquiry or request should be handled by calling the Telephone Service Center at (800) 423-0507.

How to Complete the CIF

Use one CIF for each Claim or NOA. Please print or type all information:

1. **BILLING PROVIDER NAME**: Enter the billing provider’s name in either the “doing business as” format, such as HAPPY TOOTH DENTAL CLINIC, or in the last-name, first-name, middle-initial, title format, e.g., SMITH, JOHN J., DDS. This information should be consistent with that used when filing state and federal taxes.

2. **MEDI-CAL PROVIDER NUMBER**: Enter the Billing Provider Number (NPI). NOTE: The Provider Number must be present and correct on all forms.

3. **MAILING ADDRESS AND TELEPHONE NUMBER**: Enter the billing provider service office address where treatment is rendered. A service office address should be a street address, including city, state, and zip code. A post office box cannot be used as a service office; however, it is acceptable in rural areas only to use a route number with a post office box number.

   If the service office address is different from the address where payment is received, then notify Medi-Cal Dental so payment can be directed to the appropriate location.

   It is important to include the telephone number of the service office, including area code, so Medi-Cal Dental can contact the provider if questions arise while processing the documents.

4. **CITY, STATE, ZIP CODE**: Enter the city, state, and zip code where the service office is located.

5. **PATIENT NAME**: Enter the member’s last name, first name, and middle initial.

6. **DOCUMENT CONTROL NUMBER (CLAIM REEVALUATION ONLY)**: Enter the Document Control Number of the document in question. If you are inquiring about multiple claims submit one CIF only for each document in question.

7. **PATIENT MEDI-CAL ID NUMBER**: Enter the BIC or Client Index Number (CIN).

8. **PATIENT DENTAL RECORD NUMBER (OPTIONAL)**: If the provider assigns a Dental Record Number or Account Number to a member, enter the assigned number that will be referenced on any subsequent correspondence from Medi-Cal Dental.

9. **DATE BILLED**: Enter the date the claim or the TAR was originally mailed to Medi-Cal Dental.

10. **INQUIRY REASON - CHECK ONLY ONE BOX**: Indicate if this inquiry is seeking the status of a TAR or Claim (“tracer”) or is requesting a reevaluation of a claim.

11. **REMARKS**: Use this area to provide any additional information needed to justify the inquiry being made. Include a copy of the claim, TAR, or NOA in question and any appropriate documentation, radiographs, and photos.

12. **SIGNATURE AND DATE**: The provider, or person authorized by the provider, must sign and date the form using blue or black ink. Rubber stamp signatures are not acceptable.

   Mail the form to:

Claim Inquiry Response (CIR)

Upon resolution of the Claim Inquiry Form (CIF) seeking the status of a TAR or Claim Medi-Cal Dental will issue a Claim Inquiry Response (CIR). The CIR is a computer-generated form used to explain the status of the TAR or Claim.

When the CIR is received, it will be printed with the same information submitted by the provider’s office with the following information:

- member name
- member Medi-Cal identification number
- member Dental Record or account number, if applicable
- Document Control Number
- the date the services were billed on the original document.

The section entitled “IN RESPONSE TO YOUR MEDI-CAL DENTAL INQUIRY” will contain a status code and a typed explanation of that code. The status codes are listed in “Section 7: Codes” of this Handbook.

Checklists

Before submitting a TAR, claim, or NOA to Medi-Cal Dental for payment or authorization, follow this checklist:

1. Submission for Claim (Payment) or TAR (Authorization)
   Have you...
   a. Entered the NPI of the rendering provider who provided the services?
   b. completed an original TAR/Claim form?
   c. listed the date services were performed (if applicable)?
   d. indicated the place of service where the procedure was administered?
   e. attached radiographs/photos?
   f. included any remarks or attachments necessary to document this payment/authorization request?
   g. affixed any paper attachments on a 8.5 x 11 piece of paper?
   h. placed any attachments behind the forms and stapled just once in the upper right hand corner?
   i. submitted only one-sided attachments?
   j. provided the appropriate signature and date in the signature block?

2. Submission for NOA (For Payment).
   Have you...
   a. listed the date of service?
   b. checked the “delete” column for services not performed?
   c. indicated any additions not requiring prior authorization?
   d. included any necessary radiographs/photos or documentation?
   e. filled in all shaded areas, if applicable?
   f. affixed each paper attachment to an 8.5 x 11 piece of paper?
   g. placed any attachments behind the forms and stapled just once in the upper right hand corner?
   h. submitted only one-sided attachments?
   i. provided the appropriate signature and date in the signature block?

3. Submission for NOA (For Reevaluation)
   Have you...
   a. checked “Reevaluation is Requested” box at upper right corner?
   b. included radiographs/photos or other documentation?
   c. enclosed your NOA in the appropriate mailing envelope?

Reminders

1. Diagnostic Casts
   Diagnostic casts are only for the evaluation of orthodontic benefits. Diagnostic casts submitted for all other procedures (crowns, prosthetics, etc.) will be discarded unless Medi-Cal Dental specifically requested the models to evaluate the claim or authorization request.

   Diagnostic casts are required to be submitted for orthodontic evaluation and are payable only upon authorized orthodontic treatment.

   As diagnostic casts are not returned, please do not send originals.

2. Paper Copies and Prints of Digitized Radiographs
   Paper copies and prints of digitized radiographs should properly identify the member, the date the radiograph was originally taken, and the teeth/area in question. If not properly labeled, this could lead to processing delays as well as denial of treatment.

   Paper copies and digitized prints of radiographs must conform to the following specifications:
   a. They must be properly dated with the mmddyy the radiograph was originally taken. This date must be clearly discernible from other dates appearing on the same copy such as the date the copy was made or printed, or dates of previously stored digitized images.
   b. They must be properly labeled with both the member’s name and the provider’s name.
   c. If the individual teeth are not otherwise identified, copies or digitized prints of full mouth series radiographs and panographic
films must be labeled “right” and “left.” Copies of individual films or groups of films less than a full mouth series, should have the individual tooth numbers clearly identified.

d. They must be of diagnostic quality. Many of the copies/prints Medi-Cal Dental receives have poor image quality as a result of poor density, contrast, sharpness, or resolution, and are, therefore, non-diagnostic. The image size should be the size of a standard radiographic film or larger. By reducing the image to be smaller than the size of a standard radiographic film, the diagnostic quality is compromised.

e. More than four sheets of paper are not acceptable

Providers should review copies/prints before submitting to Medi-Cal Dental to ensure the images are of diagnostic quality.

3. State–Approved Forms.

Medi-Cal Dental will only accept original State-approved forms. No duplicates or photocopies will be accepted or processed.

**Time Limitations for NOAs**

If the allowed period of time on the NOA has expired and none of the authorized services have been completed, send the expired NOA back to Medi-Cal Dental so it can be deleted from the automated system. If at a later date authorization for these services is requested and there is an outstanding NOA for the same services, processing delays or denial of services can occur.
Justification of Need for Prosthesis  
(DC054, Rev 9/18)

The Justification of Need for Prosthesis Form (DC054) is designed to provide complete and detailed information necessary for screening and processing prosthetic cases. This form is required when submitting a Treatment Authorization Request (TAR) for complete dentures, immediate dentures (when immediate dentures are rendered in conjunction with an opposing complete denture or partial removable prosthesis), resin base partial dentures, cast metal framework partial dentures, and complete overdentures (Procedures D5110, D5120, D5130, D5140, D5211, D5212, D5213, D5214, D5863, D5865).

Providers should document specific information describing the condition of the member’s oral condition and the condition of any existing prosthetic appliances. Documentation must include:

- both arches;
- missing teeth;
- teeth to be extracted;
- teeth being replaced by the requested partial prosthesis (excluding third molars);
- teeth being clasped (applies to cast framework partial or resin base partial);
- the condition of the soft tissue and hard tissue, e.g., soft tissue inflammation, palatal torus, mandibular tori, atrophied ridge, large fibrous tuberosity, hyperplastic tissue, etc.

It is the provider’s responsibility to document conditions that Medi-Cal Dental will need for determining the member’s need for the initial placement or replacement of a prosthesis as well as their ability to adapt to a prosthesis.

If a provider fails to submit a Justification of Need for Prosthesis Form, Medi-Cal Dental will issue an RTD for the required form, which will delay processing of the request. If the information on the Justification of Need for Prosthesis is incomplete or contradictory, the requested prosthetic appliance(s) will be denied.

The Justification of Need for Prosthesis Form is provided and may be ordered from the Medi-Cal dental forms supplier free of charge. A sample and instructions for completing the form are as follows:

How to Complete the Justification of Need for Prosthesis Form

1. **PATIENT NAME**: Enter the member’s name exactly as it appears on the Medi-Cal BIC.
2. **DATE**: Enter the date the member was evaluated.
3. **APPLIANCE REQUESTED**: Enter the type of prosthetic appliance requested on the TAR.
4. **EXISTING APPLIANCE**: Enter the type of prosthetic appliance that the member has or had (regardless of the condition of the appliance or whether the appliance has been lost, stolen or discarded). If the member has never had any type of prosthetic appliance, check the corresponding box. Indicate whether the member wears the existing appliance and the age of the appliance that the member has (or had). If the appliance is no longer present due to a catastrophic loss (fire, earthquake, theft, etc.), attach the Official Public Service Agency Report. If the prosthetic appliance has been lost in a certified facility or hospital, document the date of the incident and the circumstances of the loss. If needed, use the space in the lower part of the Justification of Need for Prosthesis Form for documenting details of the loss.
5. **REASON FOR REPLACEMENT OF EXISTING APPLIANCE**: Document the reason the existing appliance needs to be replaced. Check the boxes that apply. If needed, use the space in the lower part of the Justification of Need for Prosthesis Form for documenting details.

**Reminder**: When requesting a prosthetic appliance for only one arch, the opposing arch must also be evaluated and addressed as a comprehensive treatment plan.

6. **MISSING TEETH**: Use an “X” to block out missing teeth on the numerical diagram of the dentition. If teeth are to be extracted, circle the appropriate tooth numbers. If the arch is edentulous, check the corresponding box.
7. **CAST FRAMEWORK PARTIAL OR RESIN BASE PARTIAL**: Indicate the teeth being replaced by the requested appliance and the teeth being clasped.

**Reminder**: Please submit radiographs of all remaining natural teeth and periapical radiographs of abutment teeth.

8. **ADDITIONAL COMMENTS PERTAINING TO TREATMENT PLAN**: Use this section for additional comments/documentation specific to the requested treatment. Some examples include:
   a. **NATURAL TEETH BEING RETAINED**: If teeth are being retained in the arch(es), indicate the treatment plan for the remaining teeth (root canals, periodontal treatment, restorative, crowns, etc.).
   b. **DOES THE PATIENT WANT REQUESTED SERVICES?** After discussing the proposed treatment plan with the member, indicate whether the member wants the proposed services.
   c. **DOES HEALTH CONDITION OF PATIENT LIMIT ADAPTABILITY?** Indicate any conditions that might limit the adaptability of the member to wear a prosthetic appliance. Document if the condition is temporary or permanent.
   d. **CONVALESCENT CARE**: If the member resides in a convalescent facility, document facility staff comments regarding the resident’s ability to benefit by or adapt to the requested treatment. The TAR should include the facility name, address, and phone number.

9. **SIGNATURE**: The dentist completing the form must sign the form.

SCORE SHEET

(You will need this score sheet and a Boley Gauge or a disposable ruler)

Provider

Name:

Number:

Date:

Patient

Name:

Score

Position the patient’s teeth in centric occlusion.

Record all measurements in the order given and round off to the nearest millimeter (mm).

ENTER SCORE “0” IF THE CONDITION IS ABSENT

CONDITIONS #1-#34 ARE AUTOMATIC QUALIFYING CONDITIONS

1. Cleft palate deformity (See scoring instructions for types of acceptable documentation)
   Indicate an ‘X’ if present and score no further

2. Cranio-facial anomaly (Attach description of condition from a credentialed specialist)
   Indicate an ‘X’ if present and score no further

3. Deep impinging overlap WHEN LOWER INCISORS ARE DESTROYING THE SOFT ISSUE OF THE PALATE
   TISSUE LACERATION AND/or CLINICAL ATTACHMENT LOSS MUST BE PRESENT.
   Indicate an ‘X’ if present and score no further

4. Crossbite of individual anterior teeth WHEN CLINICAL ATTACHMENT LOSS AND RECESSSION OF THE
   GINGIVAL MARGIN ARE PRESENT
   Indicate an ‘X’ if present and score no further

5. Severe traumatic elevation: (Attach description of condition, for example: loss of a maxillary segment
   by burns or by accident, the result of edentulism, or orthognathic surgery)
   Indicate an ‘X’ if present and score no further

6A. Overjet greater than 3mm with incompetent lip or mandibular protrusion (reverse overjet) greater than 3.5mm
   with maxillary and speech difficulties. Indicate an ‘X’ if present and score no further

THE REMAINING CONDITIONS MUST SCORE 20 OR MORE TO QUALIFY

6B. Overjet equal to or less than 3.5 mm

7. Overbite in mm

8. Mandible protrusion (reverse overjet) equal to or less than 3.5 mm

9. Open bite in mm

10. IF BOTH ANTERIOR CROWDING AND ECTOPIC ERUPTION ARE PRESENT IN THE ANTERIOR PORTION OF THE SAME ARCH,
    SCORE ONLY THE MORE SEVERE CONDITION. DO NOT COUNT BOTH CONDITIONS.

11. Ectopic eruption (number by tooth number and count each tooth, excluding third molars)

12. Anterior crowding (Score one for MAXILLA, and/or one for MANDIBLE)

13. Labio-Lingual spread in mm

14. Posterior unilateral crossbite (must involve two or more adjacent teeth, one of which must be a molar).

No score for bilateral posterior crossbite

AUTHORIZED PAYMENTS ARE BASED ON MEDICAL NECESSITY. IF A PATIENT DOES NOT MEET ONE OF THE SIX AUTOMATIC QUALIFYING
CONDITIONS OR DOES NOT SCORE 20 OR ABOVE, THE PATIENT MAY NOT BE ELIGIBLE FOR THESE SERVICES. BASED ON EARLY
AND PERIODIC SCREENING, DIAGNOSTIC, AND TREATMENT (EPDT) CRITERIA NECESSARY TO CORRECT OR AMELIORATE THE PATIENT’S
CONDITION, FOR FURTHER EXPLANATION OF EPDT CRITERIA, PLEASE SEE THE ORTHODONTICS SECTION OF THE CALIFORNIA MEDICAL
CERIAL PROGRAM PROVIDE A HANDBOOK.
How to Complete the HLD Index Scoresheet

HANDICAPPING LABIO-LINGUAL DEVIATION (HLD) INDEX CALIFORNIA MODIFICATION
SCORING INSTRUCTIONS

The intent of the HLD Index is to measure the presence or absence, and the degree, of the handicap caused by the components of the index, and not to diagnose malocclusion. All measurements are made with a Boley Gauge (or a disposable ruler) scaled in millimeters. Absence of any condition must be recorded by entering '0.' (Refer to the attached score sheet.)

The following information should help clarify the categories on the HLD Index:

1. Cleft Palate Deformity: Acceptable documentation must include at least one of the following: 1) diagnostic casts; 2) intraoral photograph of the palate; 3) written consultation report by a qualified specialist or Craniofacial Panel. Indicate an 'X' on the score sheet. Do not score any further if present. (This condition is automatically considered to qualify for orthodontic services.)

2. Cranio-Facial Anomaly: (Attorney description of condition from a credentialed specialist) Indicate an 'X' on the score sheet. Do not score any further if present. (This condition is automatically considered to qualify for orthodontic services.)

3. Deep Impinging Overbite: Indicate an 'X' on the score sheet when lower incisors are destroying the soft tissue of the palate and lower labial segment. Do not score any further if present. (This condition is automatically considered to be a hand-capping malocclusion without further scoring.)

4. Crossbite of Individual Anterior Teeth: Indicate an 'X' on the score sheet when incisal edge or contact of the gingival margin is present. Do not score any further if present. (This condition is automatically considered to be a hand-capping malocclusion without further scoring.)

5. Severe Traumatic Deviation: Traumatic deviations are, for example, loss of a maxillary segment by trauma or accident, the result of osteomyelitis, or other gross pathology. Indicate an 'X' on the score sheet and attach documentation and description of condition. Do not score any further if present. (This condition is automatically considered to be a hand-capping malocclusion without further scoring.)

6A Overjet greater than 9mm with incompetent lips or mandibular protrusion (reverse overjet) greater than 3.5mm with masticatory and speech difficulties: Overjet is recorded with the patient's teeth in occlusion and is measured from the labial of the lower incisors to the labial of the corresponding upper incisors. The measurement is obtained by measuring the greatest distance between any one upper central incisor and its corresponding lower central or lateral incisor. If the overjet is greater than 9mm with incompetent lips or mandibular protrusion (reverse overjet) greater than 3.5mm with masticatory and speech difficulties, indicate an 'X' and score no further. (This condition is automatically considered to be a hand-capping malocclusion without further scoring. Prosthesis may be indicated for the orthodontic indication.)

6B Overjet equal to or less than 9mm: Overjet is recorded as in condition 6A above. The measurement is rounded-off to the nearest millimeter and entered on the score sheet.

7. Overbite in Millimeters: A pencil mark on the tooth indicating the extent of overlap facilitates this measurement. It is measured by rounding off to the nearest millimeter and entered on the scoresheet. (Reverse overbite may exist in certain conditions and should be measured and recorded.)

8. Mandibular Protrusion (reverse overjet) equal to or less than 3.5mm: Mandibular protrusion (reverse overjet) is recorded as in condition 6A above. The measurement is rounded-off to the nearest millimeter. Enter on the score sheet and multiply by five (5).

9. Open Bite in Millimeters: This condition is noted as the absence of tooth contact in the anterior region. It is measured from incisal edge of a maxillary central incisor to the incisal edge of a corresponding mandibular incisor, in millimeters. The measurement is entered on the score sheet and multiplied by four (4). In cases of pronounced protrusion associated with openbite, measurement of the open bite is not always possible. In these cases, a close approximation can usually be estimated.

10. Ectopic Eruption: Count each tooth excluding third molars. Each qualifying tooth must be more than 50% blocked out of the arch. Count only one tooth when two maxillary blocked-out teeth. Enter the number of qualifying teeth on the score sheet and multiply by nine (9). If anterior crowding (condition 11) also exists in the same arch, score the condition that scores the most points. DO NOT COUNT BOTH CONDITIONS. However, posterior ectopic teeth can still be counted separately from anterior crowding when they occur in the same arch.

11. Anterior Crowding: Arch length insufficiency must exceed 3.5mm. Mild rotations that may resolve favorably by lingual or mid-expansion procedures need not be scored as crowded. Score one (1) for a crowded maxillary arch and/or one (1) for a crowded mandibular arch. Enter total on the score sheet and multiply by five (5). If anterior crowding (condition 10) exists in the same arch, count the condition that scores the most points. DO NOT COUNT BOTH CONDITIONS. However, posterior ectopic teeth can still be counted separately from anterior crowding when they occur in the same arch.

12. Labio-Lingual Spread: A Boley Gauge (or a disposable ruler) is used to determine the extent of deviation from a normal arch. Where there is only a protrusion or lingually displaced anterior teeth, the measurement should be made from the incisal edge of the teeth to the normal arch line. Normally, the interarch distance between the most protruded anterior tooth and the most lingually displaced adjacent anterior tooth is measured. In the event that multiple anterior crowding of teeth is observed, all deviations from the normal arch should be measured for labio-lingual spread, but only the most severe individual measurement should be entered on the score sheet.

13. Posterior Unilateral Crossbite: This condition involves two or more adjacent teeth, one of which must be a molar. The crossbite must be one in which the molar position involves either one molar or both molar incisors; and related to the mandibular posterior teeth. The presence of posterior unilateral crossbite is indicated by a score of four (4) on the score sheet. NO SCORE FOR BI-LATERAL CROSSBITE.
Explanation of Benefits (EOB)

The Explanation of Benefits (EOB) is a computer-generated statement which accompanies each check sent to Medi-Cal dental providers. It lists all paid and denied claims that have been adjudicated or adjusted during the payment cycle, as well as non-claims specific information. Claims and TARs that have been in process over 18 days are also listed.

Lost/Misplaced EOBs

Providers are issued an EOB each week which lists, in detail, all activity on documents for accounting and tracking purposes. Listed on the weekly EOB are all paid claims, adjustments, and current status of pending documents. In addition, the EOB contains seminar information, accounts payable and receivable activity, and notification of electronic funds transfer information.

Each service office with claim activity receives an EOB which should be used for payment posting, account balancing, and monitoring the progress of documents in process as they go through the system. Service offices managed through corporate offices should have internal procedures in place to ensure they receive the most current information relative to their submissions, i.e., FAX, scanned email, etc.

Lost or misplaced EOBs can be reprinted. Please submit your request in writing, including your provider number and the EOB issue date to:

How to Read the EOB

Following is an explanation of each item shown on the sample EOB. Each item is numbered to correspond with those numbers on the sample EOB.

1. **REFERENCE LINES PRECEDED BY A “B”**: contains member’s information.
2. **REFERENCE LINES PRECEDED BY A “C”**: contains claim information for the listed member.
3. **PROVIDER NO.**: The billing provider’s NPI.
4. **PROVIDER’S NAME AND ADDRESS**: The provider's name and billing address.
5. **CHECK NO.**: Number of the check issued with the EOB.
6. **DATE**: Date EOB was issued.
7. **PAGE NO.**: Page number of the EOB.
9. **PATIENT NAME**: Each member is listed once per category.
10. **MEDI-CAL I.D. NO.**: The member’s Medi-Cal identification number.
11. **BENE ID**: The member’s BIC or CIN.
12. **SEX**: The sex code for each member, “M” = male, “F” = female.
13. **BIRTHDATE**: Birthdate of each member.
14. **DOCUMENT CONTROL NUMBER (DCN)**: The number assigned to each claim by Medi-Cal Dental.
15. **TOOTH CODE**: Lists the tooth number, letter, arch or quadrant on which the procedure was performed.
16. **PROC. CODE**: The code listed on a claim line that identifies the procedure performed. This code may be different from the procedure code submitted on the TAR/Claim form because the procedure code may have been modified by a professional or paraprofessional in compliance with the Manual of Dental Criteria for successful adjudication of the claim.
17. **DATE OF SERVICE**: The date the service was performed.
18. **STATUS**: Identifies the status of each claim line. The status codes are explained in “Section 7: Codes” of this Handbook.
19. **REASON CODE**: The code explains why a claim was either paid at an amount other than billed; changed; altered during processing; or denied. The reason codes and a written explanation of each one are printed on the EOB.
20. **AMOUNT BILLED**: The amount billed for each claim line.
21. **ALLOWED AMOUNT**: The amount allowed for each claim line; this amount is the lesser of the billed amount or the amount allowed by the Schedule of Maximum Allowances.
22. **SHARE OF COST**: The amount the member paid towards a share of cost obligation.
23. **OTHER COVERAGE**: The amount paid by another carrier or by Medicare.
24. **AMOUNT PAID**: The total amount paid to a provider after deductions, if applicable, as shown in numbers 22 and 23.
25. **CLAIMS SPECIFIC**: Only printed on the last page of the EOB. These amounts are the totals for all adjudicated claim lines listed on the EOB.
26. **NON-CLAIMS SPECIFIC**: The (a) payables amount; (b) levy amounts, (c) accounts receivable amounts. Only printed on the last page of the EOB.
27. **CHECK AMOUNT**: The amount of the check that accompanies this EOB.

How to Read the Paid Claim with Levy Deduction EOB

1.-11. This information, printed on each page of the EOB, is explained on a preceding page entitled “How to Read the EOB.”

12. **LEVIES (AMOUNTS MEDI-CAL DENTAL PAID FOR THE PROVIDER):** When an EOB reflects a levy deduction, the levy amount is shown with the following information:

   **Check Number** - The number of the check issued to the levy holder by Medi-Cal Dental.

   **Holder Number** - The number issued by Medi-Cal Dental to the levy holder upon receipt of a levy request.

   **Name of Levy Holder** - The name of the levy holder, e.g., the Internal Revenue Service.

   **Amount** - The amount of the payment issued to the levy holder by Medi-Cal Dental, shown as a negative amount. The levy amount shown in the sample is deducted from the check issued to the provider referenced on this EOB.

13. **CLAIMS SPECIFIC:** Lists the totals for all adjudicated claim lines listed on the sample.

14. **NON CLAIMS SPECIFIC:** This area on the sample shows the levy amount ($100.00) deducted from the amount of the check issued to the provider which corresponds to this EOB.

15. **CHECK AMOUNT:** The amount shown for this check ($55.00) reflects the Claims Specific Amounts paid listed in Field 13 ($155.00) minus the Non Claims Specific Levy Amount Shown in Field 14 ($100.00).
How to Read the Levy Payment EOB

This is an example of an EOB that would accompany a levy payment to a levy holder, e.g., the Internal Revenue Service, made by Medi-Cal Dental on behalf of the provider.

1. **LEVY NBR:** The number issued by Medi-Cal Dental that identifies the levy.
2. **ACCOUNT OF:** The name of the provider for whom the levy payment is being made.
3. **NPI/TAX ID:** The National Provider Identifier or Tax Identification Number of the provider for whom the levy payment is being made.
4. **CHECK NO.:** The number of the check, issued to the provider, from which the levy payment is deducted. The provider’s EOB will identify the number of the check issued to the levy holder, the levy number, the name of the levy holder, and the amount of the levy payment issued.
5. **AMOUNT OF PAYMENT:** Shows the amount of the payment to the levy holder.
6. **CHECK AMOUNT:** The amount of the check sent by Medi-Cal Dental to the levy holder.
Sample Documents In-Process
How to Read the Documents In-Process EOB

The “Documents In-Process” section printed on the EOB will list information on all in-process documents grouped together by type of document (C = Claim, N = NOA, T = TAR, and R = TAR Reevaluation) and in-process status (professional review, state review, information required, etc).

1-8 DOCUMENTS-IN-PROCESS: Information listed in these areas of the sample is a description of each document that has been “in process” for 18 days or longer.

9. CODE: The appropriate code listed indicates the reason that the claim is “in process.”

10. TOTAL CLAIMS IN PROCESS: The example shows the total number of documents “in process.”

11. TOTAL BILLED: Total billed amounts for the documents “in process.”

12. The last page of the EOB containing in-process documents information provides a legend listing the reason codes for documents in process. Beside each code is a printed explanation which defines the reason a particular document is “in process.”

13. Medi-Cal Dental notifies the provider of upcoming provider training seminars with a message appearing at the end of the Explanation of Benefits (EOB) statement.

14. The location of the training seminar(s) nearest the provider’s office is determined automatically and will be printed on the EOB.
How to Read the Accounts Receivable (AR) EOB

1. **A/R NBR**: The number assigned by Delta Dental that identifies the accounts receivable (the amount the provider owes Delta).
2. **EFFECTIVE DATE**: The date the accounts receivable was created.
3. **PRINCIPAL BALANCE**: The amount of the accounts receivable when it was created.
4. **INTEREST APPLIED**: If applicable, is the amount of interest applied to the outstanding A/R. Always factored in, it is now recorded.
5. **PD, VOID, OR TRANSFERRED**: The amount the provider has paid or that has been deducted from the provider’s check towards the accounts receivable.
6. **CURRENT BALANCE**: The current amount the provider owes on the accounts receivable.
7. **TRANSACTION TYPE**: If applicable, this reflects the type of payment transaction(s).
8. **REMARKS**: This area provides an explanation for the accounts receivable. In this example, Delta issued an overpayment to the provider for a document with DCN 98104100330.
9. **NON CLAIMS SPECIFIC A/R AMOUNT**: The total of the accounts receivable listed on the EOB or the amounts owed by the provider.
10. **CHECK AMOUNT**: The final amount of the check issued to the provider that corresponds to this EOB.
How to Read the Accounts Payable (AP) EOB

1. **PAYABLE NUMBER**: The number assigned by Delta Dental that identifies the accounts payable (the amounts Delta owes the provider).
2. **REASON CODE**: The code that identifies the reason for the payable. See “Section 7: Codes” of this Handbook for the AR/AP Reason Codes and Descriptions.
3. **DESCRIPTION**: An explanation of the transaction.
4. **CHECK #**: The number of the check that the provider sent to Delta.
5. **AMOUNT**: Lists the dollar amount of each payable listed on the EOB.
6. **TOTAL OF CHECK NUMBER**: The amount of the check the provider sent to Delta.
7. **NON CLAIMS SPECIFIC PAYABLES AMOUNT**: The total amount of the provider accounts payable shown on this EOB.
8. **CHECK AMOUNT**: The final amount of the check issued to the provider that corresponds to this EOB.

How to Read the Readjudicated Claim EOB

The original claim is described in the top section of the “ADJUSTMENT CLAIMS” section of the sample. The description of the results of the readjudication of the previously processed claim is found in the lower portion of the “ADJUSTMENT CLAIMS” section. The areas on the sample EOB that distinguishes the original claim information from the readjudicated claim information is as follows:

Original Claim Information

1. The status code “A” indicates this claim service line on the original claim was allowed.
2. The amount that was allowed for this claim service line when the claim service line was originally processed.
3. The amount of the payment that was made to the provider for this claim service line when the claim was originally processed by Medi-Cal Dental.

Readjudicated Claim Information

4. The code and description indicate why the claim was readjudicated. Descriptions of Readjudication Codes and Messages (Claim Correction Codes) can be found in “Section 7: Codes” of this Handbook.
5. The status code “P” indicates the claim service line was “paid” after readjudication.
6. This amount ($85.00) shows the amount allowed for this claim service line after readjudication.
7. The amount listed is the total amount paid to the provider for the readjudicated claim service line.
8. Total adjusted claims: This line shows the amounts allowed and to be paid to the provider after the claim was readjudicated.

**Adjudication Reason Codes**

In adjudicating claim and TAR forms, it is sometimes necessary to clarify the criteria for dental services under Medi-Cal Dental. These processing policies are intended to supplement the criteria. The Adjudication Reason Code is entered during processing to explain unusual action taken (if any) for each claim service line. These codes will be found on Explanations of Benefits (EOBs) and Notices of Authorization (NOAs).

**PROSTHODONTICS**

138 Partial payment for an undeliverable prosthesis requires the reason for non-delivery to be adequately documented and a laboratory invoice indicating the prosthesis was processed.

139 Payment adjustment reflects 80% of the SMA for an undeliverable prosthesis. The prosthesis must be kept in a deliverable condition for at least one year.

140 Payment adjustment reflects 20% of the SMA for delivery only of a previously undeliverable prosthesis.

141 Procedure 724 includes relines, additions to denture base to make appliance serviceable such as repairs, tooth replacement and/or resetting of teeth as necessary.

142 A prosthesis has been paid within the last 12 months. Please refer the patient to the original provider and/or Beneficiary Services at 1 (800) 322-6384.

143 Authorization not granted for a replacement prosthesis within a five-year period. Insufficient documentation substantiating need for prosthesis to prevent a significant disability or prosthesis loss/destruction beyond patient’s control.

144 Procedure 720 is a benefit once per visit per day and when documented to describe the specific denture adjustment location.

145 Please submit a separate request for authorization of Procedure 722 when ready to reline denture.

146 A removable partial denture includes all necessary clasps, rests and teeth.

147 Cast framework partial denture is only a benefit when necessary to balance on opposing full denture.

148 Sufficient teeth are present for the balance of the opposing prosthesis.

149 Procedure 706 is a benefit only when necessary to replace a missing anterior permanent tooth (teeth).

149A A resin base partial denture is a benefit only when there is a missing anterior tooth and/or there is compromised posterior balanced occlusion.

150 Procedure 722 disallowed; allowance for Procedure 721 is maximum benefit for reline of stayplate.

151 This procedure is not a benefit for a resin base partial denture.

152 Relines are a benefit 6 months following an immediate prosthesis (with extractions).

Prepaid Health Plans (PHP) and Codes

Medi-Cal dental members who are enrolled in prepaid health plans may be eligible for either comprehensive or non-comprehensive benefits. A member enrolled in a comprehensive prepaid health plan is entitled to both medical and dental benefits as defined by the plan. Services must be performed by a provider enrolled in the prepaid health plan. Emergency services only may be billed to the prepaid health plan. With a non-comprehensive plan, the member has medical benefits only and is eligible for dental benefits through Medi-Cal Dental.

Section 8 - Fraud, Abuse, and Quality of Care

**Surveillance and Utilization Review Subsystem (S/URS)**

**Introduction**

Medi-Cal Dental’s Surveillance and Utilization Review (S/UR) department monitors for suspected fraud, abuse, and poor quality of care as part of its duties as the Fiscal Intermediary for the Department and California Medi-Cal Dental Program. In overseeing appropriate utilization in the program, the S/UR department helps Medi-Cal Dental meet its ongoing commitment to improving the quality of dental care for Medi-Cal members.

The goal of the S/UR department is to ensure providers and members are in compliance with the criteria and regulations of Medi-Cal Dental.

Under the authority of the Federal Medicaid statutes, California Welfare and Institutions Code (W & I), the Business & Professions Code, Dental Practice Act (click here for details), and the California Code of Regulations (CCR) Title 22, and with the assistance of the California Dental Association’s Guidelines for the Assessment of Clinical Quality of Professional Performance, the S/UR department reviews treatment forms, written documentation, and radiographs for recurring problems, abnormal billing activity and unusual utilization patterns. The S/UR department staff determines potential billing discrepancies, patterns of over-utilization of procedures, incomplete, substandard, and/or unnecessary treatment.

**Methods of Evaluation**

The S/UR department employs several different means to evaluate suspected fraud and abuse of Medi-Cal Dental, including:

- **Utilization Review Analysis**: This statistical analysis compares a provider activity with that of his or her peers within a certain range, such as geographic area or dental specialty.
- **Referrals**: The Department of Health Care Services (DHCS), Medi-Cal Dental Services Division (MDSD), works in collaboration with the Department of Justice, the Bureau of Medi-Cal Fraud & Elder Abuse and the Dental Board of California on cases of suspected fraud, abuse and poor quality of care. These agencies often refer provider names for investigation to the S/UR department. The S/UR department also receives referrals from internal sources such as Professional Review Medi-Cal dental consultants.
- **Clinical Screening Examinations**: Patients are selected by the S/UR department for examination by a Medi-Cal Dental clinical screening consultant to determine if certain procedures for which authorization is requested are medically necessary, verify if billed procedures were in fact provided, and evaluate the professional quality of the treatment that was provided.
- **Member Fraud Unit**: A part of the S/UR department, the Member Fraud unit, monitors conflicts in patient dental histories to determine if Medi-Cal identification cards are being misused or services are being billed improperly.
- **S/URS Audits**: When poor quality of care, abuse, over utilization, or fraud is suspected, the S/UR department may elect to conduct an audit of patient records, including radiographs, obtained from the provider’s office to gather additional information about the provider’s activity.
Possible S/URS Actions

The S/UR department will take appropriate action at the direction of the Department of Health Care Services, Medi-Cal Dental Services Division (MDSD), to address situations where poor quality of care, inappropriate billings, and/or inappropriate utilization of services are identified. Such actions may include one or more of the following:

- **Summary of Findings Letter:** When minor non-conformities to Medi-Cal Dental criteria are detected, the S/UR department will send a letter informing and educating the provider of Medi-Cal Dental criteria, including program limitations, exclusions, and special documentation requirements. The letter will also direct the provider to modify his or her performance in accordance with the criteria and standards of Medi-Cal Dental.

- **Corrective Action Letter:** When poor quality of care is identified, Medi-Cal Dental will send a letter to the provider requesting that he or she take immediate action to correct the problem within 60 days. The letter will inform the provider that if the correction is not made within 60 days, Medi-Cal Dental will take action to recover payment for the procedures in question.

- **Prior Authorization/Special Claims Review:**
  The Department may require providers to obtain prior authorization for certain Medi-Cal Dental procedures to protect members from unnecessary treatment. The prior authorization procedure is described in "Section 2: Program Overview" of this Handbook. The Medi-Cal Dental Program may place a provider on Prior Authorization (PA) review for non-emergency procedures at any time by the Director upon a determination that the provider has been rendering medically unnecessary services based upon the Program’s Manual of Criteria (MOC). If prior authorization review is initiated, there are no appeal rights.

If the S/UR department determines that a provider is billing Medi-Cal Dental by submitting improper claims, including claims which incorrectly identify or code services provided, or are for procedures that are of poor quality, or were not provided, the provider may be placed on Special Claims Review. The provider will then be required to submit pre-operative and/or post-operative radiographs and other documentation to demonstrate the quality of treatment provided and to verify that the procedure provided corresponds to the procedure billed. Utilization control requirements are in addition to the requirements outlined in "Section 2: Program Overview" of this Handbook and may be imposed under the authority of Title 22, California Code of Regulations (CCR), Sections 51159, 51455, and 51460. If Special Claims Review is initiated, there are no appeal rights.

- **Recovery of Payment:** Recovery for paid procedures may be obtained by withholding the amount to be reimbursed from a provider’s future Medi-Cal Dental payments. Recovery may occur when a post-operative clinical screening exam or post payment review identifies any discrepancies in the billing or delivery of those services and/or for failure to complete a noticed corrective action. Recovery may be imposed retroactively for a period up to three (3) years from the date that the procedures were performed.

- **Removal From Referral List:** If a provider’s performance is deemed below the standard of professional care for a particular course of treatment, the provider may be subject to removal from the Medi-Cal dental provider referral list.

- **Other Agency Referral:** When S/URS investigations disclose a situation that may require criminal prosecution or action beyond the jurisdiction of Medi-Cal Dental, the matter will be referred to the Department of Health Care Services, MDSD, for possible referral to the Department of Justice, Bureau of Medi-Cal Fraud & Elder Abuse and/or the Dental Board of
California. Referrals to these agencies may result in further investigation, prosecution, and suspension of the provider’s license to practice.

- **Suspension from Medi-Cal Dental**: Non-compliance with corrective action and/or continued and persistent substandard care, fraud, and/or abuse as well as violation of any Medi-Cal statute, rule or regulation relating to the provision of health care services under the California Medical Assistance Program can lead to suspension of a provider’s participation in Medi-Cal Dental.

**Help Stop Fraud**

Providers can help stop fraud and abuse in Medi-Cal Dental. If providers or members of the provider’s staff are aware of any suspicious or fraudulent activity, send information to:

Medi-Cal Dental
Surveillance & Utilization Review Department
PO Box 13898
Sacramento, CA 95853-4898

Please include the name of the person reporting the incident, the phone number, the provider’s name, the location of his/her office, and an explanation of the incident. **Anonymity will be maintained upon request.** Because of the confidential nature of investigations, individuals will not be notified of the outcome of any case. All referrals are appreciated and will contribute significantly to the ongoing efforts of detecting, halting, and preventing fraud and abuse in Medi-Cal Dental.

**Statutes and Regulations Pertaining to Providers**

This section details certain State statutes and regulations that are binding on Medi-Cal dental providers, their designated agents, all public and private agencies and/or individuals that are engaged in planning, providing, or securing Medi-Cal Dental services for or on the behalf of recipients or applicants.

**Confidentiality**

The W & I Code, Section 10850 provides that names, addresses, and all other information concerning circumstances of any applicant or recipient of Medi-Cal dental services for whom, or about whom, information is obtained shall be considered confidential and shall be safeguarded. Both the release and possession of confidential information in violation of this statute are misdemeanors.

**Record Keeping Criteria**

Through its audit process, the S/UR department has found many areas to be deficient in the documentation of treatment for Medi-Cal dental members. Lack of proper documentation may result in an unfavorable audit and potential recovery of payments. It is also important to note that all documentation on Treatment Authorization Requests (TARs) and claims must be consistent with and supported by documentation in the record of treatment.

Providers should carefully review the full text of regulations regarding the keeping and availability of records.

**Title 22, California Code of Regulations (CCR), Section 51476. (a) states:**

Each provider shall keep, maintain, and have readily retrievable, such records as are necessary to fully disclose the type and extent of services provided to a Medi-Cal member. Required records shall be made at or near the time at which the service is rendered. Such records shall include, but not be limited to the following:

1. Billings.
2. Treatment authorization requests.
3. All medical records, service reports, and orders prescribing treatment plans.
4. Records of medications, drugs, assistive devices, or appliances prescribed, ordered for, or furnished to members.
5. Copies of original purchase invoices for medication, appliances, assistive devices, written requests for laboratory testing and all reports of test results, and drugs ordered for or supplied to members.
(6.) Copies of all remittance advices which accompany reimbursement to providers for services or supplies provided to members.

(7.) Identification of the person rendering services. Records of each service rendered by nonphysician medical practitioners (as defined in California Code of Regulations (CCR), Title 22, Section 51170) shall include the signature of the nonphysician medical practitioner and the countersignature of the supervising physician.

Title 22, California Code of Regulations (CCR), Section 51476. (d) states:

Every practitioner who issues prescriptions for Medi-Cal members shall maintain, as part of the patient’s chart, records which contain the following for each prescription:

1. Name of the patient.
2. Date prescribed.
3. Name, strength, and quantity of the item prescribed.
4. Directions for use.

Title 22, California Code of Regulations (CCR), Section 51476. (g) states:

A provider shall make available, during regular business hours, all pertinent financial books and all records concerning the provision of health care services to a Medi-Cal member, and all records required to be made and retained by this section, to any duly authorized representative of the Department acting in the scope and course of employment including, but not limited to, employees of the Attorney General, Medi-Cal Fraud Unit duly authorized and acting within the scope and course of their employment. Failure to produce records may result in sanctions, audit adjustments, or recovery of overpayments, in accordance with California Code of Regulations (CCR), Title 22, Section 51458.1.

Welfare & Institutions Code, Section 14124.1. states:

Each provider, as defined in Section 14043.1, of health care services rendered under the Medi-Cal program or any other health care program administered by the department or its agents or contractors, shall keep and maintain records of each such service rendered, the member or person to whom rendered, the date the service was rendered, and such additional information as the department may by regulation require. Records herein required to be kept and maintained shall be retained by the provider for a period of ten years from the date the service was rendered.

NOTE: Examples of appropriate documentation to be placed in the services rendered portion of the patient chart include, but are not limited to:

- Type and dosage of local anesthetic;
- Type and dosage of vasoconstrictor;
- Number of carpules used;
- When local anesthetic is not used for procedures which normally call for local anesthetic, but is not used;
- Original radiographs and photographs must be included;
- Specific treatment and materials placed for restorative services;
- Specific service provided for topical fluoride application;
- Written documentation explaining emergency services;
- The extent and complexity of a surgical extraction; and
- Specific documentation for medical necessity, observations and clinical findings, the specific treatment rendered and medications or drugs used during periodontal procedures.

Identification in Patient Record

Medi-Cal Dental will not pay for services unless the rendering provider is actively enrolled in Medi-Cal Dental at the time of treatment. Treatment of Medi-Cal dental patients by un-enrolled providers is not covered and will be subject to recovery of payments made.
Business and Professions Code, Section 1683.
states:

(a.) Every dentist, dental health professional, or
other licensed health professional who
performs a service on a patient in a dental
office shall identify himself or herself in the
patient record by signing his or her name,
or an identification number and initials,
next to the service performed and shall
date those treatment entries in the record.
Any person licensed under this chapter who
owns, operates, or manages a dental office
shall ensure compliance with this
requirement.
(b.) Repeated violations of this section
constitute unprofessional conduct.

NOTE: Billing providers MUST ensure that all their
rendering providers are enrolled in Medi-Cal Dental
prior to treating Medi-Cal patients. Payments made
to billing providers for services performed by
unenrolled rendering providers are not covered and
will be subject to recovery.

Cause for Recovery

Amounts paid for services provided to Medi-Cal
members shall be audited by the department in the
manner and form prescribed by the department. The
department shall maintain adequate controls to
to ensure responsibility and accountability for the
expenditure of federal and state funds.
Overpayments may be recovered when the
department discovers information that indicates the
provider may have engaged in practices that have
resulted in over reimbursement.

Welfare and Institutions Code Title 22, Section
51458.1. states:

(a.) The Department shall recover
overpayments to providers including, but
not limited to, payments determined to be:
(1.) In excess of program payment ceilings
or allowable costs.
(2.) In excess of the amounts usually
charged by a provider.
(3.) For services not documented in the
provider’s records, or for services
where the provider’s documentation
justifies only a lower level of payment.
(4.) Based upon false or incorrect claims or
cost reports from providers.
(5.) For services deemed to have been
excessive, medically unnecessary or
inappropriate.
(6.) For services prescribed, ordered or
rendered by persons who did not meet
the standards for participation in the
Medi-Cal program at the time the
services were prescribed, ordered or
rendered.
(7.) For services not covered by the
program.
(8.) For services to persons not eligible for
program coverage when the services
were provided.
(9.) For Medi-Cal covered services already
paid for by the member, but not yet
refunded, or for services already
reimbursed by the Department or
other coverage.
(10.) For services that should have been
billed to other coverage.
(11.) For services not ordered or
prescribed, when an order or
prescription is required.
(12.) For services not authorized, when
a treatment authorization request is
required.
(13.) In violation of any other Medi-Cal
regulation where overpayment has
occurred.
(14.) The provisions of Sections 51488.
and 51488.1. shall prevail in
circumstances that conflict with this
section.

Special Permits

Providers who administer general anesthesia and/or
intravenous conscious sedation/analgesia shall have
valid anesthesia permits with the California Dental
Board. Provision of these services is not a benefit of
the program when provided by persons not holding
the appropriate permit and payment is subject to
recovery.
Utilization of Nurse Anesthetist

Providers who utilize the services of Nurse Anesthetists in a dental office must also hold the appropriate permit.

Business and Professions Code, Section 2827. states:

The utilization of a nurse anesthetist to provide anesthesia services in an acute care facility shall be approved by the acute care facility administration and the appropriate committee, and at the discretion of the physician, dentist, or podiatrist.

If a general anesthetic agent is administered in a dental office, the dentist shall hold a permit authorized by Section 1646.

Deep Sedation/General Anesthesia (D9222 and D9223)

Deep Sedation/General anesthesia is defined as a controlled state of unconsciousness, accompanied by a partial or complete loss of protective reflexes, including the loss of the ability to independently maintain an airway and respond purposefully to physical stimulation or verbal command, produced by a pharmacologic or non-pharmacologic method or combination thereof.

Business and Professions Code, Section 1646.1. states:

(a.) No dentist shall administer or order the administration of general anesthesia on an outpatient basis for dental patients unless the dentist either possesses a current license in good standing to practice dentistry in this state and holds a valid general anesthesia permit issued by the board or possesses a current permit under Section 1638 or 1640 and holds a valid general anesthesia permit issued by the board.

(b.) No dentist shall order the administration of general anesthesia unless the dentist is physically within the dental office at the time of the administration.

(c.) A general anesthesia permit shall expire on the date provided in Section 1715 which next occurs after its issuance, unless it is renewed as provided in this article. (d.) This article does not apply to the administration of local anesthesia or to conscious-patient sedation.

Business and Professions Code, Section 1646.7. states:

(a.) A violation of this article constitutes unprofessional conduct and is grounds for the revocation or suspension of the dentist’s permit, license, or both, or the dentist may be reprimanded or placed on probation.

(b.) A violation of any provision of this article or Section 1682 is grounds for suspension or revocation of the physician’s and surgeon’s permit issued pursuant to this article by the Dental Board of California. The exclusive enforcement authority against a physician and surgeon by the Dental Board of California shall be to suspend or revoke the permit issued pursuant to this article. The Dental Board of California shall refer a violation of this article by a physician and surgeon to the Medical Board of California for its consideration as unprofessional conduct and further action, if deemed necessary by the Medical Board of California, pursuant to Chapter 5 (commencing with Section 2000). A suspension or revocation of a physician and surgeon’s permit by the Dental Board of California pursuant to this article shall not constitute a disciplinary proceeding or action for any purpose except to permit the initiation of an investigation or disciplinary action by the Medical Board of California as authorized by Section 2220.5.

(c.) The proceedings under this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the Dental Board of California shall have all the powers granted therein.
Intravenous Moderate (Conscious) Sedation/Analgesia (Conscious Sedation)
(D9239 and D9243)

Intravenous conscious sedation/analgesia (Conscious Sedation) is a medically controlled state of depressed consciousness that retains the patient’s ability to maintain independently and continuously an airway, protective reflexes, and the ability to respond appropriately to stimulation or verbal commands. It includes intravenous (IV) administration of sedative and/or analgesic agent(s) and appropriate monitoring.

"Intravenous Conscious Sedation/Analgesia" (Conscious Sedation) does not include the administration of oral medications or the administration of a mixture of nitrous oxide and oxygen, whether administered alone or in combination with each other.

**Business and Professions Code, Section 1647.2. states:**

(a.) No dentist shall administer or order the administration of, conscious sedation on an outpatient basis for dental patients unless one of the following conditions is met:

1. The dentist possesses a current license in good standing to practice dentistry in California and either holds a valid general anesthesia permit or obtains a permit issued by the board authorizing the dentist to administer conscious sedation.

2. The dentist possesses a current permit under Section 1638 or 1640 and either holds a valid anesthesia permit or obtains a permit issued by the board authorizing the dentist to administer conscious sedation.

(b.) A conscious sedation permit shall expire on the date specified in Section 1715 which next occurs after its issuance, unless it is renewed as provided in this article.

(c.) This article shall not apply to the administration of local anesthesia or to general anesthesia.

(d.) A dentist who orders the administration of conscious sedation shall be physically present in the treatment facility while the patient is sedated.

**Business and Professions Code, Section 1647.9. states:**

A violation of any provision of this article constitutes unprofessional conduct and is grounds for the revocation or suspension of the dentist’s permit, license, or both, or the dentist may be reprimanded or placed on probation. The proceedings under this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.

**Non-intravenous Conscious Sedation (Oral Conscious Sedation) (D9248)**

Non-intravenous conscious sedation (Oral Conscious Sedation) is a medically controlled state of depressed consciousness that retains the patient’s ability to maintain independently and continuously an airway, protective reflexes, and the ability to respond appropriately to stimulation or verbal commands. It includes administration of sedative and/or analgesic agent(s) orally, by patch and by intramuscular or subcutaneous injection with appropriate monitoring.

The drugs and techniques used in oral conscious sedation shall have a margin of safety wide enough to render unintended loss of consciousness unlikely. Further, patients whose only response is reflex withdrawal from painful stimuli would not be considered to be in a state of oral conscious sedation.

For very young or handicapped individuals, incapable of the usually expected verbal response, a minimally depressed level of consciousness should be maintained.

"Minor patient" means a dental patient under the age of 13 years.

"Certification" means the issuance of a certificate to a dentist licensed by the board who provides the board with his or her name, and the location where
the administration of oral conscious sedation will occur, and fulfills the requirements specified in Sections 1647.12. and 1647.13.

Business and Professions Code, Section 1647.11. states:

(a.) Notwithstanding subdivision (a) of Section 1647.2, a dentist may not administer oral conscious sedation on an outpatient basis to a minor patient unless one of the following conditions is met:

(1.) The dentist possesses a current license in good standing to practice dentistry in California and either holds a valid general anesthesia permit, conscious sedation permit, or has been certified by the board, pursuant to Section 1647.12, to administer oral sedation to minor patients.

(2.) The dentist possesses a current permit issued under Section 1638 or 1640 and either holds a valid general anesthesia permit, or conscious sedation permit, or possesses a certificate as a provider of oral conscious sedation to minor patients in compliance with, and pursuant to, this article.

(b.) Certification as a provider of oral conscious sedation to minor patients expires at the same time the license or permit of the dentist expires unless renewed at the same time the dentist’s license or permit is renewed after its issuance, unless certification is renewed as provided in this article.

(c.) This article shall not apply to the administration of local anesthesia or a mixture of nitrous oxide and oxygen or to the administration, dispensing, or prescription of postoperative medications.

Business and Professions Code, Section 1647.17. states:

A violation of any provision of this article constitutes unprofessional conduct and is grounds for the revocation or suspension of the dentist’s permit, certificate, license, or all three, or the dentist may be reprimanded or placed on probation. The proceedings under this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part I of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.

Oral Conscious Sedation for Adult Use

As used in this article, the following terms have the following meanings:

(d.) Adult patient means a dental patient 13 years of age or older.

(e.) Certification means the issuance of a certificate to a dentist licensed by the board who provides the board with his or her name and the location at which the administration of oral conscious sedation will occur, and fulfills the requirements specified in Sections 1647.12. and 1647.13.

(f.) Oral conscious sedation means a minimally depressed level of consciousness produced by oral medication that retains the patient’s ability to maintain independently and
continuously an airway and respond appropriately to physical stimulation or verbal command. "Oral conscious sedation" does not include dosages less than or equal to the single maximum recommended dose that can be prescribed for home use.

(1.) The drugs and techniques used in oral conscious sedation shall have a margin of safety wide enough to render unintended loss of consciousness unlikely. Further, patients whose only response is reflex withdrawal from painful stimuli would not be considered to be in a state of oral conscious sedation.

(2.) For the handicapped individual, incapable of the usually expected verbal response, a minimally depressed level of consciousness for that individual should be maintained.

Business and Professions Code, Section 1647.19. states:

(a.) Notwithstanding subdivision (a) of Section 1647.2, a dentist may not administer oral conscious sedation on an outpatient basis to an adult patient unless the dentist possesses a current license in good standing to practice dentistry in California, and one of the following conditions is met:

(1.) The dentist holds a valid general anesthesia permit, holds a conscious sedation permit, has been certified by the board, pursuant to Section 1647.20, to administer oral sedation to adult patients, or has been certified by the board, pursuant to Section 1647.12, to administer oral conscious sedation to minor patients.

(2.) The dentist possesses a current permit issued under Section 1638 or 1640 and either holds a valid general anesthesia permit, or conscious sedation permit, or possesses a certificate as a provider of oral conscious sedation to adult patients in compliance with, and pursuant to, this article.

(b.) Certification as a provider of oral conscious sedation to adult patients expires at the same time the license or permit of the dentist expires unless renewed at the same time the dentist's license or permit is renewed after its issuance, unless certification is renewed as provided in this article.

(c.) This article shall not apply to the administration of local anesthesia or a mixture of nitrous oxide and oxygen, or to the administration, dispensing, or prescription of postoperative medications.

Billing Medi-Cal Dental

Billing for Benefits Provided

Title 22, California Code of Regulations (CCR), Section 51470. (a) states:

A provider shall not bill or submit a claim to the Department or a fiscal intermediary for Medi-Cal benefits not provided to a Medi-Cal member.

Title 22, California Code of Regulations (CCR), Section 51470. (d) states:

A provider shall not bill or submit a claim to the Department or a fiscal intermediary for Medi-Cal covered benefits provided to a Medi-Cal member:

(1.) For which the provider has received and retained payment.

(2.) Which do not meet the requirements of Department regulations.
Sub-Standard Services

Title 22, California Code of Regulations (CCR), Section 51472. states:

No provider shall render to a Medi-Cal member health care services which are below or less than the standard of acceptable quality.

Excessive Services

Title 22, California Code of Regulations (CCR), Section 51473. states:

No provider shall render to any Medi-Cal member, or submit a claim for reimbursement for, any health care service or services clearly in excess of accepted standards of practice.

Business and Professions Code, Section 1685. states:

In addition to other acts constituting unprofessional conduct under this chapter, it is unprofessional conduct for a person licensed under this chapter to require, either directly or through an office policy, or knowingly permit the delivery of dental care that discourages necessary treatment or permits clearly excessive treatment, incompetent treatment, grossly negligent treatment, repeated negligent acts, or unnecessary treatment, as determined by the standard of practice in the community.

Prohibition of Rebate, Refund, or Discount

Title 22, California Code of Regulations (CCR), Section 51478. states:

No provider shall offer, give, furnish, or deliver any rebate, refund, commission preference, patronage dividend, discount, or any other gratuitous consideration, in connection with the rendering of health care service to any Medi-Cal member. No provider shall solicit, request, accept, or receive, any rebate, refund, commission, preference, patronage dividend, discount, or any other gratuitous consideration, in connection with the rendering of health care service to any Medi-Cal member.

Billing for Suspended Provider

Title 22, California Code of Regulations (CCR), Section 51484. states:

No provider shall bill or submit a claim for or on behalf of any provider who has been suspended from participation in the California Medical Assistance Program, for any services rendered in whole or in part by any such suspended provider during the term of such suspension.

Submission of False Information

Title 22, California Code of Regulations (CCR), Section 51485. states:

No provider shall submit or cause to be submitted any false or misleading statement of material fact when complying with departmental regulations, or in connection with any claim for reimbursement, or any request for authorization of services.

Overpayment Recovery

Medi-Cal Dental collects overpayments identified through an audit or examination, or any portion thereof from any provider. A provider may appeal the collection of overpayments under this section pursuant to procedures established in Article 5.3 (commencing with Section 14170). Overpayments collected under this section shall not be returned to the provider during the pendency of any appeal and may be offset to satisfy audit or appeal findings if the findings are against the provider. Overpayments will be returned to a provider with interest if findings are in favor of the provider.

Title 22, California Code of Regulations (CCR), Section 51470. states:

(a.) When it is established upon audit that an overpayment has been made to a provider, the Department shall begin liquidation of any overpayment to a provider 60 days after issuance of the first Statement of Accountability or demand for repayment. The demand for repayment or Statement of Accountability shall be issued no later than 60 days after the issuance of the audit or examination report establishing such
overpayment. The overpayment shall be recovered by any of the following methods:

1. Lump sum payment by the provider.
2. Offset against current payments due to the provider.
3. A repayment agreement executed between the provider and the Department.
4. Any other method of recovery available to and deemed appropriate by the Director.

(b.) An offset against current payments shall continue until one of the following occurs:
1. The overpayment is recovered.
2. The Department enters into an agreement with the provider for repayment of overpayment.
3. The Department determines, as a result of proceedings under this article, that there is no overpayment.

(c.) The provider shall pay interest at the rate of seven percent per annum on any unrecovered overpayment in all cases where the statement of account status was issued before June 28, 1981. In all other cases, the provider shall pay interest as provided by Welfare and Institutions Code Section 14171(f).

(d.) Nothing in this section shall prohibit a provider from repaying all or a part of the disputed overpayment without prejudice to his right to a hearing under this article.

(e.) Any recovered overpayment that is subsequently determined to have been erroneously collected shall be promptly refunded to the provider, together with interest computed at the legal rate of seven percent per annum from the date of such liquidation or 60 days after issuance of the audit or examination findings, whichever is later. The provisions of this paragraph shall apply only to those overpayments determined by audit reports issued after April 6, 1976 and before June 28, 1981. In all other cases, interest shall be paid in accordance with the provisions of Sections 14171(e) and 14172.5, Welfare and Institutions Code.

(f.) (As used in this section, "Statement of Account Status" also includes statement of accountability or demand for repayment.

Civil Money Penalties

Title 22, California Code of Regulations (CCR), Section 51485.1 states:

(a.) The Director may assess civil money penalties against a person or provider ("provider") pursuant to Welfare and Institutions Code Section 14123.2 after a determination that the provider knows or has reason to know that items or services:
1. Were not provided as claimed,
2. Are not reimbursable under the Medi-Cal Program as provided in subsection (d), or
3. Were claimed in violation of an agreement with the State.

(b.) The Director’s determination of whether a provider "knows or has reason to know" that items or services were not provided, are not reimbursable, or were claimed in violation of an agreement with the State (hereafter "improperly claimed"), shall be based on the following standards:
1. Knows: The provider is aware of a high probability of the existence of the fact that items or services were improperly claimed, or
2. Has reason to know: The provider has information from which a reasonable person in that position would infer that items or services were improperly claimed.

(c.) The Director’s determination of whether the provider knows or has reason to know that items or services were "not provided as claimed" shall be based on information available pursuant to Section 51476.

(d.) The Director shall determine whether or not the provider knows or has reason to know that claimed items or services are "not reimbursable under the Med-Cal Program" in the following instances:
(1.) The provider has been suspended from participation in the Program,
(2.) The claimed items or services are substantially in excess of patient needs as defined in Section 51303(a),
(3.) The items or services are deficient in quality compared with professionally recognized standards of health care (See Section 51472),
(4.) The provider has demonstrated a pattern of abusive overbilling to the Medi-Cal Program. Evidence of such overbilling shall include, but not be limited to:
   (A.) Medi-Cal Dental audit adjustments repeated in two or more fiscal years except if there is a pending appeal where these adjustments are still at issue,
   (B.) Repeated submission of improperly coded or identified claims. Evidence of such overbilling shall not include repeated submission of claims which have been denied payment previously, even though such payment denial was not contested.
(e.) The Director’s determination of whether the provider knows or has reason to know that items or services were “claimed in violation of an agreement with the State” shall be based on the terms of the written agreement, and on other relevant evidence as that term is defined in Section 51037(e)(1). The Director shall consider only material violations which go to the merits of the agreement as distinguished from those which affect only form.
(f.) A civil money penalty shall be no more than three times the amount claimed by the provider for each item or service. It shall be within the Director’s discretion to assess a lower penalty. In setting the amount of the penalty, the Director may consider evidence of mitigating circumstances submitted by the provider. Examples of such evidence include, but are not limited to:
   (1.) Clerical error.
   (2.) Good faith mistake.
   (3.) Reliance on official publications.
   (4.) Prior record of properly submitted claims.
(g.) An assessment of civil money penalties shall be effective upon the 60th calendar day after the date that the Department serves notice to the provider of the determination. Such notice shall be in writing and shall include grounds for the determination.
(h.) A provider shall have the right to appeal the determination by filing a request for hearing pursuant to Section 51022. The effective date of the assessment shall be deferred until this request is rejected or a final administrative decision is adopted.
(i.) Upon the effective date of assessment, the Director shall collect the civil money penalty in accordance with the procedures set forth in Sections 14115.5 and 14172 of the Welfare and Institutions Code and Section 51047.
(j.) Interest shall accrue on any unpaid balance of a civil money penalty from the effective date of assessment, at the rate specified in Section 14172(a) of the Welfare and Institutions Code.
(k.) Civil money penalty appeal hearings shall be conducted pursuant to the procedural guidelines set forth in Section 51016 et seq. (Title 22, CAC, Article 1.5).
(l.) Assessment of civil money penalties pursuant to Welfare and Institutions Code Section 14123.2 shall not operate to bar imposition of any other applicable penalty provisions, such as those contained in Welfare and Institutions Code Section 14171.5.
Utilization Controls

Title 22, California Code of Regulations (CCR), Section 51159 states:

Utilization controls that may be applied to services set forth in this chapter include:

(a.) Prior authorization, which is approval in advance of the rendering of service of the medical necessity and program coverage of the requested services, by a Department of Health consultant or PCCM plan. In determining what services shall be subject to prior authorization, the Director shall consider factors which include, but are not limited to:

(1.) Whether the services to be controlled are generally considered to be elective procedures.

(2.) Whether other physician procedures not subject to prior authorization are sufficient in scope and number to afford members reasonable access to necessary health care services.

(3.) The level of program payment for procedures.

(4.) The cost effectiveness of applying prior authorization as a utilization control.

(b.) Postservice prepayment audit, which is review for medical necessity and program coverage after service was rendered but before payment is made. Payment may be withheld or reduced if the service rendered was inappropriate.

(c.) Postservice postpayment audit, which is review for medical necessity and program coverage after service was rendered and the claim paid. The department may take appropriate steps to recover payments made if subsequent investigation uncovers evidence that the claim should not have been paid.

(d.) Limitation on number of services, which means certain services may be restricted as to number within a specified time frame.

Prior Authorization

Title 22, California Code of Regulations (CCR), Section 51455 states:

(a.) Any provider may be subjected to a requirement of prior authorization for all or certain specified services to be rendered under the California Medical Assistance Program, by written notice served on such provider from the Director or a carrier. The requirement for prior authorization may be imposed on such provider by the Director upon a determination that the provider has been rendering unnecessary services to a Medi-Cal member.

(b.) As used in this regulation, "unnecessary services" includes but is not limited to any of the following which exceed customary and usual practices in terms of frequency, quantity, propriety, or length of treatment:

(1.) Office, home, or inpatient visits.

(2.) Furnishing, prescribing, or ordering drugs, appliances, services, hospital, skilled nursing facility or intermediate care facility admissions.

(c.) The written notice of requirement for prior authorization shall state the nature, type, and extent of the services determined by the director to have been unnecessary, and shall also state which services shall be subject to prior authorization and the duration that such prior authorization shall remain in force.

Special Claims Review

Title 22, California Code of Regulations (CCR), Section 51460 states:

(a.) The Department may place any provider on special claims review for specific or all services provided. The special claims review may be performed by the Department, or by the fiscal intermediary under direction of the Department. Special claims review may be imposed on a provider upon a determination that the provider has submitted improper claims, including claims
which incorrectly identify or code services provided.

(b.) A provider, while on special claims review, shall furnish any material requested by the Department in order to substantiate specific or all claims subject to special claims review.

(c.) The Department shall provide written notice to any provider placed on special claims review. The written notice shall include the following:

(1.) Services determined to have been improperly billed by the provider.

(2.) Services subject to special claims review.

(3.) Documentation to be submitted with all claims subject to special claims review.

(4.) Instructions for submission of claims subject to special claims review.

Administrative Hearings

Provider Audit Hearing

Title 22, California Code of Regulations (CCR), Section 51017 states:

A provider may request a hearing under the provisions of this article to examine any disputed audit or examination finding which results in an adjustment to Medi-Cal program reimbursement or reimbursement rates by submitting a Statement of Disputed Issues to the Department in accordance with Section 51022.

Request for Hearing

Title 22, California Code of Regulations (CCR), Section 51022 states:

(a.) An institutional provider may request a hearing for any disputed audit or examination finding as follows:

(1.) A written request shall be filed with the Department within 60 calendar days of the receipt of the written notice of the audit or examination findings.

(2.) This request may be amended at any time during the 60 calendar day period.

(b.) A Non-institutional provider may request a hearing on any disputed audit or examination finding as follows:

(1.) A written request shall be filed with the Department within 30 calendar days of the receipt of the audit or examination finding.

(2.) This request may be amended at any time during the 30 calendar day period.

(c.) All late requests by either Institutional or Non-institutional providers shall be denied and the audit or examination findings deemed final unless the provider establishes in writing good cause for late filing within 15 calendar days of being notified of the untimeliness of its request.

(d.) The request shall be known as "Statement of Disputed Issues." It shall be in writing, signed by the provider or the authorized agent, and shall state the address of the provider and of the agent, if any agent has been designated. A provider or the agent shall specify the name and address of the individual authorized on behalf of the provider to receive any and all documents, including the final decision of the Director, relating to proceedings conducted pursuant to this article. The Statement of Disputed Issues need not be formal, but it shall be specific as to each issue as are in dispute, setting forth the provider’s contentions as to those issues and the estimated amount each issue involves. The information specified in subsection (e) shall also be included. If the hearing officer determines that a Statement of Disputed Issues fails to state the specific grounds upon which objection to the specific item is based, the provider or the agent shall be notified that it does not comply with the requirement of this regulation, and the reasons therefore.

(1.) An Institutional provider shall be granted 30 calendar days after the date of the mailing of the notice of
deficiency to the provider within which to file an amended Statement of Disputed Issues.

(2.) A Non-institutional provider shall be granted 15 calendar days after the date of mailing of the notice of deficiency within which to file an amended Statement of Disputed Issues.

(3.) If within the time permitted in (1) or (2) above, the Institutional or Non-institutional provider, respectively, or the agent fails to amend its appeal as notified, the appeal as to those issues shall be rejected.

(e.) The request shall also specify whether the provider does or does not wish that an informal level of review among the parties be held, together with the reasons therefore. Either party may request, or the hearing officer may order, that a telephone conference call be initiated among the parties for discussion of the advisability of conducting an informal level of review. The hearing officer shall decide whether an informal level of review would be appropriate and notify the parties of this decision in writing.

Member Fraud

Sharing of Medi-Cal Cards

Welfare & Institutions Code, Section 14026 states:

(a.) It is a misdemeanor for a Medi-Cal member to furnish, give, or lend his Medi-Cal card or labels to any person other than a provider of service as required under Medi-Cal regulations.

(b.) It is a misdemeanor for any person to use a Medi-Cal card other than the one which was issued to him or her to obtain health care services. This subdivision shall not apply to the use of a Medi-Cal card of a family member by another family member if the person using the card is, in fact, eligible under this chapter.

(c.) This section shall not apply to any peace officer while investigating Medi-Cal fraud or other crimes in performance of his official duties or to any person working under the peace officer’s immediate direction, supervision, or instruction when such peace officer has been issued a Medi-Cal card pursuant to Section 14026.5.

Provider Assistance for Medi-Cal Fraud

Members suspected of abusing Medi-Cal Dental should be reported to the appropriate authorities. To help deter fraud, providers should be aware of the following:

- Individuals who are not residents of California.
- Individuals who give, lend, or furnish their Medi-Cal cards to any person other than a Medi-Cal provider.

Note: This example does not apply to family members presenting a card on behalf of a Medi-Cal eligible recipient to obtain services for that recipient (for example, a relative picking up a prescription for the recipient).

- Any attempt to obtain a prescription or controlled substance through misrepresentation or concealment.
- Individuals suspected of trying to obtain prescriptions to support their drug habit or for resale.
- Individuals who fail to report that they have other health coverage.
- Individuals who appear to have assets that would make them ineligible for Medi-Cal.

The Statewide Medi-Cal Fraud and Abuse Hotline for reporting recipients or providers is (800) 822-6222.

Section 9 - Special Programs

California Children's Services (CCS)

The CCS program provides health care to children and adolescents under 21 years of age who have a CCS-eligible medical condition.

The CCS program provides diagnostic and treatment services, medical case management, some dental services, and physical and occupational therapy services. The CCS program only authorizes dental services if the member’s CCS-eligible medical condition or oral condition can be affected. Examples of medical conditions of children who are CCS-eligible for dental services include cerebral palsy, cystic fibrosis, hemophilia, certain heart diseases, certain cancers, traumatic injuries to the face and mouth, cleft lip/palate, and other craniofacial anomalies. CCS offers orthodontics to children with medically handicapping malocclusions, cleft lip/palate, and craniofacial anomalies.

Any individual, including a family member, school staff, public health nurse, doctor, or dentist may refer a child to the CCS program for an evaluation. The referral to the CCS county program or CCS State Regional Office may be made by fax, phone call, correspondence, or the CCS Dental and Orthodontic Client Service Authorization Request (SAR) form (CDHS 4516). CCS will not cover any services provided prior to the date the referral was received by the CCS program.

CCS serves approximately 175,000 children who have the following types of program eligibility:

- CCS/Medi-Cal: These members are eligible for full scope dental benefits with no share of cost under Medi-Cal. They may have case coordination services provided by CCS. The provider shall submit TARs and Claims directly to Medi-Cal Dental, comply with all program requirements and obtain prior authorization (when necessary) in order for services to be paid.
- CCS-only: These members are children whose family’s annual income is below $40,000, or whose estimated out-of-pocket expenses to treat the CCS eligible condition exceed 20% of a family’s income. They receive health care funded by the State and the counties and are limited to the treatment of their CCS-eligible conditions.

Genetically Handicapped Person’s Program (GHPP)

The GHPP is a State-funded health care program for adults and some children with certain genetic diseases. GHPP coordinates care and payment for persons usually over the age of 21 years with eligible genetic conditions. Eligible conditions include, but are not limited to, hereditary bleeding disorders, cystic fibrosis, and hereditary metabolic disorders.

The GHPP serves adults and some children who have the following types of program eligibility:

- GHPP/Medi-Cal: These members may be eligible for dental benefits under the GHPP.
- GHPP-only: These members receive comprehensive State-funded dental and health care benefits under GHPP.

CCS-only and Authorizations and Claims Processing

To begin the CCS process for dental services, the provider must submit a CCS Dental and Orthodontic Client Service Authorization Request (SAR) form (DHCS 4516) to the CCS county program. The provider may fax or mail this form to the CCS county program. The provider shall submit TARs and Claims to the CCS county program, prioritize the requested dental services and determine if the patient qualifies for the services based on their CCS-eligible medical condition.

Providers are required to obtain an approved SAR from the CCS county program of the member’s county of residence, or CCS State Regional Office, prior to performing dental services. An approved SAR only authorizes the dental scope of benefits.

The CCS county program will issue a CCS SAR to the provider which will indicate the authorized Service Code Group(s) or individual procedure code(s) with a “begin date” and “end date” for up to one year. If the treatment is completed before the “begin date”
or after the “end date” indicated on the SAR, payment will be disallowed.

The approved SAR does not guarantee payment. Payment is always subject to the dental criteria and submission requirements of Medi-Cal Dental.

Providers are to adhere to all Medi-Cal Dental policies and TAR/Claim submission requirements. Refer to the Orthodontic Services Program in this section as well as “Section 5: Manual of Criteria and Schedule of Maximum Allowances” of this Handbook.

Providers do not have to attach the SAR to the Medi-Cal Dental TAR/Claim. CCS electronically notifies Medi-Cal Dental Program of providers who have received authorized SARs. If the procedure requested on the TAR/Claim is not on the SAR, payment/authorization will be disallowed with Adjudication Reason Code 390. Providers should contact CCS to obtain a new SAR prior to submitting a re-evaluation.

CCS/Medi-Cal Authorizations and Claims Processing

Members with CCS/Medi-Cal eligibility do not require a CCS SAR. These members have full scope Medi-Cal eligibility and are only case managed by CCS. No CCS SAR request should be submitted.

CCS/Medi-Cal claims and TARs are to be sent directly to the Medi-Cal Dental Program. Providers may submit a TAR requesting EPSDT services for a Medi-Cal member requiring dental benefits beyond the scope of the Medi-Cal Dental Program. Refer to EPSDT services in this section.

GHPP/Medi-Cal and GHPP-only Authorizations and Claims Processing

To begin the GHPP process for dental services, the provider must submit a GHPP Dental Client Service Authorization Request (SAR) (MC 2361) to the GHPP State office. The provider may fax or mail this form to the GHPP State office. The GHPP will review the requested dental services and determine if requested services are medically necessary.

The GHPP will issue a GHPP SAR to the provider which will indicate the authorized Service Code Group(s) or individual procedure code(s) with a "begin date" and "end date" for up to one year. If the treatment is completed before the "begin date" or after the "end date" indicated on the SAR, payment will be disallowed.

The approved SAR does not guarantee payment. Payment is always subject to the dental criteria and submission requirements of Medi-Cal Dental.

Providers are to adhere to all Medi-Cal Dental policies and TAR/Claim submission requirements. Refer to "Section 5: Manual of Criteria and Schedule of Maximum Allowances" of this Handbook.

Providers do not have to attach the SAR to the Medi-Cal Dental TAR/Claim. GHPP electronically notifies Medi-Cal Dental of providers who have received authorized SARs. If the procedure requested on the TAR/Claim is not on the SAR, payment/authorization will be disallowed with Adjudication Reason Code 390. Providers should contact GHPP to obtain a new SAR prior to submitting a re-evaluation.

Orthodontic Services for CCS-only Members

The CCS program has adopted the Medi-Cal dental orthodontic criteria for children with handicapping malocclusion, cleft lip/palate, and craniofacial anomalies. Orthodontic diagnostic and treatment criteria are contained within “Section 5: Manual of Criteria and Schedule of Maximum Allowances” for Medi-Cal Authorization (Dental Services) in this Handbook.

Providing Orthodontic Services to Medi-Cal Dental Members

In order to provide orthodontic services to Medi-Cal Dental or CCS members, a provider must be “actively” enrolled in Medi-Cal Dental and be enrolled as a Certified Orthodontist. Refer to "Section 3: Enrollment Requirements" of this Handbook for additional information regarding enrollment. If the provider is uncertain of his/her current Medi-Cal Dental status, he/she may phone the Telephone Service Center at (800) 423-0507 and request an Orthodontic Provider Enrollment Form.

As defined in Title 22, California Code of Regulations, Section 51223(c), a qualified orthodontist is a dentist
who confines his/her practice to the specialty of orthodontics and has:

- Successfully completed a course of advanced study on orthodontics of two years or more in a program recognized by the Council on Dental Education of the American Dental Association, or
- Completed advanced training in orthodontics prior to July 1, 1969 and is a member of or eligible for membership in the American Association of Orthodontics.

**Eligibility**

**CCS:**

CCS/Medi-Cal dental providers are to request an approved CCS SAR from the CCS county program or CCS State Regional Offices for CCS-only and dental services and then submit TAR/Claim forms to Medi-Cal Dental.

**CCS/Medi-Cal:**

Medi-Cal dental providers are to submit TARs/Claims directly to Medi-Cal Dental and do not require a CCS SAR.

**GHPP:**

GHPP providers are to request an approved GHPP SAR from the State GHPP office for GHPP/Medi-Cal and GHPP-only dental services and then submit TAR/Claim forms to Medi-Cal Dental.

Note: CCS and GHPP SARs are not transferable between dental providers.

**Changes in the Member’s Program Eligibility**

CCS-only, GHPP-only, CCS/Medi-Cal, and GHPP/Medi-Cal members are issued California Benefits Identification Cards (BIC). The BIC enables providers to determine eligibility through the AEVS, POS Device, and/or the [Medi-Cal website](#). A member’s program eligibility may change at any time and it is the provider’s responsibility to verify eligibility prior to treating the member.

When the member changes from the CCS/Medi-Cal program to the CCS-only program, providers must obtain a SAR from the CCS county program. A SAR is not required for members who change from the CCS-only program to CCS/Medi-Cal. Providers are to refer to this Handbook prior to treating CCS-only, CCS/Healthy Families, CCS/Medi-Cal, and GHPP/Medi-Cal members.

Providers will need to submit separate claim forms when a patient’s program eligibility changes. This will expedite Medi-Cal reimbursement in the event that a CCS county has insufficient funds to process claims with CCS-only or benefits. If the CCS county program/State GHPP program does not have sufficient funds, claims will be withheld until sufficient funds are available.

Note: CCS-only members residing in Los Angeles County will not be issued a BIC.

**Emergency Treatment**

**CCS-only Members:** If there is an emergency condition, then the provider may treat the member for the emergency. The provider is required to submit the appropriate form (CDHS 4488 or CDHS 4509) to the CCS county program or CCS State Regional Office by the next business day, requesting a SAR.

**CCS/Medi-Cal Members:** Providers should refer to “Section 4: Treating Members” of this Handbook for procedures for approval and payment for emergency dental services and for obtaining appropriate authorization for services dictated by emergency situations, which preclude timely advance requests for Medi-Cal Dental TAR/Claim forms.

**GHPP/Medi-Cal and GHPP-only Members:** If there is an emergency condition, then the provider may treat the member for the emergency. The provider is required to submit the appropriate form (MC 2361) to the State GHPP office by the next business day, requesting a SAR.

**Other Coverage**

A CCS or GHPP member may have other dental coverage (i.e., managed care or indemnity dental insurance coverage). Members must apply their other coverage benefits prior to utilizing CCS or GHPP benefits. Other coverage will be considered as the primary carrier, and CCS or GHPP will be considered as the secondary carrier and payer of last resort.
CCS-only, GHPP/Medi-Cal and GHPP only
Service Code Groupings (SCG)

An approved SAR will list the SCGs and/or the individual procedure code(s) based on the provider’s requested treatment plan and the member’s CCS or GHPP-eligible medical condition. These 18 SCGs are grouped by treatment plans and procedure codes to assist the CCS county program or CCS State Regional Office in authorizing services based on the member’s CCS-or GHPP-eligible medical condition. Providers are to request a SAR for one or more of the SCGs when requesting an authorization from the CCS county program or GHPP State office. If the procedure code is not listed in the SCG(s), the provider may request authorization for an individual procedure code from the Medi-Cal dental scope of benefits.

## CCS-only Benefits

The CCS and GHPP program have the same scope of benefits as Medi-Cal Dental with a few exceptions: CCS-only, GHPP/Medi-Cal and GHPP only (if applicable) have additional benefits and modifications based on frequency and age limitations. The table below lists the additional benefits.

*Note:* The reimbursement rates are the same as those on the Medi-Cal Dental Schedule of Maximum Allowances (SMA).

Orthodontic Services Program

Medi-Cal dental benefits include medically necessary orthodontic services. Services available under this program are limited to only those members that meet the general policies and requirements. These benefits are available to eligible individuals before their 21st birthday. Policies governing the provision of these program benefits are listed in “Section 5: Manual of Criteria and Schedule of Maximum Allowances” of this Handbook.

Qualified orthodontists may provide orthodontic services to eligible Medi-Cal and California Children’s Services (CCS) members. California Code of Regulations, Title 22, Section 51223(c) defines a “qualified orthodontist” as a dentist who “confines his/her practice to the specialty of orthodontics, and, who either has successfully completed a course of advanced study in orthodontics of two years or more in programs recognized by the Council on Dental Education of the American Dental Association” or “who has completed advanced training in orthodontics prior to July 1, 1969 and is a member of, or eligible for membership in the American Association of Orthodontists.”

Enrollment and Orthodontic Certification

1. A provider must be actively enrolled as a Medi-Cal dental provider to qualify for participation in this program. An orthodontist who wishes to submit claims for services provided to eligible Medi-Cal Dental and/or CCS members must first complete an Orthodontia Provider Certification form. For an enrollment application and information, call the Medi-Cal Dental Telephone Service Center at (800) 423-0507.

2. Complete the Orthodontia Provider Certification form and return it promptly to Medi-Cal Dental. Medi-Cal Dental will enter an appropriate code on an automated provider record to establish and identify the provider under the Orthodontic Services Program.

3. The provider will be notified in writing when the certification has been approved. Orthodontic services provided to Medi-Cal members prior to an approved certification will not be paid by Medi-Cal Dental.

4. Medi-Cal Dental will furnish an initial supply of the Handicapping Labio-Lingual Deviation (HLD) Index California Modification Score Sheets (DC016) upon certification approval. Additional Score Sheets may be obtained through the Medi-Cal Dental forms supplier by checking the appropriate box on the Medi-Cal Dental Forms Reorder Request.

Initial Orthodontic Evaluation and Completion of the HLD Index Score Sheet

An initial orthodontic examination called the Limited Oral Evaluation (Procedure D0140) must be conducted. This examination includes completion of the HLD Score Sheet. The HLD Score Sheet is the preliminary measurement tool used in determining if the patient qualifies for medically necessary orthodontic services. Follow the instructions on the back of the form to assess the medical necessity (example in “Section 6: Forms” of this Handbook). The qualifying conditions for treatment under the Medi-Cal Dental Orthodontic Program are:

1. Cleft palate deformities.
2. Craniofacial anomaly. (A description of the condition from a credentialed specialist must be attached.)
3. Deep impinging overbite, where the lower incisors are destroying the soft tissue of the palate and tissue laceration and/or clinical attachment loss are present. (Contact only does not constitute deep impinging overbite under the Orthodontic Services Program.)
4. Crossbite of individual anterior teeth when clinical attachment loss and recession of the gingival margin are present (e.g., stripping of the labial gingival tissue on the lower incisors). Treatment of bi-lateral posterior crossbite is not a benefit of the program.
5. Severe traumatic deviation must be justified by attaching a description of the condition.
6A. Overjet greater than 9mm with incompetent lips or mandibular protrusion (reverse overjet) greater than 3.5mm with reported masticatory and speech difficulties. Submit photographs for this exception.
6B. Individual score of at least 26 points.
Children who do not meet the Manual of Criteria requirements for orthodontic services may still be covered if services are documented as medically necessary under the Early and Periodic Screening, Diagnostic and Treatment (EPSDT) Regulations. Attach the required supporting documentation in addition to completing the “conditions” section of the form. Refer to the EPSDT Services Request for Orthodontic Services of this section for clarification of qualifying factors for EPSDT services.

If one of the above conditions is present, Diagnostic Casts (Procedure D0470) may be provided for members. (Note: Diagnostic Casts are payable only upon authorization of orthodontic treatment plan.)

The Orthodontic Evaluation (Procedure D0140) and/or the Diagnostic Casts (Procedure D0470) do not require prior authorization from Medi-Cal Dental. Please note that all other orthodontic services do require prior authorization.

**Diagnostic Casts**

Diagnostic Casts (Procedure D0470) are required documentation for all handicapping malocclusion and cleft palate treatment plan requests. Exception: If the patient has a cleft palate that is not visible on the diagnostic casts, submission of the casts to Medi-Cal Dental is not required. However, photographs or documentation from a credentialed specialist must be submitted.

Craniofacial anomalies cases do not require the submission of diagnostic casts for treatment plan requests but do require documentation from a credentialed specialist.

Casts must be of diagnostic quality. To meet diagnostic requirements, casts must be properly poured and adequately trimmed to allow placement into centric occlusion. No large voids or positive bubbles should be present. Casts should be completely dry to prevent mold from forming. A bite registration or the markings of occlusion must be clearly indicated, making it possible to properly occlude the casts.

Careful packaging will help ensure that the casts arrive at Medi-Cal Dental in good condition. Medi-Cal Dental receives many broken and damaged casts due to poor packaging. Casts that have been broken or damaged due to poor packaging cannot be used for processing and will be destroyed. If Medi-Cal Dental receives broken or damaged casts, a Resubmission Turnaround Document (RTD) will be initiated to request new casts, causing further processing delays. Use a box that has sufficient packaging material (such as styrofoam “peanuts,” shredded newspaper, “bubble wrap,” etc.) so that the casts will not be jarred or bumped during shipping. Also, place packaging materials between the upper and lower arches to prevent rubbing and possible chipping and breakage of the teeth.

Additionally, diagnostic casts should be clearly labeled with proper identification so they can be matched with the correct TAR. This identification should clearly indicate:

- The patient’s name,
- Client Index Number (CIN) or Benefits Identification Card (BIC) number,
- Billing Provider Name, and
- Service office National Provider Identifier (NPI) number.

If the casts are received without patient identification and billing provider information, they will be destroyed.

Only duplicate or second pour diagnostic casts should be sent to Medi-Cal Dental. The casts will not be returned. Diagnostic casts of denied cases will be kept in the Medi-Cal Dental office for 30 days following a denial and up to one year off-site to enable the provider to request a reevaluation.

**Do not mail diagnostic casts in the same envelope or mailing container as the claim for the diagnostic casts, the RTD requesting the diagnostic casts, or the TAR for orthodontic treatment. The diagnostic casts should be packaged separately and mailed to Medi-Cal Dental approximately 10 days prior to mailing the claim, the RTD, or the TAR to the address on the TAR/Claim form. Unless otherwise directed, do not send casts to alternate addresses as they can be misdirected or lost.**

Providers must keep diagnostic casts for a minimum of two years after the case is completed.
Clarification of Case Types

Malocclusion Cases
Malocclusion cases may only be started with permanent dentition, or at 13 years of age. If a malocclusion case requires further treatment beyond 8 quarterly visits, a maximum of 4 additional quarters may be authorized upon review of progress photographs and documentation.

Cleft Palate Cases
Cleft palate cases may be treated from birth in the primary dentition phase, in the mixed dentition phase, and again in the permanent dentition phase. If the cleft palate cannot be demonstrated on the diagnostic casts, documentation from a credentialed specialist must be attached.

If the primary dentition case requires further treatment beyond 4 quarterly visits, a maximum of 2 additional quarters may be authorized upon review of progress photographs and documentation.

If the mixed dentition case requires further treatment beyond 5 quarterly visits, a maximum of 3 additional quarters may be authorized upon review of progress photographs and documentation.

If the permanent dentition case requires further treatment beyond 10 quarterly visits, a maximum of 4 additional quarters may be authorized upon review of progress photographs and documentation.

If retention will not be required for the primary or mixed dentition phase, document this in the comments section (box 34) of the TAR.

Craniofacial Anomaly Cases
Craniofacial anomalies cases may also be treated from birth in the primary dentition phase, again in the mixed dentition, and again in the permanent dentition phase. Documentation from a credentialed specialist is required for all craniofacial anomaly cases. Submission of the diagnostic casts is optional.

Procedure D8660 – Pre-orthodontic Treatment Visits (maximum of 6 quarters) are optional and are a benefit only for craniofacial anomaly cases to monitor the patient’s dentition and/or facial growth prior to starting orthodontic treatment.

Orthodontic Treatment Plans
1. A complete orthodontic treatment plan must be submitted to request prior authorization. The orthodontic treatment plan must include:
   a) TAR:
      • Comprehensive orthodontic treatment of the adolescent dentition (D8080)
      • Periodic orthodontic treatment visit(s) (D8670)
      • Note: Document the case type and dentition phase in the comment section (box 34).
      • Orthodontic retention (D8680)
      • Any necessary radiographs such as complete series (D0210) or Panoramic radiographic image (D0330), and cephalometric radiographic images (D0340) should also be requested on the TAR.

   b) HLD Score Sheet
   c) Diagnostic Casts

Note: For craniofacial anomalies cases only: If Pre-orthodontic treatment visits (Procedure D8660) are necessary prior to starting orthodontic treatment, indicate the quantity and attach all appropriate documentation to the TAR for the complete orthodontic treatment plan.
2. The Medi-Cal dental orthodontic consultant will evaluate the HLD Score Sheet, and the diagnostic casts or documentation (as applicable for cleft palate and craniofacial anomaly cases) to determine if the case qualifies for treatment under the Medi-Cal dental guidelines for orthodontic services.
Treatment Plan Authorization and Payment Submission Procedures

1. When the TAR for orthodontic services is approved by Medi-Cal Dental, a series of Notices of Authorization (NOAs) will be issued confirming authorization. NOAs will be sent at the beginning of the authorization date and every quarter thereafter throughout the treatment plan authorization period. A calendar quarter is defined as:
   a) January through March
   b) April through June
   c) July through September
   d) October through December

   These NOAs should be used for billing purposes.

2. Each calendar quarter when services are provided, submit one NOA to Medi-Cal Dental for payment.

   Payment for the first quarterly treatment visit shall only be made when it is performed in the next calendar month following banding (Procedure D8080).

   Note: On or after July 1, 2008, each incidence of Procedure D8670 will be paid once per quarter. Only one NOA with a date of service in a given quarter needs to be submitted in order to receive the quarterly payment. Treatment visits may occur at any frequency deemed necessary during the quarter to complete the active phase of treatment, e.g., monthly, bimonthly, quarterly.

   NOAs for payment will be processed in accordance with general Medi-Cal dental billing policies and criteria requirements for Orthodontic Services. Please remember that authorization does not guarantee payment. Payment is subject to patient eligibility.

   Note: If payment of an NOA is denied, submit a Claim Inquiry Form (CIF) for reevaluation. Do not resubmit for the same date of service using a new NOA.

3. Request a reevaluation for prior authorization of treatment only on a denied NOA for the orthodontic treatment plan. NOAs for the active phase of treatment and retention may not be reevaluated.

4. Under the Medi-Cal Dental orthodontic program, confirmation of continued treatment is required at the end of each 12 months of authorized treatment. Medi-Cal Dental will send a Resubmission Turnaround Document (RTD) requesting a signature to confirm continued treatment for the subsequent 12 months or remaining treatment. Indicate treatment will continue by signing the RTD. If the RTD is not returned according to Medi-Cal dental policies, the request for continued treatment will be disallowed. A new TAR must then be submitted for all remaining treatments.

Helpful Hints

The following is important information regarding eligibility when providing orthodontic treatment:

Member eligibility must be current for each month and must cover orthodontic benefits.

A member seeking orthodontic treatment may have a SOC obligation to meet each month.

A member may have coverage under another plan that includes orthodontic services. Members with other dental coverage must still have orthodontic services authorized under Medi-Cal Dental.

Each request for payment must have the Explanation of Benefits (EOB), fee schedule, or letter of denial attached.

The information may state that the member is enrolled in a special project or prepaid health plan that includes orthodontic treatment. Refer to “Section 7: Codes” of this Handbook for additional information and a list of current special project codes and prepaid health plan codes.

Refer to “Section 4: Treating Members” of this Handbook for complete information on member eligibility and procedures for verifying eligibility.
Transfer Cases

When transferring from one certified Medi-Cal dental orthodontist to another certified Medi-Cal dental orthodontist, prior authorization is necessary before continuing treatment.

Transfer of a case in progress by another carrier also requires prior authorization.

Original diagnostic casts, along with new casts or progress photographs and any other documentation must be submitted for evaluation.

Diagnostic casts are not required if the treatment has already been approved by Medi-Cal Dental.

Only orthodontic cases that meet the program criteria will be authorized for the remaining treatment which will be determined by the Medi-Cal dental orthodontic consultant.
Treatment Plan Authorization and Payment Submission Procedures

When additional orthodontic services are required or there is a change in the authorized treatment plan, submit a new TAR with documentation and any NOAs that have not been used. Mark all unused NOAs for deletion.

- If the orthodontic treatment is completed in less time than originally authorized, then document this on the NOA for the final quarterly visit.
- If there are remaining NOAs for quarterly visits but there is no NOA for retainers, then submit all the outstanding NOAs for deletion and attach a new TAR for upper and lower retainers along with the request for payment.
- If billing on the NOA for the retainers, then document that the treatment has been completed ahead of schedule and attach any remaining NOAs for deletion.
- When a new TAR is authorized by Medi-Cal Dental, the provider will receive a series of NOAs confirming the authorization. Use the new NOAs for billing purposes.

The TAR submitted for Procedures D8670 and D8660 must list the total quantity or frequency (number of quarters necessary to complete the treatment) in the “Quantity” field, column #30 and the total fee (fee for the procedure times the number of quarters) in the “Fee” field, column #32. The example above shows the correct way to list these procedures to ensure accurate calculation of the Notice of Authorization.
Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Services

In accordance with the requirements in Section 1905(r) of the Social Security Act and Title 42 Code of Federal Regulations Section 441.50 et seq, and specifically CFR 441.56(b)(1)(vi), the Department of Health Care Services (DHCS) is responsible for providing full-scope Medi-Cal members under the age of 21 with a comprehensive, high-quality array of preventive (such as screening), diagnostic, and treatment services under EPSDT. Further, consistent with state and federal law and regulations for EPSDT, the Medi-Cal Dental Program covers all services that are medically necessary under EPSDT, including those to “correct or ameliorate” defects and physical and mental illness or conditions. These services are without cost for the member.

EPSDT: Frequently Asked Questions

What is EPSDT?

The EPSDT benefit allows Medi-Cal enrolled children and youth under age 21 to get preventive (screening) dental services and to get diagnostic and treatment services that are medically necessary to correct or ameliorate health conditions found during screening.

What kind of dental services are classified as EPSDT?

EPSDT services are Medicaid-covered services that are medically necessary. These services may or may not be part of the Manual of Criteria.

What is the EPSDT standard for “medically necessity?”

The EPSDT benefit entitles enrolled members under the age of 21 to any treatment or procedure that fits within any of the categories of Medicaid-covered services listed in the SSA, Section 1905(a), regardless of whether or not the service is covered under the Medi-Cal State Plan or is listed in the Manual of Criteria, if that treatment or service is necessary to “correct or ameliorate” defects and physical and mental illnesses or conditions, meaning that the service is medically necessary under EPSDT. Effective January 1, 2019, Welfare and Institutions Code section 14059.5 distinguishes the definition of medical necessity for individuals 21 and older compared with the definition for those under 21. For individuals younger than 21 years of age, services are determined to be medically necessary when needed to correct or ameliorate defects and physical and mental illnesses or conditions. A service need not cure a condition in order to be covered under EPSDT. Services that maintain or improve the child’s current health condition are also covered in EPSDT because they “ameliorate” a condition. Maintenance services are defined as services that sustain or support rather than those that cure or improve health problems. Services are covered when they prevent a condition from worsening or prevent development of additional health problems. The common definition of “ameliorate” is to “make more tolerable.”

Medi-Cal members under age 21 may require dental services that are not part of the current Medi-Cal dental scope of benefits. Conversely, the dental service may be part of the Medi-Cal dental scope of benefits for adult members but not for members under the age of 21, or the dental provider may want to provide the service at a frequency or periodicity greater than currently allowed by Medi-Cal Dental. In these cases, the child member may still be eligible for these services based upon submitted documentation that demonstrates the medical necessity to correct or ameliorate the child’s condition.

When is a Treatment Authorization Request (TAR) required for EPSDT services?

Providers must submit a TAR when a member under the age 21 needs an EPSDT medically necessary service, such as a service to correct or ameliorate (make tolerable) an identified condition, if that service otherwise would not be covered by Medi-Cal Dental. Examples of when a TAR is required include:

1. To perform a dental procedure that is not listed in the Manual of Criteria:
   ○ Providers should use the appropriate Current Dental Terminology (CDT) procedure code. Providers should not limit their comments to Field 34 of the TAR/Claim form but submit all documents that are needed to describe and support
the medical necessity for the requested service(s).

**Example:** Alicia M. (age 12) has fractured an anterior tooth in an accident. Although only three surfaces were involved in the traumatic destruction, the extent is such that a bonded restoration will not be retentive. With adequate documentation (in this case, intraoral photographs of the fractured tooth) and narrative explanation by the dentist, a prefabricated or laboratory-processed crown may be authorized as an EPSDT service.

2. To perform a dental procedure that is listed in the Manual of Criteria when the member under the age of 21 does not meet the published criteria:
   - Providers should fully document the medical necessity to demonstrate it will correct or ameliorate the member’s condition.

   **Example 1:** John S. (age 17) has a craniofacial anomaly with multiple edentulous areas. The edentulous areas cannot be adequately restored using conventional prosthetics – an implant-retained fixed prosthesis may be authorized as an EPSDT service.

   **Example 2:** Cindy T. (age 10) suffers from aggressive periodontitis and requires periodontal scaling and root planning. The Manual of Criteria states this procedure is not a benefit for patients under 13 years of age. However, as a documented medically necessary periodontal procedure, it may be authorized as an EPSDT service when there is radiographic evidence of bone loss.

3. To perform a dental procedure when the member under the age of 21 needs a dental service more frequently than is specified in the Manual of Criteria:
   - Providers should fully document the medical necessity to demonstrate it will correct or ameliorate the member’s condition.

What if the procedure has already been rendered and a TAR was not submitted?

In a situation where a TAR was not submitted for a procedure in which an EPSDT medically necessary service was needed, the provider shall submit a claim with all documentation to support the medical necessity. The provider shall also indicate the reason that a TAR was not submitted.

**What should I tell my patients about EPSDT?**

Using both written materials and in person or over the phone dialogue, dental providers should inform Medi-Cal members under age 21, or their parents, about EPSDT benefits and services and how to access them. Providers should tell eligible patients and their families about all the following:

- The value of preventive services and screenings.
- The services available under EPSDT.
- Where and how to obtain EPSDT services.
- EPSDT services are free to eligible individuals under age 21.

**Are dental services to resolve medical conditions covered under EPSDT?**

In some cases, dental services are necessary to resolve or improve an associated medical condition. For example, a child’s speech therapist determines that a diagnosed speech defect or disorder cannot be resolved without dental treatment. A consultation letter from the speech therapist should be included with the TAR/Claim form.

**Example:** Andre W. (age 13) does not qualify for orthodontic services per the handicapping malocclusion criteria (he scores below 26 points on the HLD Index Score Sheet or does not have one of the six automatic qualifying conditions). However, a speech pathologist has determined that his malocclusion is a prime etiologic factor in his speech pathosis – resolution cannot be achieved unless his malocclusion is corrected. In this case, orthodontics may be authorized as an EPSDT service.

**Are orthodontic services covered under EPSDT?**

A TAR for orthodontic services when the child or youth under the age of 21 does not have one of the six automatic qualifying conditions or does not score 26 points or above, must include a completed Handicapping Labio-Lingual Deviation (HLD) Index Score Sheet (DC-016 09/18) in addition to other documentation requirements listed in the Manual of
Criteria. The review of active orthodontic services also requires the submission of diagnostic casts.

The provider is required to submit all documentation required for the procedure per the Manual of Criteria and the clinical information required to determine medical necessity under EPSDT guidelines.

**What kind of clinical information does Medi-Cal Dental need to determine the medical necessity?**

Providers must consult the [Manual of Criteria](#), to identify the documentation and clinical information required for submittal to determine medical necessity under EPSDT guidelines.

**Whom can I call to obtain further information about the EPSDT requirements under Medi-Cal?**

Please call the Telephone Service Center at (800) 423-0507 for any questions or to obtain more information regarding EPSDT services.
Non-Emergency Medical Transportation (NEMT)

Medi-Cal Dental provides non-emergency transportation services to eligible Medi-Cal members. Members can request transportation from their homes to their appointed dental locations or other facilities; however, such requests are only approved for recipients who are eligible for Medi-Cal on the date of service and whose physicians or dentists have demonstrated medical necessity through prior authorization. Adjudication of claims will be subject to prior authorization and will be approved when the recipient's medical and physical condition is such that transport by ordinary means of public or private conveyance is medically contraindicated and the transportation is required for the purpose of obtaining necessary health care covered by the Medi-Cal program.

Medi-Cal dental providers are authorized to contact NEMT providers and submit all requests to transportation companies. The transportation company will then submit a TAR to the Department of Health Care Services (DHCS), Clinical Assurance and Administrative Support Division (CAASD), who will review and approve the TAR if medical necessity is demonstrated.

Please note that NEMT necessary for obtaining medical services is covered but subject to the written prescription of a physician, dentist, or podiatrist.

Medi-Cal dental providers are responsible for the submission of the Nonemergency Medical Transportation (NEMT) Required Justification form (DHCS 6182) to the pre-designated transportation companies and every TAR must be accompanied by a legible prescription or order sheet signed by the physician or dentist for the member. The prescription requirements must include the following:

1. Purpose of the trip
2. Frequency of necessary medical visits/trips or the inclusive dates of the requested medical transportation
3. Medical or physical condition that makes normal public or private transportation inadvisable

Note: When transportation is requested on an ongoing basis, the chronic nature of a recipient's medical or physical condition must be indicated and a treatment plan from the physician or therapist must be included. A diagnosis alone, such as "multiple sclerosis" or "stroke," will not satisfy this requirement.

The Medi-Cal field office consultant needs the above information to determine the medical necessity of a specialized medical transport vehicle and the purpose of the trip. Incomplete information will delay approval.

Medi-Cal Dental has provided a list of pre-designated transportation companies in each county for dental providers to contact. Providers are encouraged to refer to work with the NEMT companies if dental providers have questions.

A list of approved NEMT providers is attached to bulletin Volume 31, Number 8.

Non-Medical Transportation (NMT)

Pursuant to Welfare and Institutions Code (W&I Code) Section 14132 (ad) (1), effective for dates of service on or after July 1, 2018, non-medical transportation (NMT) is a covered Medi-Cal benefit, subject to utilization controls and permissible time and distance standards, for a member to obtain covered Medi-Cal services. The NMT benefit is eligible full-scope Medi-Cal fee-for-service members and pregnant women during pregnancy and for 60 days postpartum, including any remaining days in the month in which the 60th postpartum day falls. NMT includes transporting recipients to and from Medi-Cal covered medical, mental health, substance abuse, or dental services. Members enrolled in a Medi-Cal managed care health plan must request NMT services through their Member Services.

W&I Code 14132 (ad)(2)(A)(i) defines NMT as including, at minimum, round trip transportation for a recipient to obtain covered Medi-Cal services by passenger car, taxicab, or any other form of public or private conveyance. NMT services are a benefit only from an enrolled NMT Provider.
NMT does not include the transportation of sick, injured, invalid, convalescent, infirm or otherwise incapacitated recipients by ambulances, litter vans or wheelchair vans licensed, operated and equipped in accordance with state and local statutes, ordinances or regulations, since these would be covered as non-emergency medical transportation (NEMT) services. For more details and information on eligibility for NMT/NEMT services, refer to the guide located here.

Section 10 - CDT 21 Tables

Effective October 1, 2021, Current Dental Terminology 2021 (CDT 21) was implemented which created changes to the Federally Required Adult Dental Services (FRADS), Pregnancy, Omnibus Budget Reconciliation Act (OBRA) member emergency, and Member Cap procedures.

Table 1: Federally Required Adult Dental Services (FRADS)

The following procedure codes are reimbursable procedures for Medi-Cal members 21 years of age and older.

Please note: The procedure codes marked with an asterisk (*) are only payable for Medi-Cal members age 21 and older who are not otherwise exempt when the procedure is appropriately rendered in conjunction with another FRADS.

Those who qualify for Medi-Cal benefits as OBRA members have limited benefits and are only eligible for emergency dental services.

An emergency dental condition is a dental condition manifesting itself by acute symptoms of sufficient severity including severe pain, which in the absence of immediate dental attention could reasonably be expected to result in any of the following:

- placing the patient’s health in serious jeopardy,
- serious impairment to bodily functions,
- serious dysfunction of any bodily organ or part.

The emergency must be certified in accordance with California Code of Regulations, Title 22, Section 51056.

Please note that TARs are not allowed and may not be submitted for these members. If a TAR is submitted for any of the procedures described below, it will be denied.

The following are identified as emergency dental procedures for OBRA members:

Table 5: Exempt Dental Services

The following procedures have been identified as always exempt from the $1,800 dental soft cap. For details about the dental soft cap, please refer to “Section 4 – Treating Members, $1,800 Limit per Calendar Year for Member Dental Services, with Exceptions” of this Handbook.

Please note that the CDT code denoted with two asterisks (**) was deleted as part of the CDT-21 implementation and is no longer valid for dates of service on or after October 1, 2021.

<th>Term</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Adjudication</strong></td>
<td>A term that refers to the final resolution of a document in the Medi-Cal Dental claims processing system.</td>
</tr>
<tr>
<td><strong>Adjudication Reason Code</strong></td>
<td>A code specific to a claim service line reflecting the reason for modification or denial.</td>
</tr>
<tr>
<td><strong>Amount Billed</strong></td>
<td>The amount the provider has billed for each claim line.</td>
</tr>
<tr>
<td><strong>Arch Integrity</strong></td>
<td>There is arch integrity when there are sufficient proximate natural teeth in a restorable condition which would afford the opposing arch adequate or satisfactory occlusion for masticatory function.</td>
</tr>
<tr>
<td><strong>Asynchronous Store and Forward</strong></td>
<td>The transmission of a patient's medical information from an originating site to the health care provider at a distant site without the presence of the patient. Photographs taken by a telecommunications system must be specific to the patient's medical condition and adequate for furnishing or confirming a diagnosis and or treatment plan. </tr>
<tr>
<td><strong>Automated Eligibility Verification System (AEVS)</strong></td>
<td>The on-line system for verifying Medi-Cal patient eligibility for a given month of service.</td>
</tr>
<tr>
<td><strong>Balance</strong></td>
<td>Lack of posterior balanced occlusion is defined as follows:</td>
</tr>
<tr>
<td></td>
<td>a. Five posterior permanent teeth are missing (excluding 3rd molars), or</td>

<tr>
<td><strong>Member</strong></td>
<td>A person eligible to receive Medi-Cal benefits.</td>
</tr>
<tr>
<td><strong>Benefit</strong></td>
<td>Dental or medical health care services covered by the Medi-Cal program.</td>
</tr>
<tr>
<td><strong>Benefits Identification Card (BIC)</strong></td>
<td>A permanent plastic identification card issued to a person certified to receive Medi-Cal benefits. The card identifies the person by name and includes an identification number and signature. The back of the card contains a unique magnetic strip similar to that on a credit card, designed to be used with a special point-of-service device to access the Medi-Cal automated eligibility verification system, enabling the dental office to immediately confirm the patient's eligibility for Medi-Cal benefits at the time of service.</td>
</tr>
<tr>
<td><strong>Billing Provider</strong></td>
<td>The provider who bills or requests authorization for services on the treatment form.</td>
</tr>
<tr>
<td><strong>Bounded Tooth Spaces</strong></td>
<td>Edentulous spaces in the arch with at least one tooth on each side (mesial and distal).</td>
</tr>
<tr>
<td><strong>California Children's Services (CCS)</strong></td>
<td>CCS provides diagnostic and treatment services, medical case management, dental services, and physical and occupational therapy services. CCS only authorizes dental services if such services are necessary to treat the member's CCS-eligible condition. Examples of medical conditions of children who are CCS-eligible include cystic fibrosis, hemophilia, heart disease, cancer, traumatic injuries, handicapping malocclusion, cleft lip/palate, and craniofacial anomalies.</td>

<tr>
<td><strong>Client Index Number (CIN)</strong></td>
<td>A 10-digit Medi-Cal member identifier that appears on the Medi-Cal identification card.</td>
</tr>
<tr>
<td><strong>Claim Inquiry Form (CIF)</strong></td>
<td>The Claim Inquiry Form (CIF) is used by the provider to inquire about the status of a TAR or Claim or to request reevaluation of a modified or denied claim.</td>
</tr>
<tr>
<td><strong>Claim Inquiry Response (CIR)</strong></td>
<td>The CIR is a computer-generated form used to explain the status of the TAR or Claim.</td>
</tr>
<tr>
<td><strong>Clinical Screening Dentist</strong></td>
<td>A licensed dentist who reviews claims and Treatment Authorization Requests (TARs) at the request of Medi-Cal Dental and provides clinical evaluations as to their merits.</td>
</tr>
<tr>
<td><strong>Clinical Screening Reports</strong></td>
<td>Reports submitted by Clinical Screening Dentists who participate in the Medi-Cal dental clinical screening network.</td>
</tr>
<tr>
<td><strong>Contiguous Teeth</strong></td>
<td>Teeth that are touching or adjacent to each other</td>
</tr>
<tr>
<td><strong>Correspondence Reference Number (CRN)</strong></td>
<td>An 11-digit number assigned to each incoming CIF or correspondence that identifies it throughout the processing system.</td>
</tr>
<tr>
<td><strong>County Medical Services Program (CMSP)</strong></td>
<td>The County Medical Services Program (CMSP) is a unique county/state partnership formed to provide for the medical and dental care needs of individuals 21-64, residing in California’s 34 rural counties, now administered by Doral Dental Services.</td>
</tr>
<tr>
<td><strong>Current Dental Terminology (CDT)</strong></td>
<td>CDT is a reference manual published by the American Dental Association (ADA) that contains a number of useful components, including the Code on Dental Procedures and Nomenclature (Code), instructions for use of the Code, Questions and Answers, the ADA Dental Claim Form Completion Instructions, and Tooth Numbering Systems. The Code, published in the CDT reference manual, provides the dental profession with a standardized coding system to document and to communicate accurate information about dental treatment procedures and services to agencies involved in adjudicating insurance claims. CDT and the Code are used in dental offices and by the dental benefits industry for purposes of keeping patient records, reporting procedures on patients and processing and reporting of dental insurance claims, and in developing, marketing and administering dental benefit products. The Code is generally updated every two years. The updated code is published in a new edition of the CDT. Source: <a href="http://www.ada.org/ada/prof/resources/topics/cdt/index.asp">http://www.ada.org/ada/prof/resources/topics/cdt/index.asp</a> On August 17, 2000 the Code was named as a HIPAA standard code set. Any claim submitted on a HIPAA standard electronic dental claim must use dental procedure code from the version of the Code in effect on the date of service. The Code is also used on dental claims submitted on paper, and the ADA maintains a paper claim form whose data content reflects the HIPAA standard electronic dental claim. <td>A person who is licensed under this division.</td>
</tr>
<tr>
<td>Health Insurance Portability and Accountability Act (HIPAA)</td>
<td>The Administrative Simplification provisions of the Health Insurance Portability and Accountability Act of 1996 (HIPAA, Title II) required the Department of Health and Human Services (HHS) to establish national standards for electronic health care transactions and national identifiers for providers, health plans, and employers. It also addressed the security and privacy of health data. As the industry adopts these standards for the efficiency and effectiveness of the nation’s health care system will improve the use of electronic data interchange. <tr>
<td>Interactive Telecommunications System</td>
<td>Multimedia communications equipment that includes, at a minimum, audio and video equipment permitting two-way, real-time interactive communication between the patient and distant site health care provider.</td>
</tr>
<tr>
<td>IRCA/OBRA</td>
<td>Legislation for Medi-Cal Dental to pay for specific services provided for certain alien recipients who were previously ineligible for these benefits. The federal Immigration Reform and Control Act of 1986 (IRCA) and the Omnibus Budget Reconciliation Act of 1986, 1989 (OBRA) have extended limited or full-scope dental benefits for newly legalized amnesty aliens and/or undocumented aliens who are otherwise eligible for Medi-Cal but are not permanent U.S. residents under color of law. The services include emergency medical care, emergency dental care, and pregnancy-related services.</td>
</tr>
<tr>
<td>Julian Date</td>
<td>Claims received by Medi-Cal Dental are dated using the Julian calendar, in which a number is assigned to a day rather than using the month/day/year format. Julian calendar dates are 001 to 365 (366 for a leap year).</td>
</tr>
<tr>
<td>Manual of Criteria (MOC) for Medi-Cal Authorization (Dental Services)</td>
<td>The document that defines criteria per California Code of Regulations (CCR), Title 22, Section 51003, for the utilization of dental services under Medi-Cal Dental. It provides parameters to providers treating Medi-Cal members. It sets forth program benefits and clearly defines limitations, exclusions, and special documentation requirements.</td>

<tr>
<td>Medi-Cal Dental Program Provider Handbook (Handbook)</td>
<td>A reference guide prepared by Medi-Cal Dental and the Department and made available on the Medi-Cal Dental website to all providers enrolled in Medi-Cal Dental. It contains the criteria for dental services; program benefits and policies; and instructions for completing forms used in the Medi-Cal Dental Program.</td>
</tr>
<tr>
<td>Medically Indigent (MI)</td>
<td>A person previously eligible for Medi-Cal benefits who was not eligible for such benefits under the Public Assistance or Medically Needy program. This means the MI individual did not meet the age criterion for eligibility (age 65 or older) even though he or she may have been deprived, disabled or in medical need. Most services provided under the adult portion of the MI program were 100 percent State funded; some MI individuals were required to share in the cost of services provided them.</td>
</tr>
<tr>
<td>National Provider Identifier (NPI) Number</td>
<td>The National Provider Identifier (NPI) is a Health Insurance Portability and Accountability Act (HIPAA) Administrative Simplification Standard. The NPI is a unique identification number for covered health care providers. Covered health care providers and all health plans and health care clearinghouses will use the NPIs in the administrative and financial transactions adopted under HIPAA. The NPI is a 10-position, intelligence-free numeric identifier (10-digit number). This means that the numbers do not carry other information about health care providers, such as the state in which they live or their medical specialty. Beginning May 23, 2007 (May 23, 2008, for small health plans), the NPI must be used in lieu of legacy provider identifiers in the HIPAA standards transactions. Covered entities may invoke contingency plans after May 23, 2007, and guidance about contingency plans may be found in the Downloads section below. </tr>
<tr>
<td>Notice of Authorization (NOA)</td>
<td>A computer-generated form sent to providers in response to their request for authorization of services.</td>
</tr>
<tr>
<td>Originating Site</td>
<td>A site where a patient is located at the time health care services are provided via a telecommunications system or where the asynchronous store and forward service originates.</td>
</tr>
<tr>
<td>Other Coverage</td>
<td>When a Medi-Cal recipient’s dental services are also fully or partially covered under other state or federal dental care programs, or under other contractual or legal entitlements, e.g., a private group or individual indemnification program.</td>
</tr>
<tr>
<td>Period of Longevity</td>
<td>The period of longevity in dentistry is considered to be the length or duration of acceptable service.</td>
</tr>
<tr>
<td>Prepaid Health Plan (PHP)</td>
<td>An organized system of health care that provides one or more medical services to an enrolled population for a predetermined capitated rate paid in advance.</td>
</tr>
<tr>
<td>Prior Authorization</td>
<td>A request by a provider for Medi-Cal Dental to authorize services before they are performed. Providers receive a Notice of Authorization (NOA) from Medi-Cal Dental, which they use to bill for services after they are performed.</td>
</tr>
<tr>
<td>Procedure Code</td>
<td>A code number that identifies specific medical or dental services with allowed amounts listed on the Schedule of Maximum Allowances (SMA).</td>
</tr>
<tr>

<tr>
<td>Rendering Provider</td>
<td>The dentist whose services are billed under the billing provider’s name and billing provider number. The rendering provider can also be referred to as the “treating provider.”</td>
</tr>
<tr>
<td>Resubmission Turnaround Document (RTD)</td>
<td>A computer-generated form that Medi-Cal Dental sends to the provider to request missing or additional information needed to complete processing of a claim, TAR, or NOA.</td>
</tr>
<tr>
<td>Schedule of Maximum Allowances (SMA)</td>
<td>A listing of procedure codes with descriptions and maximum amount allowed for reimbursement of services.</td>
</tr>
<tr>
<td>Share of Cost (SOC)</td>
<td>The dollar amount that some Medi-Cal recipients must pay or obligate toward medical services before being certified as eligible for Medi-Cal.</td>
</tr>
<tr>
<td>State Hearing</td>
<td>A State Hearing is a legal process that allows members to request a reevaluation of any denied or modified Treatment Authorization Request (TAR). It also allows a member or provider to request a reevaluation of a reimbursement case.</td>
</tr>
<tr>
<td>Surface</td>
<td>Refers to portions of teeth to be restored.</td>
</tr>
<tr>
<td>Teledentistry</td>
<td>The mode of delivering dental health care services and public health via information and communication technologies to facilitate the diagnosis, consultation, treatment, education, care management, and self-management of a patient’s dental health care while the patient is at the originating site and the health care provider is at a distant site.</td>
</tr>
<tr>
<td>Supernumerary Teeth (Hyperdontia)</td>
<td>Extra erupted or unerupted teeth that resemble teeth of normal shape.</td>
